

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE

THIS volume contains all the laws, general and permanent in their character, now in force which were enacted at the sessions of 1915, 1916, and 1917. The arrangement follows the chapters and subdivisions of the General Statutes of 1913. The sections of the General Statutes which have been amended are inserted in their proper order. New provisions, which did not amend any section of the General Statutes, but which relate to the subject-matter of the chapter in the General Statutes, are inserted in the most appropriate place in the chapter to which they relate. Some provisions which did not relate to the subject-matter of any chapter in the General Statutes are made the subject of new chapters. By turning to the appropriate chapter and section in this volume, it will be ascertained whether the law as contained in the General Statutes has been repealed or amended, whether there has been new legislation on the same subject, and whether there have been pertinent decisions.

New sections are distinguished from the original or amended sections of the General Statutes by the manner of numbering. New sections have the same number, in brackets, as the last preceding section of the General Statutes, and the bracketed numbers are followed by numerals indicating the order of the new sections. Thus, the numbers [67-] 1, [67-] 2, [67-] 3, indicate that the sections are new and that they follow next after section 67 of the General Statutes. A new chapter is distinguished by its heading, which is inclosed in brackets, the chapter number being followed by a letter indicating the order; for example: [Chapter 31A].

Both the General Statutes and the Constitution, as well as the new laws, have been fully annotated by the editorial staff of the publishers with citations of Minnesota decisions covering 162 Northwestern Reporter. In order to save space in citing cases, the references contain the sign — to stand for the Minnesota Reports, and the sign + to stand for the Northwestern Reporter.

Particular attention is called to one feature of the annotations. At the end of each reading note containing the decision of the court is a reference to the topic and Key-Number of the American Digest, Key-Number System, showing where cases are classified in the American Key-Number Digests which bear upon the subject of the particular note. This will enable any one having access to the American Digest, Key-Number System, readily to trace other and later cases bearing upon the subject-matter of the statute.

Preceding the index will be found a table of the Session Laws of 1915, 1916, and 1917, showing the sections of this compilation in which the various acts will be found. An exhaustive index has been prepared by the editorial staff of the publishers.

He shall thereupon prepare the "budget" and shall cause to be printed in a form convenient for the legislature, a sufficient number of copies thereof to supply at least one copy to each member of the legislature and to the chief executive officers of the state, and shall lay it before each branch of the legislature not later than the first day of February. ('15 c. 356 § 5)

All official acts of the commission shall require a majority vote of the entire commission. ('17 c. 261 § 2)

[117—]12. **Powers of commission—May acquire property—Co-operation with United States government—Examination of persons—Removal of officials other than constitutional officers**—In the event of war existing between the United States and any foreign nation, such commission shall have power to do all acts and things non-inconsistent with the constitution or laws of the state of Minnesota or of the United States, which are necessary or proper for the public safety and for the protection of life and public property or private property of a character as in the judgment of the commission requires protection, and shall do and perform all acts and things necessary or proper so that the military, civil and industrial resources of the state may be most efficiently applied toward maintenance of the defense of the state and nation and toward the successful prosecution of such war, and to that end it shall have all necessary power not herein specifically enumerated and in addition thereto the following specific powers:

1. Said commission may purchase, lease, hire or otherwise acquire any and all property of every kind and nature in its judgment necessary or desirable for use for any of the purposes aforesaid.

2. It may seize, condemn and appropriate all such property for any of the uses aforesaid, and provide for determining the value of such property and of making proper payment therefor.

3. Said commission shall have power and it shall be the duty of said commission to co-operate with the military and other officers and agents of the United States government in all matters pertaining to the duties and functions of such commission and shall aid the government of the United States in the prosecution of any such war and in relation to public safety so far as possible.

Upon being advised to remove any such official by said commission, the governor is hereby authorized summarily to remove such public official. ('17 c. 261 § 3)

Authority of Commission upheld—In *Cook v. Burnquist* (D. C.) 242 Fed. 321, it was held that this section was constitutional and valid, and that the statute could not be attacked as delegating legislative power to the Commission. It was also held that the statute gave the Commission authority to require city councils, etc., to enact necessary ordinances to close saloons at ten p. m.; that the authority given the Commission to do all things not inconsistent with the laws of the state meant not inconsistent with the broad purposes or underlying principles and fundamental requirements of such laws.

[117—]13. **To provide for comfort of persons in military and naval service and of dependents**—Said commission shall have power, in addition to the powers hereinbefore granted, to provide for the comfort of any persons in the military service of the United States or of the state of Minnesota who shall enlist in any such war or who, at the time of the commencement thereof, shall be residents of the state of Minnesota, and in addition thereto shall also have power to provide and pay for the support and maintenance of any person or persons dependent for support upon any soldier in the military service of the state of Minnesota, or of the United States, while such soldier is in such service, and shall have power to expend such sums as it may deem necessary for the relief of any such soldier or any person dependent upon him, and shall make proper rules and regulations concerning the same. Such payment to be made upon the state auditor's warrant drawn upon the state treasurer as soon as practicable after the muster out from the United States service of any member entitled to such pay. ('17 c. 261 § 5)

[117—]15. **Payment from mobilization until mustered into service of United States**—Said commission is also authorized to pay all members of the national guard of Minnesota for service from the time said guard was mobilized pursuant to the order of the United States government for service on the Mexican border until the time the members of such guard were actually mustered into the service of the United States upon pay rolls showing such

service, properly certified to by the adjutant general of the state of Minnesota, and all sums so paid, which shall hereafter be refunded to the state of Minnesota by the United States government, shall, when received by the state treasurer, be credited to the appropriation herein provided for said commission and shall be used for any of the purposes provided for in this act. ('17 c. 261 § 6)

[117—]16. Enlistment, organization and maintenance of home guard—Said commission is hereby authorized to do all acts and things necessary to provide for the enlistment, organization and maintenance of a home guard for service in the state of Minnesota, to consist of such numbers and units of organization and officers as may be prescribed by said commission, and said commission may secure proper arms and equipment for said guard from the United States government or otherwise, and shall have full power in all things to provide for the organization, equipment, subsistence and maintenance thereof, and said home guard may receive pay and allowances not in excess of that prescribed for the national guard or volunteers in federal service. All of the officers of said guard shall be appointed by the governor, who shall have the same powers in relation to said guard as now conferred upon him by the constitution and laws of the state in relation to the other military and naval forces thereof. ('17 c. 261 § 7)

[117—]17. Duration and termination of powers—When peace shall be concluded between the United States and any and all foreign nations with which the United States is now or hereafter may be at war, the commission shall proceed, as soon as practicable, to close up all of its affairs and upon termination thereof shall make report to the governor of its acts and expenditures, and the powers and duties of such commission shall terminate and cease within three (3) months after the conclusion of peace and shall sooner terminate if the governor shall determine and proclaim that the exercise of the powers and duties of such commission are no longer necessary for public safety. The governor is also authorized to determine and to proclaim that it is necessary to continue such commission in existence for a longer term than three (3) months after peace and shall, in such case, fix the period of the termination of such commission by proclamation. ('17 c. 261 § 8)

[117—]18. Appropriation—There is hereby appropriated from any money not otherwise appropriated, the sum of one million dollars, to be immediately available, for the purpose of carrying out the provisions of this act, the same to be paid out on the order of said commission as provided in its by-laws. ('17 c. 261 § 9)

[117—]19. Partial invalidity—The provisions of this act are separable and not dependent, and if any provision, section, or part of either, is held unconstitutional, the same shall not affect any other part of this act. ('17 c. 261 § 10)

CHAPTER 5

JUDICIAL DEPARTMENT

SUPREME COURT

121. Power concerning writs and processes—The court shall have power to issue to all courts of inferior jurisdiction and to all corporations and individuals, writs of error, certiorari, mandamus, prohibition, quo warranto and all other writs and processes whether especially provided for by statute or not, that are necessary to the execution of the laws and the furtherance of justice. It shall be always open for the issuance and return of such writs and processes and for the hearing and determination of all matters involved therein and for the entry in its minutes of such orders as may from time to

time be necessary to carry out the power and authority conferred upon it by law, subject to such regulations as it may prescribe. Any justice of the court, either in vacation or in term, may order the writ or process to issue and prescribe as to its service and return. (Amended '17 c. 403 § 1)

Certiorari—Certiorari will lie to review the quasi judicial proceedings of municipal boards only where there is no right of appeal and no other adequate remedy (134-204, 158+977). Certiorari, ¶5(1).

Certiorari lies to review the action of a municipal officer in removing a subordinate, though the removal is arbitrary and without jurisdiction because contrary to the requirements of the city charter (127-155, 149+11). Municipal Corporations, ¶159(6).

Certiorari is the proper remedy to obtain a review of the action of a city council in revoking a liquor license (125-425, 147+820). Intoxicating Liquors, ¶108(10).

Order punishing for criminal contempt, not being appealable, is subject to review on certiorari (128-153, 150+383). Contempt, ¶66(1)

122. General powers—Rules—

Assignments of error—161+213. Appeal and Error, ¶731(2), 732.

Assignments of error in appellant's brief of errors of law occurring at the trial cannot be considered, where the only ground of motion for new trial is that the decision is not justified by the evidence and is contrary to law (161+259). Appeal and Error, ¶302(5).

Stay of proceedings—Limitations—Rule 26. Stay of proceedings postpone running of 20-day period for entry of judgment (121-370, 141+485). Costs, ¶238(1).

Record and points and authorities—Where no record and no points or authorities have been served, and no excuse for failure to serve them has been presented, appellee is entitled to affirmance under rule 12 (134-464, 157+327). Appeal and Error, ¶633, 774.

Where no paper book or brief is served or filed, there is nothing for review, except the question whether the findings of fact support the judgment (161+783). Appeal and Error, ¶589, 770(1).

The rules require appellant to print only so much of record as will clearly present all questions raised by him, and respondent, deeming other parts necessary, may print a supplemental record or resort to folios of settled case (162+1054). Appeal and Error, ¶606.

MINNESOTA REPORTS

[141—]1. **New contract**—That the Secretary of state be and is hereby authorized and required on behalf of the State of Minnesota to solicit bids and enter into a contract for the printing and publishing of the number of copies of the supreme court reports of this state now required by law for the period of six years from and after October 1st, 1915, said contract to be awarded to the lowest responsible bidder whose bid shall not exceed \$1.00 per volume, and who shall furnish to said secretary of state a bond in the sum of five thousand dollars conditioned that the said reports and the printing and publishing thereof shall conform to the following specifications, to wit:

First. That the size of the volumes, the character and quality of the paper used therein, and the binding and the general mechanical execution thereof shall conform to the requirements for the printing and publication of said reports provided by section 139, General Statutes of Minnesota for 1913.

Second. That the number of copies provided for by law shall be published and delivered to the secretary of state within sixty days after the complete manuscript thereof shall be delivered by the reporter of said court to said contracting party.

Third. That at the time said party to whom said contract shall be awarded shall deliver said copies of said report to said secretary of state, free of charge, a true and correct paper matrix of said report, to be preserved by said secretary of state as part of the records of his office.

Fourth. That the party to whom said contract shall be awarded shall agree to publish and sell the same at the place of publication within this state, and at all times keep the same on sale at such place of publication in quantities of one or more copies at any one time, and upon reasonable notice of not less than ten days for the price agreed upon in said contract, and when delivered elsewhere in the state, not to exceed the sum of one dollar and twenty-five cents (\$1.25) per volume, and shall agree to stereotype the same and at all times keep the same on sale in the state of Minnesota at the contract price, and furnish the state any number of additional copies that may be thereafter required at said contract price, the copyright of all reports published under said contract vesting in the secretary of state for the benefit

of the people of this state; provided, however, that nothing herein contained shall be so construed as to prevent the contractors by whom any such volume is published, their representatives or assigns, from continuing the publication and sale of such volumes, so long as they shall comply in all respects with the requirements of this act in respect to the character, sale and price of such volume. ('15 c. 250 § 1)

DISTRICT COURT

145. Power to issue writs—

A landowner may review proceedings for the establishment of a town ditch by writ of certiorari, but he cannot maintain an action to restrain the construction of the ditch (125-403, 147+273). Injunction, ¶7.

An injunction suit to restrain enforcement of a statute claimed by plaintiff to be unconstitutional held one to enjoin criminal prosecutions, and not maintainable, though it might avoid a multiplicity of actions (124-239, 144+764, 49 L. R. A. [N. S.] 951). Injunction, ¶105(2).

MUNICIPAL COURTS

See 1915 c. 10, establishing a municipal court in the city of Little Falls, subject to the provisions of this chapter; 1915 c. 66, amending "An act establishing a municipal court in the city of Ely" (Sp. Laws 1891 c. 59); 1917 c. 263, providing for an additional judge of the municipal court of the city of Minneapolis and providing for such judge to act as a court of conciliation and small debtors' court.

256. Existing courts confirmed—

What are state courts—The municipal court is a "state court," within Const. art. 6 § 1, respecting the creation of new courts by a two-thirds vote of the Legislature (130-492, 158-953, L. R. A. 1916B, 931). Courts, ¶42(5).

Gen. Laws 1895 c. 229 cited—125-304, 146-1102.

259. New courts, how established—A court of record to be known as "the Municipal Court of" is hereby established in and for every city, and in and for every incorporated village, which is the county seat of the county in which it is situated or which has or shall have one thousand (1,000) inhabitants or more, in which city or village no municipal court existed at the time of the taking effect of the Revised Laws of 1905, but no court thus established shall be organized until the city or village council so determines by a resolution adopted by a four-fifths majority of its members, and approved by its mayor or president, providing a suitable place for holding its sessions, prescribing the number of judges and other officials thereof, and fixing their compensation; and in case that two judges shall be prescribed for said court, one thereof may be called the municipal judge. (Amended '15 c. 75 § 1)

261. Judges—Election—Term—Salary—

Constitutionality—Holding over term—In view of Const. art. 6 § 9, the office of municipal judge cannot exceed seven years (131-401, 155-629). Judges, ¶7.

1913 c. 102, providing that a municipal court judge, whose term expired April 6, 1915, should hold over until his successor was elected and qualified, was invalid (162-1075). Judges, ¶9.

Const. art. 6 § 9 does not prevent the legislature from extending the term of office of a municipal judge by a provision that he shall hold over until his successor is elected and qualified, provided the extension is a reasonable one, and does not prolong the tenure beyond seven years; but a special act, the necessary effect of which is to permit a holding over beyond the fixed term, without provision for a supervening election within the seven year period, is unconstitutional (131-401, 155-629). Judges, ¶7, 9.

The provision for holding over is not affected by Const. art. 7 § 9, making the first Monday in January the official year (131-401, 155-629). Judges, ¶9.

An incumbent of the office of municipal judge, who is a candidate for re-election, may abandon his statutory right to hold over until his successor is elected and qualified, but mere peaceable surrender of the office to one holding a certificate of election is not an abandonment, where he stands ready and willing to continue in the office (131-401, 155-629). Officers, ¶63.

Where a statute does not provide for a holding over and fixes the term, that term is definite and a vacancy exists upon its expiration. On the other hand, if the statute provides that the incumbent shall continue in the office until his successor is "elected and qualified," the incumbent holds over if his purported successor is not validly elected (131-401, 155-629). Officers, ¶54, 63.

Preferential voting—Preferential system of voting under Duluth charter as applicable to the election of judges of the municipal court, see (130-492, 153-953, L. R. A. 1916B, 931). Judges, ¶2, 3.

De facto officer—Salary—A judge of a municipal court was entitled to the salary of the office during such time as he was in possession and was serving as municipal judge (162-1075). Judges, ¶22(1).

In action to recover salary of a municipal court judge evidence held to sustain a finding that he was in possession of the office and a de facto officer up to May 3, 1915, and during August and the first 13 days of September, but not to show his possession as a de facto officer from May 3d to July 30th (162-1075).

263. Jurisdiction withheld—

The municipal court of the city of Minneapolis has jurisdiction of an agreement to recover possession of leased premises for nonpayment of rent brought under the unlawful detainer statute and is not ousted of such jurisdiction by the fact that the unpaid rent amounts to a larger sum than can be recovered in such court (126-406, 148-565). Courts, ¶188(8).

The title to real estate is not involved in an action, unless the title is disputed and there is a real controversy in regard thereto, and proof that property leased by husband and

wife is the property of the wife, where the fact is not controverted, does not oust the jurisdiction of the municipal court (123-270, 143+783). Courts, \S 163.

265. Criminal jurisdiction—Justices of the peace—

Construction of provision of special act applicable to St. Paul relating to summary trials without jury, see (129-383, 152+777, Ann. Cas. 1916E, 845). Jury, \S 23(1).

266. Two judges—Daily sittings—Terms—

Construction of special act as respects right to trial by jury in prosecution for violation of ordinance, see (129-383, 152+777, Ann. Cas. 1916E, 845). Jury, \S 23(1).

272. Powers and duties—Practice—Rules—Fees—

Actions in municipal courts are within \S 7721, defining the county residence of railroad companies for the purpose of actions against them, and where the venue in such an action is properly laid the defendant has no right under this section to change it to another municipal court in the same county nearer its principal general office in the state and place of business in the county (128-225, 150+924). Courts, \S 189(2, 3).

273. Costs and disbursements—

Construction of special act, see (129-494, 152+868). Jury, \S 23(1).

275. Jury trials—

Construction of special act applicable to city of St. Paul, see (129-383, 152+777, Ann. Cas. 1916E, 845). Jury, \S 23(1).

The municipal court act of the city of St. Paul construed, and held that, there being now no "president of the common council" directed by the act to participate with the judges in the selection of a jury list, the judges alone may exercise the function, in view of \S 9411 subd. 3 (134-309, 159+789). Jury, \S 66(2).

COURT COMMISSIONER

289. Qualifications and powers—

A court commissioner has no power to set aside a judgment rendered by the district court (131-129, 154+748). Court Commissioners, \S 4.

291. Records—Office and clerical help in counties having 200,000 inhabitants—The court commissioner shall keep a record of all proceedings had before him in books procured at the expense of the county, and shall be supplied with necessary stationery, which books and unused stationery shall be delivered to his successor; and in counties having a population of two hundred thousand and over shall be supplied with a suitable office and such clerical help as may be deemed necessary by the board of county commissioners. (Amended '15 c. 203 \S 1)

PROBATE AND JUSTICE COURTS

One copy of such proclamation shall be mailed to the auditor of each county wherein such special election is to be held. But if the vacancy occurs in the office of representative in congress, or member of the legislature, and there be no session of the congress or legislature between the happening thereof and the next general election the vacancy shall be filled at such general election. Such special election shall be called, held and conducted, and the returns thereof made and canvassed in the same manner as in the case of general elections; and within fifteen days thereafter the auditor shall transmit a statement of the vote cast thereat to the secretary of state. (Amended '15 c. 167 § 1)

Section 17 repeals §§ 302, 516, 517, 518 G. S. 1913.

Section 18 repeals inconsistent acts, etc.

307. **Same—Candidates, how nominated, etc.**—That whenever a special election shall be ordered in any city of this state, having a population of more than ten thousand inhabitants and less than twenty thousand inhabitants, to fill any vacancy in the offices of such city, and the charter of such city shall require such special election to be ordered and held within ten days after such vacancies shall occur, candidates for election at such special election shall not be required to be nominated at a primary election. Candidates for election at such special election may be nominated by delegate conventions called and held in accordance with the laws of this state, relative to the nomination by conventions held to nominate candidates for election at a special election. Candidates for election at such special election may also be nominated by certificates in the manner provided by law relating to nominations by petition or certificates of voters. Provided, however, that all certificates of nomination of candidates for election at such special elections shall be filed with, and the nomination fee fixed by law paid to the city clerk of such city on or prior to the third day before the day appointed for holding such special election.

Whenever a special election shall be ordered in any city of the first class in this State not operating under a home rule charter, to fill any vacancy in the offices of such city, and the charter of such city shall not require such special election to be ordered and held within ten (10) days after such vacancy shall occur, candidates for election at such special election shall be

nominated at a primary election held on the third day, exclusive of any intervening Sunday, before the day appointed for such special election, at the time and places provided under section 309, General Statutes 1913 for the meeting and attendance of the Judges of election; and at such time and places there shall be held a primary election for the purpose of selecting two candidates to be voted for at the special election held to fill such vacancy.

The returns of such primary election shall be returned to the city clerk of such city, and shall be canvassed on the next day (not a Sunday or legal holiday), following such primary election, by a canvassing board consisting of the city clerk of such city, the chief accounting officer of such city and the city treasurer of such city.

Such canvassing board shall meet and canvass the returns and determine the result of such primary election on such day provided for their meeting; and shall forthwith certify in writing the result of such canvass to the city clerk of such city, who shall file the same and forthwith, in writing, notify the successful candidates of their nomination.

In the event that any of said officers above named to act on such canvassing board is a candidate for the office so to be filled, or is for any reason unable to act on such canvassing board, the chief executive officer of such city shall designate and appoint another officer of such city as a member of such canvassing board, in place of the officer named who is unable to act.

The action of a majority of such canvassing board, in making such canvass shall be legal and sufficient.

The city clerk of such city shall give fifteen (15) days notice of the time and places of holding such special election, and at the same time shall give notice of such primary election, designating the officers to be elected.

Notice of both said primary election and special election may be given in one and the same notice, but no defect in such notice or failure to give such notice shall invalidate any election.

All candidates for nomination at such primary election must file their affidavit for such nomination, and pay their fee therefor, in the same manner as provided in the law governing primary elections, except only that such filing shall be made with, and such fee paid to, the city clerk of such city, instead of the county auditor; and such filing must be made, and the fee therefor paid, not later than the fifth day preceding the primary election.

The two persons receiving the highest number of votes at such primary election shall be declared the nominees, and their names shall be placed on the ballot to be used at the special election, and no other names of candidates shall appear on the ballot to be used at such special election except the names of the two candidates receiving the highest number of votes at such primary election; Provided, however, that in the event that not more than two persons file as candidates for nomination for the office to be filled at such special election, then, and in such event, no primary election shall be held, but the two persons so filing shall be considered and shall be the nominees for such office, and their names, and their names only, shall be placed on the ballot, to be voted on at said special election for the office so to be filled.

At the primary election so to be held to select candidates to be voted on at such special election all persons entitled to vote at such special election shall be entitled to vote at such primary election, and except as herein otherwise provided, such primary election and all things pertaining thereto shall be in accordance with and controlled by the laws of the State of Minnesota in respect to primary elections, except only that wherever any act in connection with any regular primary election is required to be done by the county auditor, all such acts in connection with a special primary election shall be done by the city clerk of such city. (Amended '17 c. 26 § 1)

318. Pink ballots for constitutional and other questions—

Statement of proposed amendment to constitution (see 127-521, 149+1069).

327. Same—Written names—Party precedence—Identical surnames—

Like squares shall be placed at the right of the blank lines, and on such lines the voter may write the names of persons for whom he desires to vote whose names are not printed, and in the squares opposite the same he may make

marks as in the case of printed names. The first name printed for each office, or group of names if more than one is to be voted for for the same office, shall be that of the candidate of the political party which at the last preceding general election polled the largest number of votes, the same to be determined by the average vote received by such of its candidates as were not endorsed by any other party; and, in case all of the state candidates of any political party were indorsed or renominated by another party, the position of the candidates of either such nominating or endorsing party shall be determined by taking the average vote of its candidates at the last preceding election wherein they were not so endorsed. In like manner the second and succeeding lines shall be filled with the names of candidates of the other political parties receiving respectively the highest number of votes.

When the surnames of two or more candidates for the same office are the same, each such candidate shall have added thereto not to exceed three words, indicating his occupation and residence, and upon such candidate furnishing to the officer preparing the official ballot such words, they shall be printed on the ballot with and as are the names of the candidates and immediately after his name. (Amended '15 c. 102 § 1)

The Duluth charter does not abrogate the provision of the general election law conferring upon a voter the right to vote for persons other than the regularly nominated candidates, whose names are printed on the ballot (125-407, 147-815, L. R. A. T915B, 401). Elections, ~~6~~159.

334. Rotation of names, when required—Whenever two or more persons are to be elected to the same office, the names of all candidates of the several political parties for such office and of all non-partisan candidates, shall be rotated on the ballots used in each election district in the manner provided for primary election ballots by Section 342, General Statutes 1913, and all the provisions of said Section shall be applicable to general election ballots so far as practicable; provided, that nothing in this section shall apply to the office of presidential elector. (Amended '15 c. 167 § 2)

Does not apply to names of two candidates for one office chosen at primary election under § 335 et seq. (121-463, 141+791). Elections, ~~6~~167.

NOMINATIONS BY DIRECT VOTE

335. Primary election—Time for holding—Notice—On the third Monday in June, preceding any general election and seven weeks preceding any city election in cities of the first and second class, held for the purpose of electing city officers only, an election of nominees, hereinafter designated as the "primary election," shall be held in each election district for the selection of party and other candidates for all elective offices within the state, to be filled at such election except officers of towns, villages and cities of the third and fourth class, and members of school, park and library boards, in cities having less than one hundred thousand (100,000) inhabitants, and except presidential electors and the office of county surveyor. Every town, city and village clerk shall give at least sixteen days' posted notice of the time and place of holding same, of the hours during which the polls will be open, and of the offices for which candidates are to be nominated. The day for such primary election shall be the first day of registration in all election districts, except in cities of the first class. (Amended '15 c. 76 § 1)

336. Political party defined—Nominations, how made—Non-partisan primary ballot—Certain candidates to run in classes—County surveyor—A political party, within the meaning of this chapter, is one which shall have maintained in the district or territorial division in question a party organization, and presented candidates for election at the last preceding general election one or more of which candidates shall have been voted for in each county within the state at such election and shall have received in the state not less than five (5) percentum of the total vote cast for all candidates at such election or whose members to a number equal to at least (5) percentum of the total number of votes cast at the preceding general election in the county where the application is made shall present to the county auditor a petition for a place on the primary election ballot. Candidates for office shall be

chosen at such primary election by voters of several political parties and not otherwise; provided, however, that the chief justice and the associate justices of the supreme court and judges of the district, probate and municipal courts and all members of the state legislature, and all elective county officers, and municipal officers in cities of the first and second class, shall be nominated upon separate non-partisan ballots, as hereinafter provided. Provided further that all qualified and duly registered voters may participate in the choosing of candidates for city office as provided for in the city charter of cities having home rule charters; the names of all candidates for nomination for the office of chief justice, associate justice of the supreme court, judges of the district court, probate and municipal courts and all members of the state legislature, and all elective county officers, and all municipal offices in cities of the first and second class, shall be placed upon a separate primary ballot hereinafter designated as "non-partisan primary ballot."

No party or other designation, except as above, shall be placed on such ballot except as herein provided, nor shall any candidate filing for nomination on said non-partisan primary ballot be permitted or required to state his party affiliation. All provisions of law relating to the nomination of party candidates as to the form of ballot, including rotation of names, the endorsement thereon, voting, marking ballots, counting, returning and canvassing results, shall apply to nomination of said officers except that the tally sheets and returns shall be made separately, and except that non-partisan offices shall not be classified on the ballot or otherwise. Each voter shall be entitled to vote a non-partisan primary ballot without reference to his party affiliation.

The two candidates for nomination for every such non-partisan office who shall receive the highest number of votes, ascertained as provided by this act, shall be declared the nominees and their names shall be placed upon the election ballot, without party designation, and when two or more persons are to be elected for the same office, at a general election running at large in a city, county, district or in this state, the non-partisan nominees to be placed upon the general election ballot shall be the number of candidates not exceeding twice the number of such persons to be elected for the same office which shall receive the highest number of votes at such primary election; provided that when only two persons file for the nomination for any non-partisan office, or not more than twice the number of persons to be elected to any non-partisan office file for the nomination thereof, their names shall not be placed upon the non-partisan primary ballot, but said persons shall be considered and shall be the nominees for such office and their names shall be placed upon the general election ballot as such non-partisan nominees. But nothing herein shall prevent the nomination of candidates by groups, individuals or so-called political parties which cannot be recognized as such, by certificate of voters to the number hereafter specified. The names of candidates nominated by certificates for offices hereinabove designated as non-partisan shall have no party or other designation on the certificate or on the election ballot.

The nomination of candidates for the office of county surveyor shall be made as follows:

On or before Tuesday, seven weeks preceding any general election, and not sooner than Tuesday, fourteen weeks preceding any general election, any person eligible and desirous of having his name placed upon the election ballot as a non-partisan candidate for the office of county surveyor shall file his affidavit with the county auditor of his county, stating his residence, that he is a qualified voter in such county, and the said office for which he desires to be a candidate.

The fee required for filing certificates of nomination as provided by law shall be paid at the time of filing such affidavit.

Such nominations may also be made upon petition by affidavit of not less than fifty and not more than one hundred electors of such county, substantially in the form hereinbefore provided, filed in the same manner and consented to in writing by the party so to be nominated. Provided, that such petitioners shall not be eligible to sign more than one petition for the same office. The persons so nominated shall have their names printed upon the official ballot

prepared for the ensuing general election without party designation, upon the payment of the fee as herein provided. (Amended '15 c. 167 § 3)

341. Voting is to be by ballot—Sample ballot—Form of primary ballot—

All voting at a primary election shall be by ballot. On the nineteenth day before a primary election, the secretary of state shall certify to the auditors of the several counties the names of all nominees to be voted for within such counties whose certificates have been properly filed with him, and on the fourteenth day before such primary each auditor shall group all the non-partisan candidates and the candidates of each political party by themselves, and prepare for public inspection a non-partisan ballot and a separate sample ballot for each political party. The names shall be arranged alphabetically according to the surname, and each county auditor shall post the sample ballot in a conspicuous place in his office and give one week's published notice thereof in the official newspaper of his county. One sample ballot only of non-partisan candidates and of each political party, shall be printed for any county, and thereon shall be placed the names of all candidates to be voted for in such county. Each ballot shall be headed by the party name, the words "Primary Election Ballot," the names of the county and state, the facsimile of the official signature of the auditor preparing it. The non-partisan ballot shall be headed as provided in Section 336, General Statutes 1913. Otherwise, the ballots shall be arranged in the same general manner as the ballot used at general elections, with suitable divisions and explanatory notes. Only one form of sample ballot for each political party need be printed for any city and thereon shall be placed the names of all the candidates to be voted for in the entire city, those to be voted for in any single ward being indicated by the words and figures "First Ward" and so on. At the foot of the ballot shall be placed the heading "Ballot for Women," under which shall be placed the names of candidates to be voted for by women.

In city primary elections in cities having home rule charters sample primary election ballots shall be prepared carrying out the intent of said charters in said cities, placing all names of candidates for city office on one ballot in each city without any party designation whatever, if the charter so provide.

In such cities, except for the omitting of all party designation, the provisions of this section shall be followed as fully as practicable. (Amended '15 c. 167 § 4)

342. Preparation of ballots—Rotation of names—Cities having home rule charters—The auditor of each county in which said primary election is held shall have printed a sufficient number of separate primary election ballots, varied as may be necessary for the several districts and wards. Said primary election ballot shall be in the same general form as to size and kind of type to be used, as is provided for the general election ballot, so far as is practicable. The names of candidates under headings properly designating each official position, shall be rotated upon the ballot in the printing so that the names of all candidates for each office shall be so alternated on the ballots used in each election district that they shall appear thereon substantially an equal number of times at the top, at the bottom, and in each intermediate place, if any, of the list or group in which they belong.

The official charged with the preparation and distribution of such ballots shall prepare instructions to the printer for rotating, laying and tabbing such ballots, which shall first be approved by the legal advisor of said official before delivery to the printer. In computing the method for making the rotation of names the least common multiple of the number of names in each of the several groups of candidates shall be used and the number of changes made in the printer's forms in printing such ballots shall correspond with said multiple; provided, that groups of more than five candidates shall not be considered in making such computation, and such groups may vary sufficiently in rotating to conform to the rotation for groups of five or less. Before any printer is awarded any contract for printing such ballots he shall be required to furnish a good and sufficient bond in such sum as the official awarding such contract shall designate, which shall not be less than one thousand dollars nor more than five thousand dollars, conditioned that he will print such ballots in conformity with the law and such instructions. There shall be no printing on the back of the ballots, except the necessary ruled lines for the initials, or names of the judges with the proper official designation printed under such lines; provided, that all offices for which no candidate is to be voted for at such primary election shall be omitted from the ballot; provided, that in all city primary elections in cities having home rule charters the officers designated in such charters shall prepare primary ballots for such city elections as provided in said charters, and this section shall apply there only in so far as it does not conflict with the provisions of said charters. 348. Marking primary ballots—The voter shall designate his choice on the ballot by marking a cross (X) in the small square opposite the name of each candidate for whom he wishes to vote. If he shall mark more names than there are candidates to be nominated for any office, or if for any reason it be impossible to determine his choice for any office, his ballot shall not be counted for such office; but the rest of his ballot, if properly marked, shall be counted. No ballot shall be rejected for any technical error which does

not render it impossible to determine the voter's choice, even though such ballot be somewhat soiled or defaced. ('15 c. 167 § 7, repealing G. S. 1913 § 348, and substituting the above section bearing the same number)

Preferential system—The preferential system of voting provided by the Duluth charter, whereby first choice, second choice, and additional choice votes are permitted, and are counted in a manner therein provided, is violative of Const. art. 7 §§ 1, 6 (130-492, 153+953, L. R. A. 1916B, 931). Elections, ~~c~~15.

351. The ballots shall be counted in the following manner: The election officers shall take the ballots from the boxes, count those cast for each political party and for non-partisan candidates, place them in separate piles and fasten together.

Such officer's tally sheets on which the count has been so entered shall be included in the returns of such election. The officers of election shall on blanks to be provided for that purpose make full and accurate returns of the votes cast for each candidate.

The officers shall seal the returns and return the same to the auditor in the manner and as provided by the primary and general election laws. (Amended '15 c. 167 § 8)

125-249, 146+733.

354. Reports of county canvassing board—Auditor to certify to the secretary of state.—The canvassing board shall prepare, sign and file with the county auditor the following report:

2. A separate statement of the names of the candidates of each political party who are nominated.

3. A statement of the whole number of votes registered and the number of ballots cast at such primary election, men and women separately.

4. A separate statement of the votes received by each of the non-partisan candidates and the names of the non-partisan candidates nominated.

Whenever two or more candidates receive an equal number of votes for the same nomination, the board shall determine the tie by lot. Upon completion of the canvass and on or before ten o'clock A. M. of the fourth day succeeding the canvass, the auditor shall certify to the secretary of state the vote, as shown by such report, for all candidates to be voted for in more than one county, and shall mail or deliver to each nominee to be voted for in his county alone, a notice of his nomination, and that his name will be placed upon the official ballot; provided, that in primary elections for city officers in cities having home rule charters said canvassing board shall file such statement as will show the persons nominated for each office under the provisions of said charter, with as complete details as are provided for in this section, omitting all party designation, if so provided in said charters. (Amended '15 c. 167 § 9)

355. Canvassing by state canvassing board—Secretary of state to certify to auditors, etc.—Rules for determining nominees—The state canvassing board, as constituted for canvassing the returns of general elections, shall open and canvass the returns of a primary election made to the secretary of state, at the usual place and hour of meeting, on the seventh day after such primary election. Upon the completion of the canvass, the secretary of state shall certify to the several auditors the names of the persons found to be nominated, and mail to each nominee a notice of his nomination.

1. The state, county and city boards of canvassers shall be guided by the following rules, except as herein otherwise provided:

(a) Any tie shall be decided by lot by the canvassers.

(b) The person receiving the highest vote at such primary election, as the candidate of any political party for an office shall be the nominee of that party for such office. Candidates on non-partisan ballots receiving the highest and next highest votes, shall be the nominees for the office for which they

are candidates; provided, however, that if the number of votes cast for any candidate or candidates of any party for any office at such primary election shall aggregate the number of votes equal to ten per cent or more of the average vote cast for state officers of that party at the last general election in the territory within which such candidates are to be voted for, then all candidates of that party within that territory shall be deemed to be the party nominees of such party; otherwise no candidates of that party within that territory shall be deemed nominated and in such case, such party candidates of such party may be nominated by petition as provided for in Secs. 213 to 216 inclusive, Revised Laws 1905 (371-374), and the candidates of any such party failing to receive such ten per cent of such vote shall be eligible for nomination under the terms of this provision. The term "State officers" as used in this act for the purpose of computing the average vote to determine the ten per cent vote as above provided shall be and is hereby defined to be the following officers: Governor, lieutenant governor, secretary of state, state treasurer and attorney general. The part of this section conferring original jurisdiction on the Supreme Court is not unconstitutional, as the remedy is not broader than mandamus, and is one of the remedial cases in which original jurisdiction may be conferred on the Supreme Court (125-249, 146+733). Courts, ¶206.

Where a canvassing board improperly refused to consider a return merely because it was unsealed, a right to contest the election held not an adequate remedy, preventing resort to the remedy given by this section. The fact that the city council, which acted as canvassing board, has adjourned, does not prevent proceedings under this section (125-249, 146+733). Elections, ¶154(4).

A proceeding may be maintained under this section to compel a city canvassing board to correct a palpable mistake of law or fact in excluding proper returns from consideration merely because the same were presented to them unsealed (125-249, 146+733). Elections, ¶126(7), 154(4).

Where a canvassing board improperly refused to consider a return, fair on its face and unimpeached, merely because it was unsealed, the rule forbidding collateral attack on the determination of judicial and quasi judicial bodies has no application to prevent a review under this section (125-249, 146+733). Elections, ¶154(4).

358. Contests for nomination—Any candidate at a primary election desiring to contest the nomination of another candidate for the same office shall proceed in the manner prescribed for general election contests, and the same proceedings shall be had, so far as practicable, as for such contests. PRESIDENTIAL PRIMARIES AND NATIONAL CONVENTIONS

384-394. [Repealed.]

See 1917 c. 133, repealing 1913 c. 441, as amended by 1915 c. 872.

An affidavit under this section is sufficient where it follows the language of the statute, but omits the words "as expressed by the voters at such nominating election" (132-221, 156+116). Elections, ¶126(5).

The secretary of state properly refused to accept an affidavit of candidacy for presidential elector, where it contained an unnecessary statement of the candidate's choice for president: it being neither necessary nor expedient that more than what the law specifies be stated (132-221, 156+8). Elections, ¶126(5).

In view of this section, as amended by 1915 c. 372 § 1, the secretary of state properly refused to accept an affidavit of candidacy for delegate, where no one had filed a petition to become a candidate for president or vice president and the time for such filing had not expired (132-221, 156+8). Elections, ¶126(5).

('15 c. 226 § 1)

435. Hours for opening and closing polling places in cities—In towns—

See § [435—]1.

[435—]1. **Hours for opening and closing polls in certain towns—**In any township wherein the town board before expiration of the time for giving the notice of election shall by resolution so direct, the polls shall be kept open at any general, primary or special election, from six o'clock in the forenoon until nine o'clock in the afternoon and in any townships in which such resolution shall have been adopted while in force the notice of election shall state the time for opening the polls, as contained in such resolution. ('17 c. 34 § 1)

[448—]1. **Challengers for non-partisan candidates—**The mayor of any city or the president of any village shall appoint challengers of illegal voters at elections in each precinct whenever such challengers, or any challenger, shall be petitioned for by the voters of any group supporting any non-partisan candidate or candidates, and the petition of such group shall be for only one person and signed by not less than one-fifth (1/5) of the legal voters of such precinct who have not signed any other petition for the appointment of a challenger; and said challengers so appointed shall be the first persons so petitioned for and they shall have all the rights and powers which the challengers representing parties have under the general election law at elections at which party candidates are voted for. ('15 c. 329 § 1)

460. Marking ballots—Rules—

The Duluth charter does not abrogate the provision of the general election law conferring upon a voter the right to vote for persons other than the regularly nominated candidates, whose names are printed on the ballot (125-407, 147+815, L. R. A. 1915B, 401). Elections, ~~§~~159.

The intention of the voter in making marks on his ballot which may serve as identification marks is immaterial; and the act of the voter in writing his own name or the name of another on his ballot will invalidate it (132-290, 156+125). Elections, ~~§~~194(3, 8).

Where a paster is used, and there is nothing to show that the voter intended to vote for a candidate other than the one named on the paster, the ballot should be counted for that candidate, though the X mark does not follow the name (129-359, 152+758). Elections, ~~§~~182.

Cited in dissenting opinion (131-287, 155+92), to holding of majority of court that illegally marked ballots are to be counted in determining whether a majority of the votes cast have favored the prohibition of the sale of liquor.

463. Proceedings when voter cannot read English, or is physically unable to mark ballot—

That a voter, without making oath that he is unable to mark his ballot, procures another to mark it for him, invalidates his ballot (125-417, 147+275). Elections, ~~§~~220.

491. Rules for counting marks on ballots—

131-303, 155+97.

In determining the voter's intention the court may examine the entire ballot, and if such intention can be clearly ascertained the ballot should be counted (129-359, 152+758). Elections, ~~§~~299(4).

Ballots containing an X mark in the space to the right of a candidate's name, and containing no name in the blank space below, but having an X mark opposite the blank space, should not be counted (129-359, 152+758). Elections, ~~§~~180(4).

Ballot marked X immediately to the left of the word "Yes," not in the square intended for that purpose, was correctly counted "Yes" (131-303, 155+97). Elections, ~~§~~180(4).

Ballot marked with a perpendicular line with an indelible pencil in the square opposite the word "Yes" was properly counted as an affirmative vote (131-303, 155+97). Elections, ~~§~~180(2).

Where there is but one person of a given name running for a certain office, the ballot for the given name only should be counted for that person, and if the name is misspelled, but the name inserted is idem sonans with the correct name, the ballot should be counted (129-359, 152+758). Elections, ~~§~~180(6).

Where a paster is used, and there is nothing to indicate that the voter intended to vote for a candidate other than the one named thereon, the ballot should be counted for that candidate, though the X mark does not follow the name (129-359, 152+758). Elections, ~~§~~180(4).

Where a paster is used, the name thereon is to be counted though it is not followed by the X mark (129-359, 152+758). Elections, ~~§~~180(4).

500. Disposal of ballots after canvass—As soon as practicable after the canvass has been completed and before the board separates or adjourns and in the presence of all the judges, the ballots cast shall be removed from the boxes and placed in envelopes of the same color as the ballots and of a size to hold the ballots of each box without folding. Heavy envelopes suitable for this purpose, reinforced with cloth at all folds, shall be furnished by the county auditor to each election precinct. After the ballots are in place, the envelopes shall be carefully sealed and each election judge shall write his name upon the envelope over the sealed part in such a way that the envelope cannot be opened without disturbing the continuity of the lines in the writing. The number of ballots in each envelope, the kind thereof, and the name of the election precinct shall also be plainly written upon the envelope. No unused ballots or returns shall be placed in the envelopes. (Amended '15 c. 167 § 12)

501. Return of ballots to county auditor—As soon as the ballots have been placed in their envelopes and properly sealed and one of the judges has been chosen to deliver election returns to the county auditor, the envelopes shall be delivered by such judge and he shall personally deliver, or by registered mail or express, send the same to the county auditor. If sent by registered mail or express the envelopes shall be securely wrapped in such a manner that such envelopes and the seals shall be properly protected. The county auditor shall file all envelopes containing ballots thus transmitted to him in his office and shall keep them in a safe place with seals unbroken, unless previously opened by proper authority for examination or recount, in which event the auditor shall cause the envelopes to be again securely sealed with the names of the persons making such inspection or recount endorsed thereon in the manner provided for endorsement by election judges; provided, that such envelopes may be opened by the county canvassing board if necessary to procure any election returns which may have inadvertently

been sealed up with said returns by the election judges, but such envelopes shall again be sealed in the manner herein provided. (Amended '15 c. 167 § 13)

On a contest, ballots held properly received in evidence, though some evidence was introduced that they had not been kept in a safe place, and had not at all times been in the possession of the lawful custodian, there being counter evidence that the ballots remained in the same condition as when cast. It was also held that, even if there was error in their admission, no prejudice resulted (131-303, 155+97). Elections, ¶255.

503. Form of returns—

125-249, 146+733.

504. Returns to be sealed and delivered—

125-249, 146+733.

505. Delivery of returns and unused ballots—

125-249, 146+733.

511. Informalities—

Cited (125-249, 146+733).

512. County canvassing board—

Probative effect of certificate of proper canvassing board declaring result of election is not overcome by evidence of part of tabulated statement of votes not inconsistent therewith (162+522). Elections, ¶295(1).

Certificate of proper canvassing board declaring result of election is prima facie evidence of such result, and puts on contestant burden of showing that person declared elected did not receive majority of legal votes (162+522). Elections, ¶292.

514. County canvassing board to declare persons elected—The board having completed its canvass, shall declare the person receiving the highest number of votes for each county office duly elected thereto. When such county constitutes or contains a senatorial or representative district, it shall declare the persons receiving the highest number of votes, respectively, for senator or representative, duly elected. In case of tie, the result shall be determined by lot by the canvassing board. (Amended '15 c. 167 § 14)

516-518. [Repealed.]

See note under § 305.

520. Statement of votes—Declared result—Such board shall open and canvass the certified copies of the statements made by the county canvassing boards, prepare therefrom a statement of the whole number of votes cast at such election for candidates for the several state offices, and for such candidates for state senator or representative as shall be voted upon in more than one county, the names of the persons receiving such votes and the number received by each, specifying the several counties in which they were cast. Such board shall subscribe and certify to the correctness of such statement, and within three days after such canvass declare the result. In case of tie vote for any state or legislative office, or for any other office, the result of which is to be certified by the state canvassing board, the election shall be determined by lot cast by such board. (Amended '15 c. 167 § 15)

525. Election contests for legislature—Notice—Bond—Any voter of a senatorial or representative district may contest the validity of the election of any person declared elected to the senate or house of representatives for such district, or his right to a seat therein, by causing to be served upon the contestee, within fifteen days after the completion of the final canvass, a written notice, specifying the points on which the contest will be made and naming two justices of the peace of such legislative district before whom depositions relative thereto will be taken, and the time and place thereof, which time shall not be later than forty days after the election. And shall execute and file with the clerk of the district court of the county wherein said contest is instituted, a bond in the penal sum of five hundred dollars (\$500.00) payable to the contestee conditioned to pay all the costs, disbursements, and attorney's fees that may be paid or incurred by the contestee in such contest, provided the contestee prevails therein, which bond shall be approved by the judge or one of the judges of the district court in which said contest was instituted. Such notice shall be served in the same manner as a summons in a

civil action, at least ten days before the time named therein for taking such depositions. (Amended '15 c. 369 § 1)

529. Contesting state and municipal elections—Notices—Trial—

Jurisdiction cannot be ousted—The public acquires an interest in the proceedings initiated by a petition and signers thereof cannot oust the jurisdiction of the court after service of the petition and the taking of judicial action thereon by withdrawing their names therefrom (161+513). Elections, ¶279.

Failure to appoint term for hearing does not oust jurisdiction (122-149, 142+15). Elections, ¶275; Intoxicating Liquors, ¶37.

Notice—While it is necessary for the notice of contest to show the contestant to be a voter, his qualification may be tacitly admitted, or proof thereof waived by the contestee proceeding without objection on that ground to try the contest on the merits (126-298, 148+276). Elections, ¶280.

In an election contest jurisdiction is conferred by the filing of a proper notice under this section and irregularity, if any, in the court signing the order directing the time and manner of service of the notice upon the contestees prior to the filing thereof is not fatal. Service of the notice by one of the contestants was valid (126-298, 148+276). Elections, ¶280.

Evidence—Integrity of ballots (122-138, 142+12). Elections, ¶293(1).

Where contestant bases his contest on fact that votes were cast by nonresidents, he must show by the best evidence available that enough such votes were cast for contestee to change result (162+522). Elections, ¶291.

In election contest where evidence was available to show for whom illegal votes were cast, and contestant made no attempt to produce it, inference is that it would not have changed result (162+522). Evidence, ¶75.

Having proven that the contestees voted without right, it is proper by competent evidence to ascertain how they voted, so as to purge the election of the illegal vote (126-298, 148+276). Elections, ¶293(3).

Change of venue—This section controls the matter of change of venue in election contests (126-404, 150+625). Elections, ¶277.

Proceedings—Pleading—The petition and notice of contest is governed by the rules of practice applicable to an ordinary complaint, and contestee must attack the same by demurrer or answer if he desires to object to the legal capacity of the contestants, otherwise he will be deemed to have waived the defect (161+513). Elections, ¶286, 287.

Tie vote—This section authorizes an election contest, though neither of the two opposing candidates for a county office could be declared elected by the canvassing board, because the returns indicated the same number of votes for each (129-301, 151+1102; 129-301, 152+639). Elections, ¶273.

Jurisdiction of contest, where canvassing board has been unable to declare either candidate elected on account of a tie vote. Equally divided court (129-301, 151+1102).

Partial recount—Where votes in part of precincts are not recounted, the official returns therein are to govern (122-138, 142+12). Elections, ¶299(4).

Deducting illegal votes pro rata—Purging election of illegal votes by deducting pro rata part of them from votes for each candidate is justifiable only when it is impossible to show for whom they were actually cast (162+522). Elections, ¶254.

530. Inspection of ballots on contest, whether for office or proposition submitted to vote—After a contest has been instituted, either party may have the ballots inspected before preparing for trial. The party applying for such inspection shall file with the clerk a verified petition, stating that he cannot properly prepare his case for trial without an inspection of such ballots, and thereupon the judge of said court shall appoint three persons, if for a county or municipal office, or other question submitted to popular vote in any county or municipality, one selected by each of the parties and a third by those two, by whom such inspection shall be made. If the contest relates to a state office, or to the declared result upon a constitutional amendment or other question submitted to popular vote throughout the state, a judge of said court shall issue an order directing that all ballots pertaining to such contest be forthwith transmitted to the secretary of state by the several county auditors of the state. Such ballots, together with the sealed envelopes in which they were returned by the election judges, shall be properly boxed and sealed before shipment. They shall be shipped by express and it shall be the duty of the transportation company having in charge the transportation of such ballots to properly safeguard the same from the time they are received until they are delivered to the secretary of state. The said order may be served upon the several county auditors by registered mail. Such order may be modified as to the most populous counties and provision made for inspecting the ballots of such counties at the county seats thereof. Before such order is issued the applicant therefor shall deposit with the secretary of state a sum of money sufficient to pay all expenses connected with

the transportation of such ballots. No compensation shall be allowed the county auditor for his services in preparing such ballots for shipment. In state contests, the judge of said court shall appoint as many sets of three persons as may be necessary to expeditiously count and inspect the ballots in the office of the secretary of state, or elsewhere. Such inspectors shall be selected in the same manner as for county or municipal contests. Contests for district judge, or other offices not specifically provided for herein, shall be conducted under this section, the procedure therefor to be fixed by the court. Inspection of ballots shall be conducted in the presence of the legal custodian of the ballots and the party applying therefor shall file with the clerk a bond in the sum of two hundred and fifty dollars if the contest be within a single county; otherwise such bonds shall be in a sum to be fixed by the court in its discretion, with two sureties, and conditioned that he will pay the costs and expenses of such in case he fails to maintain his contest. If the contestant prevails in his contest the cost shall be taxed against the contestee. In case either party neglects or refuses to name an inspector, he shall be named by the judge. The compensation of inspectors shall be the same as for referees, unless otherwise stipulated. Any court of proper jurisdiction may order the return of any ballots to the county from which they were sent, after inspection, if necessary to be used in any other contest proceeding. The secretary of state shall preserve any ballots in his possession until the next general election, unless otherwise directed by order of court. (Amended '15 c. 167 § 16)

In a contest for the office of town clerk, and a contest for the office of town supervisor, held, on the evidence and a construction of certain ballots, that in each contest the parties received an equal number of votes. (127-33, 148+593). Elections, § 180(1, 7).

531. Appeal to supreme court—Method of procedure—

Amendment of notice of appeal (122-138, 142+12). Elections, § 305(3).

Specification of points in notice of appeal (122-138, 142+12). Elections, § 305(4).

Review of determination as to integrity of ballots as evidence (122-138, 142+12). Elections, § 305(4).

Respondent is permitted in the appellate court to urge any fact appearing in the record which will support the judgment below (129-359, 152+758). Elections, § 305(7).

533. Defective ballots—

Cited (121-463, 141+791).

Printed on the back of the voter's certificate shall be the following directions to voters, to-wit:

DIRECTIONS TO VOTER

(a) You may mark and mail your ballot at any place within the United States other than Alaska and the island possessions of the United States.

(b) The ballot must be marked and sealed in the "Ballot Envelope" in the presence of an attesting witness, but in such a manner as to prevent such witness or any other person from knowing or learning how you have voted as to any candidate or proposition.

(c) After marking and enclosing ballot in the "Ballot Envelope" you and attesting witness must each sign your respective names to the "Voters Certificate" and "Certificate of Attesting Witness."

(d) Do not put "Voters Certificate" in "Ballot Envelope" but enclose same in "Return Envelope."

(e) Enclose "Ballot Envelope" and "Voters Certificate" in "Return Envelope," seal the latter, have attesting witness sign certificate on back of "Return Envelope" and then deposit same in the United States Post Office in presence of the attesting witness.

(f) The ballot may be marked and mailed at any time after you receive it from the county auditor; it should, however, be marked and mailed so as to arrive at your voting place on or before election day. If not there by that day it will not be counted.

(g) The attesting witness who signs the voters certificate must also sign the certificate on the back of the "Return Envelope."

(h) Any United States postmaster, assistant United States postmaster, or any county, village, or city officer having an official seal may be an attesting witness.

(i) Remember that the officers above named are not bound to act as an attesting witness for you, but if they do, do so only as a favor.

(j) Fold each ballot separately before placing in "Ballot Envelope"; fold so that cross marks cannot be seen without unfolding, but so that fac simile signature of officer (secretary of state, county auditor, or city clerk) under whose direction the ballot is printed and appearing on the back of the ballot, can be seen without unfolding the ballot. Do not put your name, initials or any other identifying mark on the ballot or "Return Envelope." ('17 c. 68 § 6)

[536—]7. Ballots, how authenticated by auditor—Applications, to be preserved and delivered to officers—The county auditor on mailing or delivering to an applicant ballots as hereinbefore specified, shall sign or cause to be signed by his deputy, and dated the certificate printed on the back of the application for ballots and shall authenticate such certificate with his official seal. All applications shall be preserved by the auditor and arranged by him according to election districts and the initial letter of the surname of the applicant. At the time he delivers the state and county ballots to the town, village and city clerks within his county, he shall also deliver to the respective town, village and city clerks the applications theretofore received by him and endorsed by him. Such town, village and city clerks shall in turn deliver said applications so endorsed to the respective election judges of the several election precincts. ('17 c. 68 § 7)

[536—]8. Ballots, where marked, and mailed by voters—Attesting witnesses—Challenges—Any qualified voter of any election district of this state to whom ballots have been delivered by the county auditor, may mark and mail the ballots so delivered to him at any place within the territorial jurisdiction of the United States, exclusive of Alaska and the so-called island possessions of the United States, the same to be marked and mailed in the manner specified in the directions to voters, set forth in section 6 hereof [536—6], and before an attesting witness belonging to one of the classes specified in said directions to voters. At any time before the ballots are so deposited in the ballot boxes by the election judges, the vote of any absent voter may be challenged for any cause, and the election judges shall have all the power and authority given by law, to hear and determine the legality of such ballot. ('17 c. 68 § 8)

[536—]9. Ballots, how received, counted, canvassed and returned—The judges of election in the several election districts at a general election shall receive all ballots delivered to them on election day by officers or employés of the United States Postoffice department in due course of the business of that department and as herein provided, and deposit the same in the appropriate ballot box provided that they are satisfied that the person mailing the same is a duly qualified voter in such election district and entitled to vote therein at such election, provided further that the conditions precedent hereinafter set forth, exist. Ballots so deposited shall be counted, canvassed and returned in the same manner and shall be given the same force and effect as the votes of other duly qualified voters who vote in person.

Upon a "Return Envelope" being delivered to the judges of election they shall open the same in such a manner as not to cut or mutilate the contents or deface or damage the signature of the attesting witness on the outside thereof. They shall then take from the "Return Envelope" the "Voters Certificate" and "Certificate of Attesting Witness"; they shall compare the signature of the "Attesting Witness" on the outside of the "Return Envelope" with the signature on the certificate enclosed therein and shall also compare the signature on the "Voters Certificate" with the signature on the "Application for Ballots" delivered to them as provided for in section 7 hereof [536—7].

If the judges or a majority of them are satisfied that the signatures of the "Attesting Witness" on the outside of the "Return Envelope" is the genuine signature of the person that signed the "Certificate of Attesting Witness" enclosed in the "Return Envelope" and if the signature of such witness on said certificate shall be authenticated as prescribed in the "Direction to Voters" set forth in section 6 hereof [536—6], and if the judges or a majority of them shall be satisfied that the signatures of the voter subscribed to the "Voters Certificate" is the genuine signature of the person who made the "Application for Ballots," the judges, or one or more of them shall write the word "Received" on such "Ballot Envelope" and under such word his or their name or initials, provided that in cities of first, second or third class such ballot shall not be so marked unless the voter mailing in such ballot has been theretofore duly registered in such election district, nor shall said ballot be so marked with the word "Received" if it appears from the registration list that such voter has already voted at such general election, either in person or by mail. If the ballots are not received for the reason that the voter has failed to comply with the requirements hereinbefore set forth or has previously voted at such election, then "Ballot Envelope" shall be marked "Rejected" and placed in the "Return Envelope" with the "Voters Certificate" and placed with and returned to the county auditor with the unused ballots. No person who has voted by mail as herein provided shall be permitted to thereafter vote in person.

If the "Ballot Envelope" is marked with the word "Received" as hereinbefore provided, the judges in charge of the register shall make an appropriate notation on the register of voters indicating that the voter has voted by mail; this shall be done by placing the letters "V. M." in the appropriate column opposite the voter's name.

The "Ballot Envelope" marked "Received" as aforesaid shall be carefully kept by the judges until the closing of the polls on the election day, but before any of the ballot boxes are opened, at which time the said "Ballot Envelope" shall be opened and the ballots therein taken therefrom and deposited by the judges in the proper ballot box. If there be more than one ballot of any one kind enclosed in said "Ballot Envelope," then and in such case neither of such ballots of such kind shall be deposited in the ballot box, but all such kinds shall be placed with the spoiled ballots and returned as is provided for by law with reference to such spoiled ballots. The judges before depositing said ballots in the ballot boxes shall write their initials thereon in the same manner as is provided by law with reference to ballots delivered by them to voters voting in person. ('17 c. 68 § 9)

[536—]10. **City clerks to furnish postmasters lists of polling places**—It shall be the duty of the city clerk of every city having more than two voting precincts therein to furnish to the postmaster of said city, at least two days before the day on which a general election is held, a certified tabulated list of the polling places in each of the several voting districts of said city, describing the same by ward and precinct number and opposite each such description shall be set forth the respective location, by street and number, of such polling place. This for the guidance of postoffice employes in delivering the "Return Envelopes." ('17 c. 68 § 10)

[536—]11. **City clerks to furnish registration board with blank applications—Duty of board and auditor**—It shall be the duty of the city clerk of cities of the first, second and third class to furnish the Board of Registration in the several election districts of their respective cities with a suitable number of blank "Application for Ballots" first described in section 2 hereof [536—2].

The Board of Registration shall furnish a copy of such application blank to any voter applying therefor on any registration day.

The county auditor shall prepare and print a suitable number of blanks for the "Application for Ballots" last described in section 2 hereof [536—2] and deliver a copy thereof to any voter applying therefor. ('17 c. 68 § 11)

make any false or untrue statement in any "Application for Ballots"; any person who shall wilfully exhibit to any other person any ballot marked by him; any person who shall in any way wilfully do any act contrary to the terms and provisions of this act with intent to cast an illegal vote in any election district or to aid another in so doing shall be guilty of a felony. [536—]13. **Nominations to close within 30 days before general election etc.**—No nominations for any office shall be made, either by petition or otherwise within thirty days of the time of holding a general election, except nominations to fill a vacancy in a nomination previously made, or to nominate a candidate for an office in which a vacancy has occurred and for which no person is a candidate. ('16 c. 2 § 1)

Every county auditor shall exercise all possible diligence to obtain such information and to transmit the same to the Secretary of State. Each county auditor shall with the first aforesaid information send to the said Secretary of State two proper county ballots for each such member of the National Guard found to be a resident and voter of his county, and two proper city ballots for each such voter of any city within such county, which city ballots shall be furnished to said county auditor by the clerk of each said city eight days before such election. ('16 c. 2 § 12)

[536—]26. **Same—Act to be liberally construed**—This act shall be liberally construed for the purpose of enabling citizen soldiers of the State of Minnesota, entitled to vote therein, to vote with the same effect as they would vote were they bodily within the State of Minnesota, at the time of holding such election therein, to the end that they may not, through serving their country be disfranchised. ('16 c. 2 § 14)

GARBO ELECTION SYSTEM

561. Partisan primary election ballot—Form—Duties of judges—

A candidate for municipal judge, under the choice provisions of the Duluth charter, which provision was held unconstitutional in *Brown v. Smallwood*, 153 N. W. 953, was not elected, though he received a plurality of first choice votes, notwithstanding the provision of the general election law that a plurality of votes shall elect (131-399, 155+628). Elections, ¶237.

The holding that a preferential election of municipal judge under the Duluth charter was unconstitutional did not affect officers elected under the preferential system, or their terms; no contest having been instituted or equivalent remedy sought (131-399, 155+628). Elections, ¶227(7).

CORRUPT PRACTICES

573. Campaign literature must bear names and addresses—

131-1, 154+442.

This section is valid (126-378, 148+293). Elections, ¶270.

A publication falsely imputing to a candidate disreputable private and official conduct is a violation of this section. The law cannot be evaded by framing the statement so as to avoid a direct assertion as to disreputable conduct. (129-160, 151+550). Elections, ¶317.

576. Treating or receiving entertainment prohibited—

This section is valid (126-378, 148+293). Elections, ¶270.

A candidate who, by word of mouth, solicits the vote of an elector, and at the same time dispenses liquor to such elector, violates this section, though the act be regarded as trivial in its nature and the extension of mere hospitality (161+513). Elections, ¶231.

579. Certain payments prohibited—Badges, etc.—Conveying to polls—

161+513.

This section is valid (126-378, 148+293). Elections, ¶270.

588. Promises of or to aid in appointment prohibited—Support of other candidates—

This section is valid (126-378, 148+293). Elections, ¶270.

592. Contributions by corporations prohibited—Penalties—

Libelous character of charge that candidate for office has backing of certain corporations as affected by this section, see (130-138, 153+258). Libel and Slander, ¶10(1).

599. Contest on ground of violation of act—

126-378, 148+293; note under § 604.

Who may contest—The contestants under this section must be voters qualified to participate in the selection of candidates of the party of which the contestee was the nominee (134-258, 159+1). Elections, ¶154(9).

Evidence held not to show that the number of contestants under this section were qualified voters, and the contest was properly dismissed by the court (134-258, 159+1). Elections, ¶154(10).

Materiality of violation—The provision giving the right of contest on the ground only of "serious and material violations of the act" does not mean that the court may disregard any of the provisions of the statute as not serious or material but that acts of a candidate which are immaterial or trifling shall not be deemed subject to the prohibitions of the statute. There is no constitutional objection to such provision (126-378, 148+293). Elections, ¶270, 271.

Violation of § 573 is ground of contest. In this case, held, that the false statements published were "deliberate, serious, and material" (129-160, 151+550). Elections, ¶231, 271.

Procedure—The petition and notice of contest are governed by the rules of practice applicable to an ordinary complaint, and if contestee desires to attack the same on the ground of legal incapacity of the contestants, he must proceed by demurrer or answer, or he will be deemed to have waived the objection (161+513). Elections, ¶286, 287.

Withdrawal of names from petition—After the service of a petition, and the taking of judicial action thereon, the jurisdiction of the court cannot be ousted by the withdrawal, by signers of the petition, of their names therefrom (161+513). Elections, ¶279.

600. Trial—Court to determine merits—

126-378, 148+293; note under § 604.

601. Contest, when and where commenced—

126-378, 148+293; note under § 604.

602. Disqualification of candidate, etc.—

131-1, 154+442.

603. One provision of act not to invalidate remainder—

In a provision of this kind the rule is that, if part of the statute is unconstitutional, the remaining portion must be sustained if enough is left to constitute an enforceable law (126-378, 148+293). Statutes, ¶64(2).

604. Criminal procedure—Conviction of violation of act—Judgment of forfeiture—Candidate for legislative office—

Sections 599, 600, and 601 make it clear that the legislative intent was to give the right of contest on the ground of violation of the corrupt practices act, though there may not have been any criminal prosecution or conviction (126-378, 148+293). Elections, ¶272.

PENAL PROVISIONS

612. Bribery before or at elections—

This section is valid (126-378, 148+293). Elections, ¶270.

631. Certain corporations not to contribute—Penalty—

Libelous character of imputation that candidate for office has the backing of certain corporations as affected by this section (see 130-138, 153+258). Libel and Slander, ¶10(1).

(Amended '17 c. 359 § 1)

639. Effect of proclamation—

Where a new county is formed from an existing one, notice of expiration of redemption from a tax sale of lands in such territory must be issued by the auditor of the original county, and delivered for service to the sheriff of the new county and published therein, if publication be necessary, provided the taxes for which the sale was had were levied before the petition for the formation of the new county was filed (126-218, 148+273). Taxation, 6701.

CHANGING COUNTY SEATS

662. Canvass—Certificate—

POWERS AND DUTIES

668. Powers—

[668—]1. Certain counties authorized to construct branch railroad tracks—In all cases where county buildings, or buildings in which a county is interested with other counties, are situated upon land adjacent to or near a railway track, such county, to-wit: The county in which such buildings are located, may pay from the general revenue fund thereof, or from any money raised by such county in excess of its proportionate share for any such institution, the costs of procuring a right of way for and the building of a branch track suitable for the transportation thereon from said railway track to such buildings of any or all articles and commodities needed by said institution and of persons going to and from the same. ('15 c. 55 § 1)

670. Powers, how exercised—

Cited (161+210).

679. Commissioner districts—Redistricting—Each county shall be divided into as many districts, numbered consecutively as it has members of the board. In all counties such districts shall be bounded by town, village or ward lines, shall be composed of contiguous territory and contain as nearly as practicable an equal population. Counties may be redistricted by the county board after each state or federal census; and when it appears that after a state or federal census thirty per cent or more of the population of any county is contained in one district, such county shall be re-districted by its county board or if it shall appear from the last census, federal or state, that thirty per cent of the population of any county is contained in one district, such county shall be re-districted by its county board.

Provided that the county board shall not have authority or jurisdiction to re-district a county unless said board shall cause at least three weeks published notice of its purpose to do so, stating the time and place of the meeting where the matter will be considered, to be published in the newspaper having the contract for publishing the delinquent tax notice for said county for the preceding year.

One commissioner shall be elected in each such district who at the time of the election shall be a resident thereof, and the person so elected shall be entitled to hold said office only while he remains a resident of said commissioner district. (Amended '17 c. 370 § 1)

Section 3 provides that the act shall not be construed as repealing or in any manner modifying the provisions of 1917 c. 177 (§ [679—]1).

[679—]1. Redistricting in certain counties—That the county board of any county in this state, now or hereafter having an area of over five thousand square miles, and now or hereafter containing a city of the first class, is hereby authorized to re-district any county commissioners' district or districts in such county, now or hereafter wholly included within any such city of the first class, so that any such commissioner's district shall include such number of election districts within such city, and such contiguous congressional townships or part of any township, not less than one-half thereof, as such county board shall determine; provided, however, that all such territory within such city and such township or townships included in any such commissioner's district shall be contiguous territory.

That the re-districting of any commissioner's district under the provisions of this act shall be governed by the statutes now applicable to the re-districting of such commissioners' districts, except as herein otherwise provided. ('17 c. 177 § 1)

See note under § 679.

680. Term of office—Bond in certain counties—

a. Such sanatorium may be established by a majority vote of the commissioners of such county or a majority vote of the commissioners of each such group of counties whenever and in cases where the amount of the cost of construction to be paid by such county or group of counties shall not exceed such sum as may be raised by a tax levy of not to exceed one mill on the dollar of the taxable property of any such county or group of counties.

b. When the cost of constructing said sanatorium shall exceed the amount specified in sub-division "a" thereof, or whenever it is necessary to issue the bonds of such county or any county in any such group of counties to defray the cost which such county or any of such counties are required to pay under the terms of this act, then and in all such cases the question of
(1) whether such sanatorium shall be established (and when necessary).
(2) Whether such bonds shall be issued to defray any county's portion of the cost thereof, shall be submitted to the voters of such county or, if more than one, to the voters of each of such counties requiring a bond issue, and the sanatorium shall not be established or bonds issued therefor unless a majority of the voters of such county, or, if more than one, of each such county voting thereon shall vote in favor of each proposition submitted to it or to them.

c. The board of county commissioners of any such county, or, if more than one, the board of county commissioners of any such counties shall have the power and authority in any case to submit the question to the voters of any such county or counties in the way and manner provided in this act and in the event that the cost which the county, or if more than one, the counties will be required to pay for the erection of such sanatorium under this act shall be less than an amount equal to the amount which can be raised in any such county or counties by a tax levy of one mill on the dollar of the

taxable property of each such county or group of counties and the commissioners of any such county or counties shall decide not to construct the same under the power herein contained, on a petition of not less than five per cent of the freeholders of such county or counties, such question shall be submitted to the voters of such county or group of counties and if a majority of the voters of such county or a majority of the voters of each county of such group of counties voting thereon in favor thereof then such sanatorium shall be erected hereunder and a tax levied if necessary to pay the cost which such county or counties are required to pay under this act, which tax shall be extended and collected as herein provided.

Provided, that any county or group of counties which has heretofore commenced proceedings to erect a sanatorium or taken any steps preliminary thereto may by a resolution of the board of county commissioners thereof, adopted by a majority vote of said board of county commissioners or each board of county commissioners, as the case may be, determine to proceed under the provisions of this act and may continue hereunder and complete such sanatorium and be entitled to all the provisions and benefits provided for in this act.

Provided, however, that the said sanatorium when so constructed shall in all respects conform to the requirements of this act.

The board of county commissioners of any such county, or the board of county commissioners of each of such group of counties, if more than one, erecting such sanatorium under the provisions of this act, may, by resolution, create a fund to be known as the "Sanatorium Fund," and such funds may be raised by taxation at the time of deciding to erect such sanatorium under this act or at any time subsequent thereto, or if submitted to the people at the first meeting of the board of county commissioners, after the people of said county or counties shall have voted to erect the same, and the amount so determined by said board to be raised by taxation shall be levied by the county auditor in addition to all other taxes authorized by law, and shall be extended on the tax lists and collected as other county taxes, and this provision shall be construed to vest in the county commissioners of such county or counties, as the case may be, power to levy a tax to pay interest and principal of any bonds authorized hereunder as the same shall come due and become payable, and the said tax shall be levied, extended and collected in the same way and manner as other county taxes are levied, extended and collected, and shall be used for no other purpose, provided that no institution established under this act shall have less than twenty beds.

If the proposition is to affect more than one county, then the necessary action shall be taken by the county board and county auditor of each county affected. If funds are to be borrowed from the state, the procedure outlined herein shall be sufficient for that purpose, instead of those provided for in Chapter 122, General Laws of 1907 (1879-1888).

If the bonding proposition should carry at any such election at which both propositions are voted upon, and the other proposition should fail to carry, no bonds shall be issued to provide money for the establishment or maintaining of a sanatorium until at some future election at which the question is properly submitted, and a majority of the votes cast upon the question shall have been in favor of the establishing and maintaining of such sanatorium. Where more than one county is involved the result of the vote on

the question or questions submitted in each of said counties shall be certified by the county auditor thereof to the county auditors of the other counties interested.

The amount of taxes to be raised in any one year in any one county for the construction of any such sanatorium hereunder, shall never exceed an amount equal to the amount which may be raised by a tax levy of one mill on the dollar of taxable property in such county. (Amended '15 c. 270 § 1)

The extension of the term to four years by the act of 1915, and providing that the officers named shall hold their offices until their successors are elected and qualified, are not unconstitutional as extending the term of office to a period of more than seven years, in violation of Const. art. 6 § 9, and art. 7 § 9, fixing the commencement of the official year, since an election for a period longer than seven years would be valid to the extent of the constitutional period (131-401, 155+629). Judges, 7, 9.

An opposing candidate, a candidate for re-election to the office of county superintendent of schools, unsuccessfully contested the election of the successful candidate, and surrendered the office to the contestee, who qualified and assumed the duties of the office. On appeal, however, a judgment of ouster was entered against contestee, who resigned, and respondent was appointed to fill the vacancy. Held, that a vacancy existed, which authorized the appointment of respondent, and contestant did not hold over under this section (131-1, 154+442). Schools and School Districts, 48(3).

[810—]3. **Same—Present officers—Vacancies—Appointments**—Any person now holding any one of the said offices, whether by election or appointment, shall continue in such office until the first Monday in January A. D. 1919, and any appointment made to fill a vacancy in any of the said offices

(Amended '17 c. 355 § 1)

The village recorder shall prepare and have printed, at the expense of their respective municipalities, the necessary tally sheets and ballots for such election. The ballots shall be printed on yellow-tinted paper, but without the fac-simile of the signature of the county auditor. The ballots shall be counted, tallied and preserved as in general elections, except that the village recorder or town clerk, as the case may be, shall be the final custodian of such ballots, of his respective municipality. ('15 c. 57 § 1)

1265. **Pleading—Evidence—Judgment—**

In a criminal prosecution for violation of a village ordinance, the complaint is sufficient if it refers to the ordinance by number, chapter, or section, and it is not necessary to introduce the ordinance in evidence (124-498, 145+383, 51 L. R. A. [N. S.] 40, Ann. Cas. 1915B, 812). Criminal Law, ¶304(12); Municipal Corporations, ¶639(2).

1268. **Council—Powers—Ordinances—** * * *

8. **Streets—Sewers—Sidewalks—Public grounds**—To lay out, open, change, widen, extend, or vacate streets, alleys, parks, squares, and other public ways and grounds, and to grade, pave, and repair the same; to establish and maintain drains, canals, and sewers, and to alter, widen, or straighten watercourses; to lay, repair, or otherwise improve, or to discontinue, sidewalks, paths, and cross-walks; to prevent the incumbering of streets or other public ways or grounds with vehicles, railway cars or engines, building material, or other substances; to prevent racing or the immoderate riding or driving of animals or vehicles in the village, or the use of sidewalks for other than pedestrian purposes; to require the owners or occupants of buildings to remove snow, dirt, or rubbish from the sidewalks adjacent thereto; and, in default thereof, to authorize such removal at the owner's expense. But no street or alley shall be vacated except upon petition as in this chapter provided.

To define sprinkling districts and to require owners or occupants of lots or lands abutting on any public street or alley, to pay the proportionate share of the expense of sprinkling with water or oil any such street or alley, and in default of such payment to provide for the assessment of such proportionate share against such lots or lands to be collected as other taxes are collected. (Subd. 8, amended '17 c. 406 § 1)

Explanatory—The act amends subd. 8 by adding thereto the paragraph beginning "To define sprinkling districts," etc.

Subd. 6—126-477, 148+466, 52 L. R. A. [N. S.] 999.

Subd. 7—Fixing fire limits—An ordinance of a city operating under a special charter, fixing fire limits, held valid, and its enforcement could not be restrained (131-424, 155+397). Injunction, ¶85(1).

Subd. 8—Evidence held to support a verdict that a proposed new street over a railroad right of way was a public necessity (124-107, 144+464). Municipal Corporations, ¶321(2).

Liability for injury to children playing in sewer trench in street from caving in of earth (see 135-56, 160+190). Municipal Corporations, ¶784, 819(3).

R. L. 1901 c. 167 cited—This provision is not unconstitutional because it does not give property owners an opportunity to be heard as to the necessity of the proposed improvement (124-471, 145+377). Constitutional Law, ¶289.

Under § 3 of this act it was not improper for a council to postpone the construction of a sidewalk from October until the 1st of May following, such postponement not being an abandonment of the work and it not being necessary to give property owners another opportunity to build the walk themselves (124-471, 145+377). Municipal Corporations, ¶446.

Subd. 12—131-195, 154+964, L. R. A. 1916C, 224 and 124-498, 145+383, 51 L. R. A. [N. S.] 40, Ann. Cas. 1915B, 812; note under § 1269.

Subd. 13—134-355, 159+792.

A sale of intoxicating liquor by one licensed by the common council of a village during the period of his license, but after the town in which the village is located has voted "no license," is unlawful, where there has been no statutory separation of the village and the town, and both participate in the election (126-505, 148+99). Intoxicating Liquors, ¶148.

1269. Licensing amusements, peddlers, etc.—

A license fee of \$25 per day for auctioneers, imposed by the village under this section, held not so large as to go beyond legislative discretion (124-498, 145+383, 51 L. R. A. [N. S.] 40, Ann. Cas. 1915B, 812). Licenses, ¶7(9).

A license fee may be of sufficient amount to include the expense of issuing the license and the cost of the necessary police surveillance connected with the business licensed; and when the license relates to a business which the municipality has power to regulate the fee may be sufficiently large to work a restraint (124-498, 145+383, 51 L. R. A. [N. S.] 40, Ann. Cas. 1915B, 812). Licenses, ¶7(9).

The fact that Laws 1889 c. 122 was repealed in terms before R. L. 1905, did not affect the power of a village to pass a license ordinance, since this section went into effect prior to such repeal (124-498, 145+383, 51 L. R. A. [N. S.] 40, Ann. Cas. 1915B, 812). Statutes, ¶274.

[1269—]1. **Public dance halls, etc.**—That the village council of any village shall have power by ordinance to license and regulate the keeping of public dance halls and the holding of public dances therein, as the same now are or may hereafter be defined by law; provided that such village council may in its discretion permit any lodge or society, not organized or maintained for profit, to conduct public dances without being licensed as herein provided. ('15 c. 190 § 1)

[1269—]2. **Musical entertainments in certain villages**—That the village council of any village of 1,000 or more population in this state is hereby authorized to annually levy a half mill tax against the taxable property in such village for the purpose of providing musical entertainment to the public in public buildings or on public grounds, provided however, that in any such village the total sum that may be levied or expended in any one year, shall not exceed the sum of five hundred (\$500.00) dollars. ('17 c. 273 § 1)

1280. Control of streets—

In the absence of an affirmative showing to the contrary, it must be presumed that an appropriation by the town supervisors of a sum of money from the road fund of the town to aid a village within the town in the construction of a bridge was within the limits of the existing fund (133-270, 158+392). Evidence, ¶83(2).

The authority of the town board to make appropriations from the road fund springs solely from this section, and when made by the board cannot be nullified by the electors at a subsequent town meeting (133-270, 158+392). Bridges, ¶11.

Under this section the town supervisors may appropriate money from the town road fund to aid in the construction of a bridge by a village within the town, without previous authorization of the town electors (133-270, 158+392). Bridges, ¶11.

Where the town supervisors, in pursuance of this section, make an appropriation from the town road fund to aid a village within the town in the construction of a bridge, a person who enters into a contract with the village for the construction of the bridge is not required to determine, as against the electors of the town, whether the place designated for the construction of the bridge is a public highway (133-270, 158+392). Bridges, ¶20(2).

1281. Vacating streets—

A petition signed by a majority of the owners of property abutting on the part of the street to be vacated is sufficient (129-259, 152+412). Municipal Corporations, ¶657(4).

[1281—]1. **Change of name of streets**—The village council of any village in this state, whether organized under a general or special law, may by ordinance or resolution duly enacted, change the name of any street or streets in said village. ('17 c. 415 § 1)

tual for all purposes; provided, however, that the provisions of this act shall not apply to or affect any action now pending involving the validity of any such street vacation. ('15 c. 158 § 1)

[1282—]2. Certain street vacations legalized—That in all cases in which, prior to the first (1st) day of January, 1915, the village council of any village in this state has taken proceedings to vacate and has voted to vacate any street or alley in such village, such proceedings and the vacation of such street or alley are hereby legalized and made valid and effectual for all purposes; provided, however, that the provisions of this act shall not apply to or affect any action now pending involving the validity of any such street or alley vacation. ('15 c. 248 § 1)

[1283—]1. ('17 c. 414 § 1)

[1283—]2. Same—Pending proceedings—This act shall not apply to or affect any proceeding now pending in court, in which the validity of any such proceeding is called in question. ('17 c. 414 § 2)

1284. Same—Street improvements—The council of any such village may cause any street therein, or any part thereof to be graded, paved, or otherwise improved, or any sidewalk, sewer, or gutter to be built, upon a petition therefor signed by a majority of all owners of real estate bounding both sides, and by the owners of at least one-half of the frontage of the street or part of street to be improved, or may order any sewer to be built on any street or part of a street, or any sidewalk or gutter to be built on one side of a street or part of a street, upon like petition, if signed by the owners of at least one-half the frontage on such side of said street or part thereof to be so improved; and, without any petition, it may order any sidewalk, sewer or gutter previously built to be put in repair, or rebuilt, when necessary, and may also, upon petition, cause any street or part of street to be sprinkled when deemed necessary. The cost of such improvement or sprinkling, or any part thereof not less than half, may be assessed and levied, by resolution of the council, upon the lots or parcels of ground fronting on the street, part of street or side thereof, so improved or sprinkled and most benefited thereby. [1286—]1. Sprinkling and oiling streets in certain villages—The provisions of Sections 1284, 1285 and 1286, General Statutes 1913, relating to the sprinkling or oiling of streets in villages organized or re-organized under the provisions of Chapter 9 of said General Statutes and the assessment of the cost of such sprinkling and the levy of taxes to pay the whole or a portion of such cost and the payment and collection of such assessments, all as provided for in said sections, shall extend to and be applicable in all villages incorporated under any special law or laws of the state. If the village council of any such village shall cause any street or part of street therein to be sprinkled,

('17 c. 193 § 1)

The commission may make complaint to the district court of disobedience of its subpoenas or orders under this section, and the court shall prescribe notice to the person accused and require him to obey the commission's subpoena and order, if found within the lawful powers of the commission, and punish disobedience as a contempt of the court. Witnesses shall be entitled to the same fees and mileage as for attendance upon the district court, except that any officer, agent or employe of the city who receives compensation for his services, shall not be entitled to fees or mileage. 1488. Same—False statement on examination—Right to be entered upon eligible register—Any applicant for an office or employment in the classified service, who shall knowingly make any false answer or statement upon any examination in regard to any material matter upon which he is examined, shall thereby forfeit his right to be entered upon the eligible register, and, in case he has been appointed to any office or employment, shall forfeit the same and shall not within three years thereafter be eligible to any office or employment in the unclassified service of the city, nor shall he during such time be entitled to any of the examinations of the commission. ('13 c. 105 § 24, amended '17 c. 63 § 24)

1497. Disposal of electrical energy to private consumers—

A city furnishing electric energy to private consumers has the same rights and privileges, and is subject to the same duties and obligations, as private persons or corporations furnishing such energy (122-348, 142+319, 46 L. R. A. [N. S.] 437). Electricity, ¶11.

That one applying to such city for service used three-phase motors, for which the city could not furnish current, except at an expense of \$80 for transformers, did not relieve it of the duty to furnish service, since it could impose the expense on the applicant, if, in doing so, it did not discriminate against him. The city has a large discretion in choosing the method of adjustment of such expense (122-348, 142+319, 46 L. R. A. [N. S.] 437). Electricity, ¶11.

1506. Condemnation of land for public buildings—

The provision of this section that the city may take possession of land condemned without giving bond, but that by doing so it shall be absolutely bound to pay the award, is not applicable to proceedings taken by the city of Minneapolis under its charter, containing a provision that it may abandon condemnation proceedings at any time (135-243, 160+775). Eminent Domain, ¶246(2, 3).

1515. Same—Limit of debt—Tax levy—

[1545—]1. Draining land injurious to health in cities not under home rule charters—Any city of the first class, not operating under a home rule charter, shall have power and authority to drain or fill any low, marsh or swamp lots and land in said city, which is injurious or detrimental to the public health. ('15 c. 275 § 1)

[1545—]2. Same—Assessment of cost—Whenever the city council or other governing body of said city shall determine that any low, marsh or swamp lots or land, within the limits of said city, is injurious or detrimental to the public health, it may drain or fill such lots and land with earth or other material and assess the cost, or any part of the cost thereof, upon the lots and land benefited thereby. ('15 c. 275 § 2)

[1545—]3. Same—Petition—Duty of engineer—Notice and hearing—Assessment, etc.—Whenever twenty-five or more residents and freeholders of said city file with the city clerk of said city a petition to drain or fill any low, marsh or swamp lots and land within the limits of said city, said city clerk shall present said petition to the city council of said city at its next regular

meeting. It shall thereupon be the duty of the city engineer of said city to make and file in the office of said city clerk an estimate of the cost of such improvement, stating therein the proportion of such estimated cost as to each lot or parcel of land to be drained or filled, and also a list of the several lots and parcels of land proposed to be drained or filled, and the names of the owners of the several lots or parcels of land as nearly as the city engineer can readily ascertain the same, and the amount of assessment for benefits to be levied upon each of said lots and parcels of land, and upon the lots and parcels of land adjacent thereto, or in the vicinity thereof that may be benefited by said improvement, not to exceed, however, the estimated cost of said improvement. Thereupon it shall be the duty of said city clerk to give notice to all parties interested by one publication in the official paper of said city that he will at the next meeting of the city council, or as soon thereafter as practicable, present such petition, estimate and report of the city engineer to the city council for consideration and action, which said notice shall be published at least five days before the meeting of said city council in which said petition, report and estimate are to be considered; said published notice shall contain a description of the several lots and parcels of land proposed to be drained or filled, and a description of the several lots and parcels of land proposed to be assessed for said improvement, and the amount proposed to be assessed against each of said lots and parcels of land, together with the names of the owner or owners of each of said lots and parcels of land, as nearly as the same can be readily ascertained, a copy of which notice shall be mailed by the city clerk to the owners of such lots and parcels of land so drained or filled and benefited so nearly as can be ascertained from the records in the office of the county auditor and otherwise. At said meeting of the city council at which said petition, report and estimate is to be heard, said city council may act upon the same and hear any complaint or objection as to the propriety and necessity of such improvement and assessment proposed to be levied against said lots and parcels of land, or any of them, or it may refer the matter to a committee of the council to hear said objections and complaints, and report thereon.

After such hearing the city council of said city may by resolution determine and provide that certain lots and land or any portion thereof, shall be drained or filled, and may adopt the assessment made by said city engineer, or may revise the same as they may deem just, and may assess the cost of said improvement, or any portion thereof on the lots or lands to be drained or filled, or the lots and lands adjacent thereto or in the vicinity thereof which said city council may determine to be benefited by said improvement, and in and by said resolution the city council shall estimate and fix upon the cost of such improvement and assess and levy such cost, or any portion thereof, upon the lots and parcels of land benefited by said improvement to the amount of such benefit, and the city council shall cause to be made and shall adopt an assessment roll thereof in any form which the city council may deem proper. Said assessment roll shall be made up and returned to the county auditor of the county in which said city is located, and said assessment shall be spread upon the books of said county auditor and all other proceedings had as in the case of assessment for sewers, water mains, or other local improvements; provided, however, that when such assessment roll shall have been delivered to the county auditor of said county, said county auditor shall divide each assessment for such improvement into five equal parts, as nearly as the same can be divided, and shall in the books of his office extend said assessment over five successive years succeeding to the year in which said assessment shall have been ordered, that is to say: said assessments are to be paid in five equal annual installments, with interest to be paid annually on each one of said assessments after the first installment, at the rate of six per cent per annum, and the owner or owners, or other persons whose duty or right it may be to pay such special assessment, shall have the right to pay the same at any time after the first year's installment becomes due, or they may pay the same in said five annual installments, with interest on each one of said deferred installments to be paid annually at the time of paying the

assessment due each year; and the auditor of said county shall at the time of extending such special assessment on the tax list in such parallel columns for such assessment, add to the amount of each assessment for each year after the first installment, interest on each installment remaining unpaid, at said rate of six per cent per annum on the whole of such unpaid installments, and said interest on the whole of said installments shall be paid each year at the same time, and in the same manner that said installments are to be paid. ('15 c. 275 § 3)

[1545—]4. **Same—Certificates of indebtedness**—The city council for the purpose of realizing the funds for making such improvement may issue and sell special certificates of indebtedness, which shall entitle the holder thereof to all sums realized upon such assessment, or if deemed advisable a series of two or more certificates against any one assessment which shall entitle the several holders thereof to share pro rata all sums realized upon such assessments, including interest and penalties, and the city council may bind the city to make good deficiencies in the collection up to but not exceeding the principal and interest at the rate fixed as hereinafter provided. If the city because of any such guaranty shall redeem any certificate it shall thereupon be subrogated to the holders' rights. For the purpose of such guaranty penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. Such certificates shall bear interest at a rate to be fixed by the city council of said city not exceeding, however, six per cent per annum, and such certificates may be sold at public or private sale, but for not less than the par value thereof. The city's liability upon such guaranty shall not be taken into account as a part of its indebtedness until the amount of such deficiency of collection, defined as aforesaid, is determined and then only for the amount of such deficiency. ('15 c. 275 § 4)

1546. Replacing sidewalks—

[1546—]1. **Paving arterial streets in cities not under home rule charters—Special assessments and taxes**—The city council or other governing body or [of] any city of the first class not operating under a home rule charter is hereby authorized, notwithstanding any provision in the charter of such city to the contrary, to determine in and by its resolution directing that any arterial street therein or any part of either be paved, what proportion of the cost of such paving shall be defrayed by a special assessment upon the real property fronting thereon. Such proportion, however, shall in no case be less than one-half of the cost to the city of paving that part of the arterial street lying between the center line thereof and such abutting property. ('15 c. 278 § 1)

[1546—]2. **Same—Assessment, how levied—Remaining cost, how paid**—Whenever the proportion to be so assessed is determined in the manner aforesaid, the assessment shall be levied accordingly and the remaining cost of such paving shall be paid by the city out of any funds in its treasury, not derived from such special assessments, available for paving purposes. ('15 c. 278 § 2)

[1546—]3. **Same—Tax levy**—In all such cases the council or other governing body of such city may levy with the other city taxes a tax sufficient to pay the amount not so assessed upon abutting lands on all property within the city subject to general taxation, and may direct into what fund the proceeds of said tax shall be paid. ('15 c. 278 § 3)

[1546—]4. **Same—Application to what cities**—This act shall not apply to any city whose inhabitants have adopted a charter pursuant to Section 36, Article 4, of the state constitution. ('15 c. 278 § 4)

lar public purposes, other than parks or parkways, and such tracts of ground or any part thereof by reason of change of grade of railroads or of other streets or alleys crossing such railroads or in any other way, have become, at least for a number of years in the future, unfitted for use by the public for the purpose for which they were dedicated to public use, to leave to the owner or owners of property abutting thereon the surface of such portion of streets or alleys or tracts of ground as cannot be used by said city for the purposes for which such ground was dedicated, or grant the right in the nature of a lease to erect structures overhead across the same, for a short period or permanently, or under the surface thereof, in the manner and under the conditions hereinafter set forth. ('15 c. 291 § 1)

[1546—]6. Same—Application for lease, etc.—Procedure of council—Rental, etc.—Whenever application shall be made to the city council or common council of any such city to lease, or to vacate, any such tract of ground as is hereinbefore referred to, the question of the advisability of said city's making such lease or vacation shall be referred to the appropriate committee of said council; and if after a full consideration of said question, including the viewing of the premises in question by the whole committee in a body, said committee shall report back to said council that it is to the interest of said city, and the citizens thereof, to make the proposed lease, then, and in every such case, if the said council shall by a two-thirds vote of the whole membership of such body, determine to proceed with such lease, the question as to the amount of yearly rental to be charged by said city for the use of such street, alley or tract of ground or portion thereof shall be referred to five commissioners appointed in the same manner as commissioners are appointed to assess benefits and award damages in case of opening new streets or alleys in said city, and such commissioners shall in all such cases receive for their services the same fees as they receive for services in proceedings for the opening of new streets or alleys; provided, that the city council or common council of the city taking proceedings to lease such streets, alleys or tracts of ground or portions thereof, as are referred to in section one [1546—5] of this act shall not be bound to lease for the rental decided upon by such commissioners, but said council may, after hearing the report of said commissioners, by a majority vote, refuse altogether to make such release or may require the person leasing such street or alley or tract of ground to pay such larger sum for such lease as the said council may determine, if in the judgment of a majority of said council a larger rental or price should in any particular case or cases be paid; but no rental shall in any case be any less than the amount recommended by the commissioners as aforesaid; nor shall such rental in any case be greater than six (6) per centum per annum on one-sixth (1-6) of the value of the fee of the land so leased; and in case of the renting of any such street or alley or tract of ground the city council may impose any such conditions as they, in their judgment, shall deem necessary, relative to reserving rights to put in, at any time, in such street, alley or tracts of ground either sewers or water mains that may be needed, and the necessary manholes, hydrants, and other appliances connected with sewers or water mains, and also any conduits that may be needed by the city itself for wires or cables to conduct electricity for any city purposes. ('15 c. 291 § 3)

[1546—]8. Same—Damages—If in any case where the lease of any such street, alley or tract of ground is proposed, the use of such street, alley or tract by the general public for which it was dedicated to public use is to all intents and purposes impossible, but nevertheless some persons shall be specially inconvenienced or damaged by such lease, if made, then and in every such case the commissioners referred to in section two hereof [1546—6] shall

determine the amount of damages to which each of such persons specially damaged is entitled, and make report to the council; and said council shall require the person to whom said lease is made, and before the same is consummated, to pay to each of said persons specially damaged a sum not less than the amount determined by said commissioners, and such larger sum, if any, as the said council may determine is fairly and justly due as damages to the various persons respectively who may be specially damaged by the lease in question; provided that nothing in this act shall be construed as cutting off or abridging the right of any one damaged by such lease to apply to the courts for damages or for such other relief in such case as the courts may be empowered to grant. ('15 c. 291 § 4)

[1546—]9. **Taxes for roadways in arterial streets in cities not under home rule charters**—The city council, or other governing body of any city of the first class not organized pursuant to section 36, article 4, of the state constitution, is hereby authorized to levy annually, with and as part of the general taxes of each of the years 1917, 1918, 1919, 1920, 1921, and 1922, a tax not exceeding one mill on each dollar of the assessed valuation of all property, real and personal, therein subject to general taxation, for the purpose of constructing permanent roadways not over twenty-four feet in width in arterial streets, as hereinafter defined, but not more than 40% of the expense of paving any street shall be paid out of this fund. The board of tax levy may fix the maximum rate to be levied for such year and no tax shall be levied except as authorized by the board of tax levy. ('17 c. 218 § 3)

1567. Same—Duty of engineer—Appointment, powers and duties of commissioners—Report—Duties and powers of council—Award and assessment—Assessment roll—

In proceedings to condemn land for widening a street, the plat and survey showed the character, course, and extent of the improvement, and the property to be taken or interfered with. The plat named "H. K. Feye" as the owner of a tract, a part of which was proposed to be taken, of which plaintiff was the record owner of a four-fifths interest, but it was not named as such owner, either in the plat or published notices, and no award was made to it, the only award made and confirmed being to Feye. Held, that the provisions of this section as to notice was complied with, the omission of plaintiff's name not being a fatal departure, in view of the provision that the names of owners be stated "so far as they can readily be ascertained" (161+231). Eminent Domain, §181.

Such proceedings were not void as to plaintiff's interest in the land, as a denial of due process of law, or as the taking of its land without compensation (161+231).

Where the plat and survey, and the notices given and published, clearly show that the entire interest in a strip of land sought to be taken for widening a street is intended to be appropriated, the owner of an undivided interest in the land, whose name is not stated in the proceedings, cannot contend that the only interest acquired was that of the person named as owner (161+231). Eminent Domain, §243(1).

1568. Same—Objections to confirmation—Appeal to district court—Commissioners to reappraise—Appeal to supreme court—

161+231; note under § 1567, ante.

A notice of objection held sufficient, though not in the precise words of the statute (128-531, 150+398). Eminent Domain, §235.

[1568—]1. **Same—Awards on appeal in excess of or less than awards appealed from—Increase or decrease, how paid—Commissioners—Increase and decrease, how assessed—Assessment lists—Objections and appeals—**Whenever any award or awards of damages made to appellants upon any such appeal or appeals to the district court shall exceed the amount of the award or awards appealed from, and when any assessment or assessments of benefits made in respect to any appellant or appellants upon such appeal or appeals shall be less than the amount of the assessment or assessments of benefits appealed from, the amount of such increase in the amount of said award or awards of damages and the amount of such decrease in such assessment or assessments of benefits may be paid by the city from the permanent improvement fund or any fund of the city available therefor, or the city council may cause the same to be assessed upon and against any property benefited by the proposed improvements in addition and without prejudice to prior assessments made thereon in said proceedings, and may refer the matter to the commissioners theretofore appointed by the council in such proceeding or to new commissioners to be appointed by the city council. Such commissioners, whether new or old, shall have the same qualifications as required of commissioners appointed by Section 2 [1567] hereof and such commissioners shall take oath to faithfully discharge their duties as such commissioners and give notice of the time and place when and where they will meet to hear persons interested and assess the amounts of such increase of awards of damages and decrease of assessments of benefits upon the land and property benefited by such proposed improvements. Such commissioners shall meet at the time and place so designated in their notice and hear all persons interested and assess the amount of such increased awards of damages and decreased assessments of benefits upon the property benefited by such proposed improvements, in proportion to such benefits, but in no case shall the amount of such assessment exceed the actual benefit to the lot or parcel of land so assessed, and said commissioners shall prepare and report to the city council an assessment list of the assessment so made by the commissioners, containing a brief description of each piece of property assessed, the name of the owners thereof if known, and the amount assessed against the same. Said commissioners shall file such assessment list with the city clerk, who shall present such list to the city council for consideration. A brief minute of the presentation of such assessment list to the city council shall be made and published in the record of the proceedings of the city council, which shall be held to be sufficient notice to all persons concerned. Such assessment list shall lie over without action thereon by the city council until the next regular meeting of the

council which will occur at least one week thereafter, at which time or any meeting thereafter the city council may confirm such assessments and assessment roll or send the same back to the commissioners for further consideration and report thereon. Any person interested who is dissatisfied with the amount of any such assessment may file objections thereto and may appeal from the confirmation of such assessment by the city council to the district court in like manner and with like proceedings as provided in Section 3 hereof [1568] in respect to filing objections and taking appeals from original appeals made in such proceedings. Any decrease made in any such assessments upon any such appeals may be paid by the city from the permanent improvement fund or any fund of the city available therefor, or cause the same to be reassessed as hereinabove provided. ('11 c. 185, amended '13 c. 345; '15 c. 86 § 1)

1915 c. 86 § 1 amends 1911 c. 185, as amended by 1913 c. 385, by inserting after § 3 of said chapter 185 as amended the section above set forth.

1570. Same—Clerk to transmit assessment roll to county auditor—Installments, how made up and entered—Grounds of defense, etc.—The city clerk shall transmit a certified copy of such assessment roll to the county auditor of the county in which the land lies, and the county auditor shall include 5 per cent of the principal amount of such assessment with and as part of the taxes upon each parcel for each year for twenty years, together with annual interest at the rate ascertained, as hereinafter provided. The city council and board of park commissioners may, however, by such concurrent resolution, determine that the amount of such assessment shall be collected in five or ten equal annual installments instead of twenty, and in such case the county auditor shall include a corresponding per cent of the principal amount of such assessment with and as part of the taxes of each year, together with such annual interest until the whole is collected. With the first installment the auditor shall include interest upon the entire assessment from the date of the assessment to the time when the tax books including the first installment are delivered by the county auditor to the county treasurer, and thereafter the auditor shall include in the taxes for each year one of such installments, together with one year's interest upon such installment, and all subsequent installments at the same rate, each of which, together with such interest, shall be collected with the annual taxes upon such land, together with like penalties and interest in case of default, all of which shall be collected with and enforced as the annual taxes and credited to the proper city fund. Any parcel assessed may be discharged from the assessment at any time after the receipt of the assessment by the county auditor by paying all installments that have gone into the hands of the county treasurer as aforesaid, with accrued interest, penalties and costs, as above provided, and by paying all subsequent installments; or any parcel assessed may be discharged from the assessment by presenting certificates or bonds sold against such assessments as herein provided sufficient in amount to cover all installments due on such parcel and accrued interest, penalties and costs, and all installments yet to accrue, by surrendering such certificates or bonds to the county treasurer for cancellation or having endorsed thereon such installments, interest, penalties and costs. Said assessment shall be a lien on the land from the time of the making thereof as against the owner and every person in any way interested in the land. The owner of the land and any person interested therein may defend against such assessment at the time of application for judgment in the regular proceedings for the enforcement of delinquent taxes, but such assessment shall not be deemed invalid because of any irregularity, provided the notices have been published substantially as required, and no defense shall be allowed except upon the ground that the cost of the improvement is substantially less than the amount of the assessment, and then only to the extent of the difference between the assessment and the actual cost. Assessments made under this act shall be called special street and parkway assessments of the city of and numbered consecutively. Whenever an assessment is certified as aforesaid by the city clerk to the county auditor, a duplicate thereof shall be sent to the city comptroller, and all such assessments

shall be sufficient [sufficiently] identified by the name and number as aforesaid. ('11 c. 185 § 5, amended '17 c. 103 § 3)

1571. Same—Method of improvement—Assessments for benefits, etc.—Existing streets, parks, etc.—The city council and park commissioners may by such concurrent resolution specify the method of improving any such street, park or parkway, including grading, planting, paving, curb, gutter and sidewalk, as well as sewer and water mains where necessary, and in the case of parks, the necessary structures and apparatus for playgrounds and general park uses. The city engineer shall estimate the cost of each item of such improvement separately and submit the estimate with the plat. Such estimates shall be for not to exceed six inch water mains and not to exceed twenty-four inch sewers. The city council shall examine such estimates and after modifying, if necessary, find and adopt an estimate of such cost. The city council, in appointing commissioners, shall recite said estimate, and the commissioners shall assess the amount thereof upon such lots and parcels of land in the city as they shall deem specially benefited in proportion to such benefits, and not exceeding the actual benefit to any parcel, and add the same to the benefits assessed under section 2 of this [1567] act and report the net result of damages or benefits as required by said section 2 [1567], and with like proceedings thereafter. Provided that if in any proceeding under this act the actual cost of the improvement of any such street, park or parkway in the manner herein designated is less than the estimated cost thereof as found and adopted by the city council, the city council may direct the distribution of such excess as follows: In case the assessments in any such proceeding have not been entirely collected, or in case the city council deem that any such assessments may not be fully collected, the city council may direct the city comptroller to retain in the fund in such proceeding a sum sufficient, in the judgment of said city council, to cover the deficiencies in the collection of such assessments, and the city council may direct that the balance of such excess of estimated cost shall be disposed of in the manner hereinafter provided. The city council may direct the city comptroller to certify the amount of such balance to the county auditor. The county auditor shall thereupon deduct such amount from the first installment of the assessment to be collected after the receipt of such certificate. Such deduction shall be made from the assessment against each piece or parcel of property in the proportion that such excess as certified by the city comptroller bears to the total of such installment of the assessment. If such balance as certified exceeds one installment, it may also be deducted in like manner from succeeding installments until the same is fully deducted.

Provided further that if any portion of the damages and cost of such improvement has been paid by the city, the city council shall direct the city comptroller to certify to the county auditor only such percentage of such balance or excess of estimated cost as shall be equal to the percentage of the total estimated cost of the improvement and damages which has been or is assessed against benefited property. No such certificate shall be directed by the council or issued to the county auditor until after a report from the city engineer that the work under any such proceeding has been completed and each item of damage or cost in such proceeding paid. In any such proceeding where there is or may be such an excess of estimated cost, and there is or shall be a balance in the fund in such proceeding over and above the actual cost, the city council shall be entitled to withdraw from such fund a percentage of such fund equal to the percentage of the cost of such improvement paid by the city, and cause such percentage to be deposited in the fund from which it was originally drawn or taken by such city council.

Any existing street, park or parkway may be improved and the expense thereof assessed and raised in the manner provided by this chapter, including any or all of the following improvements to-wit, widening, grading, planting, pavements, sidewalks, curb and gutter sewers and water mains, and in the case of parks the necessary structures and apparatus for playgrounds and general park uses. In case of streets or parkways exceeding 80 feet in width, the resolution may, for the purpose of facilitating connections with private prop-

erty and obviating the necessity of cutting or breaking into the improvements, order a double water main or a double sewer, one on either side of the street or parkway, or adopt such other arrangement or device as may seem most feasible. ('11 c. 185 § 6, amended '17 c. 103 § 4)

[1571—]1. **Same—Total cost not to be less than \$3,000**—No lands shall be acquired hereunder for streets, parks or parkways, and no proceedings shall be had for the improvement of streets, parks or parkways, where the total cost thereof shall be less than \$3,000.00. ('17 c. 103 § 5)

1572. **Same—Title acquired—**

161+231; note under § 1567, ante.

1575. **Same—Certificates of indebtedness—Guaranty—Interest**—The city council, for the purpose of realizing the funds for making such improvement and paying such damages, may issue and sell special certificates of indebtedness, or special street or parkway improvement bonds, as they may decide, which shall entitle the holder thereof to all sums realized upon any such assessment, or if deemed advisable, a series of two or more certificates or bonds against any one assessment, or against the assessments in two or more different proceedings, the principal and interest being payable at fixed dates out of the fund collected from such assessments, including interest and penalties, and the whole of such fund or funds is hereby pledged for the pro rata payment of such certificates or bonds and the interest thereon, as they severally become due. Such certificates or bonds may be made payable to the bearer, with interest coupons attached, and the city council may bind the city to make good deficiencies in the collection up to, but not exceeding, the principal and interest at the rate fixed as hereinafter provided and for the time specified in Section 5 [1570]. If the city, because of any such guaranty shall redeem any certificate or bond, it shall thereupon be subrogated to the holder's rights. For the purpose of such guaranty, penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. Such certificates or bonds shall be sold at public sale or by sealed proposals at a meeting of which at least two weeks' published notice shall be given, to the purchaser who will pay the par value thereof at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed five per cent per annum, payable annually or semi-annually. The city clerk shall certify to the county auditor the rate of interest so determined, and interest shall be computed upon the assessments at such annual rate, in accordance with the terms of Section 5. ('11 c. 185 § 10, amended '17 c. 11 § 1)

[1578—]1. **Regulating use of parks in cities not under home rule charters**—The Board of Park Commissioners of each city of the first class not organized under Section 36, Article 4 of the State Constitution, shall have power to regulate the use of parks and parkways heretofore actually acquired in the name of the city whether within or without the corporate boundaries, and may adopt ordinances to secure the quiet, orderly and suitable use and enjoyment of such parks and parkways by the people and fix and ordain penalties for the violation thereof, which ordinances shall take effect from and after the publication thereof in the official newspaper of the city. The penalties for such violation may include fines not exceeding one hundred dollars (\$100) or confinement in the city workhouse not exceeding ninety (90) days. ('15 c. 132 § 1)

[1578—]2. **Same—Use of waters of lakes**—Whenever such parks or parkways, or both, embrace the entire shore of any navigable lake, the board of park commissioners may regulate the use of the waters of such lake, and for that purpose adopt ordinances and prescribe penalties for the violation as provided in Section 1 [1578—1]. ('15 c. 132 § 2)

[1578—]3. **Annual tax for park and parkway purposes in cities not under home rule charters**—Any city of the first class, not organized under section 36, article 4 of the State Constitution, is hereby authorized in addition to and without repeal or modification of powers already existing in that behalf, to

levy annually a tax for park and parkway purposes upon all the taxable property in the city, real and personal, not exceeding one-half of one mill upon the dollar of the assessed valuation of such property. No such tax shall be levied beyond the maximum rate which may from time to time be fixed for that purpose by the board of tax levy. ('17 c. 393 § 1)

[1578—]4. **Same—Levy—How collected, etc.**—The board of park commissioners or other body having the general maintenance and government of parks and parkways of the city shall by resolution make such levy on or before the first day of November of each year and transmit a duly certified copy of such resolution to the county auditor and such levy shall be included in and collected with the general taxes for state, county and city purposes for the current year, and shall be collected in the same manner and with the same penalties, interest and costs, and when collected shall be paid over to the city treasurer and placed in the city park fund. ('17 c. 393 § 2)

1579. Condemnation of lands for public playgrounds—

The provision of this section as to the right of the city to take possession under penalty of standing absolutely bound to pay the damages awarded is not applicable to a proceeding instituted by the city of Minneapolis under its charter, a provision in which permits the city to abandon a condemnation proceeding at any time during its pendency (135-243, 160+775). Such commissioners shall be originally appointed by the mayor for the terms of one, two and three years and thereafter they shall be appointed for terms of three years. ('17 c. 340 § 2)

[1626—]3. **Same—Oath—Officers—**Such commissioners shall, as soon as practicable within ninety days after the passage of this act, meet at the court house in such city and each one of said commissioners shall take an oath before one of the judges of the district court of the county in which said city is located, to support the constitution of the United States and the State of Minnesota and that he will faithfully and honestly perform the duties of said office as one of said commissioners and that he will not knowingly permit any fraud, dishonest practice or cheating by any contractor or other person doing work or performing labor for said commission in or about the purchase or condemnation of said site, or the erection, operation or furnishing of said auditorium contemplated by this act, nor will he knowingly permit any such fraud, dishonest practice or cheating by any person or persons whomsoever.

('17 c. 340 § 3)

[1626—]4. **Same—Acquisition of property—Appraisers—Notice—Hearing—Damages—Report, etc.—**The said board shall have the power to acquire such land as is necessary for a site of said auditorium by purchase or by lease and whenever it is unable to make satisfactory arrangements for the purchase of the property necessary for such site, it shall have the authority and it is hereby authorized to appoint three disinterested citizens of said city, who shall be freeholders therein, as appraisers to appraise the damages to the owner or owners of incumbrances, or to any person having a lien on or any interest in any part of the property to be acquired; such appraisers shall, after be-

They may hear any evidence offered by any parties interested and may adjourn from day to day for the purpose aforesaid. They shall also hear the owner or owners and also any person having any interest in or lien upon any part of said property; when their view and hearing shall be concluded they shall determine the amount of damages to be paid by the owner or owners and to each person who may have any interest in or lien upon any part of said premises. If there should be any building standing in whole or in part upon any part of said land to be taken, said appraisers shall in such case, determine the amount of damages which should be paid to the owner or owners thereof, and shall also appraise and determine the amount of damages to be paid such owner or owners in case he or they should elect to remove said building and the damage in relation to the building aforesaid shall be appraised separately from the damages in relation to the land upon which the same is erected. If the lands and buildings belong to different persons, or if the land be subject to a lease, mortgage or judgment, or if there be any estate less than the estate in fee, the injury or damage done such persons so interested respectively may be awarded to them by the appraisers: provided that neither such award made by the appraisers nor the confirmation thereof by the board herein created shall be deemed to require payment of such damages to the person or persons named in said award in case it shall transpire that such person or persons are not entitled to receive the same. The said appraisers, having ascertained and appraised the damages aforesaid, shall make and file with the city clerk, as secretary of the board, a written report of said board, of their action in the premises, which report shall contain a schedule of the appraisalment of damages made to each person, with a description of the lands and names of the owners, if known to them, and of the interest therein of each person to whom they award damages and also a statement of the costs of the proceeding. Upon filing the said report the secretary of the board hereby created shall give notice in two daily newspapers printed and published in said city by publication therein of ten days to the effect that said appraisalment has been returned and filed with said city clerk, as secretary of said board and that the same will be confirmed by the board herein created at a meeting thereof to be named in said notice, unless objections are made in writing by persons interested in any land required to be taken. ('17 c. 340 § 4)

[1626—]5. Same—Removal of buildings—Confirmation, revision, etc., of assessment—Reappraisalment—Payment of Damages, etc.—Any person interested in any building or buildings standing in whole or in part upon any land required to be so taken shall, on or before the time specified in such notice, for such confirmation notify said city clerk, as secretary of said board, in writing of their election to remove such building. The board hereby created, upon the day fixed for the consideration of such report, or at such subsequent meeting to which the same may stand over, or be referred, shall have power in their discretion to confirm, raise, revise or annul the appraisalment giving due consideration to any objections interposed by parties interested and if so annulled said board may appoint other appraisers in like manner, as the first appraisers, to act in the same manner to re-appraise the same. The damages appraised shall be paid by said board and shall be so paid or tendered or be deposited with the clerk of the district court of said county as hereinafter provided, within three (3) months after the confirmation of such appraisalment and report; but in case any appeal or appeals shall be taken from the order confirming such appointment, then the amount of such damages shall not in any case be required to be paid or tendered or deposited with said clerk of the district court as aforesaid, until thirty (30) days after the determination of all appeals which shall have been so taken. The land and property re-

quired to be taken for the purposes aforesaid, shall not be taken possession of until the damages awarded to the owner thereof, or other person entitled thereto, shall have been paid or tendered to such owner or deposited with the clerk of said court, as hereinafter provided and in case said board shall be unable to find the owner or other person to whom such damages are due, in order to pay or tender the same, or in case said board shall be unable to determine to whom the damages so awarded should in any particular case be paid, or in case of disputed claims in relation thereto, the amount of damages in any such case may be deposited by order of said board in the district court of the county in which said city is located; the said court, upon proper application of any person claiming the award or any part thereof, shall determine to whom the same shall be paid.

In case any owner or owners of buildings as aforesaid shall have elected in manner aforesaid to remove his or their buildings, he or they shall so remove them within thirty (30) days from the confirmation of said report, or within such further time as the board may allow for the purpose and shall thenceforth be entitled to payment of the amount of damages awarded in such case. In case of removal, when such person or persons shall not have elected to remove such buildings, or shall have neglected (after having elected) to remove the same within the time prescribed, such buildings, or so much thereof as may be necessary upon payment or depositing the damages awarded for such taking, in a manner aforesaid, may be taken and appropriated, sold or disposed of as the said board shall direct and the same or the proceeds thereof shall belong to the fund hereinafter named.

When any known owner of lands or tenements affected by any proceeding within this act, shall be an infant or shall labor under any legal disability, a judge of the district court of the county in which said city is located may, upon application of one of said commissioners, or of said board, or if such party by his next friend, appoint a suitable guardian for such party and all notices required by this act shall be served upon such guardian. ('17 c. 340 § 5)

[1626—]6. **Same—Appeals, etc.**—Any person whose property is proposed to be taken or interfered with, under any provisions of this act and who deems that there is any irregularity in the proceedings of the said board or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of or interference with his property, may at any time before such award shall be confirmed by the board of commissioners, file with the secretary of said board in writing, his objection to such confirmation, setting forth therein specifically the particular irregularities complained of and containing a description of the property affected by such proceedings, and if, notwithstanding such objections, the said board shall confirm the award, such person so objecting shall have the right to appeal from such order of confirmation of the board, to the district court of the county in which said city is located, at any time within twenty (20) days after such order; such appeal shall be made by serving a written notice of such appeal upon the said city clerk as secretary of said board, which shall specify the property of the appellant affected by such award and refer to the objection filed as aforesaid and also by delivering to said city clerk, as secretary of said board, a bond to the said board, executed by the appellant, or by someone on his behalf, with two (2) sureties who shall justify in the penal sum of fifty (\$50.00) dollars, conditioned to pay all costs that may be awarded against the appellant. Thereupon the said city clerk, as secretary of said board, shall make out and transmit to the clerk of the said district court a copy of the award of said commissioners, as confirmed by said board and of the order of the board, confirming the same and of the objection filed by the appellant as aforesaid, all certified by said city clerk, as secretary of said board, to be true copies, within ten (10) days after the taking of such appeal. But if more than one appeal be taken from any award, it shall not be necessary that the city clerk, as secretary of said board shall send up anything except a certified copy of the appellant's objection. There shall be no pleading on such appeal, but the

court shall determine in the first instance whether there was in the proceeding any such irregularity or omission of duty prejudicial to the appellant and specified in said written objections, that as to him the award or appraisement of the appraisers ought not to stand and whether said appraisers had jurisdiction to take action in the premises. The case on such irregularities may be brought on for hearing on eight (8) days notice, at any general or special term of the court and shall have precedence of other civil cases and the judgment of the court shall be either to confirm or annul the proceedings only as the same affects the property of the appellant proposed to be taken or damaged and described in said written objection. From such determination no appeal or writ of error shall lie. In case the amount of damages awarded is complained of by such appellant, the court shall, if the proceedings shall be confirmed in other respects, upon such confirmation, submit the question of damages sustained by appellant to a jury, at a general term of said court and said jury shall find the value of the real estate of the appellant as well as of the buildings thereon, separately, or of the value of the real estate and the buildings thereon together, as the court may direct, in accordance with the facts in the case, whether or not the appellant has elected to retain the buildings, as hereinbefore provided. Upon said verdict, unless set aside by the court as in the case of other verdicts of juries on the motion for a new trial by appellant or by said board, the court shall enter judgment as in any other civil case from which judgment or from any other order of the court, whether the same be from an order granting or refusing a new trial or otherwise, there shall be no appeal or writ of error. ('17 c. 340 § 6)

[1626—]7. **Same—Proceedings of board for acquiring site to be filed with the register of deeds**—As soon as said proceedings for acquiring the title to such lands shall have been completed said board shall make an accurate description of each parcel of land so condemned, together with the names of the owners thereof and any incumbrancer thereof or other person having any lien or interest therein, with a statement of the amount of damages awarded therefor, either by said appraisers or by the court or jury, together with a copy of the receipt of such owner, incumbrancer, or other person having a lien upon or interest therein, or in case the same has been paid to the clerk of said court and has not been received by such owner, incumbrancer or other person having a lien upon or interest in said land, then a copy of the receipt of said clerk of the court therefor, all of which shall be certified to by the president and city clerk, as secretary of said board, under the official seal of said board and be filed for record in the office of the register of deeds in said county in which said city is located, which said register of deeds shall record the same in his office in the usual way of recording transfers of real estate in said county and when so recorded the same shall be prima facie evidence of title to such parcel of land and of the transfer of all the interests of such former owner, incumbrancer or other person having any lien upon or interest in said parcel of real estate to said board of auditorium commissioners. ('17 c. 340 § 7)

[1626—]8. **Same—Bonds**—For the purpose of providing money for acquiring title to or release of the land necessary for such auditorium and for the construction of said auditorium building, said board of auditorium commissioners is hereby authorized to issue bonds to run not to exceed thirty (30) years, bearing interest payable semi-annually, not to exceed four and one-half ($4\frac{1}{2}$) per cent per year, in such amount as may be required for such purpose, from time to time, but not to exceed in all the sum of eight hundred thousand (\$800,000.00) dollars, which bonds shall be denominated "auditorium bonds" and which are hereby made a lien upon the said property acquired and any such building constructed by said commissioners. But no street railway shall be laid in any park or parkway without the consent of the board of park commissioners or other body charged with the care and maintenance of the park or parkway. No franchise shall be granted under this act except to a corporation organized under the laws of this state and having power to construct, maintain and operate street railways for the common carriage of passengers, nor shall the same, or any interest in the same, ever, for purposes of operation, be assigned or transferred to or owned by any person or corporation except a corporation organized under the laws of this state having the powers aforesaid. The term of any such franchise may begin at the expiration of a now existing franchise, and the new franchise may, in the discretion of the council, be granted to the holder of an old or existing franchise; provided such holder is a Minnesota corporation having the powers aforesaid. The reservation of any such option to purchase on the part of any such city shall not prevent resort to eminent domain. The franchise shall terminate at time of purchase or condemnation of the entire plant and properties.

The term "council" as used in this act, shall include the chief governing body of the city by whatever name known. The word "may" shall nowhere in this act be construed as "shall." ('15 c. 124 § 1)

The valuation may include a fair going concern value but shall not include any franchise or good-will value. Acceptance shall be first authorized by the board of directors of the corporation and a copy of the resolution authorizing such acceptance shall be filed with the acceptance in the office of the city clerk. The grant shall be fully effective when made and accepted as aforesaid, and ratified as provided in the next section. ('15 c. 124 § 6)

The place of payment of principal and interest, and the denominations of said bonds, shall be fixed by the resolution authorizing their issue, and all or any of them may be in the form of coupon bonds or of registered certificates, so-called as the purchaser may prefer.

All bonds or certificates so issued shall be signed by the mayor, attested by the city clerk, and countersigned by the city comptroller of such city, and be sealed with the city seal, except that the signatures to the coupons attached thereto, if any, may be lithographed. ('15 c. 255 § 1)

[1639—]10. **Restricted residence districts in cities under home rule charters**—Any city of the first class may, through its council, upon petition of fifty (50) per cent of the owners of the real estate in the district sought to

be affected, designate and establish by proceedings hereunder restricted residence districts within its limits wherein no building or other structure shall thereafter be erected, altered or repaired for any of the following purposes, to-wit, hotels, restaurants, eating houses, mercantile business, stores, factories, warehouses, printing establishments, tailor shops, coal yards, ice houses, blacksmith shops, repair shops, paint shops, bakeries, dyeing, cleaning and laundering establishments, bill-boards and other advertising devices, public garages, public stables, apartment houses, tenement houses, flat buildings, any other building or structure for purposes similar to the foregoing. Public garages and public stables shall include those, and only those, operated for gain.

Nothing herein contained shall be construed to exclude double residences or duplex houses, so-called, schools, churches, or signs advertising for rent or sale the property only on which they are placed.

No building or structure erected after the creation of such district shall be used for any purpose for which its erection shall be prohibited hereunder.

The term "council" in this act shall mean the chief governing body of the city by whatever name called. ('15 c. 128 § 1)

[1639—]11. **Same—Designation of district—Eminent domain**—The council shall first designate the restricted residence district, and shall have power to acquire by eminent domain the right to exercise the powers granted by this act by proceedings hereinafter defined, and when such proceedings shall have been completed the right to exercise such powers shall be vested in the city. ('15 c. 128 § 2)

[1639—]12. **Same—Appointment of appraisers, etc.—Notice—View and hearing—Damages and benefits—Report—Notice of appraisement—Duties of council—Assessments and awards—Appeals**—The council shall appoint five appraisers who shall be disinterested qualified voters of the city, and none of whom shall be a resident of the ward or wards in which any part of the district so designated is situate, to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted.

Said appraisers shall be notified as soon as practicable by the city clerk, as the case may be, to attend at a time fixed by him, for the purpose of qualifying and entering upon their duties. Whenever a vacancy may occur among said appraisers by neglect or refusal of any of them to act or otherwise, such vacancy shall be filled by the council.

Second. The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the council.

Third. The appraisers shall give notice, by publication in the official newspaper of the city, once a week for two consecutive weeks, which last publication shall be at least ten days before the day of such meeting, which notice shall contain a general description of the lands designated by the council, and give notice that a plat of the same has been filed in the office of the city clerk, and that said appraisers will meet at a place and time designated in the notice, and thence proceed to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted, and to assess benefits in the manner hereinafter specified.

Fourth. The city clerk shall, after the first publication of such notice, and at least six days (Sundays excluded) prior to the meeting specified in said notice, serve upon each person in whose name each tract or parcel of said land is then assessed, a copy of said notice by depositing the same in the postoffice of said city, with postage prepaid, directed to such person at his place of residence, if known to the city clerk, but if not known, then to his place of residence as given in the last published city directory of said city, if his name appears therein.

After the first publication of said notice, and at least six days (Sundays excluded) prior to the meeting specified in said notice, a copy of the same

shall also be served upon the person in possession of each of said tracts or parcels of land, or some part thereof, if the same be actually occupied, in the same manner as provided for the service of summons in a civil action in the district court. A copy of all subsequent notices relating to said proceedings which are required to be published, shall be mailed by said clerk in the manner above specified, immediately after the first publication thereof, to such persons as shall have appeared in said proceedings and requested in writing that such notice be mailed to them.

Fifth. At the time and place mentioned in the notice, the said appraisers shall meet and thence proceed to view the premises, and may hear the evidence or proof offered by the parties interested, and may adjourn from time to time for the purposes aforesaid. When their view and hearing shall be concluded they shall determine the amount of damages, if any, suffered by each piece or parcel of land of which each piece or parcel of land in the district is a part. They shall also determine the amount of benefits, if any, to each such piece or parcel of land. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits, but the total assessment for benefits shall not be greater than the aggregate net award of damages; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual benefits after deducting the damages, if any.

Sixth. If the land and buildings belong to different persons, or if the land be subject to lease, mortgage or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such persons or interests respectively may be awarded to them separately by the appraisers. Provided, that neither such award of the appraisers, nor the confirmation thereof by the council shall be deemed to require the payment of such damages to the person or persons named in such award in case it shall transpire that such person or persons are not entitled to receive the same.

Seventh. The said appraisers having ascertained and appraised the damages and benefits as aforesaid, shall make and file with the city clerk a written report of their action in the premises, embracing a schedule and appraisal of the damages awarded and benefits assessed, with descriptions of the lands, and the names of the owners, if known to them and also a statement of the costs of the proceedings.

Eighth. Upon such report being filed, the city clerk shall give notice that such appraisal has been returned, and that the same will be considered by the council at a meeting thereof to be named in the notice, which notice shall be published in the official newspaper of said city, once a week for two consecutive weeks, and the last publication shall be at least 10 days before such meeting. The council upon the day fixed for the consideration of such report, or at any subsequent meeting to which the same may stand over or be referred, shall have power in their discretion to confirm, revise or annul the appraisal and assessment, giving due consideration to any objections interposed by parties interested in the manner hereinafter specified, provided that said council shall not have the power to reduce the amount of any award, nor increase any assessment. In case the appraisal and assessment is annulled, the council may thereupon appoint new appraisers, who shall proceed, in like manner, as in case of the first appraisal, and upon the coming in of their report, the council shall proceed in a like manner and with the same powers as in the case of the first appraisal.

Ninth. If not annulled or set aside, such awards shall be final, and shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. Such assessments shall be and remain a lien and charge upon the respective lands until paid. The awards shall be paid to the persons entitled thereto, or shall be deposited and set apart in the treasury of the city for the use of the parties entitled thereto, within six months after the confirmation of the appraisal and award. But in case any appeal or appeals

shall be taken from the order confirming said appraisement and assessment, as hereinafter provided, then the time for payment of said awards shall be extended until and including sixty days after the final determination of all appeals taken in the proceeding, and in case of any change in the awards or assessments upon appeal, the council may, by resolution duly adopted, at any time within sixty days after the determination of all appeals, set aside the entire proceeding. Any awards so set aside shall not be paid, and the proceedings as to the tracts for which the awards are so set aside shall be deemed abandoned. Any awards not so set aside shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. All awards shall bear interest at the rate of six per cent per annum from the time of the filing of the original appraisers' report and all subsequent awards and awards upon appeal shall be made as of the day and date of filing of such original reports.

Tenth. Upon the conclusion of the proceedings and the payment of the awards, the several tracts of lands shall be deemed to be taken and appropriated for the purpose of this act, and the right above specified shall vest absolutely in the city in which the lands are situate. In case the council shall in any case be unable to determine to whom the damages should in any particular case be paid, or in case of adverse claim in relation thereto, or in case of the legal disability of any person interested, the council shall, and in any and every case, the council may in its discretion deposit the amount of damages with the district court of the county in which such lands are situate, for the use of the parties entitled thereto, and the court shall, upon the application of any person interested and upon such notice as the court shall prescribe, determine who is entitled to the award, and shall order the same paid accordingly. Any such deposit shall have the same effect as the payment to the proper persons.

Eleventh. Any owner of land within said district who deems that there is any irregularity in the proceedings of said council, or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded, to him or the assessment thereon, may at any time before the time specified for the consideration of the award and assessment by the council, file with the city clerk, in writing, his objections to such confirmation, setting forth therein specifically the particular irregularities complained of, and the particular objection to the award or assessment, and containing a description of the property in which he is interested, affected by such proceedings and his interest therein, and if, notwithstanding such objections the said council shall confirm the award, or assessment, such person so objecting shall have the right to appeal from such order of confirmation of the council to the district court of the county where such land is situate, within twenty days after such order. Such appeals shall be made by serving a written notice of appeal upon the city clerk which shall specify the property of the appellant affected by such award and refer to the objection filed as aforesaid, thereupon said city clerk, at the expense of the appellant, shall make out and transmit to the clerk of the district court a copy of the record of the entire proceedings, and of the award of the appraisers as confirmed by the council and of the order of the council confirming the same, and of the objections filed by the appellant, as aforesaid, and of the notice of appeal, all certified by said city clerk to be true copies, within ten days after the taking of such appeal. But if more than one appeal be taken from any award, it shall not be necessary that the city clerk in appeals subsequent to the first, shall send up anything but a certified copy of the appellant's objections. There shall be no pleading on any appeal, but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his written objection that as to him the award or assessment of the appraisers ought not to stand, and whether said appraisers had jurisdiction to take action in the premises.

Twelfth. The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and the judgment of the court

shall be to confirm or annul the proceedings, only so far as the said proceedings affect the property of the appellant proposed to be included in said district or damaged or assessed, and described in said written objection. In case the amount of damages or benefits assessed is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects, appoint three disinterested qualified voters, appraisers to reappraise said damages, and reassess benefits as to the property of appellant. The parties to such appeal shall be heard by said court upon the appointment of such appraisers, and the court shall fix the time and place of meeting of such appraisers, they shall be sworn to the faithful discharge of their duties as such appraisers, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of damages or benefits; such appraisers shall be governed by the same provisions in respect to the method of arriving at the amount of damages or benefits and in all other material respects as are in this chapter made for the government of appraisers appointed by said council. They shall, after the hearing and view of the premises, make a report to said court of their award of damages and assessment of benefits in respect to the property of such appellant. The award shall be final unless set aside by the court. The motion to set aside shall be made within fifteen days. In case such report is set aside, the court may, in its discretion, recommit the same to the same appraisers, or appoint new appraisers as it shall deem best; said court shall allow to said appraisers a reasonable compensation for their services, and make such award of costs on such appeal, including the compensation of such appraisers as it shall deem just in the premises, and enforce the same by execution. In case the court shall be of the opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant. An appeal may be taken to the supreme court of the state from any final decision of the district court in said proceedings. ('15 c. 128 § 3)

[1639—]13. Same—Maps, plats and lists—Duties of officers—Assessments—As soon as such condemnation proceedings have been completed, it shall be the duty of such council to cause maps or plats of such restricted residence district to be made, with a list of the parcels of land within such district, and to file one of such maps and list duly certified by the president of the council and the city clerk, in each of the following offices, to-wit, the office of the city engineer, the office of the register of deeds of the county and the office of the city clerk, and the same shall be prima facie evidence of the full and complete condemnation and establishment of said restricted residence district. As soon as the assessments are confirmed, the city clerk, or the clerk of the district court, as the case may be, shall transmit a copy thereof duly certified, to the county auditor of the county in which the lands lie. The county auditor shall include the same in the next general tax list for the collection of state, county and city taxes, against the several tracts or parcels of land, and said assessments shall be collected with and as a part of, and shall be subject to the same penalties, costs and interest, as the general taxes. Such assessments shall be set down in the tax books in an appropriate column to be headed "Restricted Residence District Assessments," and when collected a separate account thereof shall be kept by the county auditor, and the same shall be transmitted to the treasurer of the city, and placed to the credit of the proper fund. ('15 c. 128 § 4)

[1639—]14. Same—Ordinances—The council shall have the power to enact ordinances for the enforcement of the rights which shall be acquired under this act, and to fix penalties for their violation, including a fine not exceeding one hundred dollars (\$100) or confinement in the city workhouse not exceeding ninety (90) days. Violations of the ordinances may be prosecuted in the municipal court of the city. ('15 c. 128 § 5)

[1639—]15. Same—Buildings when nuisances—Any building or structure erected, altered, repaired or used in violation of this act or any ordinance passed under it, shall be deemed a nuisance and may be abated at the suit of the city in a civil action. The city may maintain actions for injunction to

prevent violation of the act and of the ordinances passed in pursuance hereof. Owners of land and others interested in land within the district may also maintain similar actions of abatement and for injunction. ('15 c. 128 § 6)

[1639—]16. **Same—Application to what cities**—This act shall also apply to cities existing under a charter framed pursuant to Section 36, Article IV of the Constitution of the State of Minnesota. ('15 c. 128 § 7)

[1639—]17. **Municipal forests in cities under home rule charters—Annual tax**—Any city in the State of Minnesota, now or hereafter having a population of more than fifty thousand inhabitants, by resolution of the governing body thereof, may accept donations of land as such governing body may deem to be better adapted for the production of timber and wood than for any other purpose, for a forest, and may manage the same on forestry principles. The donor of not less than one hundred acres of any such land shall be entitled to have the same perpetually bear his or her name. The governing body of any such city, when funds are available or have been levied therefor, may purchase or obtain by condemnation proceedings, and preferably at the sources of streams, any tract of land for a forest which is better adapted for the production of timber and wood than for any other purpose, which is conveniently located for the purpose, and manage the same on forestry principles. The selection of such lands, and the plans of management thereof, shall have the approval of the state forester. Such city is authorized to levy and collect an annual tax of not exceeding five mills on the dollar of its assessed real estate valuation, in addition to all other taxes authorized or permitted by law, to procure and maintain such forests. ('15 c. 217 § 1)

[1639—]18. **Same—Application to what cities**—This act shall apply only to such cities as are or may be governed by a charter adopted pursuant to Section 36 Article 4 of the Constitution of this state. ('15 c. 217 § 2)

[1639—]19. **Transfer of funds of city, departments or boards in cities not under home rule charters**—Whenever in any city of this state having over 50,000 inhabitants and not governed under a home-rule charter adopted pursuant to section 38, article 4 of the state constitution, such city or any department or board of such city shall furnish or deliver to any department or board of such city, any water, gas, heat, light, power, goods, wares, merchandise, supplies or any service whatever, the city council of such city is hereby authorized and empowered to transfer and cause to be transferred and paid into the city treasury, by warrant or otherwise as it may deem best, from any available funds appropriated to the use of such department or board to whom any such water, gas, heat, light, power, goods, wares, merchandise or service is furnished, to the credit of the proper funds of the city, or of the department or board, furnishing the same, the amount of the agreed price or reasonable value of such water, gas, heat, light, power, goods, wares, merchandise or service so furnished and delivered. Such refundment shall only be made upon verified proofs of such advancement presented to the city council, common council or other chief governing body of such cities, showing that

such advancement of moneys has been heretofore made and that such cities have had and retained said moneys. ('17 c. 189 § 1)

[1639—]21. **Same—Assessments**—The city council, common council or other chief governing body of such cities are hereby authorized and empowered to levy assessments, in like manner as other assessments for local improvements are made in such city, against the abutting property for the cost of the construction of such water main or other public improvement, notwithstanding the provisions of the city charter or other governing act of such cities to the contrary and whether or not there has been an attempted levy of assessments against such abutting property. Provided however that this Act shall not authorize a double assessment against the same property for the same improvement.

Thereupon, by resolution, the city council or governing body of said city shall determine the amount of benefits caused by said construction, to each lot, part of lot, or parcel of ground fronting the street or streets where such curb or gutter, or both shall have been constructed or rebuilt as aforesaid; and a full and complete record thereof shall be made and kept by the city recorder in a separate book kept for that purpose, which record shall contain a description of the property benefited and charged with the construction of such curb or gutter, or both, the amount of benefit determined in each case as aforesaid, and when so determined the amount of each annual installment thereof; when transmitted to the county auditor of the county for assessment; the amount paid thereon and when paid. Such record to be used in making each annual levy and assessment, as in this act provided.

The amount of the benefits to each lot, part of lot, or parcel of ground so determined as aforesaid shall be and become a charge against the same and shall be assessed thereon, as in the case of county, city or state taxes, in three annual installments. ('17 c. 123 § 3)

[1778—]6. Same—Certificates of indebtedness—If such assessments for either or any of the purposes aforesaid be not fully paid to the city treasurer or other officer authorized by law to collect the same, within twenty days after said assessment shall have been made as aforesaid, the council or governing body of said city may issue or cause to be issued the certificates of indebtedness of said city or for the aggregate amount of unpaid balance of each of said assessments payable in three annual installments, each of which installments shall be represented by a separate certificate bearing interest payable annually at a rate to be determined by said city, not exceeding six per cent and payable as follows:

One payable on or before the first day of June of the year next following the issuance thereof; one payable the first day of June of the second year next following; and one payable the first day of June of the third year next following. Said certificates shall be made payable to the bearer and the same may be issued, negotiated and sold by said city for not less than their par or face value. The proceeds of such sale shall be paid into the city treasury, as the case may be. All of said certificates shall be substantially in the following form:

§..... Dated at, Minnesota 19....

The treasurer of the (city) of will pay to the bearer hereof the sum of dollars and cents on or before the 1st day of June, A. D. 19...., with interest from date hereof, at the rate of per cent per annum, interest payable on the first day of June, 19...., and the first day of June, 19.... This certificate represents one-third of the

amount expended in the construction of a (curb or gutter or both) in said (city) in the year 19....

A record of said certificates shall be made and kept by said city recorder, which record shall show the date the same was issued, amount thereof, date when due, to whom sold, amount sold for, for what purpose the same was issued, when the same was paid, and the amount paid as shown by the treasurer's books. Books shall be provided for said purposes. ('17 c. 123 § 4)

[1778—]7. **Tax levy—Payment of assessments**—After the completion of said curb or gutter or both as aforesaid, by said council or governing body of said city, said city council or governing body of said city shall annually on or before the first day of October, of each year until the whole of said assessments have been levied as herein provided, cause to be transmitted with the city taxes of that year, to the auditor of the county a statement of the amount of the annual installment next thereafter payable, together with interest at the rate of six per cent per annum on the amount of the total assessment from the time of the completion of the work to the first day of June next following its completion, or in case any installment or installments shall have been paid to the treasurer or transmitted to the county auditor and extended as herein provided for, then with interest at said rate for one year on the total of the installment or installments not previously so transmitted and remaining unpaid, and the said auditor shall extend the same with the other taxes in the duplicate statement of taxes annually transmitted by him to the county treasurer for collection and payment thereof and the same shall be enforced with and in like manner as city, county and state taxes are collected and payment thereof enforced and with like penalties and interest in case the same are not paid before the same become delinquent.

After the completion of said curb or gutter or both, the owner or owners of land adjoining the same or interested therein shall have the privilege of paying all or any portion of the cost of construction thereof to the treasurer of the city at any time within twenty days after the assessment of benefits and before said levy has been made and the amount so paid shall be deducted from the amount of said assessment. ('17 c. 123 § 5)

[1778—]8. **Same—Not to affect prior assessments**—This act shall not in any way affect any assessments heretofore made by any city or any assessment hereafter to be made by any city upon any contract made prior to the time when this act shall take effect. ('17 c. 123 § 6)

[1778—]9. **Same—Application to what cities**—The provisions of this act shall not modify or repeal the provisions of the city charter of any city of the fourth class having a home rule charter, but any such city may, however, avail itself of the benefits of this act. ('17 c. 123 § 7)

[1778—]10. **Sprinkling, oiling, curbing, and building gutters in cities not under home rule charters—Petition—Assessments**—In any city of this state having a population of ten thousand or less, the City Council shall have power and may cause any street or public highway therein or any part thereof to be improved or maintained by sprinkling, oiling, curbing, or building gutters upon a petition therefor signed by three-fourths of all owners of real estate bounding both sides of such street or highway and by the owners of at least one-half of the frontage of such street or highway or part thereof to be improved; or may order any curb or gutter to be built on one side of a street or highway or part thereof upon like petition if signed by the owners of at least one-half the frontage on such side of said street, highway, or part thereof, to be so improved; and without any petition it may order any curb or gutter previously built to be put in repair when necessary; and it may, upon such petition so providing, cause such sprinkling, or oiling to be done annually at such time or times as shall be required by said petition, the cost of such improvement, sprinkling, or oiling or any part thereof not less than one-half, may be assessed and levied by resolution of the council upon the lots or parcels of ground fronting on the street, public highway, or side thereof so improved, sprinkled, or oiled and most benefited thereby; and if such petition provides for sprinkling or oiling annually the council may make

such assessment or levy for such amount as will be required for such purpose during any such year, until a petition for the discontinuance of said sprinkling or oiling, similarly executed, is presented to the council. ('15 c. 285 § 1)

[1778—]11. **Same—Tax levy**—If the tax so levied proves insufficient to pay the cost or proportion thereof assessed to such property the council may levy an additional tax thereon to make good the deficiency. ('15 c. 285 § 2)

[1778—]12. **Same—Assessments, how made, etc.**—The assessments authorized in Sections 1 and 2 hereof [1778—10, 1778—11] shall be made by resolution of the council setting forth the purpose thereof, a description of each lot or parcel benefited, the name of its owner if known, and the amount assessed thereon. Two weeks published notice in a newspaper in the municipality shall be given of the contents of such resolution and of the time when the council will attend at its usual place of meeting to hear objections to the assessment or any part thereof; at such time and place the council shall consider all objections made and for that purpose may adjourn from day to day not exceeding three days and by resolution may modify such assessment or any part thereof. On October 10th next following, if any of the assessments be not previously paid to the city treasurer, the city clerk shall certify the same to the county auditor who shall extend all such unpaid amounts against the land assessed and the same shall be enforced, collected, and paid over to the city treasurer as in the case of other city taxes. ('15 c. 285 § 3)

[1778—]13. **Same—Application to what cities**—This act shall not in any manner apply to any city having a home rule charter adopted pursuant to Section 36, Article 4 of the Constitution of the state, and it shall not be construed as in any manner superseding, repealing, amending, or qualifying the provisions of any such home rule charter. ('15 c. 285 § 4)

[1778—]14. **Same—Acts not repealed**—This act shall not repeal, and shall not be construed as, repealing, amending, or modifying the power of any city to levy taxes, for any of the purposes herein provided, in accordance with any charter, law, or ordinance, but it shall apply equally to all cities as herein provided in addition to any such power. ('15 c. 285 § 5)

[1778—]15. **Same—Orders on treasury**—The city council may authorize orders to be issued on the city treasury, bearing not to exceed 6 per cent interest, to defray the cost of any such improvement until such time as the assessment above provided for shall be paid. ('15 c. 285 § 6)

[1778—]16. **"Public Utilities" and "Public Improvements" defined**—For the purposes of this act, the term "public utilities" shall include electric light, heat and power works, water works, gas works, ice plants, stone quarries and crushing works, telephone systems, public markets, public slaughtering establishments, creosoting and other paving works, and sewer systems; and the term "public improvements," shall include city halls, lock-ups, fire department buildings, streets, alleys, public ways, sidewalks, curbs, gutters, paving, parks, and all other public grounds and works thereon or therein, (not including library grounds and buildings), and all public buildings and structures other than libraries not hereinbefore specifically mentioned. ('17 c. 358 § 1)

[1778—]17. **Same—To what cities applicable**—This act shall apply to all cities of the fourth class; but it shall not be in force in any such city until its adoption by the electors as hereinafter provided. ('17 c. 358 § 2)

[1778—]18. **Same—Civil service commission—Qualifications of commissioners—Election—Terms—Oath**—In every city to which this act is made applicable there shall be a civil service commission, consisting of one member for every four hundred (400) of population according to the last preceding state or federal census, not, however, in any case to consist of less than nine nor more than fifteen members, all of whom shall be citizens of the state and residents of the city, and serve without compensation. No such commissioner shall at the time of his election, or while serving, hold any other office or employment under the city, the United States, the state of Minnesota, or any

public corporation or political division thereof, other than the office of notary public, nor shall he be interested, directly or indirectly, in any contract, express or implied, with such city, or any board, officer or department thereof, as a contractor, subcontractor, employee, or otherwise.

The members of the first commission shall be elected (conditionally on the adoption of this act) at the same election at which the question of the adoption of this act is submitted to the electors in any such city, and shall hold their offices until noon on the Thursday next following the first regular city election held more than one year after their election, and until their successors are elected and qualified; and thereafter such commissioners shall be elected at regular city elections for the term of two years and until their successors are elected and qualified; and in case a vacancy occurs at any time in said commission, the same shall be filled for the unexpired term by a majority vote of the remainder of the commissioners. Each commissioner before entering upon his duties shall subscribe and file with the city clerk or recorder an oath for the faithful discharge of his duties. ('17 c. 358 § 3)

[1778—]19. Same—Meetings of commission—Officers—Rules—The first commission shall hold its first meeting within ten days after its election, at a time and place to be fixed by the mayor of the city, written notice of which shall be given to each member by said mayor, either personally or by mail, at least three days before the date of such meeting. At said meeting, or as soon thereafter as practicable, at an adjourned regular or special meeting, the commission shall elect from its own members a president, a vice-president and a secretary. It shall be the duty of the president to preside at all meetings of the commission, and in his absence the vice-president shall preside. The secretary shall keep the records and files of the commission.

The commission shall, from time to time, fix the times and places of its meetings and adopt, amend and alter rules for its procedure. Four members shall constitute a quorum at any legally provided or called meeting for the transaction of any business, except as otherwise herein provided. ('17 c. 358 § 4)

[1778—]20. Officers and employees under commission—All officers and employees of such cities who are not elected by the people shall be under the jurisdiction of the civil service commission and subject to the provisions of this act. After the adoption of this act, the mayor, alderman, treasurer and recorder or clerk of such cities shall be elected by the people; but all other officers and employees, except as herein otherwise expressly provided, shall be elected, appointed or employed by the public utilities board, civil service commission or in other manner provided by this act and shall be included within the term "Employee" as used in this act. ('17 c. 358 § 5)

[1778—]21. Same—Public utilities board—Officers—City manager—Duties—Vacancy—Qualifications—Bond—Treasurer—In every city to which this act is made applicable there shall be a public utilities board, which shall consist of three members to be elected by the civil service commission, for the term of one year, subject, however, to removal at any time by a majority vote of the commission. Two of the members of such board, one of whom shall be designated as chairman, and the other as vice-chairman, may be elected from the members of the civil service commission, and shall serve without salary or compensation; but the third member of such board shall be selected without regard to his residence, and he shall receive such salary or compensation as shall be prescribed by the civil service commission, payable in monthly installments. He shall be designated as "City Manager," and shall have such authority and perform such duties in connection with all public utilities and public improvements of said city, subject to the general approval, control and direction of the public utilities board, as are hereinafter prescribed, and subject, also, to removal at the end of any month by written notice signed by the other two members of the board, whenever in their judgment the best interests of the city will be served thereby. He shall also be ex-officio city surveyor, city engineer and street commissioner, and may also at any time be made assistant secretary of the civil service commission, and, if elected thereto, may also hold the office of city recorder or clerk. If the office of city

manager shall be vacant at any time for any reason and the board is unable to find a person to fill the same having the requisite qualifications, the other two members of the board may make a temporary appointment, at a reduced salary, of some person with less than the prescribed qualifications; provided, however, that such temporary appointment shall at no time continue for a longer period than four months. After the adoption of this act by the electors of any city the common council of such city shall have no authority to elect or appoint any city surveyor, engineer, or street commissioner and upon the appointment and qualifications of a city manager under the provisions of this act the terms of all persons holding any such offices in any such city, by election, or by appointment of the common council, shall at once terminate. Such city manager shall be selected upon the recommendation of the other members of such board and with special reference to his qualification and fitness to act as executive officer of such board and to take charge of and manage the public utilities and public improvements of said city and discharge the duties of his ex-officio offices. Before entering upon the discharge of the duties of his office the city manager shall be or become a citizen of the United States and a resident of the city, and he shall take, sign and file with the city clerk or reporter, an oath for the faithful performance of his duties, and he shall also give a surety bond in form and amount to be prescribed by order or rule of the public utilities board. The city treasurer shall be ex-officio treasurer of such board, and shall keep the funds under control of such board separate from the other funds of said city and pay the same out only on the order of the chairman or vice-chairman of such board and countersign by the city manager. ('17 c. 358 § 6)

[1778—]22. **Same—Other duties of city manager—Powers**—In addition to the duties prescribed by law for the city surveyor, city engineer and street commissioner, the city manager shall be superintendent of all public utilities of the city, have charge of the operation and repair thereof and of all buildings, appliances and improvements used in connection therewith, as well as of the installation and maintenance of all extensions and appliances connected therewith; and shall perform such other and further duties, not inconsistent with law, as the public utilities board may, from time to time, by order, rule or direction, prescribe. He shall, by and with the consent and approval of the public utilities board, appoint all assistants and deputies required by him in the discharge of his duties, and may remove them for cause, subject to appeal to the public utilities board, and shall hire and discharge, from time to time, such subordinate employes and laborers as may be provided for by the public utilities board; and all such subordinate employes of every character elected, appointed or employed in connection with the public utilities or public improvements of the city shall be under the direct supervision and control of the city manager. ('17 c. 358 § 7)

[1778—]23. **Same—Police, health, library and fire departments—Taxes and assessments—Control of moneys—Estimates**—In all cities to which this act is made applicable the police, health, library and fire department shall continue to be governed in the same manner as before the taking effect of this act and all taxes and assessments of every kind shall be levied and collected in the same manner as before the taking effect of this act. All money derived from the operation and management of all public utilities shall be under the exclusive control of the public utilities board and all other money appropriated by the common council of this city, or in any other lawful manner, for any purpose or purposes connected with the public utilities or public improvements of any such city, shall, after the same has been so appropriated or provided, be under the exclusive control of such public utilities board; but the same shall be expended only for the purpose for which the same was appropriated or provided. The common council of any such city shall not appropriate any money or levy any tax or assessment of any kind for the purpose of obtaining any money for the use of such public utilities board unless a recommendation therefor, setting out in detail the purposes for which such money is required, together with estimates of the cost of the various items thereof, shall first have been presented to the common council of such city

by said public utilities board; but such board shall not be required to present any such recommendation or estimate for any such improvement in any case where the money for the same has already been provided, either from the earnings of the public utilities and improvements of such city or otherwise. ('17 c. 358 § 8)

[1778—]24. **Same—Rules of commission—**The commission shall, immediately after its election, and from time to time thereafter, make, amend and alter, rules to promote efficiency in the city service and to carry out the purposes of this act. All rules so adopted shall be published once in the official newspaper of the city and shall take effect three days after such publication. The public utilities board, city manager, or other appointing authority, shall be governed by such rules in the appointment and discharge of all subordinate officers and employes. Immediately after the adoption of any such rule, or any amendment or alteration thereof, the commission shall cause to be delivered to the mayor and the city clerk or recorder copies thereof. ('17 c. 358 § 9)

[1778—]25. **Same—Removing and discharging employes—**Nothing in this act contained shall in any manner prohibit the mayor, the city council, or any other board or officer having the power to appoint or employ any city employee not under the control of the public utilities board or civil service commission, from removing or discharging such subordinate employee, but in case of any such removal or discharge the same shall be forthwith reported in writing, together with the cause thereof, to the civil service commission and the city clerk or recorder. ('17 c. 358 § 10)

[1778—]26. **Same — Commission — Rules — Records —** The civil service commission shall ascertain the duties of each office, position and employment under the management and control of the public utilities board, and shall designate by rule as well as may be practicable the grade of each office, employment or position; and shall prescribe standards of efficiency for each grade. The commission may by rule recommend the maximum and minimum to be paid for each office and employment, and for each grade and the title thereof, annually, or more frequently if deemed necessary. The commission shall make and keep a record of relative efficiency of each employee in the service under its jurisdiction other than unskilled laborers and shall provide by rule methods for ascertaining and verifying the facts from which such records of relative efficiency shall be made. ('17 c. 358 § 11)

[1778—]27. **Same—Powers of commission—Investigations—Witnesses—** The commission shall from time to time investigate the enforcement of this act and of the rules made under it; the duties of all departments and of all employees of the city; the efficiency of the service, and such other matters as come within the scope of this act. In the course of such investigations each commissioner shall have power to issue subpoenas, to administer oaths, and to compel the attendance and testimony of witnesses and the production of books and papers relevant to the investigation. Any person who shall on any such hearing or investigation willfully testify falsely shall be guilty of perjury, and any person who shall refuse to obey the lawful subpoenas or directions of the commission in any such investigation shall be guilty of a misdemeanor. The commission may make complaint to the district court of disobedience of its subpoenas or orders under this section, and the court shall prescribe the notice to be given to the person accused and require him to obey the commission's subpoena or order, if found within the lawful powers of the commission, and punish disobedience as contempt of the court. Witnesses shall be entitled to the same fees and mileage as for attendance upon the district court, except that any officer, agent or employee of the city who receives compensation for his services shall not be entitled to fees or mileage. ('17 c. 358 § 12)

[1778—]28. **Same—Findings, recommendations and orders—**It shall be the duty of the commission, on the completion of any such investigation as provided for in the foregoing section, to make written findings of facts and recommendations or orders with reference to the matters so investigated;

and copies thereof shall be forthwith delivered to the city manager, mayor, and city recorder or clerk, by each of whom the same shall be kept open to public inspection, and the same may also be published in the official newspaper of said city by the commission. All recommendations and orders so made by the commission shall be carried out by the proper officers and employees under the jurisdiction of the commission, and a failure so to do shall be cause for removal or discharge of the offending officer or employee by the commission; but no such removal or discharge shall be made without reasonable notice to and an opportunity to be heard by the accused official or employee. ('17 c. 358 § 13)

[1778—]29. **Same—Submission of act to voters**—This act shall not be in force in any city until the question of its adoption in such city shall first have been submitted to the electors at a general election or at a special election called for that purpose, and it is approved by a majority of those voting on that question at such election. The common council of any such city on its own motion may, and on petition of a number of electors of said city equal to twenty per cent of those voting at the last preceding election shall, by ordinance or resolution, direct that the question of the adoption of this act by such city be submitted to a vote of the electors of such city at a general city election, or special city election called for that purpose to be held in such city on a day specified, not less than ten days nor more than thirty days after the last publication of such ordinance or resolution. The signatures to such petition need not be all appended to one paper, but one of the signers on each such paper shall make oath, before any officer competent to administer oaths, that each signature to the paper appended is the signature of the person whose name purports to be thereto subscribed and that all the subscribers thereto are legal voters of said city. Such petition shall be filed with the city recorder or clerk, and it shall be his duty then to forthwith give written notice to the mayor and each alderman of said city, by mail, of the filing of such petition, and in such notice to fix a time and place, not less than three nor more than ten days thereafter, for the common council to meet and act on such petition. Such ordinance or resolution shall be published and posted, as soon after its adoption as conveniently may be, in manner now provided, or as may be hereafter provided, by law for such cities. ('17 c. 358 § 14)

[1783—]1. **Certain city warrants legalized**—That all warrants drawn and issued by any city in this state having less than ten thousand inhabitants upon any fund, between November 1st, 1913, and the 10th day of March, 1915, be and the same are hereby legalized and declared valid. Provided that the provisions of this act shall not apply to any action or proceeding now pending in any of the courts of this state. ('15 c. 323 § 1)

PROVISIONS RELATING TO CITIES, VILLAGES, BOROUGHES AND TOWNS

1784. **Eminent domain**—All cities and villages may exercise the right of eminent domain for the purpose of acquiring private property within or without the corporate limits thereof for any purpose for which it is authorized by law to take or hold the same by purchase or gift and may exercise the right of eminent domain for the purpose of acquiring a right of way for sewerage or drainage purposes and an outlet for sewage or drainage within or without the corporate limits thereof. The procedure in the event of condemnation shall be that prescribed by chapter 41, General Laws of the state of Minnesota for the year 1913, or that prescribed by the charter of such village or city. (Amended '17 c. 424 § 1)

Municipal corporations have no inherent power of eminent domain, and can exercise such power only on express or implied legislative grant (124-271, 144+960). Eminent Domain, 6-9.

1785. Gifts to municipalities—

Under this section a city had the power to take a conveyance of land from a pauper, and where it agreed to support the grantor during his lifetime, and has fully performed, the con-

veyance cannot be assailed, whether or not the contract could have been enforced against the city (134-348, 150+883). Municipal Corporations, ¶224.

1786. Damages—Notice of claim—Limitation—

Constitutionality—This act is not unconstitutional as class legislation (130-41, 153+121, L. R. A. 1915E, 749). Statutes, ¶85(4).

Application in general—R. L. 1905 § 768 applied to an action for injury to private property occasioned by the negligence of the municipality. The rule applied in 97-23, 106+89, was abrogated by the general revision of the statutes in 1905. The act of 1913, though fully covering the subject of notice in actions against municipalities, does not apply to an injury inflicted before the act was passed (129-267, 152+647). Municipal Corporations, ¶741(1).

Refusal to direct a verdict at the close of plaintiff's case is not available error, though plaintiff had failed to prove notice of her injuries to defendant city, where such evidence was in fact received before the case was submitted to the jury (126-491, 148+304). Trial, ¶420.

Home rule charters—This act was intended to prescribe the only rule governing the subject-matter of the act, and supersedes special provisions on the same subject in home rule charters of cities (133-405, 158+616). Municipal Corporations, ¶1001.

In what cases notice required—This act does not apply to an action for damages to real property growing out of the re-establishment of a grade line of a street, and the filling up to such new grade line, and in such case no written notice to the city is required (133-405, 158+616). Municipal Corporations, ¶1001.

When the main purpose of the suit is to enjoin a city or village from maintaining a private nuisance, the notice prescribed need not be served before suit, as the action is not predicated on negligence (132-121, 155+1067, L. R. A. 1916D, 426). Municipal Corporations, ¶846.

Service of notice under this section is a condition precedent to a suit for damages against a city to recover for an illness caused by the use of contaminated water supplied from the waterworks owned and operated by the city (130-41, 153+121, L. R. A. 1915E, 749). Municipal Corporations, ¶845(11).

Where mayor of city had actual notice of injury to city employé written notice of injury was not required under § 8213 to entitle the employé to recover compensation under the Workmen's Compensation Act (131-352, 155+103). Master and Servant, ¶398.

Under this section and § 690 of the St. Paul charter, prior to the enactment of 1913 c. 391, the limitation of one year after injury in which to bring suit did not apply when the claim was based upon a negligent failure of the city to observe a duty imposed upon it by law as an employer (124-257, 144+955). Municipal Corporations, ¶742(3).

Sufficiency of notice—In an action for injuries from diversion of the natural flow of surface water by the negligent construction of street improvements, the preliminary notice held to sufficiently point out the acts complained of, and that there was not a material departure therefrom in the complaint (132-170, 156+287); Municipal Corporations, ¶845(1, 2).

A misstatement of one day in the date given in the notice to the city of the time of the accident is not fatal upon demurrer (130-410, 153+619). Municipal Corporations, ¶812(7).

Notice by parent of injuries to child need not state relative claims to damages of parent and child or make apportionment of damages claimed (129-190, 151+976, L. R. A. 1915D, 1111, Ann. Cas. 1916E, 897). Municipal Corporations, ¶741(2).

Pleading notice—That complaint fails to allege giving of notice does not prevent opening of judgment for defendant for default of plaintiff in filing reply (122-154, 141+1134; 122-154, 142+134). Judgment, ¶145(1).

Waiver of notice—A city may waive the failure of the complaint to allege statutory notice (132-219, 156+284). Municipal Corporations, ¶816(5).

1797. Roads, bridges and ferries outside city or village—

This section does not place on a city of the fourth class the duty of maintaining and keeping in repair highways beyond its boundaries and leading into it, for the improvement and maintenance of which such city had appropriated money (135-384, 160+1026). Municipal Corporations, ¶759(1).

1798. Annexation of territory to certain cities and villages having 10,000 inhabitants or less—Ordinance—

Cited (127-452, 149+951).

1800. Annexation of territory to certain cities and villages—

This act applies both to existing and to future municipal corporations. The word "present," in the latter part of this section, refers to the village limits as "present" or existing at the time of the institution of the annexation proceedings, and not to the time of the passage of the statute. It is no valid objection to village annexations that territory properly conditioned to be annexed was not included. Territory annexed, like territory originally incorporated, must be so conditioned as properly to be subjected to village government. In the present case, it is held that there is nothing to show by the record that the territory annexed is not within the condition mentioned (127-452, 149+951). Municipal Corporations, §29(4), 33(2).

1801. Same—Petition for election—

De facto public corporations and attack on proceedings for organization (see 132-59, 155+1040). Municipal Corporations, §17, 18; Quo Warranto, §8.

Section 28 repeals "all acts and parts of acts inconsistent with this act, except as qualified in section 27 [1831—26] hereof."

[1831—]2. **Same—Classification of sewers**—The city, village or borough council may at any time establish a general sewer system, and may classify sewers as general, district, joint-district and lateral. General sewers shall be the designation of such large sewers as shall be common to the entire city, village or borough or used as outlets for district or joint-district sewers, and shall not include those which may or shall be constructed for the immediate draining of any particular district. District sewers shall be the designation of all main sewers laid for the immediate draining of a particular sewer district. Joint district sewers shall be the designation of such large sewers as may be laid through or be used jointly by two or more sewer districts between a district sewer and a general sewer or independently of general sewers, and for all purposes of construction, maintenance, repairing and taxation or providing for the cost therefor, shall be treated as though in a single district. Lateral sewers shall be the designation of all sewers of whatever size, capacity or length, which may be constructed to drain any portion of a sewer district directly into any district, joint district or general sewer. Sewer districts shall be wherever practicable laid out to include any particular portion of the city, village or borough, which may be drained entirely by itself, or which may be first drained by itself and then through connection with a general sewer. ('15 c. 35 § 3)

[1831—]3. **Same—Location of sewers—Land, how acquired**—All general, district and joint-district sewers shall be laid when practicable, in public grounds, streets or alleys. Whenever it shall be necessary in the judgment of the city, village or borough council to lay and maintain any general, district, joint district, or lateral sewer in or through other than public lands, the city, village or borough, may acquire the right thereto by purchase, or by condemnation under the right of eminent domain. ('15 c. 35 § 4)

[1831—]4. **Same—Duties and powers of council and engineer, etc.**—No action shall be taken for the extension of any existing sewer nor for the construction of an entire or partial system, except upon the adoption of an ordinance or resolution by a majority vote of all the members of the city, village or borough council. The creation of sewer districts and the alteration of the boundaries thereof shall be by ordinance, and the council may at all times cause inspections, surveys, plans and profiles to be made by the city, village or borough engineer, or other competent engineer to be selected by

the city, village or borough council, and reported to the city, village or borough council for its guidance in determining the form and extent of any sewer district to be created, enlarged or diminished; and such sewer districts shall be consecutively numbered. ('15 c. 35 § 5)

[1831—]5. **Same—Cost, how paid**—The cost of constructing a general sewer shall be paid out of the sewer fund, if any, or, if there is no sufficient sewer fund, then out of the general revenue fund of the city, village or borough. ('15 c. 35 § 6)

[1831—]6. **Same—District sewers—Assessment**—The cost of constructing every district sewer may be assessed against all the land in the sewer district subject to assessment for local improvements, without regard to cash valuation, and each lot, piece or parcel of land in the district so subjected to assessment shall be assessed in the ratio of the square feet area to the total assessable area of the whole sewer district. ('15 c. 35 § 7)

[1831—]7. **Same—Joint district sewers—Assessment**—The cost of constructing every joint district sewer may be assessed against all the land in the two or more sewer districts which it drains, and for that purpose all of the districts so drained by any joint district sewer shall be treated as one district, and the same plan, method and means employed as in assessing for the cost of a district sewer. ('15 c. 35 § 8)

[1831—]8. **Same—Lateral sewers—Assessment**—The entire cost of constructing all lateral sewers may be assessed against every lot, piece or parcel of land abutting thereon, subject to assessment for local improvement at an equal sum per front foot without regard to cash valuation. ('15 c. 35 § 9)

[1831—]9. **Same—Estimate of cost—Plans and specifications**—Whenever the city, village or borough council shall determine by ordinance or resolution to alter, repair, relay or extend any existing sewer, or to construct any new sewer, the cost thereof shall be estimated by the city, village or borough engineer or some other competent engineer to be selected by the city, village or borough council, who shall draw plans and specifications and tabulate the results of his estimate of the cost, and report the same to the city, village or borough council; and such plans and specifications shall be filed with the clerk or recorder of such city, village or borough before any proposals for bids for work thereunder shall be advertised, and shall remain on file, open to the inspection of all persons until after the contract for such work shall be let and copies of such plans and specifications shall be furnished by the engineer who shall prepare the originals, to any person applying therefor, at a cost of seventy-five cents per hour for the time necessarily employed in making such copies. ('15 c. 35 § 10)

[1831—]10. **Same—Proposals for bids—Contract, how let, etc.**—The city, village or borough council shall then cause proposals for bids for such work to be advertised in the official paper of the city, village or borough, and in a newspaper at the capital of the state, at least once in each week for three successive weeks, which advertisement shall specify the work to be done and shall call for bids upon a basis of cash payment for the work, and shall state the time within which bids will be received and the exact time at which the same will be opened for consideration by the city, village or borough council. No bid shall be considered unless the same shall be accompanied by a cash deposit or duly certified check payable to the order of the treasurer of the city, village or borough for at least fifteen per cent of the amount bid, and be directed to the clerk or recorder of the city, village or borough, securely sealed, so as to prevent its being opened without detection, and be indorsed upon the outside wrapper with a brief statement or summary as to the work for which the bid is made. In letting contracts for any such work it shall be the duty of the city, village or borough council to require the execution of a written contract and a bond in such sum as the city, village or borough council may require, conditioned for the faithful performance of the contract and for saving the city, village or borough harmless from any and all liability in the prosecution and completing of the

work. The city, village or borough council, if a contract is awarded, shall award the same to the lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written contract and to furnish such bond, then such defaulting bidder shall forfeit to the city, village or borough the amount of his cash deposit or certified check, and the city, village or borough council may thereupon award the contract to the next lowest responsible bidder; provided the city, village or borough council shall have the right to reject all bids, and provided further, that whenever the estimates made for the city, village or borough council for the entire work projected shall be less than five hundred dollars, then the city, village or borough council, may directly purchase the materials therefor and cause the work to be done by day labor. Every contract awarded under this act shall be made between the city, village or borough as one party, in the name of the city, village or borough, and the successful bidder as the other party, and such contract shall be executed on the part of the city, village or borough by the mayor or executive officer thereof and countersigned by the clerk or recorder of said city, village or borough, with the corporate seal of the city, village or borough affixed, and an attested copy thereof shall be filed and remain in the office of the clerk or recorder of the city, village or borough.

In every contract executed under this act, whether or not so stated therein, there shall be reserved the right of the city, village or borough council to have the work supervised by the city, village or borough engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by the contractor, to order and cause suspension of the work at any time and to relet the contract therefor or to order a reconstruction of any portion of the work improperly done, or where the remaining work to be done or the work of reconstruction to be made shall call for an expenditure of less than five hundred dollars to complete the work or reconstruction by the employment of day labor. ('15 c. 35 § 11)

Laws 1903 c. 312 § 7 cited—City may abandon acceptance of bid; but an accepted bid is binding, though insufficient deposit was made (121-212, 141+168). *Municipal Corporations*, § 333, 334.

[1831—]11. **Same—Allowances on account**—In case the contractor to whom any such contract may be let shall properly perform the work therein designated, the city, village or borough council may, from time to time, before the completion of the work, in its discretion, pay to such contractor eighty (80) per cent of the amount already earned thereunder upon the estimate of the city, village or borough engineer or other competent engineer selected by the city, village or borough council. ('15 c. 35 § 12)

[1831—]12. **Same—Duty of engineer—Assessments—Cost, when payable from revenue fund—Right of private owners to relay or extend—Approval by council—Notice—Objections—Interest—Assessment, when lien—Certified statement—Collection—Payment, etc.**—Whenever any work or improvement provided for by this act shall have been determined upon and a contract let therefor, the city, village or borough engineer, or other competent engineer selected by the city, village or borough council, shall forthwith calculate the proper amount to be specially assessed for such district, joint district and lateral sewers against every assessable lot, piece or parcel of land within the sewer district affected, without regard to cash valuation, in accordance with the provisions of sections seven, eight and nine of this act.

Provided, that no property shall be especially assessed for the cost of a sewer in excess of the cost of a sewer eighteen inches in diameter, and that whenever any district, joint district or lateral sewer of larger diameter than eighteen (18) inches shall be laid, or relaid, the cost thereof in excess of the estimated cost of a like sewer eighteen (18) inches in diameter shall be paid out of the sewer fund, if any, or in case there is no sufficient sewer fund, then out of the general revenue fund of the city, village or borough.

Provided further, that in calculating the special assessment for any district sewer or joint district sewer, the cost of laying or relaying such sewer

in any public ground, street or alley; and all catch basins, manholes, lamp holes and flushing valves and tanks shall be taken as a part of such district sewer or joint district sewer and to be paid for by such special assessment.

And provided further, that private owners may lay, relay or extend any lateral sewer through any public ground, street or alley and connect the same with any general, district or joint district sewer, upon permission granted by a majority of the city, village or borough council, and that any private owner alone, or two or more owners jointly, may lay, relay or extend lateral sewers through private ground pursuant to rights acquired therefor by agreement or purchase from any private owner or owners. In the event that any private owner alone or jointly with others lay, relay or extend any such lateral sewer through public ground, the city, village or borough shall not be or become in any manner or in any respect liable for any act or negligence involved therein.

When such engineer shall have finished his calculation of the amount to be specially assessed, as aforesaid, against each lot, piece or parcel of land in the sewer district affected, he shall at once prepare and file with the clerk or recorder of the city, village or borough tabulated statements in duplicate, showing the proper description of each and every lot, piece or parcel of land to be specially assessed and the amount he has calculated against the same, and such statement shall be the basis of the assessment and be known as the proposed assessment to be made by the city, village or borough council, as hereinafter prescribed, and shall be laid before the city, village or borough council for its approval at its next regular meeting, to be held not less than ten (10) days thereafter. The clerk or recorder of the city, village or borough shall thereupon cause notice of the time and place when and where the city, village or borough council will meet in regular session, to pass upon such proposed amendment, to be published in the official paper of the city, village or borough at least ten (10) days prior to such meeting of the city, village or borough council.

During all the time between the filing of such proposed assessment with the clerk or recorder of the city, village or borough and such meeting of the city, village or borough council, such proposed assessment shall be open to inspection and copying by all persons interested.

At such meeting of the city, village or borough council, all persons aggrieved by such proposed assessment may appear before the city, village or borough council and present their reasons why such proposed assessment or any particular item thereof should not be adopted, and the city, village or borough council shall hear and pass upon all objections thereto, if any, and may alter, or affirm and adopt such proposed assessment as shall be deemed just in the premises, and upon the adoption by resolution of such proposed assessment the same shall be certified by the clerk or recorder of the city, village or borough and filed in his office, and shall thereupon be and constitute the special assessment. The amounts assessed against each lot, piece or parcel of land by such special assessment shall bear interest from the date of the adoption of such special assessment until the same have been paid, the rate of interest to be designated by a resolution of the city, village or borough council at the time of the adoption of such special assessment but not to exceed six per cent (6%) per annum, and such special assessment, with the accruing interest thereon, shall be a paramount lien upon the property included therein from the time of the adoption of such assessment by the city, village or borough council, and shall remain such lien until fully paid, and shall have precedence over all other liens, except general taxes, and as to such shall be concurrent, and shall not be divested or impaired by any judicial sale, and no mistake in the description of the property or in the name of the owner shall invalidate the lien.

The city, village or borough council, may at any time by resolution direct the clerk or recorder of the city, village or borough to make up and file in the office of the County Auditor a certified statement of the amount of all such unpaid assessments and the amount of interest which will be due thereon on the first day of January of the following year, and the clerk or recorder of said

city, village or borough shall within twenty (20) days thereafter make up and file such certified statement in the office of the auditor of the county, which statement shall also contain a description of the lands affected by the assessment. Such resolution may also direct that such special assessment shall be payable in equal annual installments, not exceeding ten, and payable on the first day of January of each year, each of said installments to bear interest at the rate hereinbefore provided until fully paid, and the certified statement of the clerk or recorder shall in this case show the amount of each of such installments, the date when each installment becomes due and the amount of interest to be paid on each installment in each year. After said statement is filed in the office of the County Auditor it shall be the duty of such auditor to extend upon the tax roll of each year the amount of such assessment or installment thereof, as the case may be, and the amount of interest which will become due on the first day of January of the following year as shown by said certified statement against the different lots or parcels of land therein described, and such amounts when so extended each year shall be carried into the tax becoming due or payable in January of the following year, and enforced and collected in the manner provided for the enforcement and collection of state and county taxes and the assessments and interest paid to the County Treasurer shall be paid over by him to the treasurer of such city, village or borough upon the apportionment of general taxes. Provided that any person may at any time before the transmission of the certified statement of the clerk or recorder of such city, village or borough to the County Auditor pay such special assessment as to any lot, piece or parcel of land affected thereby, together with the interest accrued thereon at the date of such payment, to the city, village or borough treasurer, and receive the proper receipt therefor, and the clerk or recorder of said city, village or borough shall upon the presentation of such receipt from said city, village or borough treasurer cancel upon the special assessment roll the special assessments so paid.

Provided further, that any person may pay any such assessment with accrued interest thereon after the same has been so certified to the County Auditor, provided the tax roll containing such assessment has not in due course been delivered to the county treasurer for collection, and the receipt of such city, village or borough treasurer shall be sufficient authority upon presentation to the county auditor for him to mark such assessment "paid" upon his roll, but after the roll has been delivered to the county treasurer for collection, the said assessment must be paid to him, with the penalties allowed by law. The same penalties and interest shall attach and be collected by the county treasurer on assessment as upon general taxes, which penalties and interest shall belong to the city, village or borough and to be turned over by the county treasurer to the city, village or borough with the assessments. ('15 c. 35 § 13)

[1831—]13. **Same—Supplemental assessments**—In case of omission, errors or mistakes, in making such assessments in respect of the total cost of such improvement, or otherwise, it shall be competent for such city, village or borough council to provide for and make supplemental assessments to correct such omission, errors or mistakes; and such supplemental assessments shall be a lien as in case of the original assessment, drawing interest at the same rate and be payable and enforceable in the same manner as is herein provided with respect to the original assessment. ('15 c. 35 § 14)

[1831—]14. **Same—Sewer funds—Warrants**—All moneys collected on any such special assessments shall constitute a fund for the payment of the cost of the improvement in the district for which such assessment was made, and the same shall be credited to the proper sewer district fund under the designation: "Fund of Sewer District No.," and in anticipation of the collection of such special assessment the city, village or borough may issue warrants on such fund, to be known as "sewer warrants," payable at such times and in such amounts as, in the judgment of the city, village or borough council, the collections of such special assessments will provide for, which warrants shall bear interest at a rate not to exceed six (6) per cent per annum, payable annually, and may have coupons attached representing each

year's interest. Each warrant shall upon its face state for what purpose it is issued and specify the particular fund against which it is drawn, and shall be signed by the mayor or executive officer and countersigned by the clerk or recorder of the city, village or borough, and be in denominations of not less than fifty dollars nor more than five hundred dollars. Such warrants may be used in making payments on contracts for the improvements or may be sold by the city, village or borough for not less than par and the proceeds thereof used in paying for such improvement. It shall be the duty of the city, village or borough treasurer on presentation to pay such warrants and interest coupons, as they mature, out of the proper sewer district fund, and to cancel the same when paid. If any such warrants shall become due, or any interest shall become due on any such warrant, when there are no funds to pay the same, the city, village or borough council is hereby authorized to effect a temporary loan for the payment thereof. ('15 c. 35 § 15)

[1831—]15. **Same—Payment by warrant or interest coupon**—Any matured sewer warrant or interest coupon may be used in payment of any such special assessment on any particular property situate within the district for which such warrant or coupon shall have been issued; and the warrants and coupons so used shall be cancelled and retired by the city, village or borough treasurer. ('15 c. 35 § 16)

[1831—]16. **Same—Conveyance not to be recorded until assessment paid**—No conveyance of any land upon which any such special assessment or portion thereof remains unpaid shall be recorded until all of such special assessment shall have been paid in full, any provision in this act to the contrary notwithstanding. ('15 c. 35 § 17)

[1831—]17. **Same—Records—Letters, Figures, etc.**—In all proceedings and records prepared or used in the making, levy or collection of such special assessments, letters, figures and proper ditto marks may be used to denote lots, pieces and parcels of land, and blocks, sections, townships, ranges and parts thereof and dates. ('15 c. 35 § 18)

[1831—]18. **Same—Errors and omissions**—No error or omission which may be made in any of the proceedings of the city, village or borough council or any officer of such city, village or borough, in refusing to, reporting upon, ordering or otherwise acting, concerning any local improvement provided for in this act, or in making any such special assessment or in levying or collecting the same, shall invalidate such assessment; unless it shall appear that by reason of such error or omission substantial injury has been done to the party claiming to be aggrieved. ('15 c. 35 § 19)

[1831—]19. **Same—Reassessments**—In all cases where any assessment, or any part thereof, as to any lot, lots or parcels of land assessed under any of the provisions of this act, or of any law of any city, village or borough prior to this act, for any cause whatever, whether jurisdictional or otherwise, shall be set aside, or declared void by any court, the city, village or borough council shall, without unnecessary delay, cause a reassessment or new assessment to defray the expenses of such improvement to be made, whether such improvement was made under this act or any laws of any city, village or borough prior to this act, and such reassessment or new assessment shall be made as nearly as may be, as herein provided for making the assessment therefor in the first instance; and when the same shall have been made and confirmed by the city, village or borough council, it shall be enforced and collected in the same manner that other assessments are enforced and collected under this act and in all cases where judgments shall hereafter be refused or denied by any court for the collection and enforcement of any special assessment, or where any court shall hereafter set aside or declare void any assessment upon any lot or parcel of land for any cause, the said lot or parcel may be reassessed or newly assessed from time to time, until each separate piece or parcel of land has paid its proportionate part of the costs and expenses of said improvement as near as may be. ('15 c. 35 § 20)

[1831—]20. **Same—Prior assessments**—Nothing in this act shall affect any valid assessment made by any city, village or borough prior to the pas-

sage of this act, but all such prior assessments shall be collected in accordance with the provisions of law in respect of the same in force prior to the passage of this act. ('15 c. 35 § 21)

[1831—]21. Same—Notice of meeting—Objections—The notice of the time and place when and where the city, village or borough council will meet in regular session to adopt any proposed assessment under section 13 of this act [1831—12], and to be prepared by the clerk or recorder of such city, village or borough and published, shall specify the particular sewer district or districts in which the improvement is to be made and shall describe with all reasonable certainty the location, extent and termini of the sewer or sewers to be laid, relaid or extended; provided that no omission or inaccuracy in such notice shall invalidate the notice or the assessment, unless substantial injury shall be shown by the person claiming to be aggrieved thereby.

When the city, village or borough council shall meet for the purpose of adopting any proposed assessment under the provisions of section XIII of this act [1831—12], no grievance or objection thereto, or to any item therein shall be heard by the city, village or borough council, unless the party objecting, or his duly authorized agent or attorney shall on or before the date of such session of the city, village or borough council file with the clerk or recorder of such city, village or borough for presentation to the city, village or borough council, a complete written statement of the objection with specific reference to the matter or items called in question and to which objection is made. ('15 c. 35 § 22)

[1831—]22. Same—Appeals from assessment—Any person feeling himself aggrieved by such special assessment may, by notice in writing served upon the mayor or executive officer, and also upon the clerk or recorder of the city, village or borough, a copy whereof, with proof of service shall be filed in the office of the clerk of the district court of the proper county, within twenty days after the adoption of such special assessment, appeal from such special assessment to the district court aforesaid, and such appeal shall be disposed of in a summary manner by the court. And at the trial of such appeal no pleadings shall be required, but the party appealing shall in his notice of appeal specify and enumerate the particular grounds of his objection to such special assessment, and shall not be entitled to have considered on such appeal any grounds of objections or items other than those specified in such notice, and no question shall be tried on such appeal as to any fact which may have arisen or existed prior to the letting of the contract or contracts for the improvement; and a copy of the assessment roll in question and of the resolution of the city, village or borough council confirming or adopting the same, certified by the clerk or recorder of the city, village or borough, or the originals thereof, shall be prima facie evidence of the facts therein stated or denoted, and that such assessment was regular, just and made in conformity to law, and the judgment of the court on the determination of such appeal shall be final. Such appeal shall be entered and brought on for hearing and be governed by the same rules as far as applicable as in appeals from justices of the peace in civil actions, and like bonds shall be given to the city, village or borough by the person appealing as are required in the appeals from justices of the peace in civil actions, but such bond shall, to render such appeal effective, be approved by the judge of such district court. Provided, that no appeal to the district court shall be made, heard or determined as to such special assessment, or any item therein, unless such objection shall have been, as in this act specified, previously presented to and passed upon by the city, village or borough council. ('15 c. 35 § 23)

[1831—]23. Same—Sewer to be kept in repair—Whenever any such sewer shall be laid, relaid or extended, it shall be the duty of the city, village or borough council to maintain and keep the same in repair, at the expense of the city, village or borough. ('15 c. 35 § 24)

[1831—]24. Same—Private connections—All private connections shall be made with lateral sewers, unless some insurmountable obstacle of a practical or scientific nature shall prevent, and no private connection with any sewer

whatever shall in any event be made without formal permission therefor granted by the city, village or borough council, and the making of all private connections with any sewer shall be subject to supervision and control by the city, village or borough council; provided that such supervision and control may be delegated by the city, village or borough council to the city, village or borough engineer or other person to be selected by the city, village or borough council at its discretion. ('15 c. 35 § 25)

[1831—]25. **Same—Eminent domain**—Whenever it shall become necessary for the city, village or borough to exercise the right of eminent domain for the purposes included within this act all proceedings therein shall conform as near as may be to the provisions of Sections 2620 to 2632, both inclusive of the General Statutes of 1894 and amendments thereto. ('15 c. 35 § 26)

[1831—]26. **Same—Home rule charters**—This act shall not be construed as in any manner superseding, repealing, amending or qualifying the provisions of any home rule charter heretofore or hereafter adopted by any city or village under existing laws; provided that any proceedings taken or commenced by any city or village under the provisions of this act before the time when such home rule charter shall take effect may be carried out and completed according to the terms and provisions of this act. ('15 c. 35 § 27)

See, also, notes under §§ 1969, 1988.

Constitutionality—This section does not exempt from taxation personal property not included within the classes named (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Taxation, ¶197.

There has been no such settled construction of this section as to justify the application of the doctrine of practical construction (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Statutes, ¶245.

The taxing of a membership in a Board of Trade would not be improper classification (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Constitutional Law, ¶208(4). And it would not be a denial of equality or uniformity (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Taxation, ¶40(1). And the proceedings do not deprive the member of his property without due process (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Constitutional Law, ¶283. Or without compensation (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Eminent Domain, ¶2(11). Or deny him the equal protection of the law (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538). Constitutional Law, ¶229. Nor would it be double taxation (124-398, 145+108, 50 L. R. A. [N. S.] 255, Ann. Cas. 1915C, 538).

Subd. 6. Credits—Unaccrued rents to issue out of land are not "credits"; and rents due in July for the period from April 1st to July 1st are not taxable as credits May 1st (132-232, 156+128). Taxation, ¶74.

1975. Other definitions— * * *

2. "Credits" shall mean and include every claim and demand for money or other valuable thing, and every annuity or sum of money receivable at stated periods, due or to become due, and all claims and demands secured by deed or mortgage, due or to become due, and all shares of stock in corporations the property of which is not assessed or taxed in this state. (Amended '17 c. 130 § 1)

Conditional sale contracts taken by a foreign corporation and recorded in this state are not taxable in this state as credits, where the transactions out of which the contracts arose were interstate in character, and the corporation has done nothing to give such contracts a business situs in this state (161+1054). Taxation, ¶95(3).

Unaccrued rents to issue out of land are not "credits"; and rents due in July for the period from April 1st to July 1st are not taxable as "credits" May 1st (132-232, 156+128). Taxation, ¶74.

1977. Legality presumed—

This section is unavailing to cure the failure of the county auditor to file the designation of a newspaper in which to publish the delinquent tax list, as required by § 2097 (123-273, 143+786). Taxation, ¶688, 693.

That reassessment list sent to auditor under § 2349 did not show the amount of the original assessment held not to invalidate the proceedings (121-421, 141+839). Taxation, ¶474.

Where original judgment book fails to show sale to state, it cannot be presumed that copy judgment book, not in evidence, shows such sale (121-367, 141+493). Taxation, ¶693.

1978. Supervisory powers of tax commission—

The powers conferred on the tax commission are not legislative, and the act is constitutional (121-421, 141+839). Constitutional Law, ¶80(2).

This section has to do only with the abatement and refundment of taxes in connection with completed assessments, while § 2344 deals with raising or lowering valuations for the current year before the assessment is completed (162+675). Taxation, ¶470.

The Minnesota state tax commission may, on proper showing, abate an assessment in proceedings to construct a county ditch; such assessment being "an assessment levied by a municipality for local improvements" within this section, which abatement may be made after ditch is established and assessment confirmed (162+686). Drains, ¶82(5).

LISTING AND ASSESSMENT

1980. Omitted property—Uncollected taxes—

This section does not authorize a reassessment where the real estate is assessed and has paid taxes for the years in question, but where the property was undervalued for those years because the assessing officer took no note of improvements (129-87, 151+537). Taxation, ¶362.

1981. Assessment books—Real property list—Mortgages—Meeting of assessors—Power of tax commission—The county auditor shall annually provide the necessary assessment books and blanks at the expense of the county, for and to correspond with each assessment district. He shall make out, in the real property assessment book, complete lists of all lands or lots subject to taxation, showing the names of the owners, if to him known, and, if unknown, so stated opposite each tract or lot, the number of acres, and the lots or parts of lots or blocks, included in each description of property. The list of real property becoming subject to assessment and taxation every odd numbered year may be appended to the personal property assessment book. The assessment books and blanks shall be in readiness for delivery to the assessors on the last Thursday of March of each year.

The assessors shall meet at the office of the county auditor on said day for the purpose of receiving instructions as to their duties under the laws of the state. Provided, however, that the Minnesota tax commission may in its discretion change the date of such meeting in any county as it deems best in which case such meeting shall be held on the date fixed by said commission. (Amended '17 c. 297 § 1)

By § 3 1917 c. 297 takes effect January 1, 1918.

Description in assessment book held so indefinite as to preclude extinguishment of right of redemption by notice under § 2148 (121-409, 141+796). Taxation, ¶421(1).

[1981—]1. Same—Compensation and mileage of—Each assessor attending such meetings shall receive as compensation for such service the

sum of three dollars and mileage at the rate of five cents per mile for each mile necessarily traveled in going from his home to and returning from, the county seat to be computed by the usually traveled route and paid out of the county treasury. ('17 c. 297 § 2)

1987. Valuation of property—

132-232, 156+128.

Cited in dissenting opinion (132-93, 155+1061).

1988. Classification of property—What percentages of full and true value to be assessed—

The classification involved in this section is not violative of Const. art. 9 § 1, in that it is unreasonable and not based on essential differences (128-384, 150+1087). Taxation, ¶42(1).

This section applies to property within the state owned by telegraph companies (132-93, 155+1061). Taxation, ¶155.

The mains, pipes, and conduits of a gas company are not "tools, implements, and machinery," under class 3, but are properly assessed under class 4 (132-419, 157+638; 132-477, 157+638). Taxation, ¶375(1).

The words "all unplatted real estate" refer to and include land which is adapted to and used for rural or agricultural purposes, and not to land within the limits of a city or village, though not a part of the platted portion thereof, which is used exclusively for urban purposes. A small tract of land formerly within a platted subdivision of Minneapolis, but vacated, was properly taxed at the rate prescribed for platted real estate, where it was used exclusively for urban purposes (135-205, 160+498). Taxation, ¶348.

Relator's street railway tracks, overhead feed and trolley wires, trolley poles, and underground conduits and cables, held assessable under class 4, at 40 per cent. of true value, this class including property not enumerated in the first three; and such property does not come within "tools, implements, and machinery, whether fixtures or otherwise," included in class three, and assessable at 33⅓ per cent. of true value (128-384, 150+1087). Taxation, ¶394.

The assessable value of a membership in the Minneapolis Chamber of Commerce is found by apportioning the value of the membership in excess of the value of the tangible property of the Chamber already assessed equally among the memberships, and taking 40 per cent. thereof (161+516). Taxation, ¶350.

1989. Duties of assessors in odd numbered years as to real property—

In every odd numbered year, at the time of assessing personal property, the assessor shall also assess all real property that may have become subject to taxation since the last previous assessment, including all real property platted since the last real estate assessment in the even numbered year, and all buildings or other structures of any kind, whether completed or in process of construction, of over one hundred dollars in value, the value of which has not been previously added to or included in the valuation of the land on which they have been erected. He shall make return thereof to the county auditor, with his return of personal property, showing the tract or lot on which each structure has been erected and the true value added thereto by such erection. In case of the destruction by fire, flood or otherwise, of any building or structure, over one hundred dollars in value, which has been erected previous to the last valuation of the land on which it stood, or the value of which has been added to any former valuation, the assessor shall determine, as nearly as practicable, how much less such land would sell for at private sale in consequence of such destruction and make return thereof to the auditor. 2017. Incorporated banks—

The tax imposed by this section is a tax against the shares of stock, to be paid by the bank from earnings or dividends, and is not a tax against a national bank, and payment thereof cannot be enforced against its assets, where the bank is insolvent and in the hands of a receiver (134-315, 159+754). LEVY AND EXTENSION**2051. City, village, town, and school district taxes—**

Municipal corporations have no inherent power of taxation (129-40, 151+545, Ann. Cas. 1916B, 159). Municipal Corporations, ¶956(1).

2052. Auditor to fix rate—

Cited (162+675).

[2056—]1. **Rate of levy in certain counties—**The county board of any county may levy for county revenue purposes, such amount in excess of existing limitations as may be necessary to defray county revenue expenses, but the total levy for county revenue purposes shall not exceed 8 mills; provided, however, that this act shall not apply to counties having an assessed valuation of more than five million dollars. ('17 c. 106 § 1)

[2058—]1. **Contracts in excess in certain villages legalized—**In all cases where heretofore the authorities of any village of this state, having a population of less than three thousand inhabitants, have in good faith contracted debts or incurred pecuniary liabilities, or both, in violation of the provisions of section 2058 of the General Statutes of 1913, and the person or persons so contracting with such authorities, or to whom such pecuniary liabilities were incurred, have in good faith and in reliance thereon fully performed such contracts and furnished full consideration for such pecuniary liabilities, and said village has received and accepted the benefits thereof, and where the claims arising from such transactions have been allowed by the proper authorities of such village, and no appeal taken from the allowance thereof within the time fixed by law, and warrants or orders of such village have been issued therefor, whether such warrants or orders have been paid or not, such transactions are in all respects validated as against the claim or defense that they were in violation of said section 2058. ('17 c. 268 § 1)

[2058—]2. **Same—Allowance of claims, etc., prima facie evidence—**In all such cases the allowance of such claims and the absence of any appeal therefrom within the time fixed by law and the issuance of warrants or orders therefor shall be prima facie evidence of each of the facts made conditions to the validating thereof as in section 1 of this act [2058—1] provided. ('17 c. 268 § 2)

[2058—]3. **Same—Pending actions—**This act shall not be construed to affect any action now pending wherein such claim or defense is involved, nor the rights or liabilities of any of the parties thereto or parties indirectly affected by the result of such action. ('17 c. 268 § 3)

2059. Tax lists made by auditor—

A county treasurer, in failing to write the words "Sold for taxes" on a tax receipt, is not guilty of a breach of duty, unless the tax list furnished him by the county auditor shows that the land has been sold for taxes; but where a county auditor failed to place on the tax list furnished the county treasurer the words "Sold for taxes," and the treasurer did

not write such words on the receipts for taxes paid by plaintiff after such sale, the auditor was liable for failure to perform the duty required by this section; and although a taxpayer was negligent in failing to pay his taxes, the failure of the auditor to place the words "Sold for taxes" on the list furnished the treasurer was the proximate cause of plaintiff's loss (123-159, 143+257, 51 L. R. A. [N. S.] 137). Counties, ~~89~~90, 91.

[2063—]1. **Treasurer to publish personal property tax list in counties having less than 150,000 inhabitants—**The county treasurer of each county in this state, which now has or hereafter may have, less than 150,000 inhabitants, shall cause to be published once between January 1st and February 1st of each year in a legal newspaper published in the county, that portion of the current personal property tax list which pertains to personal property taxes in cities, villages, towns or assessment districts nearest the place where said newspaper is published, so far as practicable, the portion of said list to be published in the respective newspaper to be fixed and designated by the county treasurer. ('17 c. 392 § 1)

[2063—]2. **Same—What list shall contain—**Such list shall give the name of the person, firm or corporation assessed for such tax; the city, village, town or assessment district where the same was assessed; the assessed value of personal property for purposes of taxation upon which such tax is based; the amount of the tax; and by reference to school district, the total tax rate. Such list may be in substantially the following form:

PERSONAL PROPERTY TAX LIST

191....

Town, city or village of.....		
Total tax rate by school districts.		
School Dist. No. mills.	School Dist. No.mills.

[2063—]3. **Same—Proof of publication—Payment—**Proof of the publication of such lists shall be made and filed with the county auditor, and the payment of such publications shall be made on properly itemized and verified statements, from the county revenue fund, at a rate not to exceed the rate fixed by law for other similar publications required to be made by counties. ('17 c. 392 § 3)

2067. Tax receipts—Duplicates—Upon the payment of any tax, the treasurer shall give to the person paying a receipt therefor, showing the name and postoffice address of the person, the amount and date of payment, the land, lot, or other property on which the tax was levied, according to its description on the tax list or in some other sufficient manner, and the year or years for which the tax was levied. If for current taxes on real estate, the receipt shall have written or stamped across its face, "taxes for" (giving the year in figures), or, "First half of taxes for" (giving the year in figures), or, "Last half of taxes for" (giving the year in figures), as the case may be. If land has been sold for taxes either to a purchaser, or to the state, and the time for redemption from such sale has not expired, the receipt for such taxes shall have written or stamped across the face, "Sold for taxes." The treasurer shall make duplicates of all receipts, and shall return all such duplicates at the end of each month to the county auditor who shall file and preserve them

in his office, charging the treasurer with the amount thereof. (Amended '17 c. 18 § 1)

By § 2 1917 c. 18 takes effect January 1, 1918.

The duty imposed upon the auditor by § 2059, and that imposed upon the treasurer by this section, to write on the tax list and tax receipts the words "Sold for taxes," is ministerial, and such officers are liable for failure to perform the duty (123-159, 143+257, 51 L. R. A. [N. S.] 137). Counties, ~~§~~90, 91; Officers, ~~§~~116.

Assuming that the county treasurer failed to write such words, his failure to do so was the proximate cause of the loss of the taxpayer's property by his failure to redeem (123-150, 143+257, 51 L. R. A. [N. S.] 137). Whether his failure to so write was a failure to perform a statutory duty, if the lists furnished him by the auditor did not contain such words, *quære* (123-150, 143+257, 51 L. R. A. [N. S.] 137). A county treasurer, in failing to write the words "Sold for taxes" on a tax receipt, is not guilty of a breach of duty, unless the tax list furnished him by the county auditor shows that the land has been sold for taxes. (126-271, 148+116). Counties, ~~§~~90.

[2067—]1. **Tax receipts to state apportionment of taxes**—The county treasurer of each county shall cause to be printed, stamped or written on the back of all current tax receipts, a statement showing the number of mills of the current tax apportioned to the state, county, city, village, town or school district. ('15 c. 319 § 1)

ACCOUNTING AND DISTRIBUTION OF FUNDS

2075. **Apportionment of penalties and interest**—All penalties and interest accruing upon any tax levied by special assessment or otherwise, for local purposes, on real estate in any incorporated city, borough or village shall be apportioned to the general revenue fund of the city, borough or village where the real estate is situated, and all other penalties, and interest collected on real estate taxes shall be apportioned one-half to the county revenue fund and the other half to school districts of the county in the manner provided for the distribution of other school funds by Section 3763 of the General Statutes of 1894, as amended by Chapter 49 of the General Laws of 1897. Provided that all costs collected shall be apportioned to the county revenue fund. (Amended '15 c. 159 § 1)

DELINQUENT REAL ESTATE TAXES

2097. Designation of newspaper—

It is the intention of this section that a certified copy of the resolution should be filed with the clerk prior to the first publication, and the failure to file it is jurisdictional (123-180, 143+355). Taxation, ~~§~~630, 734(7).

A designation in substantial compliance with this section is a jurisdictional prerequisite to a valid judgment. The statute is not complied with by the filing of an original designation under the hand and official seal of the auditor in the office of the clerk of court, instead of a certified copy, no original or other designation being filed in the auditor's office; the filing of the original in the clerk's office not creating a presumption that an original had been filed by the auditor in his own office. And the evidence is held to sustain a finding that no original auditor's designation of a newspaper in which to publish the delinquent list was filed in his office as required by this section (123-273, 143+786). Newspapers, ~~§~~1(4).

Correction of filing date on resolution designating newspaper. (121-173, 141+101).

2103. What defects jurisdictional—

Statutory requirements as to the steps for determining the amount of the tax are directory, while those relating to enforcement of the tax against property are mandatory (121-421, 141+839).

This section does not cure the jurisdictional defect arising from a failure to file a certified copy provided for by § 2097, prior to the first publication (123-180, 143+355). Taxation, ~~§~~688.

This section does not cure the failure of the auditor to file in his office the designation of a newspaper in which to publish the delinquent tax list, as required by § 2097 (123-273, 143+786). Taxation, ~~§~~688, 693.

2105. Judgment when no answer—Form—Entry—

Cited (133-380, 158+635, L. R. A. 1916F, 861).

2108. Application for judgment—Defenses—

This section does not restrict the right of defense to cases in which there has been some omission of statutory requirements, and an objection that improper items of charge were included in the amount of an assessment may be interposed in the assessment proceedings,

and hence certiorari will not lie, there being an adequate remedy otherwise (134-204, 158+977). Municipal Corporations, ¶512(1).

In view of the provision of this section making it a permissible defense that land has been assessed and taxed at a valuation greater than its real and actual value, the action of the state tax commission in refusing to reduce an alleged excessive valuation is not reviewable by certiorari, there being an adequate remedy at law in the statutory proceeding to enforce the tax (135-282, 160+665). Taxation, ¶493(4).

TAX SALES

2117. Public vendue—Procedure—

126-271, 148+116; note under § 2067.

2118. Certificate of sale—Form—Effect—Record—

Where the property is described by its government description, without mentioning a mineral interest owned separately from the surface, the tax certificate does not cover such mineral interest (125-491, 147+706, L. R. A. 1916D, 304). Taxation, ¶686.

2119. Who may purchase—Owner—

The owner of property cannot cut out a city assessment on his property by buying up a subsequent tax title. (124-296, 145+24). Taxation, ¶733.

A property owner, and his successors in interest held bound by contract to pay taxes on a strip of land used by himself and the adjoining owner as an alley, so that he could not obtain a tax title thereto, though he had made a separate conveyance of the alley strip (122-411, 142+805). Taxation, ¶107, 674.

2121. Wrong name of owner—

Where the property is described by its government description without mentioning a mineral interest owned separately from the surface, the tax certificate does not cover such mineral interest (125-491, 147+706, L. R. A. 1916D, 304). Taxation, ¶686.

2122. Entries in judgment books after sale—

Tax assignment certificate void where record does not show that land was bid in for the state (121-367, 141+493). Taxation, ¶742.

Where original judgment book fails to show sale to state, it cannot be presumed that copy judgment book, not in evidence, shows such sale (121-367, 141+493). Taxation, ¶693.

2123. Record of assignment of certificate or deed on sale for taxes or special assessments—

An assignment of a certificate held by one in adverse possession of land held not to break the continuity of his possession (132-311, 156+350). Adverse Possession, ¶52.

2125. Taxes on land sold—Payment by purchaser or assignee—

127-124, 149+16; note under § 8172.

2126. Lands bid in for state—Assignment—Certificate—

A state assignment certificate for land bid in by the state, wherein the assignees are named "Goodrich and Oliphant," is sufficient to transfer to them the interest and tax lien of the state; the identity of the assignees being shown by extrinsic proof (135-186, 160+490). Taxation, ¶731.

In making assignment of a tax certificate the auditor exercises a statutory power, and, where made for a less amount than required by the statute, they are void. Tax assignment certificates, conveying the interest of the state in lands bid in for the state, but still subject to redemption by the owner, do not have the conclusive effect given to a governor's deed conveying forfeited land and executed after the time for redemption has expired. (134-373, 159+825). Taxation, ¶731.

2127. Unredeemed lands—Forfeited sale—

Cited (133-153, 157+1072).

Tax deed failing to show that the sale was made in compliance with the statutory requirements is void (129-25, 151+421). Taxation, ¶754.

The authority of the Governor to execute a deed under this section is dependent on the expiration of the time for redemption (129-72, 151+534). Taxation, ¶749.

There is no real forfeiture to the state (132-311, 156+350). Taxation, ¶695.

2128. Conduct of sale—Such sale shall be conducted by the county auditor in such manner as shall be directed by the state auditor. Each parcel shall be sold to the highest cash bidder therefor but not for a less sum than the aggregate taxes, penalties, interest and costs charged against it, unless the cash value thereof fairly determined by the county board and approved by the Minnesota tax commission shall be less than such aggregate, in which case the value so fixed and approved shall be the minimum price for which such property may be sold. Provided that all parcels bid in for the state for taxes for the year 1910 or prior years may be disposed of for one-half of the total taxes as originally assessed. Provided, further that all unsold parcels

which are subject to delinquent taxes for ten years or more and which have been subject to sale under the provisions of this section and sections 2127 and 2129, for three years or more, may be disposed of for a sum not less than one-fifth (1/5) of the total taxes as originally assessed.

The purchaser shall forthwith pay the amount of his bid to the county treasurer, and the officer conducting the sale shall give to him a certificate in a form prescribed by the attorney general, in which shall be set forth the name of the purchaser, a description of the land sold, the price paid and the date and place of the sale. The auditor and treasurer of the county shall attend such sale, the former to make a record of all sales thereat, and the latter to receive all moneys paid on account thereof. (Amended '17 c. 303 § 1)

1917 c. 303, does not expressly amend this section, but it is entitled "An act amending section 2128 of the General Statutes of Minnesota for 1913, relating to delinquent taxes."

Taxes delinquent prior to year 1914—See 1915 c. 334, "An act to enforce payment of real estate taxes upon all unsold tracts of land included in the sale held in the year 1914 under the provisions of chapter 543, General Laws of 1913."

129-25, 151+421; note under § 2127.

One claiming title to land sold under G. S. 1894 § 1616 must prove authority from the state auditor to make such sale; recitals in the deed executed by the county auditor not being evidence of such authority (131-468, 155+640). Taxation, ¶788(5), 810(1).

2129. Purchaser to receive deed.—

See §§ [2130—]1 to [2130—]3.

The deed is not conclusive that the time for redemption had expired when it was executed, and the owner of the land may show that no notice was given under § 2149 (129-72, 151+534). Taxation, ¶788(7).

R. L. 1905 § 938 cited on question of effect of tax assignment certificates (134-373, 159+825).

129-25, 151+421; note under § 2127.

2130. Same—How made and when—

See §§ [2130—]1 to [2130—]3.

134-373, 159+825.

Where the sale is not made in accordance with the statutory requirements, and no valid notice to redeem is given, the right of redemption is not cut off. A notice failing to state that the certificates were presented to the county auditor by the holder thereof is fatally defective (129-25, 151+421). Taxation, ¶704.

[2130—]1. **Tax commission to issue state tax deeds**—That all the duties and powers heretofore conferred by statute upon the governor concerning the issuing of state tax deeds under the provisions of Sections 2129 and 2130, General Statutes of 1913, and Chapter 543, Laws of 1913, are hereby conferred upon the chairman of the Minnesota Tax Commission. ('15 c. 332 § 1)

This act takes effect May 1, 1915.

[2130—]2. **Same—Application for deed, to whom and how made—Records of commission**—That all applications for such tax deeds shall be made to the chairman of the Minnesota Tax Commission and the applicant shall present to such official the original tax certificate and certified copy of the notice of expiration of redemption, with proof of service thereof and of the filing of such proof in the office of the county auditor, and certificate of such auditor that the time of redemption has expired and that no redemption has been made, and such other proof as said chairman may require. All of said papers shall be filed in the office of the secretary of the Minnesota Tax Commission, and shall remain therein as permanent records in said office. ('15 c. 332 § 2)

[2130—]3. **Same—Fees of county auditor**—The county auditor shall be entitled to collect a fee of fifty cents from such applicant for each certified copy of a notice of expiration of redemption and the preparation of the other necessary papers and information in connection therewith, which fee shall be retained by such auditor in addition to his salary provided by law. ('15 c. 332 § 3)

2132. **Certificates and deeds as evidence—Grounds for setting aside—Evidence of payment—County and state, when parties—**

G. S. 1894 § 1604 cited on question of effect of tax assignment certificates (134-373, 159+825).

Certificate of tax assignment not prima facie evidence where judgment book fails to show that land was bid in for the state (121-387, 141+493). Taxation, ¶742.

2133. Action to set aside—Limitation—

The limitation prescribed by this section does not commence to run until 60 days after a valid notice of expiration of the time of redemption has been served. (135-186, 160+490). Taxation, ¶806(1).

2134. Invalid certificate—State's lien passes, when—

Not repealed by § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶696. 126-218, 148+273; note under § 2188.

REDEMPTION FROM TAX SALES**2138. Amount payable—**

Subd. 3—Cited and applied (133-456, 158+701).

2148. Notice of expiration of redemption—

In general—Deed is not conclusive that time for redemption had expired, and owner may show that no notice was given under this section (129-72; 151+534). Taxation, ¶788(7).

Under this section the court might adjudge a lien to the holder of a tax certificate issued upon a sale subsequent to the taking effect of 1902 c. 2 § 47, though the sale and certificate be valid and there is time and opportunity to serve a notice of the expiration of the time of redemption (126-218, 148+273). Taxation, ¶814(4).

Form of notice—The part of this section providing a form of notice was superseded by 1905 c. 270 (§ 2149, post), so that a notice of expiration of redemption from any tax sale subsequent to 1902 must conform substantially to the form prescribed by 1902 c. 2 § 47 (131-332, 155+107). Taxation, ¶696.

155+107, followed, and held that a notice failing to conform to § 47, c. 2, Laws 1902, as required by c. 270 Laws 1905, was invalid (132-144, 155+1038; 131-332, 155+107; 135-186, 160+490). Taxation, ¶704.

Statement of amount required to redeem—Where the amount stated in the notice includes delinquent taxes accruing subsequent to the sale, it is incumbent on the holder of the tax certificate to affirmatively prove by evidence outside the recitals in the notice the amount of such delinquent taxes, and that he paid the same, and the date of such payment. In the absence of such evidence, the right of redemption is not terminated (133-456, 158+701). Taxation, ¶810(3).

A notice which imposes on the redemptioner the burden of determining which of two amounts stated therein as necessary to redeem is correct is insufficient. The notice in this respect must be definite and specific (130-397, 153+758, Ann. Cas. 1916E, 157). Taxation, ¶704.

Qualifications required of newspaper—Where the notice is served by publication the newspaper must possess the qualifications required by statute to entitle it to publish such notices; and the requirement that it must "be circulated in or near its place of publication to the extent of at least 240 copies" is not satisfied by showing that 240 copies are published, without showing where they are circulated (130-202, 153+517). Taxation, ¶706.

To whom directed and upon whom served—For the notice to be effective, it must be directed to the person in whose name the land stands assessed on the assessment book; the recitals in the notice not furnishing the required proof (129-367, 152+764). Taxation, ¶722(3).

Notice given to the certificate holder himself is insufficient, in the absence of proof that the title to the land then stood in his name (130-202, 153+517). Taxation, ¶703.

Misnomer in notice—A notice directed to "Goodridge-Call L'b'r. Co.," the land being assessed in the name "Goodridge-Call Lbr. Co." is sufficient (130-202, 153+517). Taxation, ¶703.

Return of service—Under this section, when no one is in possession, there must be a return of the sheriff to that effect as a prerequisite to the publication of the notice of expiration of the period of redemption (133-153, 157+1072). Taxation, ¶706.

2149. Expiration of redemption—Notice—

130-397, 153+758, Ann. Cas. 1916E, 157; 129-25, 151+421; note under § 2130.

That part of § 2148 prescribing form of notice is superseded by 1905 c. 270 (this section), so that a notice of expiration of redemption from any tax sale subsequent to 1902 must conform substantially to the form prescribed by 1902 c. 2 § 47 (131-332, 155+107; 132-144, 155+1038; 124-321, 145+27). Taxation, ¶696, 704.

[2149—]1. **Appointment of resident agent on whom notice may be served—Statement filed with county auditor—**That any person or corporation having any right, title or interest in or to any land or real property in this state may file or cause to be filed in the office of the county auditor of the county in which such land or real property is situated a statement in writing containing, first, the name of the person or corporation having such right, title or interest; second, a description of the land or real property in which

such right, title or interest is had; and third, the designation of some person who is a resident of such county or of some corporation which has an office or place of business within such county upon whom or upon which a personal service may be made of notices of the expiration of the period of redemption of land or real property from tax sales. Each such statement shall be signed by the person or corporation having such right, title or interest or by any agent or attorney of such person or corporation, but need not specify the nature of such right, title or interest. ('17 c. 388 § 1)

[2149—]2. **Same—Duties of auditor—Fees—Statement, when ceases to be valid—Release of particular parcel**—Each such statement so filed in the office of any county auditor in this state shall be immediately numbered and filed in his office by such county auditor consecutively in the order in which it is received and such county auditor shall, at the same time, enter consecutively in the order in which such statement is received, in a book to be kept by him for that purpose, first, the file number of such statement; second, the date when such statement is received and filed by him; third, the name of the person or corporation named in such statement as having some right, title or interest in land or real property, with the post office address of such person or corporation, if given in such statement; and fourth, the name of the person or corporation named in such statement as the one upon whom or upon which a personal service of notice may be made. And at the same time such county auditor shall enter the file number of such statement in his real estate transfer book or books under each piece or parcel of land described in such statement. For the duties required of the county auditor by this act he shall be paid, for his own use and as an additional emolument of his office, by the person presenting such statement to be filed, a fee of twenty-five cents for each piece or parcel of land described in such statement. Each such statement shall cease to be valid and effectual as such for any and all the purposes of this act at the expiration of five years from the date of its filing, or when the person named therein as the one upon whom a personal service of notices may be made dies or ceases to be a resident of such county, or when the corporation named therein as the one upon which a personal service of notices may be made ceases to have an office or place of business within such county. Provided, however, that the person or corporation named in a statement filed under the provisions of this act as having such right, title or interest may file in the same office in which such statement is filed an instrument releasing any particular piece or parcel of land or real property described in such statement from the effect of such statement, such releasing instrument to be executed with the same formalities as are necessary to entitle conveyances of real estate to record. Such releasing instrument shall be by the said county auditor immediately attached to and filed with such statement affected thereby. Every person or corporation filing such releasing instrument shall, before such releasing instrument is filed, pay to said auditor, for his own use, a fee of ten cents for each such releasing instrument. From the time such releasing instrument is so filed such statement affected thereby shall cease to be valid and effectual as to such particular piece or parcel of land or real property so released, but shall nevertheless be and remain valid and effectual as such for any and all the purposes of this act as to each and every other piece or parcel of land or real property therein described. ('17 c. 388 § 2)

[2149—]3. **Same—Service to be made on resident agent**—Service of notice of expiration of redemption from all tax sales, whether of lands bid in by the state or otherwise sold, shall be made upon resident agents appointed under this act, in the same form, in the same manner and within the same time, as is now or may hereafter be provided by law for personal service upon the person to whom such notice of expiration of redemption is directed. The full period of redemption shall not expire until sixty days shall have elapsed after the service of such notice and proof thereof has been filed. ('17 c. 388 § 3)

[2149—]4. **Same—Not to supersede other notices**—The service of notices required by the provisions of this act shall not supersede or take the place of

the notices required by any other law of this state to be served or published, but shall be additional thereto. ('17 c. 388 § 4)

2150. Notice not to issue in certain cases after six years from sale—Certificates, when void—Lien—No notice of the expiration of the time of redemption upon any certificate of tax judgment sale issued to an actual purchaser, or upon any state assignment certificate shall issue or be served under the provisions of Section 1654 of the General Statutes of 1894, or any other law in force at the time of the passage of this act, after the expiration of six years from the date of the tax judgment sale described by any such certificate; nor shall any such certificate be recorded in the office of any register of deeds after the expiration of seven years from the date of such sale. All such certificates upon which such notice of expiration of redemption shall not be issued and served, and such certificate recorded in the office of the proper register of deeds within the times limited by this act, shall be void and of no force or effect for any purpose whatever, and failure to serve such notice or record such certificate within the time herein prescribed shall operate to extinguish the lien of said purchaser for the taxes for the year or years in such certificate described and appearing, anything in any other statute of this state to the contrary notwithstanding. (Amended '15 c. 77 § 1)

1915 c. 77 § 1 added the words beginning "and failure to serve such notice." Section 42 provides that the act shall not affect any pending action or proceeding. By section 3 the act takes effect March 1, 1918. See § [2150—]1.

Does not repeal §§ 2134, 2165, 2168, 2171, 2188 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶696.

The limitations contained in this section apply only to tax certificates issued before the lands become forfeited to the state, and to notices of expiration of the time to redeem issued thereon. The time for giving such notices as to lands forfeited to the state remained unlimited (124-321, 145+27). Taxation, ¶701.

Failure to record certificate does not extinguish tax lien (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶688.

[2150—]1. Notice not to issue in certain cases after six years from sale—Certificate, when void—Lien—No notice of the expiration of the time of redemption upon any certificate of tax judgment sale issued to an actual purchaser or upon any state assignment certificate issued under the provisions of section 1601 General Statutes 1894 or upon any certificate issued to an actual purchaser at any forfeited tax sale held under the provisions of section 1616, 1617 of the General Statutes 1894, or under the provisions of sections 936, 937 and 938 of the Revised Laws of 1905, or under the provisions of section 2127, 2128 and 2129 General Statutes 1913, or under any of said sections or any act amendatory thereof, shall be issued or served after the expiration of six years from the date of the tax judgment sale described by any such certificate; nor shall any such certificate be recorded in the office of any register of deeds after the expiration of seven years from the date of such sale. All such certificates upon which such notice of expiration of redemption shall not be issued and served and such certificate recorded in the proper register of deeds' office within the time limited by this act, shall be void and of no force and effect for any purpose whatever, and failure to serve such notice or record such certificate within the time herein prescribed shall operate to extinguish the lien of said purchaser for the taxes for the year or years in such certificate described and appearing and the lien of all subsequent taxes paid under any such certificate. Provided, that the lien of any taxes for the year or years described in any such certificate, or the lien of any subsequent taxes paid under any such certificate may be enforced by a sale of the property covered by such lien by a sale thereof by foreclosure or other proper action or proceeding at any time within nine months after the taking effect of this act.

Provided further, however, that this act shall not apply to or affect liens of the state in and upon lands which have been bid in for the state and subsequently sold or assigned. ('17 c. 488 § 1)

By section 3 the act takes effect January 1, 1918.

See § 2150.

[2150—]2. Same—Pending actions—This act shall not affect any action or proceeding now pending in the courts of this state. ('17 c. 488 § 2)

REFUNDMENT

2157. On sale or assignment, when allowed—

Cited (121-301, 141+183, Ann. Cas. 1914C, 755).

Under this section the holder of a tax certificate is entitled to refundment of money paid for his certificate when the assessment of the tax is void, and he is entitled to a refundment of subsequent void taxes paid which the statute permits to be tacked to his certificate, where, at the time of payment, he is without knowledge of the invalidity of the taxes though the payment, if made by the owner of the land, would be voluntary and not recoverable (161+511). Taxation, ¶821(2).

Effect of registration of title (see 123-397, 143+981, L. R. A. 1916D, 1). Records, ¶9(13).

2159. On judgment—County to be party—

Effect of registration of title (see 123-397, 143+981, L. R. A. 1916D, 1). Records, ¶9(13).

ACTIONS INVOLVING TAX TITLES

2165. Tax judgment or sale set aside—Purchaser's lien—Sale to satisfy—

Not repealed by § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶696.

Although plaintiff's tax title has failed, he is entitled to have his lien for the taxes paid by him enforced in his action to determine adverse claims (135-186, 160+490). Taxation, ¶814(4).

It is immaterial that the judgment adjudging the amount of the lien fails to direct a sale for its enforcement (128-498, 151+201). Taxation, ¶827.

That a tax lien in favor of plaintiff was adjudged against defendant's land as a whole, instead of placing specific amounts against each tract, is not open to objection (128-498, 151+201). Quietting Title, ¶52.

Costs held properly awarded to defendant on adjudging the amount of plaintiff's lien (128-498, 151+201). Quietting Title, ¶54.

2168. Action to quiet title—

123-180, 143+355.

In general—That defendant does not establish a record title does not deprive him of the right to be heard on appeal (129-72, 151+534).

Not repealed by § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶696.

Extent of purchaser's lien—Although plaintiff's tax title has failed, he is entitled to have the lien for the taxes paid by him enforced in his action to determine adverse claims (135-186, 160+490). Taxation, ¶814(4).

Under this section a tax claimant, whose title is invalid because of a defective notice of expiration of the period of redemption, is not entitled to a lien for the costs incurred upon such notice (133-153, 157+1072). Taxation, ¶824.

In an action to determine adverse claim, where defendant answered, claiming title absolute, the court properly allowed costs to plaintiff, though under this section the lien was decreed defendant as holder of the tax certificate (126-218, 148+273; 128-498, 151+201). Taxation, ¶818.

Under this section the court might adjudge a lien to the holder of a tax certificate issued upon a sale subsequent to the taking effect of 1902 c. 2 § 47, though the sale and certificate be valid, and there is time and opportunity to serve a notice of the expiration of the time of redemption (126-218, 148+273). Taxation, ¶814(4).

2170. Plaintiff to pay taxes in action to set aside—

129-367, 152+764; 126-218, 148+273; note under § 2168.

MISCELLANEOUS PROVISIONS

2171. Lien of real estate taxes—

126-218, 148+273; note under § 2188.

Not repealed by § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶696.

Although plaintiff's tax title has failed, he is entitled to have the lien for taxes paid enforced in his action to determine adverse claims (135-186, 160+490). Taxation, ¶814(4).

By force of § 2134 the lien is transferred to tax title holder, who may enforce lien without compliance with § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶823.

2172. Assessments for local improvements in cities—Priority of liens—

The provision of this section that a later tax lien is superior to an earlier city assessment lien is not against public policy (124-300, 145+21). Taxation, ¶502.

Where title is obtained under tax liens which are equal in right of priority by sale and expiration of the period of redemption, the holders thereof become tenants in common (124-300, 145+21). Tenancy in Common, ¶3.

A purchaser of a tax title, based on taxes for 1906 to 1909, inclusive, is a tenant in common with a purchaser under a St. Paul city assessment lien accruing in 1906 (124-305, 145+25). Tenancy in Common, ¶3.

Under 1905 c. 200, a tax title, based on taxes for 1906 to 1909, inclusive, is equal in right of priority with title based on a St. Paul city assessment lien accruing in 1906 (124-305, 145+25). Taxation, ¶785, 786.

A tax title based on a single forfeiture sale for taxes for the years 1891, 1892, and 1902 to 1909, inclusive, is equal in right of priority with a lien based upon a St. Paul city assessment accruing in 1909 (124-296, 145+24). Taxation, ¶733.

Tax titles based on tax sales for general taxes of 1906 to 1909, inclusive, and on a sale to enforce a St. Paul city assessment lien accruing in 1906, are superior to separate city assessment liens accruing at different times during years from 1896 to 1901, but are inferior to city assessment liens accruing in 1912 (124-305, 145+25). Taxation, ¶785, 786.

Under 1905 c. 200, general tax liens and city assessment liens are of equal rank and general rules as to tax liens of equal rank apply. Each lien is superior to all that precede it in time. A later tax or assessment lien will take priority over all earlier liens, whether for taxes or assessments. Priority is determined as of the date of accrual of the original lien, not as of the date of sale. City assessments accruing in any year are equal in right of priority with lien of taxes for that year (124-300, 145+21). Taxation, ¶509, 510.

Where land is sold at a forfeiture tax sale for taxes for a number of years for the entire amount, the lien of the holder of a certificate issued on such sale is equal in right with an assessment lien accruing in any one of those years (124-300, 145+21). Taxation, ¶733.

2184. Structures, etc., not to be removed—Injunction—

This section does not affect the right of the owner to recover from a stranger who removes timber (129-25, 151+421). Trespass, ¶19.

2188. Real estate tax judgment—No limitation—

Although plaintiff's tax title has failed, he is entitled to have the lien for taxes paid by himself and his assignors enforced in his action to determine adverse claims (135-186, 160+400). Taxation, ¶814(4).

A lien adjudged under § 2168 may include taxes paid subsequent to the giving of a defective notice of redemption, whether such taxes be paid before or after they become delinquent (128-218, 148+273). Taxation, ¶814(4).

Not repealed by § 2150 (121-301, 141+183, Ann. Cas. 1914C, 755). Taxation, ¶396.

2190. Taxes paid by mortgagees, etc.—

126-218, 148+273; note under § 2188.

2192. Deeds, etc.—Payment before transfer and record—Auditor's certificate—Penalty, etc.—

162+525.

RAILROAD COMPANIES

2226. Gross earnings tax—Return of earnings—When payable—

Defendant and certain navigation companies agreed that defendant should employ stevedores to perform work, part of which it was the duty of defendant to perform; the navigation companies paying the actual cost of the labor. Defendant acted in the transactions as the hiring and disbursing agent of the boat companies, but making no profit. Held, in the absence of fraud or evasion of the obligations of either party to the state, moneys received from such boat companies are not subject to the gross earnings tax (130-377, 153+850). Taxation, ¶382.

Where a carrier acts as the hiring and disbursing agent of another carrier in the performance of duties partly owing by both, for which the former receives no profit, the moneys collected by it are not subject to the gross earnings tax, where such services are included in the freight charges of the other company which pays a gross earnings tax thereon, since to impose such tax on both companies would involve double taxation (130-377, 153+850). Taxation, ¶47(1).

2232. Same—Taxes, how apportioned—

Apportionment of earnings, where several corporations use same tracks, and some of such corporations are liable to the gross earnings tax, and some not (122-106, 142+19). Taxation, ¶894.

2235. Same—Apportionment, how certified—Duties of county and state auditors—Taxes, how apportioned—

Const. art. 9 § 9 has no application to the issuance of the warrant by the auditor on the state treasury for the distribution of the tax collected under this section (125-67, 145+607). States, ¶130.

FREIGHT LINE COMPANIES

2250. Freight line company defined—

1907 c. 250 held not an unlawful burden on interstate commerce (129-30, 151+410). Commerce, ¶72.

1907 c. 250 held to authorize imposition of the tax on refrigerator cars owned by a packing company, and operated by it over the lines of different railroad companies, though the motive

power was furnished by the railroad companies, and such companies received the same freight as they would have received had the cars belonged to them (129-30, 151+410). Taxation, ¶ 148.

TELEGRAPH AND TELEPHONE COMPANIES

2262. Telegraph companies—Annual statement—

132-93, 155+1061.

2263. State board of equalization to assess—Rate—

Property of telegraph companies, if not included in § 1988, is to be valued and assessed under this section, at its "full and true value in money" (132-93, 155+1061). Taxation, ¶ 155.

2264. Collection—Action—Distress—

132-93, 155+1061.

[2267—]1. Certain penalties and interest on certain telephone companies cancelled—That the penalties and interest accruing on unpaid delinquent gross earnings taxes for the year 1913 and prior years of telephone companies whose gross earnings for said years have not exceeded five hundred dollars (\$500) per year are hereby cancelled and abated, provided such companies pay all of such delinquent taxes into the state treasury on or before July 31, 1915. ('15 c. 172 § 1)

INHERITANCES, DEVISES, BEQUESTS AND GIFTS

2271. Taxation on inheritances, etc.—

Cited (162+525).

The language of this section indicates an intention to impose a succession tax in all cases in which the legislature has the power to impose such tax, and it cannot be construed as applying only where the devolution of the property is governed by our laws (128-371, 150+1094, L. R. A. 1916A, 901). Taxation, ¶ 860.

Subd. 2—As between debtor and creditor the situs of a debt is the domicile of the creditor. But he may give it a situs elsewhere, and it may be taxed under the laws of the state where the evidences of indebtedness are deposited. But the statute imposes a tax upon the transfer of the property and not upon the property itself. The transfer having been made in this state by a resident is taxable here, although the actual situs of the property was in Kentucky, and though such transfer may be subject to tax in that state (124-508, 145+390, 56 L. R. A. [N. S.] 262, Ann. Cas. 1915B, 861). Taxation, ¶ 868(2).

The devolution of debts owed by residents of this state, whether evidenced by promissory notes or not, and of the stock of corporations of this state, and of the stock of national banks located in this state, is subject to a succession tax in this state, though the debts were owing to, and the stock was held by, nonresident decedents (128-371, 150+1094, L. R. A. 1916A, 901). Taxation, ¶ 867(1).

Bonds of a railroad company, incorporated under the laws of Minnesota, having its principal place of business and general offices in the state, payable in New York, owned by a resident of Illinois and in his possession there at the time of his death, the persons succeeding thereto being residents of Illinois, the railway being subject to jurisdiction in states other than Minnesota, and it not being necessary to invoke the laws of Minnesota or resort to its courts, are not subject to a succession tax in Minnesota. Distinguishing (128-371, 150+1094, L. R. A. 1916A, 901; 133-117, 157+1076, L. R. A. 1916E, 1288). Taxation, ¶ 867(2).

Where the obligation is secured by a mortgage of real property of the corporate debtor, organized under the laws of the state as a railway corporation, a portion of which is in Minnesota and a larger portion in other states, through which the railroad passes, where it is subject to jurisdiction, and where the debt can be enforced and the mortgage foreclosed, and the whole mortgaged property sold, the fact that the mortgage covers property in Minnesota does not give it a taxable situs, supporting a succession tax (133-117, 157+1076, L. R. A. 1916E, 1288). Taxation, ¶ 868(1).

Subd. 5—Where a testator residing in Minnesota exercised by will a power of appointment given in the will of his mother, executed in Kentucky, in respect to property in the custody of a resident of Kentucky, such exercise of the power is constituted by the transfer of the property and not its creation (124-508, 145+390, 50 L. R. A. [N. S.] 262, Ann. Cas. 1915B, 861). Taxation, ¶ 878(2).

Under this section, the appointment, when made, is a taxable transfer in the same manner as though the property to which such appointment relates belonged absolutely to the donee of the power, and had been bequeathed or devised by the will. Therefore this case is treated as though the testator actually owned the property and had bequeathed it to the persons named in the will (124-508, 145+390, 50 L. R. A. [N. S.] 262, Ann. Cas. 1915B, 861). Taxation, ¶ 878(2).

2273. To take effect on death—When payable—Value of future or limited estate, etc.—

Prior to the amendment made by 1911 c. 209, the tax was computed upon the value of the inheritance at the time of decedent's death, and it became due when the beneficiary entered into the possession and enjoyment of any part exceeding the statutory exemption (132-104, 155+1077). Taxation, ~~§~~887, 895(4).

The inheritance tax law, as amended by 1911 c. 209, is not unconstitutional as embracing more than one subject not expressed in its title, or as infringing the equality provisions of the state and federal constitutions or the provision relating to the impairment of contracts (128-371, 150+1094, L. R. A. 1916A, 901). Constitutional Law, ~~§~~119, 229(1); Statutes, ~~§~~121(4); Taxation, ~~§~~121.

Where present value of precedent estate is ascertained, present value of estate passing to remaindermen is difference between present values of precedent estate and of entire estate, and tax thereon is payable presently, without regard to ultimate disposition of remainder (162+459). Taxation, ~~§~~897.

This section requires immediate payment of all inheritance taxes, except in single case of tax measured by value of estate or interest not susceptible of present valuation. That persons to whom succession will ultimately pass may not yet be known, and that amount which will pass to particular person may not yet be known, is not ground for deferring payment of tax (162+459). Taxation, ~~§~~887.

If inheritance tax rate be uncertain tax is to be paid at highest rate to which succession would, in any event, be subject; and if subsequent events show that such rate is too high, excess tax is to be refunded (162+459). Taxation, ~~§~~886½.

2281. Transfer by foreign executors, etc.—Personal property of nonresident decedent—Proceedings before attorney general—Shares of stock—Appeal—Where law of domicile exempts transfers of personal property of residents of Minnesota—

This act is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

A nonresident decedent's personal property having a situs in this state is subject to the succession tax of this state, though the devolution of such property is governed by the law of the decedent's domicile (128-371, 150+1094, L. R. A. 1916A, 901). Taxation, ~~§~~868(2).

The reciprocal exemption amendment made by 1911 c. 209, subsequently repealed, construed (see 128-371, 150+1094, L. R. A. 1916A, 901). Taxation, ~~§~~872.

2283. Application for letters testamentary, etc.—Notice—Determination of value of inheritance, etc.—

This act is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2284. Appraisers—

This act is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2285. Inheritance, etc., how appraised—

This act is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2286. Notice of appraisal—Powers and duties of appraisers—Compensation and fees—

This act is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2288. Notice upon determination—Additional clerical assistance—

This section, as amended by 1911 c. 209, is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2289. Objections—Notice and hearing—Reassessment—Bill of particulars—General inventory and appraisal—

This section, as amended by 1911 c. 209, is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2290. Nonpayment of tax—Duties of county officers—Hearing in probate court—Action by state—Property omitted—

In a proceeding for the collection of an inheritance tax, the state acts in its governmental capacity, not in its proprietary interests, and is not liable for costs or disbursements when the proceeding fails (133-117, 158+637, L. R. A. 1916E, 1288). States, ~~§~~215.

2292. Where estate of nonresident not probated—Agreement by attorney general to compound tax—Consent to assignment or delivery of property—

This section, as amended by 1911 c. 209, is not unconstitutional (128-371, 150+1094, L. R. A. 1916A, 901); note under § 2273.

2293. Powers of attorney general—Citation to persons having knowledge, etc.—Production of books, etc.—Penalty for refusal—Fees—Cited (181-118, 154+750).

MORTGAGES ON REAL PROPERTY

2301. Mortgage defined—

This act is intended solely as a revenue measure, and is not a restriction upon the right to contract, and if the instrument contains the information required, and the tax is assured to the state, the instrument executed is not invalid (122-419, 142+721). Mortgages, ¶54.

When parties, by mutual mistake, fail to insert in a deed given to secure a debt the fact that it is intended as security and the amount of the debt secured, the instrument may be reformed so as to comply with this section (122-419, 142+721). Reformation of Instruments, ¶18.

1907 c. 328, imposes no obligation on the mortgagee to pay the registry tax if he does not choose to record or enforce the mortgage (125-218, 146+350, 51 L. R. A. [N. S.] 465, Ann. Cas. 1915C, 774).

2302. Tax on record or registration—Rates—A tax of fifteen cents is hereby imposed upon each hundred dollars, or fraction thereof, of the principal debt or obligation which is, or in any contingency may be, secured by any mortgage of real property situate within the state executed and delivered after the passage and approval hereof and recorded or registered hereafter; provided that any such mortgage heretofore executed and delivered shall not be recorded or registered without payment of the tax originally stipulated in section 2 hereof as originally enacted; provided further that if any such mortgage shall describe any real estate situate outside of this state, such tax shall be imposed upon such proportion of the whole debt secured thereby as the value of the real estate therein described situate in this state bears to the value of the whole of the real estate described therein, as such value shall be determined by the state auditor upon application of the mortgagee; and provided further that if the maturity of any portion of said debt secured by the said mortgage, as therein stipulated, shall be fixed at a date more than five years after the date of said mortgage, then and in that case, the tax to be paid on such portion shall be at the rate of twenty-five cents on each hundred dollars or fraction thereof. (Amended '17 c. 73 § 1)

2307. Prepayment of tax—Evidence—Notice—

Where a contract for the sale of land is pleaded in the complaint and admitted in the answer, it is not material, in determining the rights of the parties between themselves, whether or not the registry tax has been paid (128-307, 150+903). Vendor and Purchaser, ¶345.

Evidence held not to show any rights or equities requiring the court to relieve a junior redemptioner, claiming under a subsequent mortgage, recorded without prepayment of the mortgage registry tax (127-37, 148+1068, Ann. Cas. 1916C, 527). Quieting Title, ¶44(3).

The payment of the tax is not an obligation imposed on the mortgagee. He is merely required to pay the tax in case he desires to record or enforce the mortgage (125-218, 146+350, 51 L. R. A. [N. S.] 465, Ann. Cas. 1915C, 774). Mortgages, ¶200.

[2313—]1. Certain instruments intended as mortgages legalized—That any instrument made and recorded prior to January 1, 1916, which is absolute in form but given and intended as a mortgage or security for a debt and in which the fact that it is so intended and the amount of such debt are not expressed and upon which instrument the mortgage registration tax has been paid, is hereby legalized and made as valid and effectual to all intents and purposes and of the same force and effect in all respects, for the purpose of notice, evidence, validity, as a mortgage or security, foreclosure, cancellation or otherwise, as if such instrument had contained a statement that it was intended as security and the amount of the debt thereby secured; provided that nothing in this act shall be held to apply to any action heretofore commenced or now pending in any of the courts of this state. ('17 c. 401 § 1)

[2315—]1. Certain foreclosures, etc., of contracts legalized, etc.—That in all cases where a contract for the purchase or sale of real estate has been foreclosed or cancelled or attempted to be foreclosed or cancelled, and such foreclosures or cancellation is defective by reason of the fact that prior

thereto no mortgage registration tax has been paid on said contract, such foreclosure or cancellation and all proceedings in connection therewith and the record thereof, if any shall have been made, are hereby legalized and made as valid and effectual to all intents and purposes and of the same force and effect in all respects, for the purpose of notice, evidence, validity, foreclosure, cancellation or otherwise as if such mortgage registration tax had been paid prior to the time of the commencement of any such proceedings. Provided that the mortgage registration tax on said contract has been paid in full before the passage of this act. ('15 c. 235 § 1)

[2315—]2. Same—Rights, when barred—Any person, persons, co-partnership or corporation as vendee holding any contract for the purchase or sale of real estate, which said contract has heretofore been foreclosed or cancelled or attempted to be foreclosed or cancelled, and the mortgage registration tax was not paid, said person, persons, co-partnership or corporation shall have thirty days from and after the passage of this act to assert any rights they may have under and by virtue of said contract, or be forever barred from asserting same. Provided, that nothing in this act shall be held to apply to any action heretofore commenced or now pending in any of the Courts of this State. ('15 c. 235 § 2)

[2315—]3. Certain foreclosures, etc., of contracts legalized, etc.—That in all cases where a contract for the purchase or sale of real estate has been foreclosed or cancelled, or attempted to be foreclosed or cancelled, and such foreclosure or cancellation is defective by reason of the fact that prior thereto no mortgage registration tax has been paid on said contract, such foreclosure or cancellation, and all proceedings in connection therewith and the records thereof, if any, shall have been made, are hereby legalized and made as valid and effectual to all intents and purposes and of the same force and effect in all respects, for the purpose of notice, evidence, validity, foreclosure, cancellation and in all respects, the same as if such mortgage registration tax had been paid prior to the time of the commencement of any such proceedings, provided, that said mortgage registration tax on any such contract shall be paid in full before the trial of any action commenced by the vendee of any such contract subsequent to the passage of this act. ('17 c. 288 § 1)

[2315—]4. Same—Rights, when barred—Any person, persons, copartnership or corporation as vendee holding any contract for the purchase or sale of real estate which said contract has been heretofore foreclosed or cancelled, or attempted to be foreclosed or cancelled, and the mortgage registration tax was not paid, said person, persons, copartnership, or corporation shall have one year from and after the passage of this act to assert any rights they may have under and by virtue of said contract, or be forever barred from asserting same, provided, that nothing in this act shall be held to apply to any action heretofore commenced or now pending in any of the courts of this state. ('17 c. 288, § 2)

This form shall require the taxpayer to make a return of the total amount of his "money" and "credits" taxable under this act.

The officers, judicial and executive of the government of the United States and of the states; persons in the military or naval services of the United States; customhouse clerks, persons employed by the United States in the transmission of the mail; artificers and workmen employed in the armories, arsenals, and navy yards of the United States; pilots; mariners actually employed in the sea service of any citizen or merchant within the United States shall be exempt from militia duty without regard to age, and all persons who because of religious belief shall claim exemption from military service if the conscientious holding of such belief by such person shall be established under such regulations as the president of the United States shall prescribe, shall be exempt from militia service in a combatant capacity; but no person so exempted shall be exempt from militia service in any capacity that the president of the United States shall declare to be noncombatant. As soon as the returns are complete, the superintendent of the census shall make and certify to the adjutant general lists of the names, alphabetically arranged and consecutively numbered, of all persons so designated in each town, village and city, arranged by counties, and showing the age, occupation and address of each person. And he shall accompany such lists with a table showing the number of enumerated militiamen in each town, village, city and county. The adjutant general shall prescribe blanks therefor. (2352) ('17 c. 400 § 3)

[2452—]4. **Duties of assessors—Duplicate lists—Compensation**—Whenever the governor shall so direct by his proclamation all such assessors shall make upon blanks prescribed by the adjutant general, duplicate lists of the names, alphabetically arranged and consecutively numbered, of all militiamen living in their respective districts, with the age, occupation, and postoffice address of each. One of said lists shall be filed with the county auditor, and one with the clerk of the town, village, or city in which the assessor resides; and no compensation shall be allowed for any services of an assessor until he has filed with such clerk an affidavit showing full compliance on his part with the foregoing requirements. (2353) ('17 c. 400 § 4)

[2452—]5. **Auditor to correct lists, furnish copies, etc.**—Each auditor shall add to the list so filed with him the names of all militiamen omitted, and erase the names of those shown to be improperly enrolled, giving notice of such changes to the proper clerks. On or before October 1st in such year, he shall

transmit to the adjutant general a certified copy of the rolls so filed and corrected. In addition thereto, or in lieu thereof, the adjutant general may require of the auditor a statement showing the number so enrolled in each town, village, and city of his county. (2354) ('17 c. 400 § 5)

[2452—]6. **Information required—Penalties**—Every householder shall disclose, upon the application of assessors and enumerators authorized to make such enrollment, the names of all militiamen residing in his house; and every person, upon like application, shall give his name, age, and address. At the appointed time and place they shall accept volunteers to the number designated by the governor's order, supplying any deficiency by draft. The names of the militiamen so accepted or drafted shall be forwarded to the governor forthwith. The governor may prescribe and enforce uniform rules for the conduct of drafts, appoint all officers necessary therefor, and fix the amount of their pay, not exceeding the rate of pay prescribed for the national guard or volunteers in the federal service. (2356) ('17 c. 400 § 7)

[2452—]9. **Desertion**—Every enrolled militiaman who fails, without reasonable excuse, to appear at the appointed time and place of assemblage, or, being accepted as a volunteer or duly drafted, fails to report for muster as lawfully required, shall be considered and treated as a deserter. (2358) ('17 c. 400 § 9)

[2452—]10. **Commander-in-chief—Powers and duties—Staff**—The governor shall be commander-in-chief of the militia, except so much thereof as may be in the actual service of the United States, and may employ the same for the defense or relief of the state, the enforcement of its laws, and the protection of life and property therein. provided, and of commissioned officers between the ages of twenty-one and sixty-four years. In time of peace it shall consist of three regiments of infantry, organized into a brigade, and one regiment of field artillery which may be attached to the brigade for the purpose of administration and instruction; also the several staff corps and departments, similar to the staff corps and departments prescribed for the regular army of the United States, which are hereby authorized to the extent that the same may be necessary to provide proper staff officers and enlisted men for the national guard as herein established. The term "National Guard" shall apply only to the militia organized as a land force, provided, that the number of officers and enlisted men of the national guard may be increased from time to time and organized so as to meet the minimum requirements of the federal laws. (2361-58 and 62) ('17 c. 400 § 12)

[2452—]13. **Governor to fix number and grades of officers, etc.**—For the purpose of conforming the national guard more closely to the organization of the United States army, and not otherwise, the governor on the recommendation of the military board may by orders issued from time to time, fix the number and grades of officers and enlisted men in the staff corps and departments. And in case of war, invasion, insurrection, riot or imminent danger of either, the governor may temporarily increase such force to meet such emergency. Staff officers, including officers of the pay, inspection, subsistence, and medical departments, hereafter appointed shall have had previous military experience and shall hold their positions until they shall have reached the age of sixty-four years, unless retired prior to that time by reason of resignation, disability, or for cause to be determined by a court-martial legally convened for that purpose, and vacancies among said officers shall be filled by appointment from the officers of the militia. (2362) ('17 c. 400 § 13)

(2363-60) ('17 c. 400 § 14)

[2452—]15. **Staff corps and departments**—The staff corps and departments shall consist of such officers and enlisted men respectively as may be prescribed by federal authority for this state. (2364) ('17 c. 400 § 15)

[2452—]16. **Staff appointments—Enlisted men**—The officers of the staff corps and departments shall be appointed by the military board, and commissioned by the governor. The enlisted men shall be recruited and warranted by their respective chiefs. Provided, however, that where officers of the staff corps and departments are attached or detailed to regimental or higher units and a vacancy occurs in such detail or detachment, the organization commander will make appointment to fill said vacancy. (2365) ('17 c. 400 § 16)

[2452—]17. **Military board**—The brigade commander or senior officer of the brigade, and the regimental commanders, or senior officer of each regiment not acting as brigade commander, shall constitute a military board, and meet quarterly at such stated time and place as they may fix, and at such other times and places as they may be convened by the adjutant general or the brigade commander. The board shall consider the status and needs of the national guard and such other matters as may be referred to them, and make suitable recommendation thereon through the adjutant general to the governor. The members shall receive no compensation or allowance for expenses beyond transportation and pay for one day's attendance at each stated session of the board, or when convened by the adjutant general. (2366) ('17 c. 400 § 17)

[2452—]18. **Enlistments**—The period of enlistment in the national guard shall be that which is now or may be hereafter prescribed by congress. Hereafter all men enlisting for service in the national guard shall sign an enlist-

In all cases where the sentence of a military court has been approved by the reviewing authority, the jurisdiction of said court and the legality of all its proceedings shall be presumed and on approval of such sentence, or in any civil proceedings, the burden of rebutting such presumption by competent evidence shall rest with the appellant or contestant in any such appeal or civil proceedings. If further action by the court is necessary to enforce the sentence or any part thereof, the record and sentence with the action of the reviewing officer thereon shall be returned to the court for further proceedings. (2443) ('17 c. 400 § 91)

[2452—]92. **Unpaid fines**—In default of payments of any fine, forfeiture, or costs, imposed by any military court after approval of sentence by the reviewing authority, the offender shall be committed to any county jail designated by said court for a period equal to one day for each dollar of fine imposed. 2502. Reserve maintenance fund—Apportionment of road and bridge fund, etc.—On or before the first Tuesday in April in the year 1917, and on or before the first Tuesday in January of subsequent years, the commissioner of highways, the state treasurer and the state auditor shall estimate the probable sum of money that will accrue to the state road and bridge fund during the current year and after first setting aside therefrom an amount not exceeding \$50,000 for a reserve maintenance fund, to be expended as herein-after provided, and also a sum not exceeding ten per cent of the sum it is estimated will accrue to the state road and bridge fund during the then current year, which sum shall constitute the expense fund of the highway department, shall apportion the balance of the state road and bridge fund among the different counties of the state as herein provided and shall immediately send a statement of such apportionment to the state auditor and to the county auditor of each county, showing the amount apportioned to each county for expenditure during such year.

Payment shall be made by the state to a county only for such proportion of the cost of maintenance of any road as is hereinafter specified with reference to the payment of state aid to such county for the construction or improvement of a state road therein.

It shall be the duty of the county board of each county in which state roads have heretofore or may hereafter be designated, to provide for the proper maintenance of the same in accordance with the rules and regulations of the commissioner of highways.

In the expenditure of the funds for maintenance preference shall be given to state roads improved as such and especially such state roads, to the cost of construction or improvement of which the United States has contributed.

The state's proportion of the cost of such maintenance shall be paid from the proportion of the allotment made to the county set aside for maintenance purposes, to an amount not exceeding the proportion so set aside for maintenance purposes. Such payments shall be made upon reports to the commissioner of highways, by the county auditor, after approval by the commissioner of highways, in substantially the same manner as is herein provided for the payment of the state's share of the cost of construction and improvement of state roads.

In case the county board of any county fails or neglects to maintain any state road as to which it is hereinbefore directed preference shall be given in the expenditure of the funds set aside for maintenance purposes in accordance with rules and regulations promulgated by the commissioner of highways. He may cause the same to be maintained and to pay the expense thereof from the "Reserve Maintenance Fund." He shall have power to enter into contracts for the performance of work or he may purchase the necessary tools and materials and employ the necessary labor and cause the same to be done by day labor under the supervision of an assistant engineer; provided, however, that the amount so expended in any one county in any one year shall not, together with the funds allotted to such county during such year, exceed an amount equal to three per cent of the total state road and bridge fund available for allotment and expenditure during such year; and provided further, that an amount equal to any sum so expended by the commissioner of highways in any county during any one year shall at the time of the next allotment of the state road and bridge fund be deducted from the allotment which would otherwise be made to such county and the amount so deducted shall be credited to the reserve maintenance fund; provided further, however, that no county shall by reason of any such deduction receive in any one year less than one-half of one per cent of the total state road and bridge fund provided and expended during such year.

The amount which shall be paid by the state out of the allotment of the road and bridge fund, to any county as state aid, in the construction or improvement of any road or bridge in any county in any year, shall be as follows:

In counties where the assessed value of the property for taxation purposes is less than five million (\$5,000,000) dollars, 80 per cent; in counties with a taxable valuation of five million (\$5,000,000) dollars and less than ten million (\$10,000,000) dollars, 70 per cent; in counties with a taxable valu-

ation of ten million (\$10,000,000) dollars and not exceeding fifteen million (\$15,000,000) dollars, 60 per cent; in all other counties, 50 per cent. In determining the taxable valuation hereinbefore provided for, the assessed valuation of moneys and credits provided for in chapter 285, General Laws 1911 [2317-2328], shall be excluded. The proportion of the cost of constructing any road or bridge above specified shall be paid by the state only in case the funds apportioned to any given county, over and above the amount set aside for maintenance, as herein provided, shall be sufficient therefor. ('13 c. 235 § 16, amended '15 c. 116 § 4; '17 c. 119 § 11)

2504. Rules and regulations for construction—As soon as the commissioner of highways shall have ascertained the location of the available road material throughout the state, and the best methods of road and bridge construction, as far as the same may be practicable, he shall prepare and adopt such rules and regulations for the construction, maintenance and improvement of state roads as shall be most suitable to the requirements of, and bring the most practicable results to, the several parts of the state.

Such rules and regulations shall be printed and copies shall be forwarded to the county auditor of each county in the state for general distribution. Such rules and regulations may be amended from time to time, but such amendments must be printed and distributed not later than April 1st of each year. ('13 c. 235 § 17, amended '17 c. 119 § 12)

2505. Designation of state roads—Surveys—The county board of any county may, with the consent of the commissioner of highways, designate any established road, or specified portion thereof, in its county, not within the corporate limits of any borough, village or city, as a state road, and construct or improve the same in accordance with the regulations of the commissioner of highways relative to state roads.

Any such board may also, with the consent of the commissioner of highways, designate as a state road, any street or road not less than sixty feet in width and lying within the corporate limits of any village, borough or city of the fourth class and constituting a direct connecting line with the parts of a state road leading to and out of any such borough, city or village.

When any county board has designated any road as a state road as herein provided, the county auditor shall transmit a copy of the resolution to the commissioner of highways, together with a description of the road so designated. It shall be the duty of the commissioner of highways to thereupon determine whether sufficient funds will be available from the state road and bridge fund for the improvement of said road as a state road and also determine the desirability of such designation with reference to the relation of such road to other state roads, or its relation to other roads and traffic conditions in such county and if he determines such question in the affirmative, then and in such case, the commissioner of highways may, by his order in writing, to be filed with the county auditor, consent to the designation of such road as a state road.

Any street or road within the corporate limits of any borough, village or city of the fourth class designated as a state road, as hereinbefore provided, may be improved by the county as other state roads are improved and state aid paid therefor in the same manner and to the same extent as other state roads lying within the county wherein such borough, village or city is situate; provided, however, that the grade of any such street shall not be changed without the consent of the governing body of any such borough, city or village; and provided further, that the plans and specifications for any improvement thereof shall be approved by such governing body before such work is commenced.

Whenever it shall be made to appear to the commissioner of highways that the board of county commissioners of any county has refused to grant an application to it made by at least ten freeholders, residents of such county, to designate any established road or part thereof as a state road, the commissioner of highways may consider such application *de novo* and if in his opinion, sufficient funds will be available for the improvement of such road, and its designation and improvement as a state road is desirable because of

the relation of such road to other state roads or traffic conditions in such county, the commissioner of highways may by his written order designate such road or part thereof as a state road without a prior designation thereof by the county board or its concurrence in such designation. A copy of such order shall be filed with the county auditor.

Any roads which may have been at any time designated as state roads may, by joint action of the county board and the commissioner of highways, be abandoned or changed as such.

The commissioner of highways shall make or cause to be made all necessary surveys, establish grades and prepare plans and specifications for all state roads, except roads in counties which now have or hereafter may have a county superintendent of highways or other officer to superintend the construction and improvement of roads within its confines, and shall cause to be superintended all work done on such designated state roads. Such work may be done under contract or by day labor, as the county board and the commissioner of highways may direct, and a report thereof shall be made by the engineer in charge thereof in duplicate, as may be required by the commissioner of highways, one copy of which shall be delivered to the county auditor and one to the commissioner of highways. ('13 c. 235 § 18, amended '15 c. 116 § 5; '17 c. 119 § 13)

2506. Designation of road on county line as state road—Whenever the county boards of adjoining counties make application to the commissioner of highways for the designation of an established road running on or near the boundary line between two counties, as a state road, said commissioner of highways shall investigate the desirability of such designation and if he shall decide that it is desirable so to do, shall so designate such road and determine and fix the part of the cost of the improvement and maintenance thereof to be paid by each county. ('13 c. 235 § 19, amended '17 c. 119 § 14)

2507. Assistant engineers—Duties—The commissioner of highways shall appoint as many assistant engineers throughout the state as he may deem necessary for the purpose of properly superintending all work done on state roads. Such assistant engineers shall devote their entire time to their official duties; may be assigned by the commissioner of highways to one or more counties as deemed advisable and shall act under the instruction of the commissioner of highways and the rules and regulations promulgated by him. The commissioner of highways shall cause all necessary surveys, estimates, plans and specifications for work to be done on state roads to be made and prepared by the highway department. It shall be the duty of the assistant engineers upon request of the board of county commissioners of the county to which such assistant engineers are assigned, or any town board of supervisors in such county, to advise and consult with such county or town board in the construction or improvement of county or town roads, to make plans and specifications when so required; to exercise supervision over such construction or improvement when requested so to do by the county board or town board, as the case may be, and lend every possible assistance to the local road authorities in building and improving the public highways. All persons appointed by the commissioner of highways to any office or position shall be appointed solely on his or her merits and qualifications.

The commissioner of highways shall pay from the funds appropriated for the expenses of the highway department, all the expenses of the assistant engineers and all expenses incidental to the making by them of surveys, estimates, plans and specifications for work to be done on the public roads, including the expenses of such engineers incidental to the supervision by them of the construction or improvement of any public road. It shall be lawful, however, for a county board of any county to furnish a suitable office and office furniture and equipment at the county seat of its county for the use of an assistant engineer assigned to such county. ('13 c. 235 § 20, amended '15 c. 116 § 5A; '17 c. 119 § 15)

2508—Procedure of county board in constructing or improving state roads—Whenever the county board of any county shall determine to build

or improve any state road for which aid is to be claimed, they shall proceed as follows:

If the estimated cost of such work does not exceed five hundred dollars (\$500) the said board shall cause surveys, when necessary, to be made therefor, by an assistant engineer, and shall thereupon receive bids for all or part of said work and let the contract to the lowest responsible bidder, or may cause the same to be done by day labor under the supervision of said engineer. In case the estimated cost exceeds five hundred dollars (\$500) the said county shall cause surveys, plans and specifications therefor to be made by an assistant engineer and submit the same to the commissioner of highways for approval, and when such plans and specifications are approved, the said county board shall proceed to do said work by contract or day labor. The work shall be done under the supervision of an assistant engineer, who shall in all matters pertaining to such work act under the rules and regulations of the commissioner of highways.

The provisions of this section shall not apply to any county which now has or which may hereafter have a population of one hundred fifty thousand (150,000) inhabitants and over and a county superintendent of highways or other county officer to superintend the construction or improvement of roads within its confines. ('13 c. 235 § 21, amended '17 c. 119 § 16)

2509. State aid, how paid—After any county board shall have completed any work on a state road for which state aid is claimed, the auditor of such county shall make a statement to the commissioner of highways showing the location, nature and cost of such work and shall also submit a detailed report from the assistant engineer in charge showing all such details concerning the same as may be required by the commissioner of highways. On receipt thereof the said commissioner of highways shall proceed to examine such reports and if he finds the same satisfactory and that the work has been done in substantial compliance with the plans and specifications therefor, and the contract therefor, if any, he shall certify the same to the state auditor who shall issue a warrant for the state's share thereof as shown by said report, payable to the treasurer of such county, but in no case shall said warrant with all other warrants exceed the amounts allotted to such county, and it shall be the duty of the assistant engineer to report such work in duplicate to the county auditor with details and cost within thirty days after the completion thereof, one copy of which shall be sent to the commissioner of highways with the auditor's report.

The detailed report of the assistant engineer mentioned herein shall contain, among other things, a statement showing the municipal subdivision performing the work or expending the money on such highway, and if more than one such municipal subdivision has performed work or expended money on such highway, then the names of such municipal subdivisions and the portion of the work performed or money expended by each. The county auditor upon receipt of the money from the state shall pay or credit the same to the municipal subdivision entitled thereto, and if more than one such municipal subdivision has performed work and expended money upon such highway as shown by the assistant engineer's report, then to each of such municipal subdivisions in the proportion shown by such assistant engineer's report. Subdivision (5). County may issue bonds, when—When authorized by the voters as hereinafter provided, the county board of any county is authorized to issue bonds for the purpose of macadamizing any established county road or roads therein, or surfacing the same with any hard material or in any other way making a permanent improvement thereon, when the expense of so doing exceeds the amount of any appropriation the county board is authorized to make therefor.

Whenever fifty or more voters of the county who are also freeholders, petition for such improvement, and file such petition with the county auditor, he shall lay the same before the county board at its next regular, special or adjourned meeting.

It shall be the duty of the county commissioners to consider such petition and if they find it contains the requisite number of signatures, they shall request an estimate of the cost of such improvement to be made by an assistant engineer.

If such estimate is furnished more than six months prior to the time of holding the next general election, the county board may, if it deems it desirable, order the holding of a special election in the county for the purpose of voting on the question of making such improvement and issuing bonds therefor. No special election shall be ordered when a general election will be held within six months after the estimate of the assistant engineer is filed with the county auditor. If a special election is ordered, the county auditor shall cause ballots to be prepared, setting forth a statement of the proposed improvement and description of the road or roads to be improved, with the words "yes" and "no" thereafter, with appropriate spaces for voting.

Persons voting in favor of the proposition shall put a cross (X) after the word "yes" and those opposed after the word "no." If not submitted at a special election the auditor shall cause the same to be submitted at the next general election. In either event the votes on such question shall be returned and canvassed as is provided by law with reference to other questions submitted to the voters. If a majority of the voters voting at the election vote in favor of the improvement, then the county board shall issue the bonds of the county as hereinafter provided and cause the improvement to be made.

The bonds so issued shall bear interest, evidenced by coupons, at a rate not exceeding six per cent per annum, payable annually; such bonds may be made payable in equal installments, the first of which shall become due and payable not less than five years after the date thereof and the last of which installments shall become due and payable not more than twenty years after the date thereof. Said bonds shall not be sold for less than par and accrued interest and the proceeds thereof shall be used by the county only for making the improvements specified in the proposition as submitted to the voters; such bond shall not be valid until registered by the county auditor and his certificate of registration endorsed thereon. The county auditor shall thereafter levy a sufficient tax to pay the interest and principal of said bonds as the same shall accrue, which tax shall be collected as other taxes are collected; provided, however, that no such bonds shall be issued by any county when the issuance of the same would make the entire indebtedness of the county exceed fifteen per cent of the assessed valuation of the taxable real property of the county; provided, that in computing the indebtedness of any county, any indebtedness created by the issue of bonds of such county for the construction of drainage ditches the cost of which is assessed against the benefited property, shall not be included. [2518—]1. **Road and bridge tax on unorganized territory**—The county boards of the several counties in which there may be situated any territory not organized for township purposes are hereby authorized to, and they may in their discretion, annually levy a tax for road and bridge purposes on all the real and personal property in such unorganized territory, exclusive of moneys and credits taxed under the provisions of Chapter 285, Laws 1911 [2316-2328], not exceeding, however, fifteen mills on the dollar of the assessed value of such property. Such tax, if levied, shall be additional to the tax which the counties are authorized to levy for county road and bridge purposes. ('15 c. 44 § 1)

[2518—]2. **Same—Resolution—Duty of auditor**—If any county board deems it desirable to levy such a tax on such property, it may at the time it levies the county taxes, by resolution reciting such fact, determine the amount so to be levied in each congressional township of such unorganized territory for the then current year. It shall be the duty of the auditor to extend such tax so levied upon the tax books of the county, at the same time and in the same manner as other taxes for county purposes are extended, as to property in such unorganized territory, and the same shall be collected and the payment thereof enforced at the same time and in the same manner as other county taxes on such property, and with like penalties for non-payment at the time prescribed by law. ('15 c. 44 § 2)

[2518—]3. **Same—Separate funds**—Such tax, when collected, shall be set apart in separate funds in the county treasury; such funds shall be designated in such a manner as to describe each thereof, as the road and bridge fund for the congressional township the property of which is so taxed to create such fund. ('15 c. 44 § 3)

[2518—]4. **Same—How expended**—Such fund shall be expended under the direction of the county board for the construction, improvement, maintenance and repair of roads and bridges in the congressional township, the property of which was so taxed to create such fund. ('15 c. 44 § 4)

[2518—]5. **Same—Tax on what territory levied**—The tax above provided for may be levied on all or only a part of the unorganized territory in any county, provided, however, that no part of such unorganized territory less than a congressional township shall be so taxed. ('15 c. 44 § 5)

[2518—]6. **Road and bridge fund in counties having 300,000 inhabitants, etc.**—In all counties in this State now or hereafter having a population of 300,000 or more inhabitants where the maximum rate of taxation for county purposes is fixed by a board of tax levy, or other corresponding body, the annual estimate of the county board for the road and bridge fund of such county as filed with such board of tax levy, or other corresponding body, to an amount not exceeding two mills on the dollar of the taxable valuation of such county, shall be allowed in full, for the years 1917 and 1918 and shall be included in the tax levy and shall not for any reason be reduced, altered or amended. Provided that not more than four-tenths (4-10) of a mill of such tax levy may be used for the repair, maintenance and upkeep of highways and bridges and that the balance of such tax levy shall be used solely and only for the construction of main arterial roads. ('17 c. 339 § 1)

Section 2 repeals inconsistent acts, etc.

COUNTY ROADS OTHER THAN THOSE ESTABLISHED BY JUDICIAL PROCEEDINGS

2519. **Powers of county board**—Counties having 200,000 inhabitants—County roads, other than those established by judicial authority, shall be established, altered or vacated only by the county board. Damages resulting

from the establishing, altering or vacating such roads shall be determined in the manner hereinafter provided, and shall be paid by the counties through which they pass. All proceedings in establishing, altering or vacating roads shall be recorded in a public record book, designated as the "Book of County Roads."

The county commissioners of any county are hereby authorized and empowered to constitute and declare any public highway or road in such county outside of the corporate limits of any incorporated city or village therein, a county road; and they are hereby given general supervision over such roads, with full power to appropriate such sums of money from the county treasury of such county as they may deem advisable for improving the same; provided, that nothing contained in this section shall be so construed as to relieve the supervisors or town overseer of highways of any town in such county from any of the duties imposed upon them by existing laws relating to roads, cartways and bridges, nor to repeal any existing special law relating to roads, cartways and bridges applicable to such county.

In any county of this state having two hundred thousand (200,000) inhabitants or over, or which may hereafter have two hundred thousand (200,000) inhabitants or over, the county commissioners thereof are hereby authorized and empowered to extend any street or avenue beyond the city or village limits of any city or village in such county to connect with any road or highway in any adjoining county, which extension, however, shall not exceed one mile in length; and said county commissioners are given full power to change, alter, improve or repair such extension of road within such county, and to appropriate such sum or sums of money from the county treasury of such county as they may deem advisable therefor; provided, that in no case shall the location of such road wherewith such extension shall be connected, be changed at the point where the same now crosses the county line between such county and such adjacent county or counties. ('13 c. 235 § 32, amended '15 c. 116 § 6)

2520. Roads in more than one town, etc.—Petition—Whenever twenty-four freeholders of any county petition the county board for the establishment, alteration or vacation of any road or of any roads which connect with each other running into more than one town, or partly in one or more towns and partly on the line between one or more towns, or on the line between two or more towns, in such county, or along the shore of any lake wholly or partly in such county, or into a town or towns and the unplatted part of any village or villages therein, such road or roads not being within a city, or any road wholly within a town, which constitutes a direct connecting link with two or more roads in the towns adjoining the town in which such road is, or is to be located, setting forth the beginning, course and termination or the beginnings, courses and terminations of the road or roads, and the names of the owners of the land, if known, through which the same may pass, and file the same with the auditor, he shall forthwith lay the same before the board, if in session, and if not, at their first session thereafter. If the petition relate to a road or roads, partly in a town or towns, and partly in the unplatted portion of a village or villages, before it shall be acted upon by the county board it shall have attached thereto a certified copy of a resolution of the village council or of each village council, as the case may be, approving the same. ('13 c. 235 § 33, amended '15 c. 116 § 7)

TOWN ROADS

2525. General supervision in town board—The town board of each town shall have general care and supervision of all town roads therein, and such care and supervision of county roads therein as is prescribed by the provisions of this act, and shall procure machinery, implements, tools, stone, gravel, and other material required for the construction and repair thereof, provided, that in counties having a population of one hundred fifty thousand (150,000) or over and which now have or hereafter may have a county superintendent of

highways or other officer to superintend the construction or improvement of roads within its confines, the town board shall not have jurisdiction over county roads. ('13 c. 235 § 38, amended '15 c. 116 § 8)

Town officers are not liable to one injured on a highway owing to their failure to keep it in repair (134-41, 158+725). Highways, ~~§~~198.

While mandamus may lie to compel the town board to repair a public road, where such board refuses to exercise its discretion, the person seeking the remedy must show a clear right to the relief demanded (133-160, 157+1092). Mandamus, ~~§~~94.

In mandamus to compel the repair of public roads, the persons composing the town board may properly be made defendants (133-160, 157+1092). Mandamus, ~~§~~151(2).

2527. Taxation—Subdivision (1). All real and personal property in each town liable to taxation, other than "moneys and credits" taxed under Chapter 285, Laws 1911 [2316-2328], shall be taxed for road purposes, and except as provided in subdivision 2 of this section all road taxes hereafter levied shall be paid in cash. The electors of each town shall have power at their annual town meeting to determine the amount of money which shall be raised by taxation for road and bridge purposes, not exceeding, however, fifteen (15) mills per dollar on the taxable property of the town. The tax so voted shall be extended, collected and payment thereof enforced in the same manner and at the same time as is provided by law for the extension, collection and enforcement of other town taxes.

After the annual town meeting, in case of emergency, the town board may levy a tax on the property in its town for road and bridge purposes in addition to the tax, if any, voted at the annual town meeting for road and bridge purposes, in an amount not to exceed five (5) mills on the dollar of the assessed value of the property in the town, and any tax so levied by the town board shall forthwith be certified to the county auditor for extension and collection.

The town board may thereafter pledge the credit of the town by issuing town orders not exceeding, however, the amount of the additional tax so levied by the town board for road and bridge purposes, in payment for work done or material used on the roads within the town. ('13 c. 235 § 40, amended '17 c. 119 § 20)

Subdivision (2). (a) In any town wherein the voters shall at the annual town meeting vote, as hereinafter provided, to authorize the town board so to do, the town board may levy and assess on the property subject to taxation under the provisions of subdivision (1) of this section, an additional tax for road and bridge purposes, not exceeding in amount ten mills on the dollar of the assessed value of such property, which tax so levied shall be known as the optional road tax and which may be paid by the person whose property is so taxed in labor or by furnishing the use of a team for road work at the following rates, to-wit: for each day of work actually performed in labor on the roads of the town under the supervision of the road overseer, two dollars, for the furnishing of a team, two dollars and fifty cents per day. Provided that no optional road tax shall be levied in any year unless there is also levied in such year at least a three mills tax payable in cash, as provided in subdivision one of this section.

(b) When a petition signed by ten or more freeholders and voters of a town shall be presented to the town clerk at least twenty (20) days before the time of the holding of the annual town meeting, praying that the question of authorizing the town-board to levy and assess an optional road tax be submitted to the voters of such town, the town clerk shall include in his notice of such annual meeting a notice that such question will be voted on at such meeting. Such question shall be voted on by ballot and it shall be the duty of the clerk to provide, at the expense of the town, a suitable number of ballots which may be printed or written or partly printed and partly written in substantially the following form, to-wit:

Shall the Town Board be authorized to levy and assess an	} No..... Yes.....
"Optional Road Tax?"	

If a majority of the votes cast on the proposition be in the affirmative, the town board shall have authority to levy a tax as provided in paragraph (a)

of this subdivision, until such time as the electors at an annual town meeting, upon like procedure, shall have voted by a majority vote of those voting on the question to withdraw from the town board authority to levy an optional road tax. The votes on such question shall be canvassed and the result declared and recorded in the manner provided by law with reference to the election of town officers.

(c) Forthwith upon the granting of authority to levy the optional road tax the town clerk shall make application to the county auditor for a certified copy of the assessment list of the real and personal property taxable by the town, and it shall be the duty of the county auditor to thereupon and annually thereafter furnish the town clerk upon request with such list. Such list so furnished by the auditor shall set forth in tabular form the name of each person taxable in the town, the description of the real property owned by such person and the assessed value thereof and the value of the personal property owned by each person as shown by the assessment list last theretofore corrected and equalized.

(d) Within twenty (20) days after the annual town meeting, the town board shall meet and levy a tax on the property taxable in the town as shown by such list so furnished by the auditor, not exceeding ten mills on the dollar of the assessed value thereof, and extend the amount of the tax so levied and assessed opposite the name of each owner thereof. It shall be the duty of the clerk to forthwith make and deliver to each road overseer in the town a list in book form of the names of the taxpayers as shown by such list and resident in his district, together with the amount of the tax so levied and assessed against such taxpayer.

(e) It shall be the duty of each overseer to give notice in writing to each taxpayer named in his list of the time and place when and where such taxpayer can appear, either by himself or an able-bodied substitute, and perform labor on the roads of the town, or furnish a team for such purpose, in payment of such tax at the rates hereinbefore specified. Any taxpayer unable to appear at the time and place specified in the notice of the overseer may thereafter and prior to October 15th of such year, with the consent of the overseer, perform road labor or furnish a team for road work in payment of such tax.

(f) On or before the 15th day of October in each year each overseer shall return to the town clerk such list so theretofore delivered to him with the word "Paid" marked opposite the name of each person therein named who has performed labor or furnished a team for road work, to an amount sufficient to pay such tax, and if only in part, then the words "Delinquent to the extent of \$....." He shall also mark the word "Delinquent" opposite the name of each person who has not done any work, or furnished a team as herein provided. On or before the first of November in each year the town clerk of each such town shall transcribe all such entries from the lists so returned by the overseers on to the list theretofore furnished to him by the county auditor and transmit the said list to the county auditor, and shall append thereto a certificate to be signed by him, reciting that the same contains a correct list of the optional road taxes delinquent for the year therein stated. The auditor shall thereupon extend such delinquent optional road tax upon the tax list of the current year and the same shall be collected and the payment thereof enforced with and in the same manner and subject to the same penalties and interest as other town taxes. Such tax when collected shall be paid to the town treasurer and credited to the town road and bridge fund. ('13 c. 235 § 40, amended '17 c. 119 § 21)

1917 c. 119 § 21 further amends 1913 c. 235 § 40, by adding a subdivision to be known as subdivision (2), as above set forth.

2528. Dragging roads—Tax—Dragging fund—The county auditor of each county shall annually extend upon the tax lists of his county, in the same manner as is provided by law for extending the county school tax, a tax of one mill on the dollar of the taxable property in each town, outside the cor-

porate limits of any borough, village or city in any such town; provided, that in towns having an assessed valuation of one million (\$1,000,000) dollars or more, the amount of such tax shall not exceed one thousand (\$1,000) dollars. The tax so levied shall be collected and the payment thereof enforced in the same manner as is provided by law for the collection and enforcement of other town taxes extended by the county auditor. The county treasurer shall settle with and pay over to the town treasurer such taxes when collected at the time and in the manner now provided by law with reference to other town taxes.

The proceeds of such tax levy shall be kept in a separate fund to be known as the "dragging fund" and shall be expended by the town board only for the expense of procuring a suitable number of drags and dragging the roads of the town; in putting straw on sandy roads and removing snow from town and county roads, provided, however, that if on the first day of April in any year there shall be an unexpended balance in said fund, which unexpended balance exceeds in amount the sum of one hundred dollars, the town board may transfer all or a part of the amount in such dragging fund in excess of one hundred dollars, to the town, road and bridge fund, provided, however, such transfer shall not be made until it shall first affirmatively appear that the town board has theretofore procured a suitable number of drags and that the roads of the town have been properly dragged.

The town board in each town, on recommendation of the town or district road overseer may enter into contracts for the dragging of the roads of the town or district, giving preference to the main traveled road and roads constituting mail routes within their respective towns; provided, however, that the compensation which may be agreed to be paid for each time a road is dragged shall not exceed one dollar per mile for each mile of road dragged.

The contract price shall be paid from the "dragging fund" in the same manner as other claims against the town, after approval by the road overseer. ('13 c. 235 § 41, amended '15 c. 116 § 9; '17 c. 259 § 1)

2529. Town overseers—Assistants—Each town shall constitute one road district, except when otherwise provided. When directed so to do by the voters of the town at the annual town meeting, the town board shall divide each town into as many road districts, not exceeding four, as shall be directed by the voters at the annual town meeting. Provided that for the year 1915 the town board may of its own volition divide the township into such road districts. Provided further, if a town constitutes but one road district the road overseer may appoint one or more competent assistants, subject to the approval of the town board. It shall be the duty of the town board to appoint a road overseer for each district, who shall have charge, under the supervision of the town board of the construction of all town roads in his district and the maintenance of all town and county roads therein. No member of the town board shall be eligible for appointment as town road overseer. The compensation of the road overseer shall be fixed by the town board at a sum not to exceed three dollars (\$3.00) per day for the time actually employed in the performance of his duties. Before entering upon his duties he shall give a bond to the town with sureties to be approved by the town board, in the sum of two hundred fifty dollars (\$250.00) conditioned for the faithful discharge of his duties and to return to the town all the property of the town which may come into his custody. The overseer shall hold office at the pleasure of the town board.

Provided, that such road overseer shall have no jurisdiction over county roads in any county which now has or hereafter may have a population of one hundred fifty thousand (150,000) inhabitants, or over, and a county superintendent of highways or other officer to superintend the construction and improvement of roads within its confines. ('13 c. 235 § 42, amended '15 c. 116 § 10)

Town officers are not liable for injuries resulting from their failure to keep a highway in repair (134-41, 158+725). Highways, ~~§~~ 198.

2530. Establishment, alteration or vacation—Petition—

Inaccuracies in courses and distances in description in petition to alter a road is not fatal, where from designated fixed lines and points the location can be determined (122-20, 141+810). Highways, ~~§~~72(2).

A description which is impossible of location renders the proceeding void, and the failure of a landowner to appeal does not obviate the invalidity (125-359, 147+240). Highways, ~~§~~29(5), 55.

2532. Hearing and determination—

A town board, under R. L. 1905 §§ 1171-1174, might exercise reasonable discretion in varying the route proposed in a petition, as public interest might require, but the order must adhere substantially to the petition as to the point of beginning, general course, and termination. A variance of thirty rods at the point of termination is fatal (125-359, 147+240). Highways, ~~§~~44(2).

2538. Appeals—

Under R. L. 1905 § 1199, a receipt by a landowner of money as damages, upon being informed and in the belief that a road had been legally laid out on a definite location, does not estop him from asserting that the description was impossible and void (125-359, 147+240). Highways, ~~§~~55.

2542. Cartways—Any town board may establish a cartway two rods wide on petition of not less than five voters, freeholders of such town. All their proceedings shall be the same as provided in this act for establishing town roads. The cost and expenses thereof, and the damages awarded for lands taken therefor, shall be paid by the town, as in the case of town roads, and a record of such cartway shall be filed with the town clerk; provided, that, when a road or cartway is established which will not be a continuous road from one highway to another, one-half of the damages to the land through which it passes shall be paid by the persons benefited thereby.

Town boards shall, on petition of the owner of a tract of land, of not less than five acres in area, who has no access thereto except over the lands of others, establish a cartway not more than two rods wide connecting his land with a public road. The amount of damages, if any, to be paid by the petitioner to the town before such cartway is opened.

Any town board may expend road or bridge funds upon a legally established cartway the same as on town roads if in the judgment of such board the public interests require it. ('13 c. 235 § 55, amended '15 c. 116 § 10½)

Not evidence of boundary between lands (121-468, 141+788). Boundaries, ~~§~~35(1).

The town board is not obliged to lay out the road on the route selected by the petitioner, construing Laws 1911 c. 217, amending R. L. 1905 § 1171 (122-134, 141+1115). Private Roads, ~~§~~2.

A description in a highway petition is sufficient, if monuments be designated which enable persons familiar with the locality to locate the way upon the ground with reasonable certainty. A petition locating the way by reference to a bridge, a railroad track, a section line highway, and a private road held sufficient (129-392, 152+761). Highways, ~~§~~29(5).

2543. Dedication of land for road—Wagon bridge to island—One or more owners may dedicate land for a road or cartway by making application therefor, in writing, to the town board, describing the land and the purpose of its dedication, and filing such application with the clerk. The clerk shall present the same to the town board which, within ten days after such filing, may make an order declaring the land described to be a public road or cartway. When so declared, such land shall be deemed duly dedicated for the purpose expressed in the application, and no damages shall be assessed therefor. Any person owning land to exceed forty acres constituting part of an island within any meandered lake may, at his own expense, erect a wagon bridge across such portion of the lake as may separate his land from the nearest town road on shore, provided such structure shall not interfere with the use of that part of the lake for the passage of such water craft as would otherwise pass that point, but before proceeding with the construction of such bridge, proper plans and specifications therefor shall be prepared and submitted to and approved by the town board of the township in which such bridge is to be constructed.

Upon the completion of any bridge constructed in accordance with the provisions of the preceding paragraph, the town board shall examine and approve the same and shall indorse such approval upon the plans and specifications therefor, and thereupon the same shall be filed in the office of the

town clerk of the township in which such bridge is located and such bridge shall thereupon become a part of such town road and open to the use of the public as such. (Amended '17 c. 479 § 1)

2546. Drainage of town roads—Subdivision (1). Affidavit and notice—Whenever the town overseer of roads shall file with the town board his affidavit, or if two resident freeholders of the town file their affidavit stating that a road to be constructed or any road already constructed, passing through or into said town runs into or through a swamp, bog, or other low land, and that it is necessary or expedient that a ditch should be opened through private lands, the probable length, width and depth of such ditch, the termini and general course of the same, a description of the land over which said ditch will pass, the names of the owners thereof, if known, and that such road through such low ground cannot, without extraordinary expense, be made passable unless such ditch or ditches are opened, the chairman of said board shall prepare a notice therein fixing a time, not less than six nor more than sixty days from the date thereof, when said board will meet at a place to be designated in the notice and personally examine the premises. Such chairman shall cause said notice, together with the affidavit, to be filed in the office of the town clerk, who shall make true copies of such notice and deliver them to said town overseer. Said overseer shall personally serve the same upon each of said land owners, if residents of the county, and upon the occupants of such lands where the owners are not residents of such county. Such ditch or ditches shall be laid out upon said lines as the owners of the land desire, when it is practicable and can be done without extra cost. The word ditch as used in this act shall be held to include any open, covered or tile drain. The town board may also appoint three freeholders of the town to act as viewers in laying out the proposed ditch, and shall receive the same compensation as the board for similar work. ('13 c. 235 § 59 subd. 1, amended '15 c. 116 § 11; '17 c. 259 § 2)

Subdivision (3). Hearing and assessment—At the time and place specified in the notice, the town board shall examine the road and premises over which such ditch must pass, and hear any reasons for or against laying out the same, and all evidence offered by any interested party relative to the pecuniary advantage or disadvantage which will accrue to any tract of land by reason of the establishment of such ditch, and determine upon the advisability of opening such ditch. If it determine that it is expedient and advisable to open such ditch, it shall assess the damages, if the damages exceed the benefits, which in its judgment will be just and equitable compensation to the owner of any tract of land for the right to open the ditch through his land, including the right to enter upon such land whenever necessary for the purpose of cleaning out or repairing it, awarding in such case as damages the difference between the damages and benefits.

It shall also determine the money value of the benefits which will accrue to any tract of land by reason of the construction and maintenance of such ditch and in case the benefits exceed the damages, shall assess the difference as benefits to the lands. Such determination of benefits and damages shall be made in tabular form setting forth the description of the lands and the names of the owners thereof, if known, and the benefits or damages which will accrue to each tract. The damages or benefits may be determined by agreement between the land owners and the town board.

In case of such an agreement the town board shall extend the benefits or damages, as the case may be, in such tabular statement. Any land owner may appeal, as hereinafter provided, from the amount awarded as damages or benefits. Such tabular statement shall be attached to the order establishing the ditch, if such order be made, and filed with the town clerk and any person whose lands are assessed for benefits may, within twenty days thereafter, pay the amount thereof to the town treasurer who shall issue a receipt therefor. On presentation of such receipt to the town clerk he shall mark the amount of the assessment so paid with the words "Paid and Satisfied." After the expiration of twenty days, if no appeal shall have been taken, the clerk shall certify each tabular statement to the county auditor, who shall

thereupon extend such assessment of benefits not marked "Paid and Satisfied" against the respective tracts of land therein described, of the tax lists of the town for the year next ensuing after such tabular statement shall have been so certified to him, together with interest on such assessment at the rate of six per cent per annum from the time such assessment was made until the tax list shall be delivered to the county treasurer for collection. The assessments so made shall be a lien on the land and shall be collected with, and the payment thereof enforced, in the same manner and with like penalties and interest as town taxes. Such assessments when paid or collected shall be paid into the town treasury at the time of payment of other taxes and shall be expended in paying the cost of constructing and maintaining such ditch. ('13 c. 235 § 59 subd. 3, amended '17 c. 259 § 3)

Subdivision 8. State roads—The foregoing provisions of this section shall be applicable to state roads, and in such cases the powers and duties hereinbefore conferred and imposed upon town boards, shall be and they are hereby conferred and imposed upon county boards; the powers and duties conferred and imposed upon a town clerk are hereby conferred and imposed upon the county auditor. The affidavit referred to in subdivision 1 may be made by any member of the county board. It shall be the duty of the county board to keep any ditch opened by it under the provisions of this section, in good condition and free from obstructions. The notices specified in the foregoing subdivisions may be served by any person designated by the county board for that purpose. ('13 c. 235 § 59, amended '15 c. 116 § 12)

1915 c. 116 § 12 amends 1913 c. 235 § 59, by adding a new subdivision (8), as above set forth.

Subdivision (9). Town road drainage tax—In any town wherein the voters shall at the annual meeting vote as hereinafter provided to authorize the town board so to do, the town board may levy and assess on the real and personal property in the town, other than moneys and credits taxed under the provisions of chapter 285, Laws 1911 [2316-2328], a tax not to exceed in amount ten mills on the dollar of the assessed value of such property, which tax so levied shall be known as the "Town Road Drainage Tax." Such tax shall be additional to all other taxes which the town is or may hereafter be authorized to levy and the amount of such tax so levied and collected shall be deemed to have been levied and collected for road and bridge purposes within the meaning of any law limiting the amount of taxes which may be levied or voted at the annual town meeting.

Such tax shall be certified to the county auditor, extended and collected and paid over to the town treasurer in the same manner as other town taxes and payment thereof shall be enforced in the same manner and with like penalties and interest as other town taxes. The proceeds of such tax shall constitute the town road drainage fund, which shall be expended by the town board in paying the cost and expenses of draining the public roads within the town.

When a petition signed by ten or more freeholders and voters of a town shall be presented to the town clerk at least twenty days before the time of holding the annual town meeting, praying that the question of the authorizing the town board to levy and assess a town road drainage tax be submitted to the voters of such town, the town clerk shall include in his notice of such annual town meeting, a notice that such question will be voted on at such meeting. Such question shall be voted on by ballot and it shall be the duty of the clerk to provide, at the expense of the town, a suitable number of ballots which may be printed or written or partly printed and partly written in substantially the following form, to-wit:

Shall the town board be authorized to levy and assess a	No
"Town Road Drainage Tax?"	Yes

If a majority of the votes cast on the proposition be in the affirmative, the town board shall have authority to levy annually a tax as hereinbefore provided until such time as the electors at an annual town meeting upon like procedure shall have voted by a majority vote of those voting on the question to withdraw from the town board authority to levy such town

road drainage tax. The votes on such question shall be canvassed and the result declared and recorded in the manner provided by law with reference to the election of town officers. ('13 c. 235 § 59, amended '17 c. 259 § 4)

1917 c. 259 § 4 amends 1913 c. 235, § 59, by adding a new subdivision (9), as above set forth.

2547. Special duties of overseer—Whenever any public road in a town becomes obstructed or unsafe from any cause, the overseer shall immediately repair such road, and render his account therefor to the town board, in case of a town or county road, and to the county board in case of a state road. ('13 c. 235 § 60, amended '15 c. 116 § 13)

Provided, that trees, other than willow trees, shall not be so cut down unless the center of such trees is more than six (6) feet inside the limits of any road established by statutory proceedings or dedicated specifically to public use; provided such trees or hedges, or either of them interfere with keeping the surface of the road in good order, or cause the snow to drift on to or accumulate upon said road in quantities that materially obstructs travel.

Subdivision (2). Owner to be notified, etc.—When a board shall determine that such cutting down of hedges or trees within the limits of such roads is necessary or that the same would aid materially in keeping such roads in repair or free from snow, it shall notify the owner or owners of the abutting lands of such decision and order the trees or hedges cut down within thirty days after such notice. If the said owner or owners fail or refuse to comply with such notice and order within the time specified, the said board shall have the power to cause such trees or hedges to be cut down at the expense of the town or county. A county, town, city or village shall be deemed interested in bridges located outside of and within three miles of its corporate boundaries as well as those within or along its boundaries. Before any such bridge is erected over the Minnesota or the Mississippi river, the location and plan thereof shall be approved by the Governor. Bridges over the Minnesota river below the borough of Le Sueur shall be built with a suitable draw of not less than eighty foot opening, or in lieu of such opening shall be built at such clear height above the ordinary high water stage as shall be sufficient to accommodate the ordinary navigation of the river. Such tax shall be collected in annual installments corresponding to the amounts of interest and principal of certificates or bonds as herein provided falling due from year to year. Such certificates or bonds shall be sold in the manner provided by Section 1856, General Statutes 1913, to the purchaser who will pay the par value thereof, at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed four and one half per cent per annum, payable annually or semi-annually. The county auditor shall extend the tax so levied by the county board in sufficient amounts from year to year to cover the interest and principal as they mature. The credit of the county shall be pledged to the payment of the principal and interest of such certificates or bonds. Certificates or bonds not exceeding in principal amount one-fifth of one per cent of the assessed valuation of the taxable property of the county, not including the valuation of moneys and credits, may be issued and sold without submission to the vote of the people.

2573. Final payment on road contract.—Final payment shall not be made on any contract for road work by any county or town board until the county board or town board, as the case may be, has examined the work and certified that the same has been properly done and performed according to contract and a certificate to that effect, signed by a majority of the members of the board making the inspection, shall have been filed in the office of the county auditor of the county, or town clerk of the town, as the case may be. Any county auditor or any town clerk who issues a warrant or an order in final payment upon a road contract where the amount involved in such contract exceeds the sum of two hundred dollars, until such certificate shall have been filed, shall be deemed guilty of a misdemeanor. The provisions of this section shall not apply to any county now having or which may hereafter have a population of one hundred fifty thousand (150,000) inhabitants or over and a county superintendent of highways, or other officer to superintend the construction or improvement of roads within its confines. ('13 c. 235 § 86, amended '15 c. 116 § 16)

The assistant engineer shall report to the commissioner the conditions found to exist affecting the safety of the bridge and such other matters as to him shall seem important, together with his recommendations in reference thereto. The commissioner shall cause a copy of such report and recommendations to be transmitted to the county auditor of the county in which the bridge is situate. tive to the truth of the matters therein set forth. The chairman of the board or the presiding officer thereof may administer oaths to witnesses and require them to testify under oath.

If upon such hearing the county board shall be of the opinion that the complaint is well founded, it shall by resolution direct the town board to do such work or make such improvements as it shall deem necessary to put such road in a passable condition. Such resolution shall specify generally the work which it is so deemed necessary to do. The county auditor shall cause a copy of such resolution to be mailed to the town clerk of the town complained of, and if such town for a period of thirty days after the mailing of such notice shall fail or neglect to do the work or make the improvements set forth in such resolution, the county board may cause such work to be done or improvement made and pay therefor from the county road and bridge fund; provided, however, that the amount annually spent by any county board in any town under the provisions of subdivision three, section 28 of this act shall not exceed one mill on the dollar of the taxable valuation of said town.

When any county board shall have performed any work or made any improvement on any such road it shall cause to be prepared in duplicate an itemized statement of the cost of such work or improvement. One of such statements shall be filed with the county auditor and the other copy thereof shall be by the county auditor mailed to the town clerk of said town. The town clerk shall forthwith notify the several members of the town board that such a statement has been filed and that a meeting of the town board to act thereon will be held at a time to be specified in such notice, not later than ten days after the receipt of such notice from the county auditor. The town board shall meet at the time and place specified in the notice so given by the clerk and levy a special tax upon all the taxable property in the town in an amount sufficient to pay the amount expended by the county in performing such work or making the improvement. Such tax so levied shall be certified to the county auditor on or before October 15 next succeeding, and the county auditor shall extend the same with other town taxes upon the tax list of such town. Such tax shall be collected and the payment thereof enforced in the same manner and subject to the same penalties and interest as other town taxes. When collected such tax shall be paid into the county treasury to the credit of the county road and bridge fund and in making his settlements with the town, the county treasurer is hereby authorized to withhold from payment to the town the amount of such special tax theretofore collected.

Performance by the town board and the town clerk of the respective duties hereby imposed on them may be enforced by mandamus. ('13 c. 235 § 88, amended '17 c. 119 § 28)

The sum so raised shall be used solely to comply with requirements of the federal government. ('17 c. 75 § 2)

[2602—]6. Federal aid in certain counties—Resolution of county board—That whenever the county board of any county now or hereafter having a population of 150,000, or more, inhabitants, and a county superintendent of highways or other county officer, to superintend the construction or improvement of roads within its confines, desires to construct or improve any state road or part thereof, and receive aid on account thereof from the United States government under the provisions of the act of Congress entitled, "An act to provide that the United States shall aid states in the construction of rural post roads and for other purposes," approved July 11, 1916; the said county board shall by resolution designate the road or part thereof which it desires to so construct and improve and also set forth in said resolution, in a general way, the general nature of the construction or improvement which it desires to make thereon, and also in and by such resolution request the commissioner of highways to submit a project statement thereon setting forth such proposed construction or improvement, to the secretary of agriculture of the United States government for his approval. ('17 c. 433 § 1)

[2602—]7. Same—Duty of commissioner of highways—If the commissioner of highways deems such proposed construction or improvement of such a nature as to probably meet with the approval of the said secretary of agriculture, he shall submit a project statement with reference thereto to the said secretary of agriculture, with such recommendations as he deems advisable, having regard to the equitable division among the several counties of this state of the federal aid apportioned to this state by the secretary of agriculture under the provisions of said act of congress, and available during any given year. ('17 c. 433 § 2)

[2602—]8. **Same—County board to enter into contracts, etc.**—If any such project statement so submitted to the secretary of agriculture, shall be approved by the secretary, the county board may, in the name of the county, enter into all necessary contracts or agreements with said secretary of agriculture of the United States, as may be required or necessary to make such construction or improvement and receive federal aid thereon or therefrom; provided, however, that all plans and specifications for any such construction or improvement shall be prepared by, or approved by the commissioner of highways of this state, and the work and labor incidental to the making of such construction or improvement shall be done and performed under the direct supervision of the state highway department. ('17 c. 433 § 3)

[2602—]9. **Removing buildings upon roads, etc.—Interference with bridges, trees, poles, etc.**—Any person, firm or corporation moving or causing to be moved, any building or structure upon, across or along any public road, street, alley or highway, whether within or without any city, village or borough of the state, shall so move such building or structure as not to unnecessarily interfere with, damage or destroy any bridges, trees, hedges, fences, telephone or electric power poles, wires, or cables upon such road, street, alley or highway. ('17 c. 366 § 1)

[2602—]10. **Same—Temporary removal—Payment of costs, etc.**—Whenever it shall be necessary to displace or temporarily remove any guard rails on any bridge, or any fence, telephone or electric power poles, wires, or cables to permit the moving of any building or structure upon, along or across any such public road, street, alley or highway, the person, firm or corporation owning or maintaining such fence, poles, wires or cables, shall not be required to displace or temporarily remove the same nor shall any guard rails on any bridge be displaced or removed until the reasonable costs of such displacement or temporary removal have been paid or tendered by the person, firm or corporation, requiring such displacement or temporary removal; provided, however, that nothing in this section shall apply to any work being done upon any such public road, street, alley or highway by or for any municipality, nor to the moving of any building or structure 18 feet in height or less within the limits of any incorporated city. ('17 c. 366 § 2)

[2602—]11. **Payment for excess work on certain contracts authorized**—The board of county commissioners in any county of this state, wherein a road has been constructed at a contract price in excess of seventy-five thousand dollars, and the estimates furnished by the engineer in charge show that more than seventy-five per cent of the work covered by such contract has been completed, may, and is hereby authorized by unanimous vote to pay over to the contractor performing such work, not to exceed seventy-five per cent of any amount retained by the county on any such contract; provided, however, that no such payment shall be made to any such contractor until the surety or sureties on his bond shall consent to such payment; and provided further, that any such payment shall not be construed as a final acceptance of the whole or any portion of said work. ('17 c. 181 § 1)

STATE RURAL HIGHWAYS

2603-2609. [Repealed.]

See § [2609—]1.

2603—Liability on bond of contractor (see 133-336, 158+432; note under § 8245, post).

Under this section the county commissioners can neither omit assessments of benefits upon property subject thereto under the act, and obligate the county to pay one-half of the cost of the road, nor pay, in whole or in part, such assessments when made (125-325, 146+1110). Highways, §140.

This act is not invalid for uncertainty (129-165, 151+899). Statutes, §47.

This act is not unconstitutional, as conferring legislative powers on the judiciary (129-165, 151+899). Constitutional Law, §61.

The act is not invalid because it places no limit on expenditure or issuance of bonds. The bonds may be issued serially. Bonds issued are general obligations of the county (129-165, 151+899). Counties, §150(1), 183(1), 184.

The act is not invalid in respect to the mode of distribution of the cost of the improvement, though there is no provision for interest to be paid by the county and state, and the act permits the state to pay in annual installments, or when funds became available (129-165, 151+899). Counties, ~~§~~174.

The viewers need not determine special and general benefits, it being enough that the special benefits exceed one-fourth of the cost of construction (129-165, 151+899). Highways, ~~§~~140.

2605—129-165, 151+899; notes under § 2603.

The state highway commission is required to approve the petition, but not the order of the county board establishing the highway; but, the petition being approved, a subsequent order approving the order of the board is not prejudicial error (132-36, 155+1048). Appeal and Error, ~~§~~1050(2); Highways, ~~§~~53(1).

An order of the county commissioners establishing a state rural highway under this law is not affected by the amount to the county's credit in the state road and bridge fund for the current year (125-325, 146+1110). Highways, ~~§~~99.

2606—125-325, 146+1110; note under § 2605.

An issue of bonds by the county for the cost of the whole construction is not invalid. That the county is made a taxing district, and that persons residing in municipalities within the county are taxed for the cost of the highway, does not render the act invalid (129-165, 151+899). Counties, ~~§~~149, 174; Highways, ~~§~~126.

2609—129-165, 151+899; notes under § 2603.

This section, in view of § 2603 et seq., does not permit the county commissioners to omit assessments upon property benefited, and obligate the county to pay one-half of the cost of the road, to pay, in whole or in part, assessments made (125-325, 146+1110). Highways, ~~§~~140.

[2609—]1. 1911 c. 254 repealed—Highways heretofore constructed—Pending proceedings—That Chapter 254, General Laws of Minnesota for 1911 [2603-2609], entitled, "An Act providing for the laying out and construction of highways outside of cities and villages and for the substantial improvement of the same and for the payment for the same by the state and county and by the assessment of benefited lands," be and the same is hereby repealed; provided, however, that said act shall continue and remain in full force and effect with respect to all state rural highways heretofore constructed thereunder, or in process of construction thereunder and in all proceedings now pending thereunder where the petition for any such rural state highway has been filed with the county auditor, and the first hearing thereon has been held by the county board or judge of the district court as in said act provided. ('15 c. 52 § 1)

[2609—]2. Certain proceedings under 1911 c. 254 legalized—In all cases where a petition for the laying out, construction or substantial improvement of a state rural highway has heretofore been approved by the appropriate county board or county boards and by the State Highway Commission in attempted compliance with the provisions of Chapter 254, General Laws, 1911 [2603-2609], such petition and approval, and all subsequent proceedings in reference to such highway, and to the laying out, construction or substantial improvement thereof whether taken by such county board or county boards, or by the county auditor of any such county, by said State Highway Commission or by any district court, are hereby legalized and declared valid. ('15 c. 126 § 1)

[2609—]3. Same—Pending appeals, actions, etc.—This act shall not apply to or affect the right of appeal from said proceedings as now provided by law, or any actions or appeals now pending in which the validity of said proceedings is called in question. ('15 c. 126 § 2)

[2609—]5. **Application—Fee**—The application shall be in the form prescribed by the highway commission upon blanks furnished by it, and shall be properly acknowledged by the president and secretary of the corporation or association before any officer authorized to administer oaths. Each such application shall be accompanied by a registration fee of \$5.00, which fee shall be returned if the application be not granted. ('17 c. 318 § 2)

[2609—]6. **Certificate—Records**—If the state highway commission shall after investigation adjudge the application to be meritorious and the highway and trail to be worthy of the protection of this act, it shall issue to the corporation or association a certificate which shall designate in detail the starting and the terminal points, the color, combination and design to be used in marking and designating such highway as a trail; all such facts shall be recorded as a part of the permanent records of the commission, in a book to be kept for that purpose. Said corporation or association shall have the exclusive right to the use of such name, color, combination and design in trail or highway designation and marking. ('17 c. 318 § 3)

[2609—]7. **Use of same name, color, etc., prohibited**—It shall be unlawful for anyone other than the corporation or association to whom such certificate is issued, to use for similar or like purpose the name or any recorded color, combination and design herein referred to. ('17 c. 318 § 4)

[2609—]8. **Injuring or defacing sign boards, etc.—Penalty—Forfeiture, etc.**—Any person who shall injure or deface any signboard, distance marker, design or other marking designating highways or trails established in accordance with this act, shall be guilty of a misdemeanor. It shall be the duty of the state highway commission, on satisfactory proof that any signboard, distance marker or other marking established by any such association under the provisions of this act is misleading or untrue, to order the removal of such signboard, distance marker or other marking, and any association which shall fail to comply with any such order within thirty days after notice thereof shall forfeit its right to the exclusive use of any design registered under the provisions of this act. ('17 c. 318 § 5)

[2609—]9. **Cancellation of registration, etc.**—When any such corporation or association shall cease to exist, or when the interest in any such designated highway or trail, name and markings has ceased, the state highway commission may, after proper investigation, cancel the records and registration herein referred to, and re-assign such name, color, combination, designs or other markings to any other corporation or association making application for their use. ('17 c. 318 § 6)

[2609—]10. **Fees credited to road and bridge fund**—All fees received by the state highway commission under this act shall be turned into the state treasury, and shall be credited to the state road and bridge fund. ('17 c. 318 § 7)

[2609—]11. **Penalty for violation**—Any person violating any of the provisions of this act shall be guilty of a misdemeanor. ('17 c. 318 § 8)

(Amended '15 c. 33 § 1)

The fire apparatus of a city, while on its way to a fire, is excepted from this section, though the fire be outside the city limits (131-361, 155+204). Municipal Corporations, ~~6~~ 703(4).

2623. Number and tags—Upon the filing of such application and the payment of the fee as provided in section 2625, the Secretary of State shall assign to such motor vehicle owner a distinctive number, and without other fee, issue and deliver to the owner a set of two tags of registration, upon each of which shall be displayed the distinctive number assigned in the form and size provided in Section 2628, which shall be evidence of payment of license fee of such registration. In case the owner disposes of such motor vehicle following this registration and desires the number to accompany the motor vehicle, the purchaser must cause said registration to be transferred in the office of the Secretary of State, for which a fee of \$1.00 shall be charged. In the event of the loss, mutilation or destruction of a certificate of registration, the owner of a registered motor vehicle may obtain from the Secretary of State a duplicate thereof upon filing with the Secretary of State an affidavit showing such fact and upon the payment of a fee of one dollar (\$1.00). (Amended '15 c. 33 § 2)

See § [2625—]1.

For each triennial period commencing with January 1st, 1921, the above schedule of license fees shall be in effect. ('15 c. 33 § 7)

2626. Tag to be displayed on vehicles, etc.—

That an automobile is not registered does not prevent recovery by the owner for injuries inflicted by the negligence of another, to which such failure to register in no way contributed (129-34, 151+542, L. R. A. 1915D, 628). Municipal Corporations, ~~6~~ 705(4).

2629. Registration by manufacturers and dealers—Every person, firm, association, or corporation, manufacturing or dealing in motor vehicles, may, instead of registering each motor vehicle so manufactured or dealt in, make a verified application, duly sworn to before a notary public of the county in which such person resides, or firm, association, or corporation has its principal place of business, upon a blank to be furnished by the Secretary of State, for a general distinctive number for all motor vehicles owned or controlled by such manufacturer or dealer, such application to contain:

1. A brief description of each style or type of vehicle manufactured or dealt in by such manufacturer or dealer, and
2. The name, residence and business address of such manufacturer or dealer.

On the payment of a registration fee of ten dollars (\$10.00), such application shall be filed and registered in the office of the Secretary of State in the manner provided in section 2620 of the statutes. There shall thereupon be assigned and issued to such manufacturer or dealer a general distinctive number of registration in the manner provided by said section 2620, which shall be in the form of plates, as provided for in said section 2628, duplicates of which shall be carried or displayed by every motor-vehicle of such manufacturer or dealer so registered when the same is driven or operated on the public highways. Such manufacturer or dealer may obtain as many duplicate sets of such tags of registration as may be desired upon payment to the Secretary of State of one dollar (\$1.00) for each set of duplicates. Nothing in this sub-division shall be construed to apply to the motor-vehicle operated by a manufacturer or dealer for private use or for hire. (Amended '15 c. 33 § 3)

2632. Brakes, horns, lamps, mufflers, etc.—Not to stand unattended, etc.—

Violation of this and the other section of this act relating to the care to be exercised by operators of motor vehicles is negligence per se (128-460, 151+275). Highways, Ⓒ181(3).

Contributory negligence of driver of an automobile truck, which came into collision with street car (125-389, 147+430). Street Railroads, Ⓒ114(15).

(2) Stopping on signal, and other regulations—

Operating without lights—Finding of negligence in operating an automobile at night without a light, rendering the operator liable for injuries to a pedestrian in the street, held sustained by the evidence (130-134, 153+267). Municipal Corporations, Ⓒ700(5).

Duty as to horses—Signals—When it is apparent that a team is frightened, it is the duty of an automobile driver to stop, though the driver of the team, whose attention is taken up in controlling his horses, does not signal the automobile to stop (127-188, 149+194). Highways, Ⓒ181(3).

The operator of a motor vehicle must stop on signal of a person in a vehicle, though such person is not driving (128-460, 151+275). Highways, Ⓒ181(3).

Passing street cars—The conductor of a street car, while standing in the street adjusting the trolley, is within the class of persons for whose benefit this section requires motor vehicles to slow down, and, "if necessary for the safety of the public," to stop not less than ten feet from a street car which is receiving and discharging passengers. While a street car is receiving and discharging passengers, pedestrians to and from the car have the right of way, and it is the duty of an automobile driver to stop, if necessary for their safety, and, if he does not stop, to exercise such care in the management of his machine as, under the circumstances, shall appear to be reasonably necessary to guard against injury to any one. Requisites of charge on duty of automobile driver in passing street car receiving or discharging passengers stated (127-468, 149+947). Municipal Corporations, Ⓒ705(4).

In view of the provision of this section as to passing or approaching street cars, one alighting from a standing street car is not obliged to keep a lookout for automobiles to avoid the imputation of contributory negligence (127-462, 149+940). Municipal Corporations, Ⓒ705(10).

Pedestrians—Evidence held to support a finding of negligence of an automobile driver in running down a pedestrian in the street (130-134, 153+267). Municipal Corporations, Ⓒ706(5).

The driver of a motor vehicle, who fails to observe the requirement as to slowing down and giving a signal on observing a pedestrian in the traveled part of the roadway, and not on a sidewalk, is liable for injuries proximately resulting from such failure, though his conduct may not have been negligent in the absence of statute (133-346, 158+426). Municipal Corporations, Ⓒ705(4).

2633. Speeds and signals at cross roads outside of cities and villages—
161+715.

2634. Road rules—
161+715.

The provision of this section limiting speed to four miles an hour in passing vehicles is not invalid as class legislation (128-460, 151+275). Constitutional Law, Ⓒ208(3).

Violation of this section constitutes negligence, rendering the operator of a motor vehicle liable for injuries proximately resulting therefrom (128-460, 151+275). Highways, Ⓒ181(3).

Where a motor vehicle, through no fault of its driver, skids on a slippery pavement, and is thus thrown across the center line of the street, the provision of this section as to keeping to the right of the center of the street is not applicable, so as to cast on defendant the burden of disproving negligence (127-401, 149+654). Municipal Corporations, Ⓒ702, 706(3).

Where defendant, in a sleigh, was coming up a hill on the left-hand side of the street, and collided with plaintiff's child, who was coasting, the provision of this section, requiring that "all vehicles must keep to the right of the center of the street," applied, and defendant's

act was evidence of negligence (130-46, 153+136, L. R. A. 1915E, 1028). Municipal Corporations, ~~§~~706(5).

A boy's sled is not a "motor vehicle," within the provisions of this section as to speed of motor vehicles, so as to impute contributory negligence to a boy coasting down a hill on a city street (130-46, 153+136, L. R. A. 1915E, 1028). Municipal Corporations, ~~§~~703(1).

2635. Rates of speed—No person shall drive a motor-vehicle upon any public highway of this state at a speed greater than is reasonable and proper, having regard to the traffic and use of the highway, or so as to endanger the life or limb or injure the property of any person. If the rate of speed of any motor-vehicle, operated on any public highway in this state, where the same passes through the closely built up portions of any incorporated city, town or village, or where the traffic is more or less congested, exceeds ten (10) miles an hour for a distance of one-tenth of a mile, or if the rate of speed of any motor vehicle, operated on any public highway of this state, where the same passes through the residence portions of any city, town or village, exceeds fifteen (15) miles an hour for a distance of one-tenth of a mile, or if the rate of speed of any motor-vehicle operated on any public highway in this state, outside the closely built up business portions, and the residence portions of any incorporated city, town or village, exceeds twenty-five (25) miles an hour for a distance of one-quarter of a mile, such rates of speed shall be prima facie evidence that the person operating such motor-vehicle is running at a rate of speed greater than is reasonable and proper, having regard to the traffic and use of the way, or so as to endanger the life or limb or injure the property of any person.

If the rate of speed of a motor-vehicle, operated on any public highway in this state, in going around a corner or curve in a highway, where the operator's view of the road traffic is obstructed, exceeds six (6) miles per hour, such rate of speed shall be prima facie evidence that the person operating such motor-vehicle is running at a rate of speed greater than is reasonable and proper, having regard to the traffic and the use of the way, or so as to endanger the life or limb or injure the property of any person.

If a licensed physician shall have his motor-vehicle stopped for exceeding the speed limit, while he is in the act of responding to an emergency call, the registration number of the vehicle, and the driver's license number may be inspected and noted, and the physician shall then be allowed to proceed in the vehicle to his destination, and subsequently such proceedings shall be taken as would have been proper had the person violating the provisions as to speed not been a physician. (Amended '17 c. 475 § 1)

127-401, 149+654; 130-134, 153+267.

The provision of this section as to speed is for the benefit of all who may be injured in person or property from unreasonable or excessive speed of automobiles, and it is a rule of evidence of general application whenever the question of unreasonable speed is involved (125-431, 147+434). Highways, ~~§~~166.

Contributory negligence of driver of an automobile truck in collision with street car (125-399, 147+430). Street Railroads, ~~§~~114(15).

2636. Duty of driver in case of accident—

125-466, 147+441.

2637. Local regulations prohibited—Exceptions—

The imposition of a wheel tax by a city, the proceeds of which were to be used for the maintenance and repair of highways within the city, is not forbidden by this section (134-296, 159+627). Licenses, ~~§~~5.

Violation of a speed ordinance by the driver of an automobile is negligence per se, and it is not rendered any the less so because the police of a city resolve not to enforce the ordinance (162+520). Municipal Corporations, ~~§~~705(4).

2638. Board of automobile examiners—Examination and licensing of chauffeurs—Revocation of license—Numbers and badges—Non-resident chauffeurs—There is hereby created a board of automobile examiners of three members, to be designated by the governor, who shall be men possessing a technical and practical knowledge of the construction, mechanism and operation of motor-vehicles, whose term of office shall be for two years, said first terms to expire on the first Tuesday of January, 1917. Said board members are to receive a compensation of five dollars per day and actual expenses, while

in session, and all traveling expenses. Blanks, books, etc., for the use of said board are to be furnished by the Secretary of State. It shall be the duty of said board to conduct the examination of all applicants for chauffeur's licenses herein provided for, at such times and such places as shall be designated by the Secretary of State; to pass upon the qualification of such applicants, and to issue to those having a practical knowledge of the construction, mechanism and operation of motor-vehicles, a license to be known as a chauffeur's license; provided that no such license shall be issued to any person under eighteen years of age, or who is an habitual and excessive user of intoxicating liquors or to any person of defective eye-sight, or other physical infirmity, which in the judgment of said board renders such person incompetent to manage and care for a motor-vehicle. Such licenses shall expire on December 31st of each year, and a new license shall be issued to the holder of the expired license upon the payment of one dollar; provided further, that upon the third conviction by any court of a violation of any of the provisions of this act the Secretary of State is hereby empowered and directed to revoke the license of any chauffeur so convicted, and said chauffeur shall not be entitled to receive a new license, or to have an expired license renewed or re-issued within six months after the revocation and expiration of his license, and then only upon and after he has been re-examined by the board, who shall, in their discretion, have the power to refuse to grant such license, if in their opinion the applicant is incompetent to manage and operate a motor vehicle. Application for license to operate a motor vehicle as chauffeur may be made by mail, or otherwise, to the Secretary of State, or his duly authorized agent, upon blanks prepared under his authority. Every such application shall be accompanied by a fee of one dollar and fifty cents (\$1.50). In case said applicant upon examination by the board of examiners shall have been found competent, and such fact has been certified to, the Secretary of State, the latter shall furnish to every chauffeur so licensed and whose license has been renewed, a suitable metal badge with the coat-of-arms of the State of Minnesota thereon, and with the distinguishing number or mark assigned to him thereon, said number to be of a different color each year, and the year to be embossed thereon, without extra charge therefor. This badge shall be thereafter worn by such chauffeur pinned upon the outside of his clothing, either upon his breast about midway between his shoulders, or upon the front of his hat or cap, at all times while he is operating or driving a motor-vehicle on public highways. Said license shall be valid only during the term of the license of the chauffeur to whom it is issued, as aforesaid. It shall also be the duty of said licensee to have said license at all times in his possession while operating a motor-vehicle in this state. Upon the receipt of such an application, the Secretary of State shall thereupon file the same in his office and register the applicant in a book or index which shall be kept in the same manner as the book or index for the registration of motor vehicles, and when the applicant shall have passed the examination provided for in the preceding section, the number or mark assigned to such applicant, together with the fact that such applicant has passed such examination, shall be noted in said book or index. No chauffeur having been licensed as herein provided shall voluntarily permit any other person to possess or use his license or badge, nor shall any person while operating or driving a motor-vehicle, use or possess any license or badge belonging to another provided, however, that a non-resident chauffeur, who has registered under the provisions of law of the foreign country, state, territory or federal district of his residence, substantially equivalent to the provisions of this section, shall be exempt from license under this section; and provided further, that he shall wear the badge assigned to him in the foreign country, state, territory or federal district of his residence in the manner provided in this section; provided further, that in case said chauffeur remains in this state for sixty (60) days or more, he shall be required to comply with all of the provisions of section 19 hereof. (Amended '15 c. 33 § 4)

2640. Intoxication of driver—Penalty—Whoever operates a motor vehicle while in an intoxicated condition shall be guilty of a misdemeanor.

Provided that any person convicted under this section shall forfeit any license which he may have to operate a motor vehicle under the laws of this state and shall also be disqualified to operate any motor vehicle for a period of three months after the date of such conviction, and provided further that any violation of this provision shall be a misdemeanor. (Amended '17 c. 320 § 1)

2641. (Amended '15 c. 33 § 5)

CHAPTER 14

EDUCATION

DISTRICT SCHOOLS

2676. Appeal from order—

Cited (131-79, 154+669).

Section 875, providing for pleadings on appeals from orders of the board allowing or disallowing claims against the county, has no application to appeals under this section (135-439, 161+152). Schools and School Districts, ~~§~~39.

An appeal from an order denying a new trial in proceedings for a consolidation of school districts, under § 2688, held to have been taken in time; the order of the district court directing a dismissal of the appeal not being a final order (122-383, 142+723). Schools and School Districts, ~~§~~39.

The county superintendent of schools held not personally liable for costs in defending an appeal in consolidation proceedings (142+928). Costs, ~~§~~96.

Scope of review on appeal to district court from order of county board changing boundaries of school district (see 135-439, 161+152; note under § 2677, post).

2677. Change of boundaries of district—Enlarging boundaries in certain cases—Proceedings—Apportionment of debts—

In general—Under this section the county board may enlarge a school district having wholly within its limits an incorporated village of the character specified in the statute, by including lands wholly without such village, but contiguous to the district (130-25, 153+253). Schools and School Districts, §38.

The action of a county board in changing the boundaries of school districts held not arbitrary, fraudulent, oppressive, and against the best interests of the territory affected, so as to work manifest injustice (134-82, 158+729). Schools and School Districts, §39.

The interests of the rural districts from which lands are detached should not be considered independently from the interests of the urban district, so that the change should not be made, if not conducive to the interests of the inhabitants of any one of the districts (134-82, 158+729). Schools and School Districts, §42(2).

What territory "affected" by change—Land within the petitioning district is "territory affected" by the change (134-82, 158+729). Schools and School Districts, §32.

Appeal—What may be reviewed—On appeal to the district court from an order of the board of commissioners changing the boundaries of a school district, in proceedings under this section, the only question for review is whether the order was fraudulent, arbitrary, unjust, or an unreasonable disregard of the best interests of the territory affected, and where the evidence on that issue is in doubt the order should not be disturbed; the question of the propriety and necessity of the proposed change cannot be considered, as it is not a judicial question. The evidence in this case held insufficient to justify vacating the order of the county board (135-439, 161+152). Constitutional Law, §70(1); Schools and School Districts, §39.

An instruction by the court, on appeal to the district court in proceedings to change the boundaries of school districts, as to what territory was "affected" by the change, though inconsistent with other instructions, held not ground for reversal, in view of failure to object (134-82, 158+729). Schools and School Districts, §42(2).

There was no prejudicial error, if error at all, in not including in the consideration of what territory was affected land within districts that had not appealed from the order of the board (134-82, 158+729). Schools and School Districts, §39.

[2677—]1. **Certain proceedings for annexation of unorganized territory validated**—Wherever a petition shall have been heretofore presented to a board of county commissioners, purporting to have been signed by a majority of the freeholders or legal voters, residing within a school district, however organized, in said county, and qualified to vote at school meetings in said district, praying for the annexation of certain unorganized territory to said school district, and said board of county commissioners, after consideration of said matter shall have made an order granting said petition and annexing said unorganized territory to said school district, said territory shall in all things be deemed legally annexed to said school district, and all proceedings had for the annexation of said territory are hereby validated and confirmed;

Provided, that this Act shall not apply to any territory where an action may now be pending in any court involving the legality of any such annexation proceedings. ('15 c. 197 § 1)

[2677—]2. **Certain proceedings for annexation of unorganized territory validated**—Whenever a petition shall have heretofore been presented to a board of county commissioners for the annexation of certain unorganized territory to a school district, and said board of county commissioners, after consideration of said matter, shall have made an order denying said petition, and upon appeal to the district court, said court has ordered judgment granting the petition for such annexation, thereby reversing the action of the said county board, and certain proceedings have been taken by the school board and tax levies made subsequent to the making of said order and prior to the entry of the judgment of the court therein, said territory shall in all things be deemed legally annexed to said school district as and of the date of the making of said court order, and all proceedings had for the annexing of said territory and all acts of the school board of said district affecting said territory and all school levies affecting said annexed territory, are hereby legalized, validated and confirmed; provided that this act shall not apply to any school taxes levied against such annexed territory where in such tax proceedings an answer has been interposed in regard thereto and is now pending in any court. ('17 c. 173 § 1)

[2677—]3. **Same—Pending actions**—This act shall not affect or apply to any action or proceedings now pending in any court of this state. ('17 c. 173 § 2)

2686-2694. [Repealed.]

See § [2694—]12.

2687—The petition must state the location of the districts, by naming the county and state wherein they are situated (130-54, 153+112). Schools and School Districts, §38.

In connection with the presumption of naturalization from the act of voting, the evidence held to show that a resident of the state, born in Germany and who had voted many years in this country, was a citizen (123-119, 143+120). Citizens, §10.

The petition is jurisdictional, and must be signed by the required number of legal voters (122-383, 142+723). Schools and School Districts, §37(3).

Defects in petition, as affecting character of consolidated district as de facto public corporation (see 132-59, 155+1040). Schools and School Districts, §28.

The last day for posting notices of election in consolidation proceedings under this section was Monday, February 10th. Held, that notices tacked up on Sunday, the 9th, which remained up on Monday, the 10th, were valid; it being presumed that the notices remained posted on Monday (127-84, 148+891). Appeal and Error, §232(1); Schools and School Districts, §38.

Those who oppose a consolidation are not estopped to question a violation of the statute by participating in the election (122-383, 142+723). Schools and School Districts, §39.

2688—Failure to appeal under this section precludes persons participating in the proceedings from resorting to collateral attack such as by injunction, on the validity of the consolidation proceedings (132-59, 155+1040). Quo Warranto, §5.

An appeal from an order denying a new trial held to have been seasonably taken; the order of the district court directing a dismissal of the appeal from an order of consolidation not being a final order (122-383, 142+723). Schools and School Districts, §39.

2691—Contracts of a consolidated district are not invalidated by a subsequent judgment dissolving the district on account of defects in the proceeding for consolidation, since the consolidated district was a de facto corporation (122-383, 142+723). Schools and School Districts, §39.

[2694—]1. Consolidation of districts—Duties of county superintendent and superintendent of education—Approval of plat, etc.—Two or more school districts of any kind may consolidate either by the formation of a new district or by the annexation of one or more districts or unorganized territory to an existing district in which is maintained a state graded, semi-graded, or high school as hereinafter provided.

A district so formed by consolidation or annexation shall be known as a consolidated school district. Before any steps are taken to organize a consolidated school district, the superintendent of the county in which the major portion of territory is situated, from which it is proposed to form a consolidated school district, shall cause a plat to be made showing the size and boundaries of the new district, the location of school houses in the several districts, the location of other adjoining school districts and of school houses therein, and the assessed valuation of property in the proposed district, together with such information as may be of essential value, and submit the same to the superintendent of education, who shall approve, modify, or reject the plan so proposed, and certify his conclusions to the county superintendent of schools. ('15 c. 238 § 1)

[2694—]2. Same—State aid—To receive state aid as a consolidated school of Class A or Class B, as defined in this act, the consolidated districts must contain not less than twelve sections; provided, however, that when any consolidated school district shall have attained a valuation of \$200,000 and not exceeding \$1,000,000, and contains within its borders an incorporated village which consolidated district contains but ten sections such consolidated district shall have all the rights and privileges of a consolidated school district. Any existing school district having the area and meeting the requirements specified in this act, shall have the rights and privileges of a consolidated school district. ('15 c. 238 § 2)

[2694—]3. Same—Petition—Notice of election—After approval by the superintendent of education of the plan for the formation of a consolidated school district, and upon presentation to the county superintendent of a petition signed and acknowledged by at least twenty-five (25) per cent of the resident freeholders of each school district or area affected, qualified to vote at school meetings, who have been such freeholders for at least thirty (30) days immediately preceding the signing and acknowledging of the petition, asking for the formation of a consolidated school district in accordance with the plans approved by the superintendent of education, the county superintendent shall,

within ten days, cause ten days posted notice to be given in each district affected and one week's published notice, if there be a newspaper published in such district, of an election or special meeting to be held within the proposed district, at a time and place specified in such notice, to vote upon the question of consolidation. ('15 c. 238 § 3, amended '17 c. 470 § 1)

[2694—]4. **Same—Meeting of electors—Consolidation, how submitted—Duty of county superintendent if approved—Appeal—Indebtedness**—At such meeting the electors shall elect from their number a chairman and clerk, who shall be the officers of the meeting. The chairman shall appoint two tellers, and the meeting and election shall be conducted as are annual meetings in common and independent districts. The vote at such election or meeting shall be by ballot, which shall read "For Consolidation," or "Against Consolidation." The officers at such meeting or election shall, within ten days thereafter, certify the result of the vote to the superintendent of the county in which such district mainly lies. If a majority of the votes cast be for consolidation, the county superintendent within ten days thereafter shall make proper orders to give effect to such vote, and shall thereafter transmit a copy thereof to the auditor of each county in which any part of any district affected lies, and to the clerk of each district affected, and also to the superintendent of education. If the order be for the formation of a new district, it shall specify the number of such district. The county superintendent shall also cause ten days' posted notice, and one week's published notice, if there be a newspaper published in such district, to be given of a meeting to elect officers of the newly formed consolidated school district; provided, that the board of a consolidated school district shall from and after the formation of the consolidated district have all the powers, privileges and duties, now conferred by law upon boards of independent districts.

After the formation of any consolidated school district, appeal may be taken as now provided by law in connection with the formation of other school districts. Nothing in this act shall be construed to transfer the liability of existing bonded indebtedness from the district or territory against which it was originally incurred. ('15 c. 238 § 4, amended '17 c. 410 § 1)

[2694—]5. **Same—Consolidation of one or more districts with existing district in certain cases**—In like manner, one or more school districts may be consolidated with an existing district in which is maintained a state high or graded, or semi-graded school in a district containing an incorporated village, in which case the school board of the district maintaining a state high or graded, or semi-graded school in a district containing an incorporated village, shall continue to be the board governing the consolidated school district, until the next annual school election, when successors to the members whose terms then expire shall be elected by the legally qualified voters of the consolidated school district; provided, however, that in case of consolidation with a school district in which there is maintained a state high or graded, or semi-graded school in a district containing an incorporated village, consolidation shall be effected by vote of the rural school districts only, in the manner provided under this act, and by the approval of such consolidation of the rural school district or districts with the one in which there is maintained a state high or graded, or semi-graded school in a district containing an incorporated village, by the school board thereof. Provided that the provisions in this section shall be applicable to a district that has an area not exceeding one (1) mile square in which there is contained a voting school population of one hundred (100) voters or more. ('15 c. 238 § 5, amended '17 c. 410 § 2)

[2694—]6. **Same—Consolidation of unorganized district, etc.**—In like manner any portion of an unorganized school district or district governed by a county board of education may be consolidated with an existing district in which is maintained a state high, graded or semi-graded school, by a vote of the county board of education in the county in which is located such unorganized territory and by the approval of such consolidation of the unorganized territory by the school board of the district in which is maintained a state graded, semi-graded or high school. ('15 c. 238 § 6)

[2694—]7. **Same—Duties of officers of consolidating districts**—The officers of the several districts forming a consolidated school district shall within ten days from receipt of copy of the order of the county superintendent certifying the formation of the new district, or immediately after election and qualification of members of the school board in the consolidated school district, turn over to the proper officers of the newly elected school board, or to the proper officers of the school board in the district maintaining the state high or graded, or semi-graded school, all records, funds, credits, buildings, property and other effects of their several districts. ('15 c. 238 § 7)

[2694—]8. **Same—Powers and duties of board of consolidated district—Duty of superintendent of education**—For the purpose of promoting a better condition in rural schools, and to encourage industrial training, including the elements of agriculture, manual training and home economics, the board in a consolidated school district is authorized to establish schools of two or more departments, provide for the transportation of pupils, or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means; locate and acquire sites of not less than two acres, and erect necessary and suitable buildings thereon, including a suitable dwelling for teachers, when money therefor has been voted by the district. They shall submit to the superintendent of education a plat of the school grounds, indicating the site of the proposed buildings, plans and specifications for the school building and its equipment, and the equipment of the premises. ('15 c. 238 § 8)

[2694—]9. **Same—State aid—Classification of districts**—(1) For receiving state aid schools in consolidated districts shall be classified as A and B. Schools of Class A shall be in session at least eight months in the year and be well organized. They shall have suitable school houses with the necessary rooms and equipment. Those belonging in Class A shall have at least four departments and those belonging in Class B, at least two departments. The board in a consolidated school district maintaining a school of either class shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means.

(2) Besides maintaining schools in consolidated districts conforming to the requirements of those coming under classes A and B, the school board may maintain other schools of not more than two departments, and receive state aid for these as provided for semi-graded and rural schools. ('15 c. 238 § 9)

[2694—]10. **Same—Principal and teachers—Qualifications**—The principal of a consolidated school shall be qualified to teach the elements of agriculture, as determined by such tests as are required by the superintendent of education. A school of this class shall have suitable rooms and equipment for industrial and other work, a library, and necessary apparatus and equipment for efficient work, and a course of study embracing such branches as may be prescribed by the superintendent of education.

(2) The principal and other teachers, including special teachers, shall have such qualifications as may be fixed by the superintendent of education. ('15 c. 238 § 10)

[2694—]11. **Same—State aid, in what amounts**—Schools under Class A in consolidated districts shall receive annually aid of five hundred dollars (\$500); those under Class B shall receive annually aid of two hundred and fifty dollars (\$250).

In addition to such annual aid, schools shall receive annually the amount reasonably expended for the transportation of pupils, not to exceed two thousand dollars (\$2,000).

In addition to other annual aid consolidated schools of either of the above classes shall receive an amount to aid in the construction of buildings, equal to twenty-five (25) per cent of the cost of such buildings, but no school shall receive more than a total of two thousand dollars (\$2,000) for aid in construc-

tion of buildings. The annual aid and the aid for buildings shall be paid in the same manner as now provided by law for the payment of other state aid to public schools.

Whenever any school in a consolidated district attains the rank of a state high or graded school it shall possess the rights and privileges of such school. ('15 c. 238 § 11)

[2694—]12. **Same—Laws repealed**—Sections 1289, 1290, 1291, 1292, 1293 Revised Laws 1905, and chapter 326 Session Laws of 1905 and chapter 304 Session Laws of 1907. Chapter 207 Session Laws of 1911, and chapters 279 and 428 Session Laws 1913 [2686–2694] and other acts and parts of acts inconsistent herewith are hereby repealed. ('15 c. 238 § 12)

See 1915 c. 48.

2696. Division of funds on change of district—

129–300, 152+541.

This section vests in a new district a legal right to a proportionate share of the funds in the treasury of the old district, and the action of the county commissioners in making a division may be reviewed on certiorari (126–209, 148+53). Certiorari, ~~§~~24.

This section applies to all money in the treasury at the time of the organization of the new district, including a building fund raised by the sale of bonds for the construction of a new schoolhouse in the old district. The division of the fund is the act of the legislature, and not that of the officers charged with the duty of making it, and there is no unlawful division of the fund for the purpose for which it was raised. The legislature has the power to direct the distribution, and the courts will not interfere with the exercise of the discretion vested in the county board (126–209, 148+53). Schools and School Districts, ~~§~~41(1).

[2696—]1. **Powers of certain consolidated districts—Eminent domain, etc.**—The school board of any consolidated school district which does not contain within its limits an incorporated city or village may purchase or acquire by condemnation proceedings, as provided by law for acquiring school house sites, in the name and on behalf of such school district, a suitable tract of land within the limits of said district to be used for the purpose of erecting buildings thereon for use for dwelling purposes by teachers or other employees of said district, and may erect such buildings on said tract or on any other real estate owned by such district.

The school board of any such district may also sell, lease or otherwise dispose of such property so built or acquired when deemed advisable and for the best interests of the districts. ('15 c. 358 § 1)

[2696—]2. **Including parts of districts in consolidated district**—Consolidation of school districts of any kind may be effected as provided by existing law except that parts of one or more districts may be included in the vote on consolidation and become a part of a consolidated district as hereinafter provided. ('17 c. 387 § 1)

Section 6 repeals inconsistent acts, etc.

[2696—]3. **Same—Duty of county superintendent—Special plat—Duty of superintendent of education—Approval of plan, etc.—Petition**—Before any steps are taken to include a part of a school district in a proposed consolidated district the superintendent of the county in which the major portion of the territory is situated from which it is proposed to form such consolidation shall, in addition to the general plat provided for, cause a special plat to be made of the portion of any district proposed to be included in said consolidation. This special plat shall show the location of the entire original district with respect to the proposed consolidated district, the valuation and area of the original district, the valuation [and] area of that part of the district to be included in the consolidation together with such other information as may be of essential value. The county superintendent of schools shall submit these plats to the superintendent of education who, after taking into account a proper division of the property and of any floating debt of the original district and considering the educational interests of the community to be affected, shall approve, modify or reject the plan so proposed and shall certify his conclusions to the county superintendent of schools. When a plan for consolidation as above referred to has been approved by the superintendent of education, each part of one or more districts thus included shall, for purposes of consolidation, be regarded as an entire district and

be subject to the laws and procedure for consolidation of entire districts, provided a petition signed and acknowledged by at least one-third of the resident free-holders from each such part of a district is presented to the county superintendent of schools asking for the formation of said consolidation and provided further that said petition for including a part of a district is approved by the board of the school district affected. ('17 c. 387 § 2)

[2696—]4. **Same—Consolidated district to become independent district**—When consolidation is effected by a vote of two or more districts or parts of districts the new district shall thereby become an independent district with the powers, duties and privileges now conferred by law upon independent districts. The county superintendent of schools shall cause a ten days' notice and one week's published notice, if there be a newspaper published in such district, to be given of a meeting to elect officers of the newly formed consolidated district. The new board shall be elected in the same manner as now provided when a common district changes to an independent district. ('17 c. 387 § 3)

[2696—]5. **Same—Existing bonds, etc.**—When a school district not located in an incorporated city or village shall become a part of a consolidated district and is bonded for the erection of a school building, the proceeds from the sale of said building and site, if sold, shall be applied on the payment of said bonds. The voters of a consolidated district may, after its formation by majority vote, take over and assume liability for and payment of the bonded debt of each district or part of a district entering into the consolidation except the bonded debt of any district containing in whole or in part an incorporated city or village. The clerk of the consolidated district shall, in case such bond assumption vote carries, give proper notice thereof to the auditor of each county in which any part of such consolidated district is situated. ('17 c. 387 § 4)

[2696—]6. **Same—Application of laws**—The consolidation of school districts, including parts of districts as referred to in this act is that provided for in Chapter 238, Laws of 1915 [2694—1 to 2694—12]. ('17 c. 387 § 5)

[2696—]7. **Consolidating districts in villages and cities of fourth class**—When an incorporated village or a city of the fourth class contains two or more school districts of any kind situated wholly or in part within the corporate limits of such village or city, when only one of such districts maintains a state high school, such districts may be consolidated and form one district in the manner hereinafter provided. ('17 c. 453 § 1)

[2696—]8. **Same—Petition—Duty of state superintendent of education—Submission to voters**—Whenever a petition signed by at least one hundred legal voters residing within the proposed consolidated district shall be presented to the state superintendent of education requesting that the said districts be united to form one district, and requesting the said state superintendent to call an election within the proposed consolidated district to vote upon the consolidating of such districts, the state superintendent of education shall make proper inquiry as to advisability of such proposed consolidation and if he shall deem it for the best interests of education therein, he shall order an election to determine the question of such proposed consolidation to be held within the proposed consolidated district. Notice of such election shall be given by posted and published notice as required by law for the consolidation of school districts. Such election shall be conducted in the same manner as are annual school elections in independent districts. The vote shall be by ballots which shall read "For Consolidation" or "Against Consolidation." ('17 c. 453 § 2)

[2696—]9. **Same—Certifying return—Duty of state superintendent**—The officers of such election shall certify and make return of the result of the election to the county auditor of each county in which any part of any of said districts lies. If a majority of the legal votes cast at such election shall be in favor of consolidation, such districts shall be consolidated, and

the state superintendent of education shall make an order setting forth such fact and shall file the same with the auditor of each county in which the districts so united are located. ('17 c. 453 § 3)

[2696—]10. **Same—Existing indebtedness**—Nothing in this act shall be construed to transfer the liability of existing indebtedness from the district or territory against which it was originally incurred. ('17 c. 453 § 4)

[2696—]11. **Same—State aid**—A consolidation formed under this act shall not entitle the district to any of the state aid for consolidated schools unless the district and its schools conform in all respects to the provisions for consolidated schools under chapter 238, General Laws of 1915 [2694—1 to 2694—12]. ('17 c. 453 § 5)

[2696—]12. **Payment of bonded and other indebtedness of districts included in consolidated districts**—Whenever any school district has heretofore been included in a consolidated school district, the bonded and floating indebtedness of such old school district existing at the time of the going into effect of such consolidation shall be paid in the manner following:

A. Each year the county auditor shall extend a tax against the territory chargeable with the payment of any outstanding bond for an amount sufficient to pay the interest or instalment of principal due upon such bond in the year following. Such tax when so collected shall be turned over by the county treasurer to the treasurer of the consolidated school district, who shall keep the same in a separate fund and use the money so received for the payment of such interest or instalment of principal. In case, either because all of said taxes so levied are not paid or for any other reason, the amount so raised by such tax levy shall not be sufficient to pay such interest or instalment of principal, then the amount so remaining unpaid for such year shall be included in the levy to be made the following year.

B. The county auditor shall also levy a sufficient tax against the territory which was included in the old school district at the time of the consolidation to pay the outstanding liability of such old district, excepting bonded indebtedness, as such outstanding liability may be represented by school district orders duly issued prior to such consolidation. The money collected from such tax levy shall be by the county treasurer paid over to the treasurer of the consolidated school district, who shall keep the same in a separate fund and therefrom pay such outstanding school district orders with interest thereon. In case the money so collected shall not be sufficient to pay all of such outstanding orders with interest thereon, then the county auditor shall the following year levy a tax sufficient to pay such residuum so unpaid, and so continue from year to year until full payment has been made.

C. In case any such old school district included in a consolidated school district has outstanding obligations not represented by bonds or school district orders, the claims against such old school district may be presented to the board of the consolidated district, and if found correct may be allowed by said board and school district orders issued therefor against the territory included in such old school district to be so designated, and money to pay the same shall be provided by tax levy, and the county auditor, county treasurer and consolidated district treasurer shall take the same procedure and perform the same duties and acts as in paragraph B hereof provided.

D. The school board of a consolidated district in which was included any school district having a bonded indebtedness may refund such bonded indebtedness by a three-fourths vote of the members of such school board and issue refunding bonds therefor which shall be chargeable against the territory that was chargeable with the payment of the bonds so proposed to be refunded. Such refunding bonds shall not run for a period shorter than five years nor longer than twenty years. The first refunding bond shall be due six years from the date of its issuance and shall be for not less than one-tenth of the bond issue in question nor more than one-fifth thereof, and each subsequent bond shall be for a like amount and shall be

payable one year from the due date of the bond to be paid the preceding year. The county auditor shall extend a tax against all the territory chargeable in the first instance with the payment of the old bonds sufficient to pay the interest on such refunding bonds and any instalment of principal that may be due in the following year. Such tax for the first year shall be fifty per cent in excess of the amount to be due the succeeding year, and thereafter each yearly levy shall be in such amount in excess, not exceeding fifty per cent, of the amount to be due the succeeding year, as the auditor may deem necessary. The county treasurer, upon the collection of such tax, shall apply the proceeds thereof to the payment of such interest or instalment of principal, and shall file with the county auditor receipts therefor, together with the cancelled bonds so taken up. The state board of investment may invest the funds under its control in refunding bonds so issued under the provisions of this paragraph.

E. Whenever any person has a claim against a school district which has been included in a consolidated district, which claim is not represented by a bond or school district order and which claim the consolidated district school board will not allow and issue a school district order therefor as provided in paragraph C hereof, such person may institute action in the proper court against the territory included in such old school district at the time of the consolidation by serving a summons and complaint upon the consolidated district school board, which board shall defend such action in behalf of the territory affected. In case judgment is secured by any such person on any such claim, then upon filing a certified copy of such judgment with the county auditor, such county auditor shall proceed by tax levy substantially as provided in paragraph B hereof and the money so received from such tax levy shall be paid by the county treasurer in payment of such judgment. ('15 c. 199 § 1)

[2864—]2. Said fund shall be secured from the following sources:

For the second 5 years, \$10.00 per year;

PENALTIES

2900. Excluding or expelling pupils—

To support a judgment imposing a penalty under this section upon a member of the board of education of a city for having voted to exclude a pupil from a public school, the findings must show that the vote related to such pupil and that no sufficient cause existed for the exclusion. That defendant, as a member of the board of education, voted for a resolution requiring pupils of a school who had been exposed to smallpox to be vaccinated or be excluded from school for two weeks, was no basis for holding him liable under this section, where the findings failed to show that plaintiff was either named in the resolution or came within its terms (132-375, 157+501). Schools and School Districts, ~~6~~62.

[2910—]1. **Contracts with members of boards of certain common districts authorized**—Members of any school board in any common school district in this state employing not more than three (3) teachers are hereby authorized and permitted to contract with, do work for, and furnish supplies to such districts when authority therefor is given by the full school board. All such bills shall be duly itemized and a full and complete itemized report shall be made at the annual school meeting. ('17 c. 306 § 1)

Upon the receipt of said pay-roll, said county auditor shall issue his warrant directing the county treasurer of said county to pay to said board of control the county's proportionate part of the aggregate amount of said pay-roll. Upon the receipt of said pay-roll so certified to the city council by the comptroller after the same has been audited by said city comptroller, said council shall direct the treasurer of said city to pay to said board of control, the city's proportionate part of the amount of said pay-roll. All accounts, bills, claims or demands against any such board of control, except claims included in pay-rolls as hereinbefore specified, shall be reduced to writing in items, and verified by the person claiming the same or his agent, to the effect that such account, bill, claim or demand is just and true, that the property therein charged was actually delivered or used for the purposes therein stated, and is of the value therein charged, and that the services therein charged were actually rendered and were of the value therein charged, and that no part of such account, bill, claim or demand has been paid. Said account, bill, claim or demand shall be in duplicate.

Said board of control shall, monthly, cause to be presented to the board of county commissioners of said county, all such accounts, bills, claims or demands against said board of control, and shall at the same time cause to be presented to the council of such city, the duplicates of all such accounts, bills, claims or demands against said board of control.

Said board of county commissioners shall allow said accounts, bills, claims or demands, in whole or in part, and thereupon there shall issue the warrant of the chairman thereof, attested by the auditor, directing the county treasurer of said county to pay to said board of control the county's proportionate part of the aggregate amount of all of said accounts, bills, claims or demands so allowed.

Said council shall, after audit by the city comptroller, allow said accounts, bills, claims or demands, in whole or in part, and shall direct the city treasurer of said city to pay to said board of control the city's proportionate part of the aggregate amount of all of said accounts, bills, claims or demands so allowed. ('15 c. 4 § 1)

[3093—]2. Same—Moneys, how deposited—Bond—All moneys paid to said board of control under the provisions of this act, as soon as received, shall be deposited by said board of control, in the name of said board of

control, in one or more banks designated by said board of control to be the depositaries of the funds of said board of control. Every bank or banker, upon being designated as a depositary of said board of control, shall deposit with the county treasurer of said county, a bond, approved by the county board, in at least double the amount to be deposited, payable to the board of control, and it shall be given for the term of two years. Securities may be deposited with said county treasurer in lieu of said bond in the same manner and upon the same terms as is now provided with reference to county depositaries. ('15 c. 4 § 2)

[3093—]3. **Same—Checks, how issued**—Said board of control shall issue checks against the funds so deposited for pay-rolls payable to the persons employed in and about such institutions as certified to in said approved pay-roll. Said board of control shall issue checks against funds so deposited in the full amounts and to the persons, companies or corporations only, specified in said accounts, bills, claims or demands allowed as hereinbefore provided, and said checks so issued shall by number or otherwise show their connection with said accounts, bills, claims or demands. All checks issued by said board of control shall be signed by its chairman, or in his absence by its vice chairman, and shall be attested by its secretary. ('15 c. 4 § 3)

[3093—]4. **Same—Bonds of chairman and secretary**—The chairman of said board of control and the secretary of said board of control shall each give a bond to secure the faithful performance of their respective duties, payable to said city and said county, in the proportionate amounts furnished by the city and county respectively, in supporting said board of control; each of said bonds to be in the sum of fifteen thousand dollars (\$15,000.00), and to be executed by a responsible surety company. Said bonds shall be approved by the board of county commissioners of said county, and shall be deposited with the county treasurer of said county. The premiums upon said bonds shall be paid as other claims against said board of control are paid. ('15 c. 4 § 4)

[3093—]5. **Contracts for care of certain persons at poor house—Power of county board**—The board of county commissioners of any county now or hereinafter maintaining a poor house for the reception and support of poor persons chargeable on such county are hereby authorized to enter into contracts for the support and care at such poor house of aged and decrepit persons or indigent persons who are then actual residents of said county, for a stipulated sum per week, provided, however, that said sum shall be one amply sufficient to fully reimburse the county, unless such person is an indigent person, and provided further that the county board shall have the privilege and right to terminate such contracts whenever such board may deem it for the best interest of the county so to do. ('15 c. 321 § 1)

TOWN SYSTEM

3094. Town board and councils to be superintendents—Relief—

The relief provided by the mothers' pension law (§ 7197) is operative in a county having a town system of caring for the poor, as well as elsewhere, and also in a city in such county, though it maintains its own pauper system (123-382, 143+984, 49 L. R. A. [N. S.] 597). Infants, $\$12\frac{1}{2}$.

3096. **Powers and duties of supervisors and councils**—Each board and council shall have the following powers and duties:

1. It may appoint a practicing physician to be physician of the poor, who shall hold office during its pleasure, and receive such compensation as it may from time to time determine. When directed by a member of the board or council, such physician shall attend upon and prescribe for any sick poor person entitled to support or relief from the town, city or village.

2. Whenever any person not having a legal settlement therein shall be taken sick, lame or otherwise disabled, or for any other cause shall be in need of relief as a poor person, and shall make application for relief to any such board or council of such municipality, its chairman, mayor or president shall warn him to depart; and if he is unable or refuses to do so within a

reasonable time and is likely to become a public charge, such chairman, mayor or president may, in writing require any constable or marshal of the town, city or village to convey him to the place of his settlement, if he have a settlement in this state. If such person is so sick or infirm as to render it unsafe or inhuman to remove him, and is in need of immediate support or relief, the board or council shall provide such assistance as it deems necessary, and if he dies, shall give him decent burial. The expense so incurred shall be paid by the town, city or village, and shall thereupon become a charge against the county. Upon payment thereof, the county may recover the same from the county, town, city or village of such person's settlement, if he have any within this state. Within five days after such person becomes a public charge, the board or council shall notify the county auditor, and thereupon the county board may take him in charge, or relieve him in such manner as it may seem fit.

3. When any minor becomes chargeable upon any town, city or village for support, the board or council, or a member thereof, shall apply to the county board to secure his admission to the state public school, or secure him a home with some respectable householder, if one can be found who will take him. (Amended '17 c. 39 § 1)

In a county where the town system of caring for the poor is in force, the ultimate liability for the care of a pauper, who has no legal settlement anywhere in the state for the purpose of poor relief, does not rest upon the county in which is located the town where the pauper is when he becomes a charge (135-183, 160+669). Paupers, ~~§~~39(3).

[COUNTIES CONTAINING 80 TOWNSHIPS, ETC.]

[3108—]1. Board of poor and hospital commissioners—Appointment—Qualifications—Terms—Vacancies—Officers—Rules, etc.—In all counties in this state containing not less than eighty congressional townships, and having an assessed valuation of not less than twenty million dollars, and not exceeding fifty million dollars, there shall be appointed, as herein provided, a board of poor and hospital commissioners, consisting of five members, who shall be electors of said county. Such board shall be appointed by the board of county commissioners of such county, with the approval of the judges of district court of the judicial district in which, by resolution in writing duly adopted by said board of county commissioners, and filed in the office of the county auditor of such county. No member of the board of county commissioners shall be eligible to such appointment. The terms of two of the members of the first board so appointed shall expire on the first Monday in January of the second year after their appointment; and the terms of three members of the first board so appointed shall expire on the first Monday in January of the third year after their appointment. Upon the expiration of such first terms their successors shall be appointed in like manner for terms of three years each. Vacancies shall be filled by like appointment for the unexpired terms. All appointments, including those to fill vacancies and those for regular terms, shall be by resolution, and approved by the judges of the said district court, as aforesaid. Such board of poor and hospital commissioners shall elect one of its members to be president, and one of its members to be vice president, each to serve for one year, and until their successors are elected and qualified. Such board shall also appoint a clerk, as hereinafter provided. And the appointment of said clerk shall also be duly entered in the minutes, records and proceedings of said board. A certified copy of such minutes and records of said board, showing the election of said officers and the appointment of said clerk, shall be filed in the office of the county auditor. Said board shall also adopt by-laws and make all necessary rules and regulations for its conduct and government, including the times and places for holding its meetings, and may amend such by-laws, rules and regulations at any time at a legal meeting of the board. The members of said board shall receive no compensation for their services or

expenses. The board of county commissioners of the county shall provide a suitable room in the court house of such county for the meetings and use of such board of poor and hospital commissioners. ('17 c. 187 § 1)

Section 6 repeals inconsistent acts, etc.

[3108—]2. Powers and duties of board—Such board of poor and hospital commissioners shall have all the powers and duties relative to the care of the poor which, in counties having the county system, appertain to the county board. All moneys arising from the labor of poor persons in its care, or from the produce of the poor farm, shall be paid to the board and by it into the county treasury to the credit of the poor fund. No money shall be paid from such fund except on vouchers of the board, signed by its president or vice-president, and countersigned by its clerk. On the first Monday of January, April, July and October of each year, the board shall file with the county auditor an itemized statement of its receipts and expenditures for the preceding three months. Said board shall have full, complete and exclusive charge of and control of the poor of such county, and the handling, use, paying out and expending of all moneys for poor purposes in such county, including the poor fund thereof. In each of said counties having a county hospital, or in which there shall be established or provided a county hospital under the laws of this state, such board shall have the full, complete and exclusive control, care, management, maintenance and operation of such hospital and shall operate the same as a county hospital. Said board shall provide such by-laws, rules and regulations in reference to such hospital, as to the control, management, maintenance and operation thereof, as it shall deem necessary, proper or desirable. It shall fix the rates to be charged all patients cared for in such hospital, including the rates to be charged against the county for paupers or poor persons cared for at the request of such county. It shall appoint a superintendent of such hospital, who shall hold his office at the pleasure of said board, fix his salary, and prescribe his powers, duties and responsibilities. It shall have the power to employ and pay such other assistants, servants, physicians, surgeons, nurses and other employees as may be necessary or desirable for the maintenance and operation of such hospital. The amounts due, or to become due, from patients and others who may be served by said hospital, shall be collected by and paid to said board. Said board shall require to be kept accurate and complete books of account of all receipts and disbursements in the matter of the maintenance of such hospital, and on the first Monday in January of each year shall file with the county auditor an itemized statement of all such receipts and expenditures for the preceding year, which statement shall be appended to and published with the financial statement of such county. ('17 c. 187 § 2)

[3108—]3. Clerk—Powers and duties—Compensation—Assistants—Such board of poor and hospital commissioners shall appoint a clerk, to serve during the pleasure of such board, and fix his compensation which shall not exceed one hundred twenty-five (\$125.00) dollars per month, to be paid out of the county poor fund. Such clerk shall keep a record of all the doings of the board, preserve all documents relating to its business, keep an account of all receipts and expenditures, the names and addresses of all persons to whom relief has been granted, with the amount of such relief, investigate the condition and needs of all persons by or for whom application is made for relief, and report to the board thereon. The board may authorize such clerk to grant temporary relief in cases of emergency, without previous action by the board, but it shall be [by] proper resolution limit the amount of such temporary relief to be so granted. Such clerk shall perform all of the duties and services, both as to such hospital and to the matter of the poor, as shall be prescribed by said board. The board may appoint such other assistants as may be necessary to discharge its duties. ('17 c. 187 § 3)

[3108—]4. Same—Taxes, how levied, etc.—Taxes shall be levied by said board for the support of the poor and for said hospital as follows: On or before the first day of October in each year said board shall determine, by sepa-

rate resolutions duly passed, the amount of taxes to be levied for the ensuing year for the support of the poor in such county, the maintenance of the poor house and other buildings provided for the care of the poor, including the erection of any building or the making of any improvements for such purpose, and for the care, support, maintenance and operation of said hospital. The adoption of such resolution shall constitute a levy on the taxable property in such county to the full amount named therein, provided, however, that the tax so levied for said hospital purposes shall not exceed five-tenths of one mill (5/10 of \$.001) upon the said taxable property in said county. On or before the fifth day of October in each year said board shall file a certified copy of each of said resolutions with the county auditor of such county, who shall thereupon enter the amount upon the tax list, and thereafter proceed to the assessing and collecting of such tax in the same manner as village or corporation taxes. Such taxes when collected shall be placed in, or credited to the hospital fund and to the poor fund, respectively. ('17 c. 187 § 4)

[3108—]5. **Partial invalidity**—Should any paragraph or separate provision of this act be held invalid by any court having jurisdiction thereof so to determine, such decision or judgment shall not be held to affect any other paragraph or provision hereof or herein. ('17 c. 187 § 5)

[3108—]6. **Existing laws**—All existing laws, not hereby expressly repealed, shall be construed in such a way as to effectuate and carry out the terms, conditions, spirit and purpose of this act, and to that end such laws shall be made to conform to and assist in carrying out this act. ('17 c. 187 § 7)

CHAPTER 16

INTOXICATING LIQUORS

LICENSES

3109. Sale, when and where forbidden—Penalty—Any person who shall sell any intoxicating liquors in quantities less than five gallons, or in any quantity, to be drunk upon the premises, in any city, village or borough, in the State of Minnesota, except as provided by law, or any person who shall sell any intoxicating liquors in any quantity in the State of Minnesota outside of the corporate limits of cities, villages or boroughs therein, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than fifty dollars, and the costs of prosecution, and by imprisonment in the county jail not less than thirty days. Provided, that the provisions of this act shall not prevent any person, firm or corporation, operating a bona fide brewery now in existence, located outside the corporate limits of an incorporated city, village or borough, in any county wherein the sale of intoxicating liquor is not prohibited by law, from selling at such brewery malt liquors, actually manufactured therein, in quantities of five gallons or over; and provided that nothing in this act shall in any way repeal, modify, or affect chapter 23, General Laws of Minnesota for 1915 [3161—1 to 3161—18], or any part thereof. (Amended '17 c. 32 § 1)

It is not contrary to the public policy of the state to give to cities of the first class power to prohibit the liquor traffic, and such power may be given to a city of the first class operating under a home rule charter (134-355, 159+792). Intoxicating Liquors, ¶10(1).

While this chapter governs municipalities operating under special charters, such municipalities are free to impose such other and additional restrictions as may lie within the power conferred upon them by their charters (134-355, 159+792). Intoxicating Liquors, ¶11.

Evidence held not to sustain a conviction for sale of intoxicating liquors without a license contrary to a city ordinance (124-124, 144+745). Intoxicating Liquors, ¶236(1).

Upon a trial for illegal sale of intoxicating liquor, the admission of express receipts to show shipments of liquor to defendant was not error (162+683). Intoxicating Liquors, ¶233(1).

On a trial under an indictment for the unlawful sale of intoxicating liquor, evidence of other sales at about the time of the sale mentioned in the indictment was admissible (162+683). Criminal Law, ¶2.

Where defendant denied that he furnished the liquor as charged refusal of an instruction that if he furnished the liquor in a spirit of hospitality he committed no crime was not error (132-4, 155+766). Criminal Law, ¶814(1).

Evidence held to support a conviction under this section (132-4, 155+766). Intoxicating Liquors, ¶236(11).

3114. Licenses by whom granted, etc.—No license to sell intoxicating liquor within this state shall be issued or granted, except in incorporated cities, villages and boroughs. Such license may be granted by the council of any such city, village or borough. Every such license shall be for one year from its date, unless sooner annulled, shall specify the room in which sales are allowed, and shall state that the person named is authorized to sell such liquor only in such place and at the time, in the manner, and to the persons allowed by law. (Amended '15 c. 147 § 1)

Constitutionality of this section as amended by 1915 c. 147, with respect to dispensing with the requirement of Const. art. 4 § 20, as to readings of the bill (see 130-424, 153+749; notes under Const. art. 4 §§ 20, 21, and G. S. 1913 §§ 41, 8414).

Mayor, authorized by ordinance to sign license, cannot impose conditions in license (121-348, 141+495). Intoxicating Liquors, ¶79.

What constitutes issuance of license (121-348, 141+495). Intoxicating Liquors, ¶80.

A license to sell liquor in a rural township, for a period of one year from May 8, 1915, issued pursuant to an order of the board of county commissioners, is void, though the order directing the issuance of such license was adopted by the board prior to the enactment of the amendment in 1915 (131-451, 155+216). Intoxicating Liquors, ¶45.

In view of this section, § 3117, referring to "the municipal authorities of any city, village, town or borough," does not make the town board a licensing board (126-505, 148+99). Intoxicating Liquors, ¶148.

3116. Bond—

131-136, 154+795, L. R. A. 1916E, 269; note under § 3117.

Action on bond is one on contract and not for a tort (121-450, 141+793, 47 L. R. A. [N. S.] 183). Action, ¶27(1).

Bond is for protection of all persons injured, and such persons may sue thereon in their own names, though the bond runs to the state (121-450, 141+793, 47 L. R. A. [N. S.] 183). Intoxicating Liquors, ¶88(2).

Under this section and the following section, suit upon a liquor dealer's bond for damages for the death of plaintiff's son killed by train while intoxicated may be brought without obtaining leave of court (162+1054). Intoxicating Liquors, ¶282.

3117. Same—

In action on liquor dealer's bond for death of plaintiff's adult son killed by train while intoxicated, held, that whether accident happened because of his intoxication, and whether his condition was partly due to liquor sold him in defendant's saloon while intoxicated, were for the jury (162+1054). Intoxicating Liquors, ¶316.

The reference in this section to "the municipal authorities of any city, village, town or borough" does not make the town board a licensing board, this being evident from a consideration of § 3114 (126-505, 148+99). Intoxicating Liquors, ¶148.

Action on bond is one on contract and survives death of licensee (121-450, 141+793, 47 L. R. A. [N. S.] 183). Abatement and Revival, ¶53.

The bond protects persons injured, and they may sue thereon in their own names, though the bond runs to the state (121-450, 141+793, 47 L. R. A. [N. S.] 183). Intoxicating Liquors, ¶88(2).

An action on the bond herein prescribed is governed by the six-year statute of limitations, though the act complained of constitutes an assault ordinarily governed by the two-year statute (131-136, 154+795, L. R. A. 1916E, 269). Limitation of Actions, ¶21(1).

Under this section both the principal and surety on a saloon keeper's bond are liable for any damage proximately caused by any act in violation of the conditions of the bond. Thus where one in charge of a saloon pours alcohol on a guest and sets fire to him, there is a violation of the condition that the licensee will keep a quiet and orderly house, and this, though the act does not constitute the statutory crime of keeping a "disorderly house" (131-136, 154+795, L. R. A. 1916E, 269). Intoxicating Liquors, ¶86(1), 87(1).

3128. Local option—

No particular form of ballot required (122-149, 142+15). Intoxicating Liquors, ¶34(5).

If a town votes upon the license question, and a village located within the town and not separated therefrom has not voted thereon as an independent municipality, the vote of the town determines the question for all of the territory of the town, including that within the village; but if the village itself as an independent municipality votes upon the question, the

vote of the village determines such question for the territory within the village regardless of the vote of the town (130-336, 153+602). Intoxicating Liquors, ¶40(2).

A sale of intoxicating liquor, by one licensed by the common council of a village during the period of his license, but after the town in which the village is located has voted "no license," is unlawful, where there has been no statutory separation of the village and the town, and both participate in the election (126-505, 148+99). Intoxicating Liquors, ¶148.

3129. Local option in certain villages—Election—

127-318, 149+472.

Marking ballots (122-149, 142+15). Intoxicating Liquors, ¶34(5).

Majority vote necessary to authorize issuance of licenses (122-149, 142+15). Intoxicating Liquors, ¶35.

The findings that four contestees were not resident electors of a village, that each voted unlawfully, and that each cast a vote in favor of license, held sustained by the evidence (126-298, 148+276). Intoxicating Liquors, ¶37.

Where a majority of the votes cast upon the question, but not a majority of the whole number cast at the election, were in favor of the issuance of licenses, the proposition authorizing the issuance of licenses was adopted (127-318, 149+472). Intoxicating Liquors, ¶35.

3136. Soliciting orders, etc., in local option municipalities—

This act is not unconstitutional on the ground that its subject is not expressed in its title (126-68, 147+829). Statutes, ¶118(1).

3141. Sale, when forbidden—

125-425, 147+820; note under § 3152.

3142. Sale, where forbidden—

The provision of this section forbidding the sale of intoxicating liquors within one-half mile of a town or municipality which has voted no license is constitutional; but the one-half mile zone cannot embrace any territory within a village or city (126-5, 147+660). Intoxicating Liquors, ¶14, 40(2).

A majority of votes cast in favor of the question, as distinguished from the majority of the votes cast at the election, determines the question of the issuance of licenses (127-318, 149+472). Intoxicating Liquors, ¶35.

That a witness is a detective employed to detect violations of liquor laws does not make his testimony incredible as matter of law (135-98, 160+247). Criminal Law, ¶742(1).

A sale of intoxicating liquor by one licensed by the common council of a village during the period of his license, but after the town in which the village is located has voted "no license" is unlawful, where there has been no statutory separation of the village and the town, and both participate in the election (126-505, 148+99). Intoxicating Liquors, ¶148.

Vote of village as determining question of sale of liquor, irrespective of vote of town within which it is located (see 130-336, 153+602). Intoxicating Liquors, 40(2). See, also, note under § 3128, ante.

3148. Sale, to whom illegal—

In general—Evidence held to support a conviction under this section (124-408, 145+39). Intoxicating Liquors, ¶232.

Minors—A city ordinance, making it unlawful for a minor to frequent a saloon, is not in conflict with this section (126-521, 148+471). Intoxicating Liquors, ¶11.

To render a sale of liquor to a minor unlawful, notice forbidding such sale need not have been given (124-162, 144+752, Ann. Cas. 1915B, 377). Intoxicating Liquors, ¶159(1).

The proprietor of a saloon is liable to the penalty imposed for a sale to a minor, though the sale is made by the barkeeper without the knowledge or assent of the employer (124-162, 144+752, Ann. Cas. 1915B, 377). Intoxicating Liquors, ¶168.

Sufficiency of notice—"Boyce" and "Boise" are idem sonans, and the use of one of such names in a notice under this section and proof of the other is not a fatal variance (129-409, 152+775). Names, [§16\(2\)](#).

A notice under this section, served upon a bartender on duty, is sufficient, where it is thereafter seen and examined by defendant, the proprietor (129-409, 152+775). Intoxicating Liquors, [§161](#).

The notice need not show on its face that the person signing it is one of the persons authorized by this section to give the warning; it being sufficient that such fact be established at the trial (129-409, 152+775). Intoxicating Liquors, [§224](#).

Prostitutes—A woman to whom liquor is furnished, contrary to § 3148, is not an accomplice of the person selling the liquor (124-408, 145+39). Criminal Law, [§507\(1\)](#).

Evidence of issue of license—A record kept by the village clerk held competent, evidence of the issuance of a liquor license (128-45, 147+822). Intoxicating Liquors, [§234](#).

Competency of witnesses to testify as to intoxication of another—Persons who observe the appearance and actions of a purchaser of liquor were properly permitted to testify as to his intoxication (128-45, 147+822). Intoxicating Liquors, [§232](#).

3150. Licenses, how annulled—

Cited (126-5, 147+860).

Though refundment rests in discretion, and the right thereto is not an existing one, such right is assignable, and the assignee takes title to the money refunded immediately upon the entry of the order therefor, and the transfer is within the rule of equitable assignments (129-223, 152+265). Assignments, [§26](#).

3152. Revocation—

Every such petition shall be substantially in the form hereinafter provided, and every such petitioner shall, opposite his signature thereto, specify his residence, giving the street and number, if any, and no voter shall sign his name to or withdraw his name from any such petition after the same has been so pre-

sented to the county auditor. Said petition shall also contain a written or printed oath to the effect that the petitioner is a legal voter of said county and knows the contents and purpose of said petition and signed the same of his own free will, and each petitioner shall at the time of signing be sworn as aforesaid. No signature shall be valid unless the date of the verification of the signer is less than ninety (90) days before the date of its presentation to the county auditor. Said petition when so presented may consist of separate petitions fastened together as one document, and containing in the aggregate the number of voters hereinbefore specified. ('15 c. 23 § 2)

This act does not violate Const. art. 4 § 36, and is valid (132-298, 156+249). Intoxicating Liquors, § 14.

[3161—]3. **Submission to voters—Duty of auditor—Election, when held**—The auditor shall upon the filing of said petition in his said office, forthwith make and file therein an order bearing his signature and his official seal directing the submission to the voters of said county of the question whether the sale of intoxicating liquors shall be prohibited therein, at a special election for such purpose, to be held on a Monday occurring not less than forty (40) days nor more than fifty (50) days after such filing of said petition; provided, however, that if said petition is presented to the auditor within sixty (60) days prior to any primary or general election in said county or any regular town or village election therein, then, and in such event, the election to be held hereunder upon the presentation of such petition shall be fixed for a Monday not less than thirty (30) days nor more than forty (40) days subsequent to said primary, general, or regular town or village election; provided that said election shall not be held on the same day as any other regular municipal election; and provided that the time during which the holding of such election may be postponed by any obstacle shall not be a part of the time within which the election is hereby required to be held and provided further that no election in any such county under the provisions of this act shall be ordered or held within three (3) years subsequent to a previous election hereunder in such county, unless such previous election shall have been set aside or adjudged invalid. ('15 c. 23 § 3)

[3161—]4. **Notice of election**—Said auditor shall immediately upon such filing of said petition and affidavits and his said order, make and file in his office a notice of such election, bearing his signature and official seal, and thereupon and at least twenty-five (25) days prior to the time fixed for the holding of said election serve a duplicate copy of said notice personally or by registered mail upon the clerk or recorder of each village, city or town within said county, and shall forthwith make and file in his office an affidavit showing the time and manner of such service, whereupon, each clerk or recorder shall at least fifteen (15) days before said election, cause to be posted in three conspicuous places, in each election district of his city, village, or town, a notice of said election, and one copy of each notice so posted together with proof of such posting thereof by affidavit of the person posting the same shall be forthwith filed by each said clerk and recorder in his respective office. Failure for any cause to give any of the notices herein required or to make or file proof thereof shall not be held to invalidate any election held hereunder. ('15 c. 23 § 4)

[3161—]5. **Judges and clerks of election**—The members of the town board shall be judges of such election in the election district in which they respectively reside unless all are of like belief, either in favor of prohibiting the sale of intoxicating liquors in said county, or against the prohibition thereof in which case not more than two, determined by lot unless otherwise agreed upon, shall act as judges. But no member of such board shall be compelled to serve as judge, and if any decline they shall notify the town board in time to fill the place by appointment.

The council of every municipality at least ten (10) days before such election, shall appoint to be judges thereof three (3) qualified voters of each district therein, at least one (1) of whom shall be known to be in favor of pro-

hibiting the sale of intoxicating liquors in said county, and one (1) shall be known to be against prohibiting such sale. But in villages having but one (1) district and not included in any town district, the members of the council shall be judges, subject to the qualifications and restrictions provided for town boards in like cases.

The judges of each district shall appoint two (2) qualified voters therein as clerks except that in towns, the town clerk, and in villages having but one (1) district and not included in any town district, the village clerk or recorder shall serve as one (1) of the clerks in the district where he resides. No more than two (2) judges and one (1) clerk, in any district shall be of like belief, either in favor of prohibiting the sale of intoxicating liquors in said county or against prohibiting such sale, and no person shall be eligible as judge or clerk unless he can read, write and speak the English language understandingly. And no additional judge or clerks to be known as ballot judge or clerks shall be appointed. Whenever for any reason it becomes necessary to appoint one or more judges in order to provide three judges for each election district, the town board or council shall at least five (5) days before the time fixed for the holding of said election appoint the number required. Vacancies in the office of judge or clerk by reason of failure to appear at the time and place of said election or otherwise shall be filled as provided by law for general elections in this state, subject to the qualifications and restrictions hereinbefore prescribed. ('15 c. 23 § 5)

[3161—]6. **Challengers**—The judges shall allow one (1) voter, known to be in favor of prohibiting the sale of intoxicating liquors in such county and one (1) known to be against prohibiting such sale, to be in the room where the election is held, to act as challengers of voters. Such challengers shall be subject to the provisions of law relating to challengers in case of general elections. ('15 c. 23 § 6)

[3161—]7. **Ballots**—The ballots for said election shall be printed in the following form, words and characters:

Shall the sale of liquor be prohibited?

.....	Yes	:
.....	No	:

Such ballot shall take the place of the official ballot required for general elections and, together with a sufficient number of blank forms for lists and affidavits, and such other blanks as are required in preparing for and conducting such election, shall be prepared under the direction of the county auditor and with such forms and blanks by him delivered to the proper clerks or boards in sufficient quantities and in time to enable them to comply with the provisions of this act, all as provided by law in case of general elections for county officers. ('15 c. 23 § 7)

Cited in dissenting opinion (131-287, 155+92).

The sufficiency of the markings on various ballots in an election under this section considered and determined in the light of G. S. § 491 (see 131-303, 155+97). Intoxicating Liquors, 35.

[3161—]8. **Conduct of elections**—In all elections hereunder, except as to matters herein otherwise provided for, all provisions of law governing general elections for county officers in this state, including penal provisions and provisions relating to compensation of officials, and to payment of expenses incurred in preparing for and conducting elections, shall apply and govern as far as applicable. Provided that the compensation of the members of the county canvassing board shall be the same as the compensation of the members of the county canvassing board provided for by said election laws. The ballots shall be given to electors, marked, cast, counted, canvassed, returned and preserved, and returns made and delivered to the auditor, all substantially in accordance with the law governing general elections for county officers.

It shall not be necessary to make new election districts or to make any new register of voters for any election held pursuant to this act prior thereto, but the judges of such election in each district shall take from the custodian thereof and use at such election the register of voters used in said district at the general election next preceding said election so as to be held as herein provided. If any person shall offer to vote in any such districts whose name does not appear on such registration list, his name shall be entered thereon upon his taking such oath, answering such questions, and complying with such other provisions as shall be required by the then existing laws regulating the registration of voters. After his name is so entered and before he receives the ballot, the judges shall administer the following oath:

"You do swear that you are a citizen of the United States; that you are twenty-one years of age, and have been a resident of this state for six months immediately preceding this election; that you are a qualified voter in this district; and that you have not voted at this election."

Upon taking this oath if the judges are satisfied he is a qualified voter, he shall be allowed to vote. If such person refuses to take this oath, he shall not be allowed to vote and his name shall be removed from the register. ('15 c. 23 § 8)

[3161]—9. County Canvassing Board—The auditor, the chairman of the county board, and two qualified electors of the county, appointed by the auditor, one (1) known to be in favor of prohibiting the sale of intoxicating liquors, in said county, and one (1) known to be against prohibiting such sale, shall constitute the county canvassing board, any three of whom at least one being known to be in favor of prohibiting and one being known to be against prohibiting such sale, being present and sworn shall have power to act; and it shall be the duty of the auditor to appoint electors willing to act on said canvassing board as soon as practicable and within five (5) days after the day of said election. Such board, as soon as practicable and within ten (10) days after said election, shall meet at the auditor's office and there publicly canvass the returns made to said auditor. Such canvass shall, forthwith and within fifteen (15) days after said election, be completed and thereupon said board shall certify in writing the result of said canvass, and forthwith file their certificate thereof, duly signed by the members of the board so acting, with the county auditor of said county. ('15 c. 23 § 9)

[3161]—10. Contests—Mandamus—Any voter may contest the validity of such election, as provided by sections 529, 530 and 531 of the General Statutes of Minnesota for 1913, provided that it shall be the duty of the county attorney of such county to appear in defense of the validity of such election in any such contest in his county; and provided further that any voter of said county may appear at any time before trial and defend as contestee therein by serving written notice of his appearance signed by himself or his attorney on the contestant or his attorney, as provided by law, for the service of answers in civil actions. A writ of mandamus shall issue on information of any legal voter of said county to compel the performance of any duty enjoined upon any officer by this act, and all the provisions of Chapter 87, of the General Statutes of Minnesota for 1913 relating to mandamus proceedings shall apply to any proceedings hereunder as far as the same may be applicable. ('15 c. 23 § 10)

[3161]—11. Effect of prohibition—Suspension of existing laws—Another election—If a majority of the votes at any such election be cast in favor of prohibiting the sale of intoxicating liquors then, and in that event, and not otherwise, from and after the time of the filing of the certificate of the county canvassing board, as herein prescribed, the operation and enforcement of every statute and of every municipal charter now existing or hereafter enacted or adopted, so far as the same shall make the granting of licenses for the sale of intoxicating liquors or the sale or other disposition thereof, optional with the voters of towns, villages or cities, or any thereof, or in any manner au-

thorize or relate to the granting or issuance of any such license shall become and be wholly suspended in said county, and in each town, village and city therein, and the selling or storing or having in possession for sale or soliciting, receiving or taking any orders for, intoxicating liquors in any quantity whatsoever, and the keeping of any place, structure or vehicle, transient or permanent, where such liquor shall be sold or stored or kept for sale, in any quantity whatever, in any place in such county, shall be illegal and prohibited except as hereinafter otherwise expressly provided and except further that licensees may sell intoxicating liquors until such time as their licenses shall be annulled under the provisions of this act. And six (6) months from and after the time of the filing of the certificate of the county canvassing board, as herein prescribed, the operation and enforcement, within said county, and in each said town, village and city therein, of every statute, municipal charter and ordinance, now existing or hereafter enacted or adopted, so far as the same shall relate to the sale of intoxicating liquor by licensees or the conduct or regulation of licensed public drinking places shall likewise become and be suspended. Each such suspension of the operation and enforcement of every such statute, charter and ordinance, and such prohibition shall continue until another election hereunder shall be held in said county, at which the majority of the votes cast shall be against prohibiting the sale of intoxicating liquors therein, whereupon such suspension and such prohibition shall cease, and all of the then existing statutes, municipal charters and ordinances be thereafter operative and enforceable within said county until the operation thereof shall be again suspended and such prohibition again put in force, under and pursuant to the terms of this act; provided, however, that no suspension of the operation or enforcement of any statute, charter or ordinance under this act shall in any manner prevent or affect the prosecution or enforcement of any offense committed or any penalty incurred at a time prior to such suspension or when same was not in force. ('15 c. 23 § 11)

132-290, 156+125.

Where a county votes to prohibit liquor under this act, the power of all municipalities within the county, including cities operating under home rule charters, to issue licenses for the sale of liquor, is withdrawn (132-298, 156+249). Intoxicating Liquors, §40(2).

Where a vote to prohibit the sale of liquors was taken August 2, 1915, and the certificate of the canvassing board was filed August 9, a license issued July 30, 1915, for a term of one year beginning September 1, 1915, was inoperative, and a sale on October 1, 1915, under the license, was unlawful (132-470, 156+251). Intoxicating Liquors, §40(3).

In determining the total number of votes cast at the election defectively marked ballots, as well as those properly marked, must be counted (131-287, 155+92; 131-303, 155+97). Intoxicating Liquors, §35.

[3161—]12. **Annulment of licenses—Refundment of fees**—During the period of such prohibition and the suspension of the statutes and municipal charters first mentioned in the last preceding section, it shall be unlawful for any licensing board or council within said county to grant any license for the sale of intoxicating liquors therein. Every such license attempted to be granted in said county during such period of suspension or prohibition shall be null and void. And all licenses for the sale of intoxicating liquors granted in said county after the passage of this act for a term which shall not have expired, shall six (6) months from and after such suspension of the statutes or charter pursuant to which the same was granted forthwith be annulled and the holder thereof be liable for the sale of any liquor made by him thereafter the same as though no license had ever been issued to him. The county or municipality issuing such license shall refund to the holder thereof the portion of the fees received and retained by it for such license corresponding to the unexpired term thereof, which shall thereupon be charged in its due proportion to the fund or funds to which it shall have previously been credited, appropriated or applied. ('15 c. 23 § 12)

Adoption of county option by a county by the prohibition of the sale of liquor therein is operative on licenses issued in cities operating under home rule charters (132-298, 156+249). Intoxicating Liquors, §40(1).

[3161—]13. **Penalties and prosecutions**—(A) Every person, company, corporation, club, association or society, directly or indirectly, either person-

ally or by clerk, agent or employee, who shall sell or store or have in possession for sale, or shall solicit, receive or take any orders for intoxicating liquor, in any quantity whatever, or who shall keep any place, structure or vehicle, transient or permanent, where any such liquor shall be sold or stored, or kept for sale, in any quantity whatever, in any county wherein the operation or enforcement of statutes, charters or ordinances shall be suspended or such prohibition be in force, as in this act provided, in violation of the provisions of this act, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty (50) dollars and the cost of prosecution and be imprisoned in the county jail for not less than thirty (30) days, provided that the foregoing provisions in this section contained shall not apply to the keeper of any licensed drinking place until his license shall be annulled as hereinbefore prescribed, provided also that intoxicating liquor, manufactured in said county may be lawfully kept or stored at the place or places of such manufacture or any place in said county where necessary in due course of transportation from the place of manufacture, and provided further that any duly licensed and practicing physician or veterinarian may prescribe or any duly licensed pharmacist actually carrying on business as such may in good faith as such druggists or pharmacists dispense, or keep for the purpose of dispensing, intoxicating liquor under the conditions and restrictions and subject to the penalties prescribed in such cases by Chapter 16, of the General Statutes of Minnesota for 1913, and acts amendatory thereof.

(b) Whoever in making any affidavit accompanying the petition mentioned in section 1 of this act [3161—1], shall knowingly, willfully and corruptly swear falsely thereto, shall be deemed guilty of perjury and on conviction thereof be punished accordingly. Whoever forges the signature of any person upon any such petition shall be guilty of forgery and on conviction thereof be punished accordingly. Any person, who, not being at the time a qualified voter of the county, shall with unlawful intent sign such petition or vote at any election held hereunder and any person who shall induce another, knowing that he is not a qualified voter of said county, to sign such petition or vote at such election, or who shall directly or indirectly present or cause to be presented to the auditor any such petition, knowing or having reason to believe that any signer thereof is not a qualified voter, shall be guilty of a gross misdemeanor. And any public officer or judge or clerk of election who shall willfully fail, neglect or refuse to perform any duty imposed by this act, shall be guilty of a gross misdemeanor. ('15 c. 23 § 13)

Cited (135-387, 160+1015).

The penalties of this section are directed against the seller and not against the buyer; and one who purchases intoxicating liquor in a dry county at the solicitation of another, and with his money and for his use and as his agent, in good faith, and not as a subterfuge or for purposes of evasion, does not commit an offense (135-214, 160+673). Intoxicating Liquors, ~~6~~169.

[3161—]14. **Evidence—Complaints, informations and indictments**—The certificate of the county canvassing board, filed as in this act provided, or a duly certified copy thereof, shall be prima facie evidence in all courts of this state of the facts therein set forth and that said election was petitioned for, ordered, held and conducted, all as provided by law. In any complaint, information or indictment for the violation of any of the provisions of this act, it shall not be necessary to set forth the facts showing that the required number of voters in the county petitioned for the election or that the election was held or that a majority voted in favor of prohibiting the sale of intoxicating liquor as herein provided; but it shall be sufficient to allege that the act complained of was then and there prohibited and unlawful. ('15 c. 23 § 14)

[3161—]15. **Duty of officers**—Every sheriff, constable, marshal and policeman shall summarily arrest any person found violating any provisions of this act, and the president or mayor of every municipality shall make complaint of every known violation thereof. And every county attorney shall prosecute all cases arising under this act within his county. ('15 c. 23 § 15)

[3161—]16. **Other statutes**—Except as herein provided, all statutes and municipal charters and ordinances operative within the county shall be and remain in full force and effect, so far as the same in any way relate to intoxicating liquors, and keeping of unlicensed drinking places, or the sale or disposition of such liquors to any person or class of persons whomsoever or any penalty or liability therefor. ('15 c. 23 § 16)

[3161—]17. **Construction**—This act shall be liberally construed to effectuate the purpose of its enactment. ('15 c. 23 § 17)

[3161—]18. **Forms**—The petition for election provided for in this act, the order for such election, the notice thereof, to be made and filed by the auditor and thereupon served upon the clerk or recorder, and notice of such election to be prepared and posted by such clerk or recorder, and the certificate of the county canvassing board of the returns thereof, may be in the following forms, respectively.

By § 1, "Chapter 17, General Statutes 1913, is hereby amended so as to read as follows: Chapter 17.—Illegitimate Children," and as set forth in the sections therein and herein numbered 3214 to 3225(e).

By § 3 this act takes effect January 1, 1918.

3214. **Complaint—Warrant**—On complaint being made to a justice of the peace or municipal court by any woman who is delivered of an illegitimate child, or pregnant with a child which, if born alive, might be illegitimate, accusing any person of being the father of such child, the justice or clerk of the court shall take the complaint in writing, under her oath, and thereupon shall issue a warrant, directed to the sheriff or any constable of the county commanding him forthwith to bring such accused person before such justice or court to answer such complaint; which warrant may be executed anywhere within the state. (Amended '17 c. 210 § 1)

3215. **Action, how entered—Proceedings**—The justice shall enter an action in his docket, or the clerk of court in his register of actions, in which the state shall be plaintiff and the accused defendant, and shall make such other entries as are required in criminal actions. On the return of the warrant with the accused, the justice or judge shall examine under oath the complainant, and such other witnesses as may be produced by the parties, respecting the complaint, and shall reduce such examination to writing. He may at his discretion, and at the request of either party shall, exclude the general public from attendance at such examination. (Amended '17 c. 210 § 1)

3216. **Recognizance to appear—Commitment**—If there is probable cause to believe the defendant guilty as charged in the complaint, the justice or judge shall require him to enter into a recognizance, with approved sureties,

SUPP.G.S.MINN.'17—21

in a sum not less than one hundred dollars nor more than five hundred dollars, to appear before the district court of the proper county at the next term thereof, or if such court is then sitting in the county, at a date fixed by the justice or judge, and answer said complaint and abide the order of such court thereon. If he fails to give such recognizance, the justice or judge shall commit him to the county jail, there to be held to answer such complaint at the next term of such court, or at the date so fixed. Thereupon the justice or judge shall certify the examination, and return the same and all process and papers in the case to the clerk of such court. (Amended '17 c. 210 § 1).

3217. Proceedings in district court—At the next term of said court, or at the date fixed by the justice or judge, if the complainant has not been delivered or is not able to attend, or for any other sufficient reason, the court may continue the cause, and such continuance shall renew the recognizance, which shall remain in force until final judgment. If the sureties shall at any term of court surrender the defendant and ask to be discharged, or if the court shall at any time deem it proper, it may order a new recognizance to be taken, and commit the defendant until it is given. (Amended '17 c. 210 § 1)

3218. Trial—Judgment and proceedings to enforce—Upon the trial the examination taken before the justice or judge of the municipal court shall in all cases be read to the jury when demanded by the defendant. If he is found guilty, or admits the truth of the accusation, he shall be adjudged to be the father of such child and thenceforth shall be subject to all the obligations for the care, maintenance and education of such child, and to all the penalties for failure to perform the same, which are or shall be imposed by law upon the father of a legitimate child of like age and capacity. Judgment shall also be entered against him for all expenses incurred by the county for the lying-in and support of and attendance upon the mother during her sickness, and for the care and support of such child prior to said judgment of paternity, the amount of which expenses, if any, shall also be found by the jury if they return a verdict of guilty; together with the costs of prosecution. If the defendant fails to pay the amount of such money judgment forthwith, or during such stay of execution as may be granted by the court, he shall be committed to the county jail, there to remain until he pays the same or is discharged according to law; provided, however, that no stay shall be granted unless the defendant shall give a bond to the county, in such sum and with such sureties as shall be approved by the court, for the payment of such money judgment on or before the expiration of such stay. (Amended '17 c. 210 § 1)

Evidence of guilt (see 130-206, 153-526).

3219. Action by mother against father—In the event of judgment of paternity as provided in section 3218 the mother shall be entitled to recover of the father in a civil action all expense necessarily incurred by her in connection with her confinement, including her suitable maintenance for not more than eight weeks next prior thereto and not more than eight weeks thereafter; and for the burial of the child if the same shall have been still born or shall have died after birth. (Amended '17 c. 210 § 1)

3220. Petition for discharge—Notice—Any person who has been imprisoned ninety days for failure to pay any such money judgment may apply to said court, by petition setting forth his inability to pay the same, and praying to be discharged from imprisonment, and shall attach to such petition a verified statement of all his property, money and effects whether exempt from execution or otherwise. Thereupon the court shall appoint a time and place for hearing said application, of which the petitioner shall give at least ten days' notice to the county attorney. (Amended '17 c. 210 § 1)

3221. Hearing—Discharge—At the hearing the defendant shall be examined on oath in reference to the facts set forth in such petition and his ability to pay such money judgment, and any other legal evidence in reference to such matters may be produced by any of the parties interested. If it

appears that the defendant is unable to pay such judgment, the court may direct his discharge from custody, upon his making affidavit that he has not in his own name any property, real or personal, and has no such property conveyed or concealed, or in any manner disposed of with design to secure the same to his use or to avoid in any manner payment of such judgment. If upon such hearing it appears that the defendant has property, but not sufficient to pay such judgment, the court may make such order concerning the same, in connection with such discharge as justice may require. The defendant's discharge as aforesaid shall not affect the right of the county to collect upon execution any portion of such judgment remaining at any time unsatisfied, subject to all the provisions of law relating to judgments for the payment of money. (Amended '17 c. 210 § 1)

3222. Complaint by others than mother—If a woman is delivered of an illegitimate child, or is pregnant with a child likely to be illegitimate when born, the county board of the county where she resides, or any member thereof, or the state board of control or any person duly appointed to perform in said county any of the duties of said board relating to the welfare of children, may apply by complaint to a justice of the peace of the county or to a municipal court to inquire into the facts and circumstances of the case. (Amended '17 c. 210 § 1)

3223. Procedure—Warrant—Such justice or the judge of the municipal court may summon the woman to appear before him, and may examine her on oath respecting the father of such child, the time when and place where it was begotten, and any other facts he deems necessary for the discovery of the truth, and thereupon shall issue his warrant to apprehend the putative father. Thereafter the proceedings shall be the same as if the complaint had been made by such woman under the provisions of this chapter, and with like effect, and in all cases the complainant and the accused may require the attendance of such woman as a witness. (Amended '17 c. 210 § 1)

3224. Compromise by board—The county board, either before or after judgment, may make such compromise and settlement with the putative father of any illegitimate child, as they deem equitable and just, for expenses incurred by the county for which judgment may be or shall have been entered pursuant to section 3218. (Amended '17 c. 210 § 1)

3225 (a). Settlement by father—The state board of control or the duly appointed guardian of the person of an illegitimate child shall have authority to accept from the duly adjudged or acknowledged father of the child such sum as shall be approved by the court having jurisdiction of proceedings to establish the paternity of the child, in full settlement of all obligations for the care, maintenance and education of such child; and shall hold or dispose of the same as ordered by said court. Such settlement shall discharge the father of all further liability, civil and criminal, on account of such child; provided that such settlement shall not affect any liability of the father under section 3219. ('17 c. 210 § 1)

3225 (b). Clerk to report name of adjudged father—Upon the entry of a judgment determining the paternity of an illegitimate child the clerk of the district court shall notify in writing the state registrar of vital statistics of the name of the person against whom such judgment has been entered, together with such other facts disclosed by his records as may assist in identifying the record of the birth of the child as the same may appear in the office of said registrar. If such judgment shall thereafter be vacated that fact shall be reported by the clerk in like manner. ('17 c. 210 § 1)

3225 (c). Physician may testify—In any proceeding under this chapter a licensed physician or surgeon may testify concerning the fact and probable date of inception of the pregnancy of his patient without her consent, and shall so testify when duly called as a witness. ('17 c. 210 § 1)

3225 (d). Construction of act—This chapter shall be liberally construed with a view to affecting its purpose, which is primarily to safeguard the interests of illegitimate children and secure for them the nearest possible ap-

proximation to the care, support and education that they would be entitled to receive if born of lawful marriage, which purpose is hereby acknowledged and declared to be the duty of the state; and also to secure from the fathers of such children repayment of public moneys necessarily expended in connection with their birth. ('17 c. 210 § 1)

3225 (e). Records private—All records of court proceedings in cases of alleged illegitimacy shall be withheld from inspection by, and copies thereof shall not be furnished to, persons other than the parties in interest and their attorneys, except upon order of the court. ('17 c. 210 § 1)

[3225—]1. **Partial invalidity of act**—The provisions of this act are severable one from another and in their application to the persons and interests affected thereby. The judicial declaration of the invalidity of any provision, or the application thereof, shall not affect the validity of any other provision, or the application thereof. ('17 c. 210 § 2)

3245. Same—Examination of companies—Powers of commissioner—At least once in every two years, the commissioner of insurance shall personally, or by his deputy, actuary, examiners or other salaried employé of his office, visit each domestic insurance company, other than township mutual fire insurance companies, and carefully examine its affairs for the purpose of ascertaining its financial condition and ability to fulfill its obligations, and if it be complying with all the provisions of law. He may also make such examination at any other time that he shall have reason to believe that such company is in an unsound condition, or that it is not conducting its business according to the provisions of law. He may also personally or by his deputy, actuary, examiners or other salaried employé of his office whenever he shall deem it necessary, make an appraisal of any or all of the company's assets. The commissioner, or person making the examination by his direction shall have free access to all books and papers of any company, and of the books and papers of any of its agents, that may relate to its business, and may summon and examine under oath of its directors, officers, agents, trustees, or other persons, in relation to its affairs and condition. The commissioner of insurance may in like manner, whenever he deems it necessary, make an examination of the affairs or an appraisal of any or all of the assets of any insurance company admitted, or applying for admission to do business under the laws of this state.

In the case of foreign insurance companies admitted or applying for admission to do business in this state, the insurance commissioner may, in his discretion, accept the report of examination made by the commissioner of insurance or corresponding officer of the state in which such company has its home office, in lieu of making the examination of such company authorized by the laws of this state. ('11 c. 386 § 6, amended '15 c. 208 § 2)

3246. Same—Fees for examination—Expenses—When any such visitation, examination or appraisal is made by the insurance commissioner, his deputy, actuary or chief examiner, the company so examined, except township mutual fire insurance companies, and companies organized exclusively to write insurance against loss or damage by cyclone, tornado and windstorm, or any one or more of them, upon the mutual plan, shall pay a fee to the said department of insurance of \$15.00 per day for each and every day necessarily occupied by such person, and each one thereof in making said examination, or in making an appraisal of any of the assets of said company. When such visitation, examination or appraisal is made, or engaged in, by any other person regularly employed in the said department of insurance and receiving a salary from the State of Minnesota, the company so examined, except township mutual fire insurance companies and companies organized exclusively to write insurance against loss or damage by cyclone, tornado and windstorm or any one or more of them, upon the mutual plan, shall pay as fees to the said department of insurance the sum of \$10.00 per day, for each and every day necessarily occupied by such other person, and each one thereof, in making or assisting to make, the examination, or in making an appraisal of any of the assets of said company. In addition to the fees mentioned herein the company so examined shall also pay to the department of insurance the necessary expenses of any such person or persons so engaged in connection with any such examination or appraisal. All of which fees and expenses shall be accounted for and turned into the treasury of the State of Minnesota. In case of the examination of township mutual fire insurance companies, and companies organized exclusively to write insurance against loss or damage by cyclone, tornado and wind storm, or any one or more of them upon the mutual plan, the actual expenses only thereof shall be charged. The necessary expenses of any such person or persons so engaged in connection with any such examination or appraisal shall be repaid by the state treasurer to any such person or persons so engaged in connection with said examination or appraisal upon vouchers of the same, on condition that such expenses shall have been previously charged to such company so examined and the full amount thereof by it paid into the state treasury. ('11 c. 384 § 7, amended '15 c. 208 § 3)

3247. Same—Professional insurance actuary, when and how appointed—Appraisal—Compensation—The commissioner of insurance may, when he shall deem it necessary, appoint any experienced and competent professional insurance actuary to personally make or conduct or assist in making or conducting an examination of any insurance company admitted, or applying for admission, to do business in this state, on condition that he, the commissioner of insurance, shall have previously filed with the secretary of state during the last immediately preceding month of January or July, as the case may be, or within thirty days from the passage of this act, a written declaration designating such person, by name and address, as a consulting actuary of the Minnesota department of insurance. And in such case, the commissioner of insurance shall fix a reasonable compensation for such examiner on a per diem basis for the actual time employed in making or conducting or assisting to make or conduct such examination, and which, including expenses of any necessary appraisal or clerical assistance, shall be charged to the company so examined. And the compensation for such examiner, appraisal or clerical assistance, together with the amount of his necessary expenses actually incurred in connection with such examination, shall, upon proper vouchers therefor, be paid to him by the state on condition that same shall have previously been charged to such company and by it paid into the state treasury.

The Commissioner of Insurance, when he shall deem it necessary, may ap-

point any competent person to make an appraisal of any or all of the assets of any such company, at a compensation of not exceeding ten dollars (\$10.00) per day and necessary expenses incurred in connection therewith, which compensation and expenses shall be paid to the department of insurance by such company and by it accounted for and turned into the treasury of the State of Minnesota; and which compensation and expenses shall be repaid by the state treasurer to any person so appointed upon proper vouchers of the same on condition that such fees and expenses shall have previously been charged to such company and the full amount thereof by it paid into the state treasury. ('11 c. 386 § 8, amended '15 c. 208 § 4)

3252. Same—Existing policies—Duties of commissioner as to future policies—Within thirty days after the passage of this act each officer, board of control, board of regents, agent or agency of the state of any kind, having in charge any public buildings or property of any kind whatsoever belonging to the state shall report to the commissioner of insurance of the state each policy of insurance which shall be then in force upon any property of any kind belonging to the state, showing in said report the property covered by such insurance, date of expiration of policy, rate of insurance, and amount paid.

Upon August 1st, 1913, and annually thereafter, the commissioner of insurance of the state shall provide for the insurance by the state of all state property not exceeding 33 per cent of the value on fireproof buildings nor 66 per cent on non-fireproof buildings. First, he shall determine the insurable value of each item of property and shall fix the rate of premium which in his opinion is the average rate charged by responsible fire and tornado insurance companies doing business in this state and issuing insurance policies upon property of similar kind and exposed to risk of fire or tornado in like manner.

He shall then ascertain the amount of insurance in force upon all state property and provide for such additional insurance as is necessary.

He shall certify to the state treasurer the amount of insurance upon such property to be carried by the state and order the state treasurer to credit to an account which shall be kept by the treasurer and known as the state insurance account, an amount which shall be equal to the premium as fixed by the commissioner of insurance, and the amount so credited by the state treasurer to the state insurance account shall be debited by the state treasurer to that account which shall be kept upon his books with the proper officer, agent, or board of trustees or regents which may have such public buildings and property in its charge, and the amount so debited by the state treasurer to said officer, agent or board shall be deducted by him from any funds which may be in his hands, or which may thereafter come into his hands and payable to said officer, agent or board of trustees or regents for insurance on state property.

The state commissioner of insurance shall not cause any policies to be cancelled which may be in effect on August 1st, 1913, but shall provide for the insurance of buildings and property as hereinbefore stated, increasing the amount of state insurance at such times as the policies existing on August 1st, 1913, may from time to time expire so as to maintain at all times the amount of insurance required by the provisions of this act. (Amended '15 c. 99 § 1)

('15 c. 138 § 1, amended '17 c. 29 § 1)

[3258—]2. kind or class of such other state, territory or country shall not be licensed to do business in this state.

This provision shall not apply to companies or associations organized under the laws of another state now licensed to do business in this state.

No insurance company or association or fraternal beneficiary association, not specifically exempted therefrom by law, shall transact the business of insurance in this state unless it shall hold a license therefor from the commissioner of insurance.

Chapter 418 of the laws of 1913 [3258] is hereby repealed. ('15 c. 138 § 2)

[3258—]3. **Certain corporations permitted to insure against loss or damage to property from explosion, bombardment or acts of war**—Any domestic insurance corporation having corporate power to transact any of the kinds of business described in subdivision 1 of section 1 of chapter 138, General Laws of Minnesota for 1915 [3258—1], is hereby granted corporate power and authority to insure, and is authorized to insure against loss or damage to property resulting from explosion, bombardment or acts of war or occasioned by or resulting from a state of war between the United States and any foreign state or nation or between any two or more foreign states or nations; and any foreign insurance corporation duly licensed to transact in this state any of the kinds of business specified in said subdivision 1 of section 1 of chapter 138, Laws of 1915 [3258—1], is hereby authorized to insure in this state against the risks hereinabove specified, provided such foreign corporation has corporate authority so to do under the law of its creation. (Amended '15 c. 81 § 1)

PROVISIONS COMMON TO ALL COMPANIES

3297. [Repealed.]

See § [3601—]21.

3300. **Misrepresentation by applicant**—

123-453, 144+218, Ann. Cas. 1915A, 458.

Contractor's statement in application for insurance of risks under Workmen's Compensation Act that he did not operate a "steam railroad, switch, or side track," followed by the policy, was a material misrepresentation, where, unknown to insurer, he used a "dinkey" steam locomotive on temporary tracks (162+894). Insurance, ~~§~~285½, New, vol. 15 Key-No. Series.

In an action on an accident policy, the provisions of this section, and not those of § 3467, control, the policy having been written, and the death claimed to be accidental having occurred, prior to the going into effect of 1913 c. 156 (post, §§ 3522-3535); § 3527 providing what shall be the effect of a false statement in an application for an accident policy (134-192, 158+967). Insurance, ~~§~~250(1).

3302. **Taxation—Salvage corps**—Every domestic and foreign company, except town and farmers' mutual fire insurance companies, and domestic mutual fire insurance companies, shall pay to the state treasurer on or before March 1, annually, a sum equal to 2 per cent of the "gross" premiums less return premiums "on all direct business" received by it in this state, or by its agents for it, in cash or otherwise, during the preceding calendar year. In the case of every domestic company such sums shall be in lieu of all other taxes except those upon real property owned by it in this state, which shall be taxed the same as like property of individuals, and in the case of every foreign company such sums shall be in lieu of all other taxes, except those upon real

and personal property owned by it in this state, which shall be taxed the same as like property of individuals, and except that in addition thereto, every foreign fire company doing business in any city wherein a salvage corps has been established pursuant to law for which such company or its agents for it are not otherwise subject to taxation shall at the same time pay to the treasurer of the duly authorized board of underwriters therein a tax equal to 2 per cent of the gross amount of premiums received by it, or for it, in such city, which shall be used by such board for the equipment and maintenance of such corps.

The provisions of this section shall not apply to any domestic mutual company insuring its members against loss or damage by tornado, hail or cyclone, or loss of live stock from disease or accident, which pays as salary and compensation to any one officer or member in any year no more than the aggregate sum of one thousand dollars (\$1,000) nor to domestic companies organized exclusively to write insurance against loss or damage by cyclone, tornado and windstorm, or any one or more of them upon the mutual plan, which pay as salary and compensation to any one officer or member in any one year no more than the aggregate sum of two thousand dollars (\$2,000). (Amended '07 c. 321; '15 c. 184 § 1)

An insurance company held to be a "town and farmers' mutual insurance company," within the exception in this section, and hence not subject to the 2 per cent. tax on premiums (130-384, 153+594). Taxation, ¶230.

CERTAIN MUTUAL COMPANIES

3307. Assessments, when and how made—Relief—Whenever the net assets of any mutual insurance company are insufficient for the payment of incurred losses and expenses above its reinsurance reserve, as provided by law, it shall make an assessment for the amount required ratably upon its members liable thereto. The order for assessment shall be duly entered upon its records, with a statement of its condition at the date thereof, including all cash assets, deposit notes, and contingent amount liable to such assessment, the amount of the assessment, and the particular losses or other liabilities for which it is made. Such record shall be signed by each director voting for the order before any part of the assessment is collected, and any person liable thereto may inspect and take a copy thereof.

Provided, that the commissioner of insurance may by written order relieve such company from an assessment or other proceedings to restore such assets during the time fixed in such order, when such deficiency does not exceed ten (10) per cent of its admitted assets. (Amended '15 c. 354)

Decree for assessment (121-221, 141+117). Insurance, ¶71(2).

Credit on assessment (121-221, 141+117). Insurance, ¶71(3).

A mutual hail and cyclone insurance company is required to make assessments for loss and expenses upon all members liable thereto, pro rata, and assessments which levy a greater rate on members in one locality than those in another cannot be enforced (126-245, 148+305). Insurance, ¶191.

3308. Same—Guaranty fund—

Validity of notice of assessment (121-221, 141+117). Insurance, ¶71(2).

STOCK COMPANIES

3313. Capital, when paid in—Funds, how invested—The capital of every stock company shall be paid in full in cash within six months from the date of its certificate of incorporation, and thereupon a majority of the directors shall certify under oath to the commissioner that such payment in cash has been made by the stockholders for their respective shares, and is held as the capital of the company, and until then no policy shall be issued. Except as otherwise provided by law, the funds of every domestic company shall be invested in, or loaned upon, one or more of the following kinds of securities or property, and under the restrictions and conditions herein specified, viz.:

1. Bonds or treasury notes of the United States, national or state bank

stock, interest bearing bonds or certificates of indebtedness at market value of this or any other state, or of any city, town, or county in this or any other state, or of the Dominion of Canada or any province thereof, having legal authority to issue the same, at market value, subject in every case to the same limitations and restrictions, according to the last assessment for taxation, which exist in this state upon issue of securities by such or like municipalities at the date of the investment.

2. Notes or bonds, approved by the commissioner, secured by first mortgage on improved real estate in this or any other state, worth at least twice the amount loaned thereon, not including buildings unless insured by policies payable to and held by the security holder.

3. Stock or bonds at market value, approved by the commissioner, upon which stock interest or dividends of not less than three per cent have been regularly paid for three years immediately preceding the investment, of any public service corporation incorporated by or under the laws of the United States, or any state, or the Dominion of Canada, or any province thereof.

4. Insurance policies, issued by itself, to an amount not exceeding the net or reserve value thereof.

5. Promissory notes maturing within six months, secured by the pledge of registered terminal warehouse receipts issued against grain deposited in terminal warehouses as defined in Section 4435, Revised Laws of Minnesota for 1913. At the time of investing in such notes the market value of the grain shall exceed the indebtedness secured thereby, and the note or pledge agreement shall provide that the holder may call for additional like security or sell the grain without notice upon depreciation of the security. The insurance company may accept, in lieu of the deposit with it of the warehouse receipts, a trustee certificate issued by any national or state bank at a terminal point, certifying that the warehouse receipts have been deposited with it and are held as security for the notes. The amount invested in the securities mentioned in this subdivision shall not at any time exceed twenty-five per cent of the capital stock of the company.

6. Loans on pledge of any such securities, but not exceeding eighty per cent of the market value of stocks and ninety-five per cent of the market value of bonds specified in subds. 1 and 3; and in all loans reserving the right at any time to declare the indebtedness due and payable when in excess of such proportion or upon depreciation of security. (1635) (Amended '15 c. 82 § 1)

FIRE INSURANCE COMPANIES

3318. Standard policy—

In proceedings to appraise losses under this section, the parties are entitled to be heard and to present evidence as in common-law arbitrations, and the competency of the appraisers is to be determined by the rules of such cases. Where a policy contains a provision as to appraising losses required by this section, and the appraisal is initiated, and one party refuses to recognize the appraiser appointed by the other on the ground that he is incompetent, the burden is upon such party to show such incompetency. The mere fact that appraisers are not experts in the line of business to which such matters pertain is not alone sufficient to sustain a charge of incompetency (125-374, 147+242, 52 L. R. A. [N. S.] 496). Insurance, ~~§~~570. Vacation of award of referees for inadequacy (121-160, 141+104). Insurance, ~~§~~574(4).

[3321—]1. Rating bureaus, etc.—Power of commissioner—Examination and report—The commissioner of insurance may address inquiries to any individual, association or bureau, which is or has been engaged in making rates or estimates for rates for fire insurance upon property in this state, in relation to its organization, maintenance or operation, or any other matter connected with its transactions, and may require the filing of schedules, rates, forms, rules, regulations and other information, and it shall be the duty of every such individual, association or bureau, or some officer thereof, to promptly make such filing and reply to such inquiries in writing.

The commissioner of insurance shall have power to examine any such rating bureau as often as he deems it expedient to do so, and shall do so not less than once every three years. A report thereof shall be filed in his office. The

commissioner of insurance may waive such examination upon the filing with him of a report of such examination made by some other insurance department or proper supervising officer within such three years. A statement with regard to such examination shall be made in the annual report of the commissioner of insurance. ('15 c. 101 § 1)

[3321—]2. Same—Discriminatory rates forbidden—Variation from bureau rate, etc.—No fire insurance company or other insurer against the risk of fire or lightning, nor any rating bureau, shall fix or charge any rate for fire insurance upon property in this state which discriminates unfairly between risks in the application of like charges and credits, or which discriminates unfairly between risks of essentially the same hazards and having substantially the same degree of protection against fire.

Any company or other insurer which shall desire to make any variation from the bureau rate upon any class of risks may do so but shall file with the commissioner of insurance and with the bureau of which it is a member or to which it is a subscriber, a written statement of such variation, at least fifteen (15) days in advance of such variation taking effect, and such variation shall be uniform and applicable to all risks of essentially the same hazard in the class for which such variation is made. If any insurer grants a lower rate on any class of property than that fixed by the rating bureau of which it is a member or subscriber, or by the Commissioner of Insurance as provided by this act, such rate shall not be increased by such insurer until one year has elapsed, without the approval of the Commissioner of Insurance. Provided that a declaration filed with the Insurance Commissioner by any insurance company of its intention to write insurance at a uniform variation of a certain per cent from the bureau rate, shall be a sufficient compliance with the requirements of this section. ('15 c. 101 § 2)

The holder of a fire policy in the Minnesota standard form, who makes a payment for a vacancy permit according to the rates prescribed by a rating board under this act is not entitled to recover the amount so paid, though his policy was issued before the passage of this act, the policy containing a provision that it should be void if the premises became vacant and remain so for 30 days without the assent of the insurer (135-483, 160+664). Insurance, 6-198(1).

[3321—]3. Same—Insurance company to maintain or be member of rating bureau—Bureau, how constituted, etc.—Every fire insurance company or other insurer authorized to effect insurance against the risks of loss or damage by fire or lightning in this state shall maintain or be a member of a rating bureau. No such insurer shall be a member of more than one rating bureau for the purpose of rating the same risk.

A rating bureau may consist of one or more insurers, and when consisting of two or more insurers shall admit to membership any authorized insurer applying therefor. The expenses of the bureau shall be shared in proportion to the gross premiums received by each member during the preceding year in this state, to which may be added a reasonable annual fee of not to exceed Fifty Dollars. Each member shall have one vote.

Every rating bureau shall maintain an office within the United States.

Within sixty days after the passage of this act, every fire insurance company or other insurer aforesaid, shall notify the Commissioner of Insurance in writing of each rating bureau making rates upon property located within this state of which it is a member and shall thereafter annually on or before February 1st report to the Commissioner of Insurance in writing each such rating bureau of which it is a member, and during the year, file written notice of any other such rating bureau of which it shall become a member. ('15 c. 101 § 3)

[3321—]4. Same—Duties of bureau—Inspection and survey of risks—Every rating bureau engaged in making rates or estimates for rates for fire insurance on property in this state shall inspect every risk specifically rated by it upon schedule, and make a written survey of such risk, which shall be filed as a permanent record in the office of such bureau. A copy of such survey shall be furnished to the owner upon request. ('15 c. 101 § 4)

[3321—]5. **Same—Agreements not in compliance with act forbidden—Submission to commissioner—Order of disapproval—Service—**No fire insurance company or any other insurer and no rating bureau, or any representative of any fire insurance company or other insurer or rating bureau, shall enter into or act upon any agreement with regard to the making, fixing or collecting of any rate for fire insurance upon property within this state, unless in compliance with this act.

Any such agreement may be made and enforced, provided the same be in writing, and, prior to its taking effect, a copy thereof be filed with the commissioner of insurance and with each rating bureau of which any of the parties thereto shall be a member or subscriber.

The commissioner of insurance may, after due notice and hearing, upon complaint or upon his own motion, make an order disapproving any such agreement. No such agreement shall be in force, nor shall any act or rights be based thereon, after service of a copy of such order upon each of the parties to such agreement and upon each bureau with which such agreement is required to be filed. Service may be made by mail and shall be completed upon the expiration of a reasonable time for transmission fixed in such order. The action of the commissioner of insurance in making or refusing to make any such order shall be subject to review by the District Court, as hereinafter provided. ('15 c. 101 § 5)

[3321—]6. **Same—Review of rates—Power of commissioner—Complaint—Appeal, etc.—**The commissioner of insurance shall have power, on written complaint or upon his own motion, to review any rate fixed by any bureau for fire insurance upon property within this state, for the purpose of determining whether the same is discriminatory or unjust. He shall have power to order the discrimination or unjust rate removed and fix and order a rate in lieu of the bureau rate found to be discriminatory or unjust and the rate so ordered and fixed shall become the bureau rate.

No action shall be taken by said commissioner of insurance unless upon a written complaint under the oath on information and belief of the person or persons interested, showing in substantial detail the ground for complaint with such data as will reasonably enable the commissioner of insurance to determine whether there is probable cause therefor, and no such action shall be taken nor shall there be any hearing thereon until a copy of said complaint and data shall have been sent by registered mail or special delivery to the insurance company or bureau concerned and such insurance company or bureau shall have at least ten days' notice of any hearing thereon.

Any person aggrieved by any such order or decision made by the commissioner of insurance may appeal therefrom to the district court of the county where the aggrieved party may reside within thirty (30) days from the making and filing of such order or decision by filing in the office of said commissioner a notice of such appeal in writing, and in such case the said commissioner shall within ten (10) days after the filing of such notice make and return to said district court a full and complete certified transcript of the findings and order appealed from, and of all papers relating thereto on file in his office, including such notice of appeal, and upon the filing of such certified transcript such appeal and all matters involved therein shall be brought on for trial upon the merits at the next term of said court after the filing of such transcript, unless otherwise ordered by the court; and upon such trial the findings of fact on which such order is based shall be prima facie evidence of the matters therein stated.

During the pendency of such proceedings upon review the order of the commissioner of insurance shall be suspended but in event of final determination against any insurer any overcharge by such insurer during such review shall be refunded to the persons entitled thereto. ('15 c. 101 § 6)

[3321—]7. **Same—Penalties for violation—**Any fire insurance company or other insurer or rating bureau or representative of any fire insurance company or other insurer or rating bureau guilty of a violation of any of the pro-

visions of this act or orders or findings of the commissioner of insurance made hereunder, shall be punished by a fine of not less than \$100 nor more than \$5,000. In addition thereto the license of any fire insurance company, agent or broker guilty of such violation may be revoked or suspended by the commissioner of insurance. Any rating bureau examined by the commissioner of insurance under the provisions of this act shall pay to the commissioner of insurance for such examination the same fees required for examinations of foreign fire insurance companies. ('15 c. 101 § 7)

[3321—]8. **Same—Not to apply to certain companies**—The provisions of this act shall not apply to county or township, mutual insurance companies. ('15 c. 101 § 8)

An insurance company held to have waived its right to arbitration, so that insured was entitled to maintain an action to recover damages for failure to replace a building burned, without first having resorted to arbitration (125-518, 145+376). Insurance, ~~6~~612(3).

FIRE DEPARTMENT AID

3345. Disposition of such funds—Relief association—Such amount shall be kept as a special fund, and disbursed only for the following purposes:

(1) For the relief of sick, injured, or disabled members of such fire department, their widows and orphans.

(2) For the equipment and maintenance of such department.

But if there shall be a duly incorporated fire department relief association in such municipality, organized with the consent of the governing body thereof, such amount shall be paid to the treasurer of said relief association, to be disbursed as hereinabove prescribed for municipalities, and as hereinafter provided for service pensions, or relief of sick, injured, or disabled, active or retired members of the fire department in such city who are members of such relief association. In case any fire department relief association or any trustee having any of said funds in its hands shall resign its trust in relation thereto, or shall be dissolved or shall have been heretofore or shall be hereafter removed as such trustee, the district court of the proper county may appoint a trustee or trustees of said funds, or cause such trust to be executed by its officers under its direction, or such court may direct that such trust funds be paid to the treasurer of the proper municipality, and all funds so held in trust or so paid to any such treasurer shall be kept as a special fund and disbursed only for the purposes provided in this section. (Amended '17 c. 207 § 1)

As between the state and members of the fire department the pension is a gratuity; and the state may take it away, except so far as it has accrued, without affecting a vested right or violating the constitution (125-174, 145+1075, Ann. Cas. 1915C, 749). Constitutional Law, ~~6~~102(2); Municipal Corporations, ~~6~~176(3).

3347. Service pensions—Every fire department relief association organized under any laws of this state, whenever its certificate of incorporation or by-laws so provide, may pay out of any funds received from the state, or other source, a service pension, in such amount, not exceeding forty dollars (\$40.00) per month, as hereinafter authorized, or as may be provided by its by-laws, to each of its members, who have heretofore retired or may hereafter retire, who has reached or shall hereafter reach the age of fifty (50) years, and who has done, or hereafter shall do, active duty for twenty (20) years, or more as a member of a volunteer paid, or partially paid and partially volunteer fire department in the municipality where such association exists, and who has been, or shall hereafter be, a member of such fire department relief association at least ten (10) years prior to such retirement, and who complies with such additional conditions as to age, service, and membership as may be prescribed by the certificate or by-laws of such association.

The amount of monthly pension which may be paid to such retired fire-

men may be increased by adding to the maximum above prescribed, an amount not exceeding two dollars per month for each year of active duty over twenty years of service before retirement, provided, however, that no such fire department relief association shall pay to any member thereof a pension in any greater amount than the sum of sixty dollars per month. No such pension shall be paid to any person while he remains a member of the fire department, and no person receiving such pension shall be entitled to other relief from such association. No payments made or to be made by said association to any member on the pension roll shall be subject to judgment, garnishment or execution, or other legal process, and no person entitled to such payment shall have the right to assign the same, nor shall the association have the authority to recognize any assignment or pay over any sum which has been assigned. (Amended '17 c. 514 § 1)

3348. Fireman's relief associations in cities having 50,000 inhabitants—Pensions—

Where a member of the Minneapolis Fire Department Relief Association is determined by the association to be disabled, within the meaning of the constitution and by-laws of such association, such member obtains a vested legal right to such benefit, of which he cannot be deprived except by due process of law (124-381, 145+35, 50 L. R. A. [N. S.] 1018). Constitutional Law, ¶102(2).

A determination by such association that a member has fully recovered from a disability is not conclusive, where the member had no notice and was not offered an opportunity to be heard upon the question. The rights of the parties in such case are not analogous to and controlled by the principles of law applicable to mutual benefit societies (124-381, 145+35, L. R. A. [N. S.] 1018). Municipal Corporations, ¶187.

3349. Same—Pension for injuries or disabilities—

This section, with § 3355, as amended, is not unconstitutional, as class legislation, because based upon an arbitrary distinction between wives of common-law marriages and wives of ceremonial marriages (126-332, 148+279). Constitutional Law, ¶208(3).

Where, prior to the passage of 1913 c. 318, the defendant denied liability to plaintiff, but upon action brought such liability was found by the court and judgment directed accordingly prior to such passage, and was entered afterwards, such judgment will not be enforced in proceedings by contempt, where the widow was the pensioner's common-law wife (126-332, 148+279). Contempt, ¶21.

Under this section, as amended, the widow of a fireman, otherwise entitled to the pension, who was his common-law wife, is not entitled thereto (126-332, 148+279). Municipal Corporations, ¶200.

3355. Same—Disposition of fund—Relief association, etc.—

This section, as amended, is not unconstitutional, as class legislation, because based upon an arbitrary distinction between widows of common-law marriages and widows of ceremonial marriages (126-332, 148+279). Constitutional Law, ¶208(3).

Where, prior to the passage of 1913 c. 318, the defendant denied liability to plaintiff, but upon action brought such liability was found by the court and judgment directed accordingly prior to such passage, and was entered afterwards, such judgment will not be enforced in proceedings by contempt, where the widow was the pensioner's common-law wife (126-332, 148+279). Contempt, ¶21.

A finding, evidentiary in character, in the absence of a specific assignment, is held a sufficient finding that plaintiff was not dependent upon her husband for support within this section. That the widow had separated from her husband, and was obtaining a living from an immoral occupation, does not prevent her from receiving a pension under 1907 c. 24, and the defendant's articles and by-laws. 1913 c. 318, defining the term "widow," as used in 1907 c. 24, was intended to apply as of that date to widows then receiving pensions as well as widows who might thereafter claim them (125-174, 145+1075, Ann. Cas. 1915C, 749). Municipal Corporations, ¶200.

Under this section, as amended, the wife of a fireman, otherwise entitled to the pension, who was his common-law wife, is not entitled hereto (126-332, 148+279). Municipal Corporations, ¶200.

[3358—]1. Fund for pensioning disabled fire insurance patrolmen, etc., in certain cities, etc., having 50,000 inhabitants—Board of trustees—That in all cities, villages, or incorporated towns whose population exceeds 50,000, having a paid fire insurance patrol, a fund shall be created by the board of underwriters of such cities, villages, or towns, for the pensioning of disabled fire insurance patrolmen and the widows and children of deceased patrolmen; to authorize the retirement from service and the pensioning of members of the fire insurance patrol, and for other purposes connected therewith. Such fund shall be controlled and managed by the board of trustees composed of the president, secretary, treasurer, and the superintendent or chief officer of

the fire insurance patrol of the board of underwriters of such city, village, or town, under the name of "The board of trustees of the patrolmen's pension fund." The said board shall elect from their number a president, secretary and treasurer. ('17 c. 196 § 1)

[3358—]2. Same—Powers and duties of board—Assessments—Duty of treasurer of board of underwriters—The said board of trustees shall have exclusive control and management of all money donated, paid or assessed for the relief or pensioning of disabled, superannuated and retired members of the fire insurance patrol, their widows and minor children, and shall assess each member of the fire insurance patrol not to exceed one per cent (1%) of the salary of such members, to be deducted and withheld from the monthly pay of each member so assessed. And the treasurer of the board of underwriters of such city, village, or town, shall annually set aside and pay to the treasurer of said board of trustees not to exceed four per cent (4%) of all moneys paid to him by insurance companies for the support of said fire insurance patrol for the first eight (8) years after the passage of this bill, and not to exceed two per cent (2%) of said moneys thereafter, the same to be placed by the treasurer of the board of trustees to the credit of such fund, subject to the order of such board of trustees.

The said board shall make all needful rules and regulations for its government in the discharge of its duties; shall hear and decide all applications for relief or pensions under this act and its decisions on such applications shall be final and conclusive and not subject to review or reversal except by the board of trustees. The said board of trustees shall cause to be kept a record of all its meetings and proceedings. ('17 c. 196 § 2)

[3358—]3. Same—Rewards, etc., to be paid into pension fund—All rewards in moneys, fees, gifts and emoluments that shall be paid or given for or on account of extraordinary services by said fire insurance patrol or any member thereof (except when allowed to be retained by such member, or given to endow a medal or other permanent or competitive award) shall be paid into said pension fund. ('17 c. 196 § 3)

(Amended '17 c. 201 § 2)

LIFE INSURANCE COMPANIES

3467. Misstatement, when not to invalidate policy—

In an action on an accident policy § 3300 controls, and not this section, the policy having been written and the accident having occurred prior to the time that Laws 1913, c. 156, post, §§ 3522-3535, took effect, section 3527 proving what shall be the effect of a false statement in an application for an accident policy (134-192, 158+967). 3477. Policies in form other than as provided in section 3471—Provisions required—

A material misrepresentation, made with intent to deceive, avoids the policy; but where such intent is not present the policy is not invalid, unless the risk of loss is thereby increased, and an immaterial misrepresentation, though made with intent to defraud, does not avoid the policy (123-453, 144+218, Ann. Cas. 1915A, 458). Insurance, § 250(1).

3485. Person soliciting—Agent—

Cited (181+217).

Knowledge of the agent, through whom the insurance was effected, of the actual situation of the risk covered by its burglary insurance policy is the knowledge of the company, and estops it from denying that the property so situate is not insured (125-54, 145+622). Insurance, ~~§~~378(1).

This section has no application in a case where plaintiff is seeking to enforce an oral contract of insurance, a written policy not having been delivered to insured under his written application taken by a soliciting agent (131-147, 154+745). Insurance, ~~§~~92.

3495. Default in payment of premium—Rights of insured—

Where policy is improperly forfeited, insured may sue on the policy, and need not sue for conversion (121-395, 141+518, Ann. Cas. 1914D, 160). Insurance, ~~§~~237.

3496. Provisions not waived—

Stipulation for forfeiture on default in payment of loan held invalid (121-395, 141+518, Ann. Cas. 1914D, 160). Insurance, ~~§~~179½.

CO-OPERATIVE LIFE AND CASUALTY COMPANIES

3504. Reserve fund—Reciprocal provisions—Every domestic co-operative life or casualty corporation, society, or association except fraternal beneficiary associations, which issues a certificate or policy, or makes an agreement with its members, by which, upon the decease of a member, more than two hundred (200) dollars is to be paid to, or benefit conferred upon the legal representatives or designated beneficiary of such member, shall set aside ten (10) per cent of its gross premium receipts or assessments each year, as a reserve, until the same, together with any reserve already accumulated, shall amount to the sum of twenty-five thousand (25,000) dollars.

Every domestic co-operative or assessment company transacting the business of life and health and accident insurance, which does not issue health and accident policies providing indemnity for disability from accident or disease in excess of seven hundred fifty (750) dollars on account of any one accident or illness, nor issues policies providing indemnity for disability from accident or illness in excess of seven hundred fifty (750) dollars on account of any one accident or illness and death indemnity of more than two hundred (200) dollars, shall set aside as a reserve ten (10) per cent of its gross premium receipts or assessments each year until the same, together with any reserve already accumulated, shall amount to two thousand (2,000) dollars, and shall thereafter set aside as a reserve five (5) per cent of its gross premium receipts or assessments each year until the same, together with any reserve already accumulated, shall amount to twenty-five thousand (25,000) dollars.

Every domestic co-operative or assessment life insurance corporation, society or association, which issues a certificate or policy, or makes an agreement with its members, by which upon the decease of a member, a funeral benefit is to be paid or funeral service is to be furnished, not exceeding two hundred (200) dollars in amount or value, shall set aside ten (10) per cent of its gross premium receipts or assessments each year as a reserve, until the same, together with any reserve already accumulated, shall amount to the sum of five thousand (5,000) dollars, which said reserve fund accumulated as herein provided, shall be deposited with the commissioner of insurance of the State of Minnesota for the benefit of all its policy-holders.

Such deposit may consist of securities of the class in which insurance companies are authorized to invest under the laws of this state and the company depositing the same shall be entitled to the income derived from such securities. No foreign insurance company upon the co-operative or assessment plan shall hereafter be permitted to transact business in this state unless it makes the deposit hereinbefore required of domestic companies except that where by the laws of the state under which said foreign company is organized it is permitted to and actually does maintain for the benefit of all its policyholders a deposit with some proper officer of such state of an amount equal to the deposit required by this act; the deposit with such other state shall be a

sufficient compliance with the provisions of this section: No deposit of securities other than that herein provided for shall be required of any such co-operative or assessment company. Any company transacting the business of life insurance, upon the co-operative or assessment plan, and creating and maintaining a greater reserve than herein provided for, may elect by written stipulation, filed with the commissioner of insurance, to keep on deposit with the commissioner its entire reserve and special benefit funds, other than mortuary funds; and thereafter said entire reserve and special benefit funds shall be deposited with said commissioner in securities of like character and upon the same terms as provided herein for the deposit of the reserve required by this Section. ('07 c. 318 § 3, amended '11 c. 211 § 1; '15 c. 365 § 1)

3514. Beneficial and fraternal associations—

On death of a member of a beneficial association, whose certificate, payable to his mother, was dated prior to the enactment of this statute, held, that where the mother predeceased the member, the proceeds went to the member's brother and sister, they being his only heirs, there being no provision in the certificate as to disposition in case of the death of the beneficiary, and the constitution and by-laws of the order not being in evidence. In such case the brother and sister take as beneficiaries and not as heirs, and there being no provision in the certificate for payment to an administrator, a special administrator of the deceased member could not stand in the position of trustee to the brother and sister, and payment to such administrator did not release the insurance order. The brother and sister held not estopped to assert that the special administrator was unauthorized to receive the money, by the fact that they joined in the petition for his appointment, nor were they barred by laches by having delayed for several years in bringing suit on the certificate after its proceeds had been paid to the special administrator (122-221, 142+316). Insurance, ~~§~~796.

The by-laws of an association having provided that policies may be made payable to the affianced wife of the insured, a policy so payable is valid, though the object of the association, as stated in its constitution, is to provide insurance for the surviving relatives of its members (127-225, 149+288, Ann. Cas. 1916C, 584). Insurance, ~~§~~771.

LIFE, ACCIDENT AND HEALTH COMPANIES

3518. Same—Notice—Consolidation and reinsurance—The insurance commissioner shall thereupon issue an order requiring notice to be given by mail to each policyholder of such company of such petition, and the time and place at which hearing thereon will be held, and shall publish the said notice in five daily newspapers, once in each week for at least two weeks before the time appointed for the hearing upon said petition.

In lieu of proceeding under the foregoing paragraph of this section and section 2 of Chapter 303, Laws of 1905 [3517], any accident or health company, may consolidate and enter into a contract of reinsurance with any other company by filing with the commissioner of insurance a copy of such contract and all papers relating thereto, which consolidation and reinsurance shall take effect upon such filing and the mailing to each person holding a policy so reinsured a notice thereof. Provided, that if the holders of not less than five per cent of such policies so reinsured shall within thirty days thereafter file a petition with the commissioner of insurance for a hearing on the question of such reinsurance, the commissioner shall, and without such petition may, order a hearing as provided in section 4, Chapter 303, Laws of 1905 [3519], notice of which shall be given by the company by mail to each holder of such policy, so reinsured, at least ten days before such hearing, and thereupon proceedings shall be had as provided in sections 4 and 5, Chapter 303, Laws of 1905 [3519, 3520]. ('05 c. 303 § 5, amended '15 c. 333 § 2)

3527. Same—False statements—

In an action on an accident policy written prior to the taking effect of this act, the accident for which a claim was made having occurred prior to that time, the provisions of § 3300 control, and not those of § 3467 (134-192, 158+967). Insurance, § 250(1).

3535. Same—When to take effect—

3536. Policies of associations confining membership to commercial travelers, etc.—Copies to be attached and mailed, etc.—By-laws—Any domestic assessment, health or accident association now licensed to do business in this state, which confines its membership to commercial travelers, professional men, and others whose occupation is of such character as to be ordinarily classified as no more hazardous than commercial travelers, and which does not pay commissions or other compensation for securing new members, may issue certificates of membership which, with the application of the member and the by-laws of the association shall constitute the contract between the association and the member. A printed copy of the by-laws and a copy of the application shall be attached to the membership certificate when issued, and a copy of any amendment to the by-laws shall be mailed to the members following their adoption. Certified copies of certificate, by-laws, and amendments shall be filed with the commissioner of insurance and subject to his approval. The by-laws shall conform to the requirements of chapter 156, Laws of 1913 [3522-3535], so far as applicable, and wherever the word "policy" appears in said act, it shall for the purpose of this act be construed to mean the contract as herein defined. (Amended '17 c. 183 § 1)

FRATERNAL BENEFICIARY ASSOCIATIONS

3537. Fraternal beneficiary associations defined—Branch system, etc.—Any corporation, society, order or voluntary association without capital stock organized and carried on solely for the mutual benefit of its members and their beneficiaries, and not for profit, and having a lodge system with ritualistic form of work and representative form of government and which shall make provision for the payment of death or disability benefits, or both, is hereby declared to be a fraternal beneficiary association; provided that any beneficiary society or association, whose membership is confined to the members of any one religious denomination shall only be required to have a branch system and a representative form of government. Such beneficiary society or association shall be governed by the provisions of chapter 345 of the General Laws of 1907 [3537-3567], and be exempt from all provisions of the insurance laws of this state to the same extent as fraternal beneficiary association. ('07 c. 345 § 1, amended '15 c. 96 § 1)

Sections 3537-3539, requiring fraternal societies to have representative form of government, is not contravened by constitutional provision that jurisdictions must have reasonable minimum of members before representation in supreme council (162+513). Insurance, § 697.

3538. Same—Associations operating under lodge system, etc.—Any association having a supreme governing or legislative body and subordinate lodges or branches by whatever name known into which members shall be elected, initiated and admitted in accordance with its constitution, laws, rules, regulations, and prescribed ritualistic ceremonies, which subordinate lodges or branches shall be required by such association to hold regular or stated meetings at least once in each month, shall be deemed to be operating under the lodge system; provided that any beneficiary society or association, whose membership is confined to the members of any one religious denomination,

shall not be required to have ritualistic form of work or ceremonies. ('07 c. 345 § 2; amended '15 c. 96 § 2)

See note under § 3537.

3539. Same—When association deemed to have representative form of government—

See note under § 3537.

3542. Same—Who are beneficiaries—

Rules of an order, providing that benefits can be only in favor of "members of his family, or blood relatives, or mutually for husband and wife," did not prevent a married man from designating his father as his beneficiary; and subsequent marriage did not, ipso facto, work a substitution of the wife as the beneficiary in place of the father (122-273, 142+333, 49 L. R. A. [N. S.] 141, Ann. Cas. 1914D, 1123). Insurance, ¶774.

A change of beneficiaries can be effected only in the manner provided by the by-laws of the order. A mere delivery of the certificate to a person other than the designated beneficiary does not operate as a change of beneficiary (122-373, 142+333, 49 L. R. A. [N. S.] 141, Ann. Cas. 1914D, 1123). Insurance, ¶784(1).

The term "family" is not to be given a restricted construction, and may include stepchildren or stepfather. An adopted child does not always mean one adopted through statutory proceedings, and may apply to one received into insured's family (130-416, 153+853, L. R. A. 1916B, 901). Insurance, ¶726, 770, 771.

3544. Same—Certificate shall specify, what—Changes in constitution, etc.

Cited and applied (129-137, 151+905, Ann. Cas. 1916E, 486). Insurance, ¶718(4).

A by-law adopted subsequent to the issuance of a benefit certificate, limiting the time in which to sue on the certificate, was void as to such certificate, though the certificate provided that it should be governed by the existing by-laws or any thereafter adopted; no notice having been given to the certificate holder of the enactment of such by-law (122-310, 142+331). Insurance, ¶812.

A by-law passed after a benefit certificate was issued, and changing the limit of time for suing on the certificate, is not binding on the certificate holder or the beneficiary; this section not applying to benefit certificates issued before its enactment (124-431, 145+118). Insurance, ¶719(1).

The beneficiary certificate of a fraternal order may be received in evidence without offer of the application, the medical examination, or the laws of the order, though these documents form part of the contract between the member and the order by virtue of this section (130-329, 153+742). Insurance, ¶818(1).

Validity and operation of by-laws of beneficial association as to expulsion of members (see 128-51, 150+173). Insurance, ¶747, 757.

3553. Same—License, requirements for, etc.—No foreign association which is not now authorized to transact business in this state shall transact any business herein without a license from the insurance commissioner. Before receiving such license, it shall file with the insurance commissioner a duly certified copy of its charter or articles of association; a copy of its constitution and laws, certified by its secretary or corresponding officer; a power of attorney to the insurance commissioner as hereinafter provided; a statement under oath of its president and secretary or corresponding officers in the form required by the insurance commissioner duly verified by an examination made by the supervising insurance official of its home state of the business for the preceding year; a copy of its contract, which must show that benefits are provided for by assessments upon, or other payments by persons holding similar contracts, and shall furnish the insurance commissioner with such other information as he may deem necessary to a proper exhibit of its business and plan of working, and if he finds that it is transacting business in accordance with the provisions of this act; that its assets are invested in accordance with the laws of the state where it is organized; and unless it has under its jurisdiction, a grand lodge having a beneficiary department which grand lodge is now authorized by the insurance commissioner to transact business in this state, that it has the membership and qualifications required of domestic associations organized under this act, he may license such association to do business in this state until the first day of the succeeding March, and such license may be renewed annually, but in all cases to terminate on the first day of the succeeding March; provided, that any beneficiary society or association, having a branch system and representative form of government, whose membership is confined to the members of any one religious denomination, and who, prior to the passage of Chapter 345 of the General Laws of nineteen hundred and seven (1907) [3537-3567] was, and has been ever

since continuously licensed to do business in this state, may, upon being authorized to transact the business provided for in the laws governing fraternal beneficiary associations in the state of its organization and making such changes, if any, in its charter and plan of business as may be necessary to meet the requirements of said chapter 345 of the General Laws of nineteen hundred and seven (1907) [3537-3567], be licensed to do business in this state under said chapter without being required to adopt the rates required by the national fraternal congress table of mortality. ('07 c. 345 § 17, amended '11 c. 226; '15 c. 96 § 3)

3555. Same—Foreign associations—Appointment of attorney—Service of process—Time to answer—

Where a foreign insurance corporation files the writing provided for by this section, it becomes a part of policies issued within the state, and suit can be maintained by service on the insurance commissioner, whether the corporation continues to do business in the state or not; and if it transferred its business to another foreign corporation, the latter company may be sued in this state under the authorization on one of the policies so written (133-8, 157+721). Insurance, §814.

A Colorado beneficiary association consolidated with a like association of Nebraska, which had previously assumed a policy issued to a resident of this state by a prior Iowa association authorized to transact business in this state, and such Colorado association assumed the policy in question and collected dues thereon. Held, that such Colorado association was estopped to set up its failure to comply with this section as to appointment of the insurance commissioner for the service of process upon it; such assumption of liability constituting the transaction of business in this state (131-131, 154+748). Insurance, §16, 814.

Where the summons required defendant to answer within 20 days from service, and judgment by default was entered 22 days after service, held, that the judgment was not binding on defendant and must be set aside (124-390, 145+171). Insurance, §814.

[3601—]5. **Same—License to be denied in what cases—Power of commissioner**—No person shall be licensed by the commissioner of insurance as an insurance agent or broker if the commissioner of insurance shall be satisfied that such person is incompetent or unqualified to act as such insurance agent or broker; or that such person does not in good faith intend to carry on the business of insurance agent or broker; or that such person is untrustworthy; or that such person has unreasonably failed to pay over to any insurance company, agent or broker, or policyholder or member of any insurance company or association entitled thereto the whole or any part of any premium or return premium, or moneys or other thing of value in his hands, arising out of any insurance transaction, and due or payable to or belonging to any policyholder or other person, firm or corporation; or that such person has wilfully misrepresented to any person, firm or corporation the terms or conditions of any policy or contract of insurance or the financial standing or condition or manner of doing business of any insurance company or association, agent or broker; or that such person has deceived or defrauded, or attempted to deceive or defraud any person, firm or corporation in connection with any insurance transaction; or that such person has been dishonest in connection with any insurance transaction; or that such person has urged or procured any person, firm or corporation to lapse any policy or contract of insurance in any company or association which is now or has been licensed to do business in the state to the damage of such person, firm or corporation; or that such person has violated any of the provisions of the laws of this state in any way relating to insurance or the transaction or negotiation of insurance, or insurance agents, or brokers, or any lawful ruling of the commissioner of insurance; or that such person is not of good moral character. [3601—]6. **Same—Revocation of license**—The commissioner of insurance may at any time revoke the license of any insurance agent or broker or suspend the same for not less than thirty (30) days if he shall be satisfied that any such licensee is not qualified under the provisions of the foregoing section, and he shall give such notice thereof as he deems will best protect the public. ('15 c. 195 § 6)

3625. Gasoline—Tests—Certificate—For the purpose of this act, all gasoline, benzine and naphtha under whatever name called, held or offered for sale which may or can be used for illuminating, heating or power purposes, shall be deemed to be subject to the same inspection and control as provided for in this act for illuminating oils, except, that the inspectors are not required to test it other than to ascertain its gravity; and it shall be unlawful for any person, dealer or vendor to sell or offer for sale any gasoline, benzine or naphtha for any of such purposes, that has not been so inspected and approved.

All gasoline, benzine and naphtha shall be tested as to gravity in the same manner as oil, and shall be branded "Unsafe for illuminating purposes" and every barrel, cask, or package which contains gasoline, naphtha or benzine shall be labeled or branded with the word "Gasoline," "Naphtha" or "Benzine" as the case may be, in large letters at least two inches in size, and the gravity thereof shall be printed or stenciled on each barrel, can, cask, tank or other vessel covering deliveries of such gasoline, naphtha or benzine the following:

"This is to certify that the _____ (gasoline, naphtha or benzine as the case may be, shall be inserted in this blank) covered by this sale has a gravity

test of _____ (the actual gravity test to be inserted in this blank) and has been inspected and approved by the state oil inspector."

(Name of corporation or person selling or furnishing same shall be signed, printed or stenciled on the above line.)

Provided, however, that any person or corporation selling or delivering gasoline, benzine or naphtha in bulk by tanks shall, in lieu of the stamp or brand herein provided for, furnish and deliver to the purchaser a certificate as above set forth.

Provided, however, that it shall be deemed a full compliance with this act if the said label or tank wagon sale ticket shows a Beaume gravity not higher than the actual Beaume gravity of the goods sold as determined by the "Tagliabue Standard Registered Hydrometer Beaume Scale" at a temperature of sixty degrees Fahrenheit. (Amended '15 c. 271 § 2)

The provision of this section as to testing gasoline for gravity, and requiring it to be branded is a proper police measure, and is not unconstitutional (132-138, 155+1035, L. R. A. 1916D, 193). Explosives, ~~§~~2; Inspection, ~~§~~2, 3.

This act is not violative of Const. U. S. art. 1 § 10 cl. 2, prohibiting a state from laying duties on imports, except such as are necessary in the execution of its inspection laws, as that constitutional provision has reference to imports from foreign countries, and not to shipments from state to state (132-138, 155+1035, L. R. A. 1916D, 193). Commerce, ~~§~~77.

This section is intended to operate upon gasoline constituting a part of the common property of the state, and not upon that which is the subject of interstate commerce; and this act is an inspection law and not a revenue measure, and operates on all gasoline within the state, whether the same is the subject of interstate commerce or not (132-138, 155+1035, L. R. A. 1916D, 193). Commerce, ~~§~~50.

3626. Receptacles of petroleum products—Inspection—Books and records of transportation companies—Penalty—The inspector and his deputies are empowered and it is hereby made their duty to enter into or upon the premises of all wholesale and retail dealers in or any manufacturer, refiner or vendor of said illuminating oils, gasoline, benzine or naphtha and to inspect the receptacles in which said petroleum products are stored; and it is made the duty of all dealers in such petroleum products to keep such receptacles free from water and all other foreign substances; and if such inspector shall find or discover on said premises any oil, gasoline, benzine or naphtha, which shall not have been examined or tested and properly marked, stamped, sealed or branded he shall at once proceed to test and thereafter mark, stamp, seal or brand the same.

Every agent and employé of any railroad company or other transportation company having the custody of books or records showing the shipment of [or] receipt of the oils, gasoline, benzine or naphtha mentioned in this act shall give and permit the chief state inspector of oils and his deputies free access to such books and records for the purpose of determining the amount of oils, gasoline, benzine and naphtha shipped and [or] received. Any such agent or employé of any railroad company or other transportation company refusing or neglecting to comply with these provisions shall be guilty of a misdemeanor and shall be punished by a fine not to exceed fifty dollars or by imprisonment in the county jail not to exceed sixty days, or by both such fine and imprisonment. (Amended '15 c. 271 § 3)

Cited (132-138, 155+1035, L. R. A. 1916D, 193).

3628. Oil, gasoline, naphtha or benzine in tanks, etc.—Inspection before unloading—Oil, gasoline, naphtha or benzine shipped in tanks or tank cars shall not be unloaded until it is duly inspected, providing such inspection is made within twenty-four hours after the arrival and notice setting forth the number of the car and date of its arrival has been given the inspector. Each fifty gallons or major fraction thereof shall be considered a barrel in computing the inspection fees. No further inspection shall be necessary, and if such oil, gasoline, naphtha or benzine be afterwards placed in barrels, the person, firm or corporation so barreling same shall brand each barrel as hereinbefore provided (Amended '15 c. 271 § 4)

Cited (132-138, 155+1035, L. R. A. 1916D, 193).

This act is not invalid, as interfering with interstate commerce, on the theory that the oil, while in the tank cars, in the original package, is not subject to state regulation (134-101, 158+723, following 132-138, 155+1035, L. R. A. 1916D, 193). Commerce, ~~§~~50.

3. If more than ten, fifteen cents for each additional barrel or receptacle, except as hereinafter provided.

If the quantity in any one receptacle exceeds one barrel excepting where the same is in tanks or tank cars containing fifty barrels or more, five cents shall be charged for each fifty gallons thereof.

Such fees shall be payable at the time of the inspection.

Provided, that when oil, gasoline, benzine or naphtha is shipped outside of the state after inspection fees have been paid, the firm shipping same shall be given credit by the inspector for such fees.

Any person, firm or corporation who shall personally, or by clerk, or agent, falsely stamp, seal, brand, or mark any cask, barrel, or other package or receptacle of oil, gasoline, benzine or naphtha, or who shall cause the changing, altering, or defacing in any manner any stamp, seal, brand, or device affixed to any cask, barrel or other package or receptacle of oil, gasoline, benzine or naphtha by any deputy inspector, or who shall refill or use any cask, barrel or other package or receptacle having a deputy inspector's seal, mark, stamp, or brand thereon without cancelling or defacing said seal, mark, stamp or brand and having the oil, gasoline, benzine or naphtha in such a cask, barrel or other package or receptacle properly examined or tested and stamped or marked under the provisions of this chapter, or who shall offer for sale, or who shall sell any such oil, gasoline, benzine or naphtha representing it to be in any respect other and different in quality or kind than as represented to the person so purchasing same, shall be liable to a fine of not less than five dollars nor more than five hundred dollars, or to imprisonment in the county jail for not more than six months, or to both such fine and imprisonment; and who shall sell or in any way dispose of any empty cask, barrel or other package or receptacle bearing a deputy inspector's seal, brand or stamp, without first thoroughly cancelling, defacing or removing such seal, brand, stamp, mark or any combination thereof, shall be liable to a fine of not less than five dollars nor more than five hundred dollars, or to imprisonment in the county jail not exceeding six months, or to both such fine and imprisonment.

Any person who shall violate any of the provisions of this act, not specifically mentioned in this section, shall be guilty of a gross misdemeanor. (Amended '15 c. 271 § 6)

The investment company, or dealer, however, may demand a hearing upon such suspension, at any subsequent meeting of the commission, or the commission upon notice duly given may set a time for hearing, at which the commission shall grant a full hearing to all parties concerned, and upon such hearing duly had may make such order as the facts justify removing, continuing or making permanent the suspension, or revoking the license of said dealer or investment company as to the sale of such securities or of all securities in the state. ('17 c. 429 § 8)

[3782—]9. Findings of commission—Fraud on purchaser, etc.—Notice to investment company or dealer—Arrest and prosecution—Duty of county attorney—If the commission finds that the proposed plan of business of said investment company, or that its proposed contracts, stocks, bonds or other securities, are fraudulent or are of such a nature that the sale of such contracts, stocks, bonds, or other securities would in the opinion of said commission work a fraud upon the purchaser, or, if said commission shall determine that any such promotion or sale constitutes a violation of this act, or that

[4000—]1. Disposition of First Minnesota Infantry Monument Fund—Whereas, at the muster out of the First Regiment of the Minnesota Volunteers in the spring of 1864 there remained in the hands of said regiment a fund which they had accumulated while at their winter quarters in "Camp Stone," Md., during the winter of 1861-2, by disposing of certain excess rations, which fund, at the time of their muster out, was turned over to the State Treasurer to be disposed of as afterwards directed;

And whereas said fund has been drawn on from time to time until the balance now remaining in the hands of the State Treasurer amounts to the sum of seven hundred sixty-two dollars and ten cents (\$762.10), as represented by a certificate of deposit issued by the State Bank of Slayton, Minnesota, under date of December 17, 1914, bearing interest at the rate of four per cent per annum, from date thereof, which fund is designated as "First Minnesota Infantry Monument Fund," which certificate is payable to the order of W. J. Smith, State Treasurer;

And whereas, the only use to which the same has heretofore been devoted has been to maintain and keep in good order the monuments erected on the Gettysburg battlefield and the copper flower urn erected in the Gettysburg cemetery, where fifty-five members of said regiment are buried;

And whereas, it has been found necessary to expend not more than sixteen dollars (\$16.00) annually for defraying the cost of keeping said monument and the ground on which it stands and the aforesaid urn in order;

Now, therefore, it is enacted, that all of said fund shall be transferred to the state revenue fund, and thereafter remain the property of the state; and there shall be paid by the State Treasurer, out of said revenue fund, on the

order of the president of the First Regimental Association, or on the order of the governor of the State of Minnesota, the sum of four hundred dollars (\$400), or so much thereof as may be necessary, to assist in defraying the expense of preparing and publishing the regimental history of said regiment, now being prepared, and there shall likewise be paid, annually, to the proper officers having in charge the maintenance on the Gettysburg battlefield of the aforesaid monuments and urn and the grounds on which they are situate, the sum of sixteen dollars (\$16), which annual payments shall be made on the order of the Adjutant General of the State of Minnesota, supported by proper vouchers, showing to whom and for what purpose said payments are to be made. CHAPTER 28

RAILROADS, WAREHOUSES, AND GRAIN

RAILROAD AND WAREHOUSE COMMISSION

4178. Duties—

In general—Trial court held warranted in finding that order of railroad and warehouse commission directing certain changes in passenger and freight service upon a branch of its system was not unreasonable or unlawful (162+1079). Railroads, ¶9(2).

An order of the commission, pursuant to this section and § 4239, will not be disturbed by the courts, where it does not appear that the commission exceeded its powers (124-533, 144+771). Railroads, ¶9(2).

Tests of reasonableness of orders of the commission (see 130-57, 153+247). Railroads, ¶9(1).

Ordering new depot—Ordering a depot and waiting room is legislative or administrative, but its reasonableness is a judicial question. The reasonableness of the order in the present case held shown by the evidence (135-19, 159+1089). Railroads, ¶9(1, 2).

The commission has power to require a suitable depot, including a passenger waiting room, at a place where the public convenience renders the same reasonably necessary (123-463, 144+155; 135-19, 159+1089). Railroads, ¶58.

When a depot is ordered by the commission, the order may require that the depot, in its construction, shall comply with the fire ordinances of the village (135-19, 159+1089). Railroads, ¶226.

Commission has power to require facilities at one station equal to those furnished voluntarily at other stations (122-55, 141+1102). Railroads, ¶225.

Compelling Sunday local—An order of the commission compelling the resumption of a Sunday local passenger train, though prima facie reasonable under § 4192, will not be sustained on appeal to the supreme court, where the district court held such order unreasonable and void; it being contrary to the public policy of the state to compel Sunday labor (130-57, 153+247). Railroads, ¶9(2).

4184. Witnesses—

Cited (181-116, 154+750).

4186. Complaint by attorney general that rate is unreasonable—Duty of commission—

See notes under § 4285.

4187. Investigation without complaint—New rates—Notice—

See notes under § 4285.

4191. Appeals to district court—Any party to a proceeding before the commission, or any party affected by any order thereof, or the state of Minnesota, by the attorney general, may appeal therefrom to the district court of the county in which the complainants, or a majority of them, reside, or in case none of them reside in the state, or in a proceeding commenced by the commission on its own motion without complaint, to the district court of one of the counties in which the order of the commission requires a service to be performed or an act to be done or not to be done by the carrier or warehouseman; or in case of train service, to the district court of one of the counties through which the train runs, at any time within thirty days after service of a

copy of such order or the parties of record, as in this chapter provided, by service of a written notice of appeal on said commission, or on its secretary. Upon service of said notice of appeal, said commission, by its secretary, shall forthwith file, with the clerk of said district court to which said appeal is taken, a certified copy of the order appealed from, together with findings of fact on which the same is based in case appeals are taken to the district court of more than one county, they shall be consolidated and tried in the district court of the county to which the first appeal was taken. (Amended '17 c. 291 § 1)

130-57, 153+247; note under § 4192, post.

4192. Proceedings on appeal—Orders not appealed from—

On review of an order of railroad and warehouse commission relative to a railroad's train service, the court can only inquire whether the order is unreasonable or in violation of some constitutional or legal right of the railroad. A railroad appealing from an order of the railroad and warehouse commission relative to its train service has the burden of showing that the order is unreasonable (162+1079). Railroads, ¶9(2).

Orders of the commission being made prima facie reasonable, the burden of proving that an order compelling the resumption of a Sunday local passenger train imposed a financial burden was on the appellant railroad company; but, the compulsion of Sunday labor being contrary to public policy, a holding of the district court that the order was unreasonable will be sustained. The district court does not put itself in the place of the commission, and substitute its findings for those of the commission; nor does it set aside an order of the commission on its own conception of the wisdom thereof, but merely reviews the same, to determine whether it is lawful and reasonable (130-57, 153+247). Railroads, ¶9(2).

An order requiring establishment of a small station building, and the keeping of a custodian, at a flag station, is presumed to be valid and reasonable. Such presumption is not overcome in a case where the nearest station in either direction is seven miles, the tributary country is a prosperous farming district, producing an annual freight business of \$7,000, and the expense of providing the facilities ordered is not shown (123-463, 144+155). Railroads, ¶9(2).

4200. Appeals to supreme court—

Where, on appeal to the supreme court from an order of the district court affirming an order of the railroad and warehouse commission determining that certain charges exacted by a carrier were unlawful, an appeal bond was waived, but the district court subsequently granted a stay pending the appeal to the supreme court, the stay was collateral to the judgment, and the district court had jurisdiction to vacate the stay, and its action in so doing could not be interfered with by writ of prohibition issuing from the supreme court (161+164). Appeal and Error, ¶482.

4203. Dangerous crossings—Complaint—Hearing—

161+606.

4221. Stock scales in stock yards—Powers of commission—

Commission held empowered to order stock scales at particular places to prevent discrimination between different localities (122-55, 141+1102). Railroads, ¶225.

4222. Same—Private scales prohibited—

Recovery of compensation, under Const. art. 1 § 13, for injuries to property by the construction and operation of stockyards by a railroad company (see 161+501). Eminent Domain, ¶90.

4223. Same—Water in stockyards—Powers of commission—

In absence of statute, a railway company is not required to furnish feed or water to live stock in its pens awaiting shipment, unless the company has accepted the care and control thereof (125-125, 145+801). Carriers, ¶215(1).

4229. Freight over connecting lines to be transferred in certain cases—Joint through rates—

Where one railroad company owned a controlling interest in the stock of another company, the lines of the two companies connecting and being operated as a continuous line under one control, the two lines were to be regarded as a single road for the purpose of establishing rates, and such rates must be fixed under §§ 4348-4357, post, and not under this act (133-413, 158+627). Carriers, ¶12(1).

4230. Same—Powers and duties of commission—Notice and hearing—Schedule of rates—Revising rates—

133-413, 158+627; note under § 4229.

4231. Terms of connection with manufactories, etc.—

The state may, under its police powers, apportion the necessary expense of side track facilities between the railroad company and the industry receiving the benefit of the facilities in such manner as shall be found to be reasonable (135-323, 160+866). Railroads, ¶225.

4232. Reports to commission—Every carrier subject to supervision of the commission shall annually, on or before March 31st, unless additional time be granted, file with the commission a report verified by such carrier, or by its president, vice president, treasurer, comptroller, auditor, or receiver, in such form as the commission may prescribe, covering the year ending December 31st preceding said date and showing in detail the amount of capital stock issued; the amount and manners of payment therefor; the dividends paid; the surplus fund, if any; the number of stockholders; the funded and floating debts, and the interest paid or due thereon; the cost and value of all the carrier's property, franchises and equipments; the number of employes and officers, and the salary or wages paid each class; the amount expended for improvements, how expended, and the character of such improvements; the earnings and receipts from each branch of business and from all other sources; the operating and other expenses; the balance of profit or loss; and a complete exhibit of the financial operations of the year, with an annual balance sheet, the amount of land received as grants from the state and from the United States; the amount of such land sold and the average price received per acre; the amount unsold and its average appraised value per acre; information in regard to rates and regulations concerning fares and freights; agreements, arrangements or contracts with express, telegraph, sleeping and dining car companies, fast freight lines, and other common carriers, with copies of such contracts, agreements or arrangements; and such other matters as the commission may require, and the commission may prescribe a uniform system of accounts and the manner of keeping the same, and may designate from time to time to what account any items shall be charged. Any such carrier failing to comply with the provisions of this section, or with any order of the commission made thereunder shall forfeit, for each day's default, one hundred dollars, to be recovered in a civil action in the name of the state. (Amended '17 c. 17 § 1)

4237. Remedies cumulative—Attorney's fees—

This section preserves the common law remedies, though adding a statutory one (127-180, 149+134). Carriers, §13(3); Action, §35.

4239. Construction of chapter—

The commission has power to require the establishment of a depot, including a passenger waiting room, at a place where the public convenience renders the same reasonably necessary (123-463, 144+155). Railroads, §58, 226.

An order of the commission, under this section and § 4178, will not be disturbed by the courts, where it does not appear that the commission has exceeded its powers (124-533, 144+771). Railroads, §9(2).

4241. Physical valuation of railroad properties—Statements—The railroad and warehouse commission, hereinafter called the commission, is hereby authorized, at all times, to keep up the physical valuation of the railroad properties of this state, and to that end all railroad corporations under the supervision of the commission are required to furnish to the commission on June 30th of each year, unless further time be granted by the commission, and at such other times as the commission may require, a detailed statement showing changes in the physical conditions of its properties in this state and the elements of cost entering into such changes in both debits and credits of such property, and the distribution of the debits and credits, whether charged to operating or capital accounts, verified by the president, chief engineer, general auditor or comptroller, in such manner and form as the commission may prescribe, covering the year ending December 31st next preceding. (Amended '17 c. 22 § 1)

RAILROADS AND COMMON CARRIERS

4247. Common carriers defined—

Railroad company, operating stub line owned by lumber company, held a common carrier as to service performed thereon (129-121, 151+974). Carriers, §1, 4.

4248. Railroads, etc., defined—

129-121, 151+974; note under § 4247.

4256. Road crossings—

161+508.

The entire cost of extending a new street across a railroad right of way, including plank-ing over the railroad tracks, was properly imposed on the railroad company (124-107, 144+464). Railroads, ¶96.

This section, as amended in 1913, is a valid exercise of the police power, and is not a dis-guised attempt to levy a local assessment or tax by compelling the construction of sidewalks (130-480, 153+879). Railroads, ¶94(2).

4263. Fences and cattle guards—

Trial court's inadvertence in not calling jury's attention to the degree of care imposed by this section, upon a railroad in the maintenance of its right of way fence, to which no excep-tion was taken at the trial, was not reversible error (162+469). Appeal and Error, ¶263(3).

In action for killing of cows escaping from their pasture by reason of defect in defend-ant's right of way fence, evidence held to sustain finding that defect was proximate cause of their presence on track when struck (162+469). Railroads, ¶443(6).

Care required as to trespasser on track at place where fences have been constructed (see 131-281, 154+1088). Railroads, ¶359(1).

Where the death of a boy nine years old resulted from his attempting to steal a ride on a freight train, the failure of the railroad company to fence the right of way was not the prox-i-mate cause of the death (130-513, 153+1066). Railroads, ¶279.

4269. Ditches and culverts—

This act is not an unreasonable exercise of the police power of the state. A ditch volun-tarily constructed by a railway company prior to the taking effect of this act must be kept open as therein provided (132-265, 156+121). Railroads, ¶108.

4273. Same—Distance between structures or obstructions and center line of tracks—Height of overhead obstructions—Exceptions—Unlawful to erect certain structures, etc.—That on and after the passage of this act, it shall be unlawful for any common carrier, or any other person, to erect or reconstruct and thereafter maintain on any standard gauge road on its line or on any standard gauge side track used in connection therewith, for use in any traffic mentioned in Section one of this act [4272], any warehouse, coal chute, stock pen, pole, mail crane, stand pipe, hog drencher, or any permanent or fixed structure or obstruction, or in excavating allow any em-bankment of earth or natural rock to remain upon its line of railroad, or on any side track used in connection therewith at a distance less than eight feet measured from the center line of the track, which said structure or obstruc-tion adjoins on standard gauge roads; nor shall any overhead wires, bridges, viaduct or other obstruction passing over or above its tracks as aforesaid be erected or reconstructed at a less height than twenty-one (21) feet, measured from the top of the track rail.

Provided, however, that this act shall not be construed to apply to yards and terminals of depot companies or railway companies used only for pas-senger service. But, nevertheless in the event of personal injury sustained by any employé of any such company in this proviso mentioned, by reason of non-compliance with the provisions of this act, such employé, or in case of his death, his personal representative, shall have all the rights, privileges and immunities enumerated in Section 9 hereof [4280]. ('13 c. 307 § 2, amended '15 c. 171 § 1)

4274. Same—Permits in certain cases or classes of cases—That the rail-road and warehouse commission may upon application made, after a thor-ough investigation in any particular case or class of cases, permit any com-mon carrier to which this act applies to erect any overhead or side obstruc-tion at a less distance from the track than herein provided for, when in the judgment of said commission a compliance with the clearance prescribed herein would be unreasonable or unnecessary. ('13 c. 307 § 3, amended '15 c. 171 § 2)

4284. Side tracks to elevators, mills, etc.—Every such company, upon written demand of the owner of any grain warehouse or mill of not less than five thousand (5,000) bushels capacity, adjacent to the right of way of such company and at or near any regular station thereof, shall construct, maintain and operate at its own expense, proper side tracks, connecting such ware-house or mill with the tracks of such railroad, and afford the owner thereof proper and reasonable facilities for shipment therefrom. Should additional

right of way be required for such side track, the cost and expense of procuring it shall be paid by the owner of said mill or warehouse. Such company shall also construct, maintain, and operate side tracks connecting with its road any such grain warehouse, dock, wharf, mill, coal yard, quarry, brick or lime kiln, sand or gravel pit, crushed rock or concrete plant, or manufactory adjacent thereto as shall be required and on such terms as may be fixed by the commission on application of either party. (Amended '17 c. 287 § 1)

The state under its police power may require a railroad company to provide such side track facilities to industries adjacent to its tracks as shall be found to be necessary and reasonable under all the circumstances, and may apportion the necessary and reasonable expense therefor between the company and the industry involved (135-323, 160+866). Railroads, ~~§~~225.

4285. Charges to be reasonable—

Cited (128-25, 150+172).

Business competition is essential to a recovery of rate differentials by a shipper who is discriminated against, where no proof is made of damage other than the difference in the rates charged. Evidence held to show such business competition. Such differentials must be computed upon the basis of equal tonnage, but such discrimination should be considered with reference to a reasonable time before and after the disfavored shipment, and hence may arise from shipments on different dates. The federal rule of damages applied as to a part of the shipments constituting interstate commerce. Payment to the carrier, by a favored shipper, of the difference between the discriminatory rate and the statutory rate, is no defense to an action for discrimination (127-180, 149+134). Carriers, ~~§~~201.

Contract made prior to statutory rate regulation is no justification for discrimination in favor of the contracting party and against those compelled to pay the statutory rate (127-180, 149+134). Carriers, ~~§~~13(3).

Switching charge by railroad company on stub tracks owned by lumber company held invalid (129-121, 151+974). Carriers, ~~§~~188.

The shipper's common-law remedy for discrimination is not taken away by the statute; it providing no civil remedy (121-488, 142+3, 45 L. R. A. [N. S.] 612). Carriers, ~~§~~201.

4286. Passengers—Maximum rates—No railroad company owning, operating, or using a line of railroad within, or partly within the state of Minnesota shall charge, collect or receive as compensation for transporting any passenger and his or her ordinary baggage, not exceeding in weight one hundred fifty (150) pounds any sum or amount in excess of the following prices, viz.: for all distances for all companies the gross earnings of whose passenger trains, as reported to the railroad and warehouse commission in the then last report thereon, equalled or exceeded the sum of one thousand two hundred dollars per mile for each mile of road operated by said company, on which regular passenger service is maintained, as hereinafter provided, two cents per mile, and for all companies whose earnings reported as aforesaid were less than one thousand two hundred dollars per mile of road operated by said company, three cents per mile: Provided, that in the future, whenever the earnings of any company doing business in this State, as reported to the railroad and warehouse commission at the close of any year, shall increase so as to equal or exceed the sum of one thousand two hundred dollars per mile of road operated by said company, then in such case said company shall thereafter, upon the notification of the railroad and warehouse commission, be required to only receive as compensation for the transportation of any passenger, his or her ordinary baggage, not exceeding in weight one hundred fifty (150) pounds, a rate of only two cents per mile as hereinbefore provided. Provided further, that in computing the passenger earnings per mile of any company the earnings and the mileage of all branch roads owned, leased, controlled or occupied by such company, exclusive of all spurs and branches over which such company does not operate each way daily, except Sunday, at least one passenger train, or mixed train having at least two passenger coaches or one passenger coach and baggage car, shall be included in the computation, and the rate of fare shall be the same on all lines owned, leased, controlled or occupied by such company: Provided further, that no company shall charge, demand or receive any greater compensation per mile for transportation of children of the age of twelve years or under than one-half of the rate herein prescribed: Provided further, that any railroad company may charge a minimum fare of five cents for each passenger transported over its road, whenever cars are propelled or moved by

motive power other than steam: The provisions of this section shall apply to all railroad companies operating lines of railroad in this State. ('13 c. 536 § 1, amended '17 c. 23 § 1)

A proper construction of this section prior to amendment permitted a railroad company to charge three cents per mile for the first five miles of a passenger's trip, and two cents per mile for the additional distance (128-25, 150+172). Carriers, *§*12(4).

4288. Passengers—Maximum rates—

The reasonableness of rates prescribed by statute is purely a judicial question (130-144, 153+320, L. R. A. 1916B, 764). Carriers, *§*18(1).

An injunction restraining a railroad company, at the suit of stockholders, from putting in force the rates fixed by this section, suspended the operation of the statute during the pendency of the action, so that during that time an indictment would not lie for noncompliance with the statute (130-144, 153+320, L. R. A. 1916B, 764). Carriers, *§*18(6); Criminal Law, *§*1.

See notes under § 4285.

A schedule of rates promulgated by the railroad and warehouse commission under § 4353 does not apply to the switching of cars within a given shipping point, and hence a switching charge voluntarily fixed by a railroad company for transfer of cars to and from a particular industry was not unlawful (130-272, 153+610). Where, when this act went into effect, a carrier's tariff on fence posts in carload lots was 75 per cent. of its lumber rates, and this act reduced the rate on lumber, and the carrier did not obtain the consent of the railroad and warehouse commission to a new schedule established by it, or to a change of the rules and regulations governing the rates on fence posts as they were when the law went into effect, the legal rate for fence posts remained at 75 per cent. of the lumber rate as fixed by this act (135-271, 160+688). Carriers, *§*12(1).

The existence for a time of an injunction restraining enforcement of this act, did not, during such time, render the rates prescribed by the statute invalid, where the judgment in which the injunction was awarded was reversed on appeal, and the statute pronounced valid (133-93, 157+996). A carrier having two lines separating two intrastate points is required to transport a shipment over that line which affords the shipper the cheaper rate, in absence of a selection of the route by the shipper, and in absence of special circumstances showing that the carrier subserved the best interests of the shipper in selecting the longer route (133-93, 157+996). ('17 c. 118 § 3)

[4432—]4. ('17 c. 118 § 6)

[4432—]7. Same—Revision of rules and regulations—The railroad and warehouse commission upon such reasonable notice as it may prescribe may from time to time upon its own motion, or upon the application of any corporation, partnership or person interested therein, revise change or add to any rule or regulation fixed hereunder and any such revised, changed or added rules and regulations shall be served in the same manner and have the same force and effect as the rules and regulations originally established. ('17 c. 118 § 7)

[4432—]8. Same—Equivalent to highest class tickets—Any such mileage book when presented for transportation, either to the railroad company issuing the same or to another railroad company pursuant to the rules and regulations fixed by the commission, shall entitle the purchaser thereof to the same rights and privileges in respect to the transportation of both person and property, to which the highest class ticket issued by the railroad company to which it is presented would entitle him. ('17 c. 118 § 8)

BILLS OF LADING**PART I—THE ISSUE OF BILLS OF LADING**

[4434—]1. Bills governed by this act—Bills of lading issued by any common carrier shall be governed by this act. ('17 c. 399 § 1)

This act is entitled "An act to make uniform the law of bills of lading." The federal Bills of Lading Act, passed in August, 1916, made certain changes in the Uniform Bills of Lading Act, approved by the National Conference of Commissioners on Uniform State Laws. These and other changes in the Uniform Act are shown in italics.

[4434—]2. Form of bills—Essential terms—Every bill must embody within its written or printed terms:

- (a) The date of its issue,
- (b) The name of the person from whom the goods have been received,
- (c) The place where the goods have been received,
- (d) The place to which the goods are to be transported,
- (e) A statement whether the goods received will be delivered to a specified person, or to the order of a specified person,
- (f) A description of the goods or of the packages containing them which may, however, be in such general terms as are referred to in Section 23 [4434—23], and,
- (g) The signature of the carrier.

A negotiable bill shall have the words "order of" printed thereon immediately before the name of the person upon whose order the goods received are deliverable.

A carrier shall be liable to any person injured thereby for the damage caused by the omission from a negotiable bill of any of the provisions required in this section. ('17 c. 399 § 2)

[4434—]3. Form of bills—What terms may be inserted—A carrier may insert in a bill, issued by him, any other terms and conditions, provided that such terms and conditions shall not:

- (a) Be contrary to law or public policy, or,
- (b) In anywise impair his obligation to exercise at least that degree of care in the transportation and safekeeping of the goods entrusted to him which a reasonably careful man would exercise in regard to similar goods of his own. ('17 c. 399 § 3)

[4434—]4. Definition of non-negotiable or straight bill—A bill in which it is stated that the goods are consigned or destined to a specified person, is a non-negotiable or straight bill. ('17 c. 399 § 4)

[4434—]5. Definition of negotiable or order bill—A bill in which it is stated that goods are consigned or destined to the order of any person named in such bill, is a negotiable or order bill.

Any provision in such a bill that is non-negotiable shall not affect its negotiability within the meaning of this act. ('17 c. 399 § 5)

[4434—]6. Negotiable bills must not be issued in sets—Negotiable bills issued in this state for the transportation of goods shall not be issued in parts or sets.

If so issued, the carrier issuing them shall be liable for failure to deliver the goods described therein to anyone who purchases a part for value in good faith, even though the purchase be after the delivery of the goods by the carrier to a holder of one of the other parts. ('17 c. 399 § 6)

[4434—]7. Duplicate negotiable bills must be so marked—When more than one negotiable bill is issued in this state for the same goods to be transported, the word "duplicate," or some other word or words indicating that the document is not an original bill, shall be placed plainly upon the face of every such bill, except the one first issued. A carrier shall be liable for the damage caused by his failure so to do to anyone who has purchased the bill for value in good faith as an original, even though the purchase be after the delivery of the goods by the carrier to the holder of the original bill. ('17 c. 399 § 7)

[4434—]8. **Non-negotiable bills shall be so marked**—A non-negotiable bill shall have placed plainly upon its face by the carrier issuing it "non-negotiable," or "not negotiable." This section shall not apply, however, to memoranda or acknowledgments of an informal character. ('17 c. 399 § 8)

[4434—]9. **Insertion of name of person to be notified**—The insertion in a negotiable bill of the name of a person to be notified of the arrival of the goods shall not limit the negotiability of the bill, or constitute notice to a purchaser thereof of any rights or equities of such person in the goods. ('17 c. 399 § 9)

[4434—]10. **Acceptance of bill is prima facie evidence of assent to its terms**—Except as otherwise provided in this act, where a consignor receives a bill and makes no objection to its terms or conditions at the time he receives it, *this shall be prima facie evidence that he assents to its terms in so far as they are in accordance with law and public policy.* ('17 c. 399 § 10)

PART II—OBLIGATIONS AND RIGHTS OF CARRIERS UPON THEIR BILLS OF LADING

[4434—]11. **Obligations of carrier to deliver**—A carrier, in the absence of some lawful excuse, is bound to deliver goods upon a demand made either by the consignee named in the bill for the goods, or if the bill is negotiable, by the holder thereof, if such demand is accompanied by:

- (a) An offer in good faith to satisfy the carrier's lawful lien upon the goods,
- (b) *Possession of the bill of lading* and an offer in good faith to surrender, properly indorsed, the bill which was issued for the goods, if the bill is negotiable, and,
- (c) A readiness and willingness to sign, when the goods are delivered, an acknowledgment that they have been delivered, if such signature is requested by the carrier.

In case the carrier refuses or fails to deliver the goods in compliance with a demand by the consignee or holder so accompanied, the burden shall be upon the carrier to establish the existence of a lawful excuse for such refusal or failure. ('17 c. 399 § 11)

[4434—]12. **Justification of carrier in delivering**—A carrier is justified, subject to the provisions of the three following sections, in delivering goods to one who is:

- (a) A person lawfully entitled to the possession of the goods, or,
- (b) The consignee named in a non-negotiable bill for the goods, or,
- (c) A person in possession of a negotiable bill for the goods by the terms of which the goods are deliverable to his order, or which has been indorsed to him or in blank by the consignee or by the mediate or immediate indorsee of the consignee. ('17 c. 399 § 12)

[4434—]13. **Carrier's liability for misdelivery**—Where a carrier delivers goods to one who is not lawfully entitled to the possession of them the carrier shall be liable to anyone having a right of property or possession in the goods if he delivered the goods otherwise than as authorized by subdivisions (b) and (c) of the preceding section; and, though he delivered the goods as authorized by either of said subdivisions, he shall be so liable if prior to such a delivery he:

- (a) Had been requested by or on behalf of a person having a right of property or possession in the goods, not to make such delivery, or,
- (b) Had information at the time of the delivery that it was to a person not lawfully entitled to the possession of the goods.

Such request or information to be effective within the meaning of this section must be given to an officer or agent of the carrier, the actual or apparent scope of whose duties includes action upon such a request or information, and must be given in time to enable the officer or agent to whom it is given, acting with reasonable diligence, to stop delivery of the goods. ('17 c. 399 § 13)

[4434—]14. **Negotiable bills must be cancelled when goods delivered**—Except as provided in section 27 [4434—27], and except when compelled by legal process, if a carrier delivers goods for which a negotiable bill had been issued, the negotiation of which would transfer the right to the possession of the goods, and fails to take up and cancel the bill, such carrier shall be liable for failure to deliver the goods to anyone who for value and in good faith purchases such bill, whether such purchaser acquired title to the bill before or after delivery of the goods by the carrier, and notwithstanding delivery was made to the person entitled thereto. ('17 c. 399 § 14)

[4434—]15. **Negotiable bills must be cancelled or marked when parts of goods delivered**—Except as provided in section 27 [4434—27], and except when compelled by legal process, if a carrier delivers part of the goods for which a negotiable bill had been issued and fails either:

(a) To take up and cancel the bill, or,

(b) To place plainly upon it a statement that a portion of the goods has been delivered, with a description, which may be in general terms, either of the goods or packages that have been so delivered or of the goods or packages which still remain in the carrier's possession.

He shall be liable for failure to deliver all the goods specified in the bill, to anyone who for value and in good faith purchases it, whether such purchaser acquired title to it before or after the delivery of any portion of the goods by the carrier, and notwithstanding such delivery was made to the person entitled thereto. ('17 c. 399 § 15)

[4434—]16. **Altered bills**—Any alteration, addition or erasure in a bill after its issue without authority from the carrier issuing the same either in writing or noted on the bill shall be void, whatever be the nature and purpose of the change, and the bill shall be enforceable according to its original tenor. ('17 c. 399 § 16)

[4434—]17. **Lost or destroyed bills**—Where a negotiable bill has been lost, *stolen* or destroyed, a court of competent jurisdiction may order the delivery of the goods upon satisfactory proof of such loss, *theft* or destruction and upon the giving of a bond with sufficient surety to be approved by the court to protect the carrier or any person injured by such delivery from any liability or loss, incurred by reason of the original bill remaining outstanding. The court may also in its discretion order the payment of the carrier's reasonable costs and counsel fees: *Provided, a voluntary indemnifying bond without order of court shall be binding on the parties thereto.*

The delivery of the goods under an order of the court, as provided in this section, shall not relieve the carrier from liability to a person to whom the negotiable bill has been or shall be negotiated for value without notice of the proceedings or of the delivery of the goods. ('17 c. 399 § 17)

[4434—]18. **Effect of duplicate bills**—A bill upon the face of which the word "duplicate" or some other word or words indicating that the document is not an original bill is placed plainly shall impose upon the carrier issuing the same the liability of one who represents and warrants that such bill is an accurate copy of an original bill properly issued, but no other liability. ('17 c. 399 § 18)

[4434—]19. **Carrier cannot set up title in himself**—No title to goods or right to their possession asserted by a carrier for his own benefit, shall excuse him from liability for refusing to deliver the goods according to the terms of a bill issued for them, unless such title or right is derived directly or indirectly from a transfer made by the consignor or consignee after the shipment, or from the carrier's lien. ('17 c. 399 § 19)

[4434—]20. **Interpleader of adverse claimants**—If more than one person claims the title or possession of goods, the carrier may require all known claimants to interplead, either as a defense to an action brought against him for non-delivery of the goods, or as an original suit, whichever is appropriate. ('17 c. 399 § 20)

[4434—]21. **Carrier has reasonable time to determine validity of claims**—If someone other than the consignee or person in possession of the bill has a claim

to the title or possession of the goods, and the carrier has information of such claim, the carrier shall be excused from liability for refusing to deliver the goods either to the consignee or person in possession of the bill, or to the adverse claimant, until the carrier has had a reasonable time to ascertain the validity of the adverse claim or to bring legal proceedings to compel all claimants to interplead. ('17 c. 399 § 21)

[4434—]22. **Adverse title is no defense, except as above provided**—Except as provided in the two preceding sections and in section 12 [4434—12], no right or title of a third person unless enforced by legal process shall be a defense to an action brought by the consignee of a non-negotiable bill or by the holder of a negotiable bill against the carrier for failure to deliver the goods on demand. ('17 c. 399 § 22)

[4434—]23. **Liability for non-receipt or misdescription of goods**—If a bill of lading has been issued by a carrier or on his behalf by an agent or employee the scope of whose actual or apparent authority includes the issuing of bills of lading, the carrier shall be liable to:

(a) The owner of goods covered by a non-negotiable bill subject to existing right of stoppage in transitu, or,

(b) The holder of a negotiable bill,

Who has given value in good faith relying upon the description therein of the goods, for damages caused by the non-receipt by the carrier of all or part of the goods or their failure to correspond with the description thereof in the bill at the time of its issue.

*When package freight or bulk freight is loaded by a shipper and the goods are described in a bill merely by a statement of marks or labels upon them or upon packages containing them, or by a statement that the goods are said to be goods of a certain kind or quantity, or in a certain condition, or it is stated in the bill that packages are said to contain goods of a certain kind or quantity or in a certain condition, or that the contents or condition of the contents of packages are unknown, or words of like purport are contained in the bill, such statements, if true, shall not make liable the carrier issuing the bill, although the goods are not of the kind or quantity or in the condition which the marks or labels upon them indicate, or of the kind or quantity or in the condition they were said to be by the consignor. The carrier may, also, by inserting in the bill the words "shipper's weight, load and count" or other words of like purport indicate that the goods were loaded by the shipper and the description of them made by him; and if such statement be true, the carrier shall not be liable for damages caused by the improper loading or by the non-receipt or by the misdescription of the goods described in the bill: *Provided, however, where the shipper of bulk freight installs and maintains adequate facilities for weighing such freight, and the same are available to the carrier, then the carrier upon written request of such shipper and when given a reasonable opportunity so to do, shall ascertain the kind and quantity of bulk freight within a reasonable time after such written request, and the carriers shall not in such cases insert in the bill of lading the words "shipper's weight," or other words of like purport, and if so inserted contrary to the provisions of this section, said words shall be treated as null and void and as if not inserted therein.**

('17 c. 399 § 23)

[4434—]23A. **Certain duties of carrier when goods are loaded by him**—*When goods are loaded by a carrier such carrier shall count the packages of goods, if package freight, and ascertain the kind and quantity if bulk freight, and such carrier shall not, in such cases, insert in the bill of lading or in any notice, receipt, contract, rule, regulation or tariff, "shipper's weight, load and count," or other words of like purport, indicating that the goods were loaded by the shipper and the description of them made by him or in case of bulk freight and freight not concealed by packages the description made by him. If so inserted, contrary to the provisions of this section, said words shall be treated as null and void and as if not inserted therein.* ('17 c. 399 § 23A)

[4434—]24. **Attachment or levy upon goods for which a negotiable bill has been issued**—If goods are delivered to a carrier by the owner or by a person whose act in conveying the title to them to a purchaser for value in good

faith would bind the owner and a negotiable bill is issued for them, they cannot thereafter, while in the possession of the carrier, be attached by garnishment or otherwise, or be levied upon under an execution, unless the bill be first surrendered to the carrier or its negotiation enjoined. The carrier shall in no such case be compelled to deliver the actual possession of the goods until the bill is surrendered to him or impounded by the court. ('17 c. 399 § 24)

[4434—]25. **Creditor's remedies to reach negotiable bills**—A creditor whose debtor is the owner of a negotiable bill shall be entitled to such aid from courts of appropriate jurisdiction by injunction and otherwise in attaching such bill, or in satisfying the claim by means thereof as is allowed at law or in equity in regard to property which cannot readily be attached or levied upon by ordinary legal process. ('17 c. 399 § 25)

[4434—]26. **Negotiable bill must state charges for which lien is claimed**—If a negotiable bill is issued the carrier shall have no lien on the goods therein mentioned, except for charges on those goods for freight, storage, demurrage and terminal charges, and expenses necessary for the preservation of the goods or incident to their transportation subsequent to the date of the bill, unless the bill expressly enumerates other charges for which a lien is claimed. In such case there shall also be a lien for the charges enumerated so far as they are allowed by law and the contract between the consignor and the carrier. ('17 c. 399 § 26)

[4434—]27. **Effect of sale**—After goods have been lawfully sold to satisfy a carrier's lien, or because they have not been claimed, or because they are perishable or hazardous, the carrier shall not thereafter be liable for failure to deliver the goods *themselves* to the consignee or owner of the goods, or to a holder of the bill given for the goods when they were shipped, even if such bill be negotiable. ('17 c. 399 § 27)

PART III—NEGOTIATION AND TRANSFER OF BILLS

[4434—]28. **Negotiation of negotiable bills by delivery**—A negotiable bill may be negotiated by delivery where, by the terms of the bill, the carrier undertakes to deliver the goods to the order of a specified person and such person or a subsequent indorsee of the bill has indorsed it in blank. ('17 c. 399 § 28)

[4434—]29. **Negotiation of negotiable bills by indorsement**—A negotiable bill may be negotiated by the indorsement of the person to whose order the goods are deliverable by the tenor of the bill. Such indorsement may be in blank or to a specified person. If indorsed to a specified person, it may be negotiated again by the indorsement of such person in blank or to another specified person. Subsequent negotiation may be made in like manner. ('17 c. 399 § 29)

[4434—]30. **Transfer of bills**—A bill may be transferred by the holder by delivery, accompanied with an agreement, express or implied, to transfer the title to the bill or to the goods represented thereby.

A non-negotiable bill cannot be negotiated *free from existing equities* and the indorsement of such a bill gives the transferee no additional right. ('17 c. 399 § 30)

[4434—]31. **Who may negotiate a bill**—A negotiable bill may be negotiated by any person in possession of the same, however such possession may have been acquired if, by the terms of the bill, the carrier undertakes to deliver the goods to the order of such person, or if at the time of negotiation the bill is in such form that it may be negotiated by delivery. ('17 c. 399 § 31)

[4434—]32. **Rights of person to whom a bill has been negotiated**—A person to whom a negotiable bill has been duly negotiated acquires thereby:

(a) Such title to the goods as the person negotiating the bill to him had or had ability to convey to a purchaser in good faith for value, and also such title to the goods as the consignee and consignor had or had power to convey to a purchaser in good faith for value, and,

(b) The direct obligation of the carrier to hold possession of the goods for him according to the terms of the bill as fully as if the carrier had contracted directly with him. ('17 c. 399 § 32)

[4434—]33. Rights of person to whom a bill has been transferred—A person to whom a bill has been transferred but not negotiated acquires thereby as against the transferor, the title to the goods, subject to the terms of any agreement with the transferor. If the bill is non-negotiable, such person also acquires the right to notify the carrier of the transfer to him of such bill, and thereby to become the direct obligee of whatever obligations the carrier owed to the transferor of the bill immediately before the notification.

Prior to the notification of the carrier by the transferor or transferee of a non-negotiable bill, the title of the transferee to the goods and the right to acquire the obligation of the carrier may be defeated by garnishment or by attachment or execution upon the goods by a creditor of the transferor, or by a notification to the carrier by the transferor or a subsequent purchaser from the transferor of a subsequent sale of the goods by the transferor.

A carrier has not received notification within the meaning of this section unless an officer or agent of the carrier, the actual or apparent scope of whose duties includes action upon such a notification, has been notified; and no notification shall be effective until the officer or agent to whom it is given has had time with the exercise of reasonable diligence to communicate with the agent or agents having actual possession or control of the goods. ('17 c. 399 § 33)

[4434—]34. Transfer of negotiable bill without indorsement—Where a negotiable bill is transferred for value by delivery, and the indorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to indorse the bill, unless a contrary intention appears. The negotiation shall take effect as of the time when the indorsement is actually made. This obligation may be specifically enforced. ('17 c. 399 § 34)

[4434—]35. Warranties on sale of bill—A person who negotiates or transfers for value a bill by indorsement or delivery, including one who assigns for value a claim secured by a bill, unless a contrary intention appears, warrants:

- (a) That the bill is genuine,
- (b) That he has a legal right to transfer it,
- (c) That he has knowledge of no fact which would impair the validity or worth of the bill, and,
- (d) That he has a right to transfer the title to the goods, and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied, if the contract of the parties had been to transfer without a bill the goods represented thereby.

In case of an assignment of a claim secured by a bill, the liability of the assignor shall not exceed the amount of the claim. ('17 c. 399 § 35)

[4434—]36. Indorser not a guarantor—The indorsement of a bill shall not make the indorser liable for any failure on the part of the carrier or previous indorsers of the bill to fulfill their respective obligations. ('17 c. 399 § 36)

[4434—]37. No warranty implied from accepting payment of a debt—A mortgagee or pledgee, or other holder of a bill for security who in good faith demands or receives payment of the debt for which such bill is security, whether from a party to a draft drawn for such debt or from any other person, shall not be deemed by so doing to represent or to warrant the genuineness of such bill or the quantity or quality of the goods therein described. ('17 c. 399 § 37)

[4434—]38. When negotiation not impaired by fraud, accident, mistake, duress or conversion—The validity of the negotiation of a bill is not impaired by the fact that such negotiation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the bill was deprived of the possession of the same by fraud, accident, mistake, duress, loss, theft or conversion, if the person to whom the bill was negotiated, or a person to whom the bill was subsequently negotiated, gave value therefor

in good faith, without notice of the breach of duty, or fraud, accident, mistake, duress, *loss*, *theft* or conversion. ('17 c. 399 § 38)

[4434—]39. Subsequent negotiation—Where a person having sold, mortgaged, or pledged goods which are in a carrier's possession and for which a negotiable bill has been issued, or having sold, mortgaged or pledged the negotiable bill representing such goods, continues in possession of the negotiable bill, the subsequent negotiation thereof by that person under any sale, pledge or other disposition thereof to any person receiving the same in good faith, for value and without notice of the previous sale, shall have the same effect as if the first purchaser of the goods or bill had expressly authorized the subsequent negotiation. ('17 c. 399 § 39)

[4434—]40. Form of the bill as indicating rights of buyer and seller—Where goods are shipped by the consignor in accordance with a contract or order for their purchase, the form in which the bill is taken by the consignor shall indicate the transfer or retention of the property or right to the possession of the goods as follows:

(a) Where by the bill the goods are deliverable to the buyer or to his agent, or to the order of the buyer or of his agent, the consignor thereby transfers the property in the goods to the buyer.

(b) Where by the bill the goods are deliverable to the seller or to his agent, or to the order of the seller or of his agent, the seller thereby reserves the property in the goods. But if, except for the form of the bill, the property would have passed to the buyer on shipment of the goods, the seller's property in the goods shall be deemed to be only for the purpose of securing performance by the buyer of his obligations under the contract.

(c) Where by the bill the goods are deliverable to the order of the buyer or of his agent, but possession of the bill is retained by the seller or his agent, the seller thereby reserves a right to the possession of the goods, as against the buyer.

(d) Where the seller draws on the buyer for the price and transmits the draft and bill together to the buyer to secure acceptance or payment of the draft, the buyer is bound to return the bill if he does not honor the draft, and if he wrongfully retains the bill he acquires no added right thereby. If, however, the bill provides that the goods are deliverable to the buyer or to the order of the buyer, or is indorsed in blank or to the buyer by the consignee named therein, one who purchases in good faith for value, the bill or goods from the buyer, shall obtain the title to the goods, although the draft has not been honored, if such purchaser has received delivery of the bill indorsed by the consignee named therein, or of the goods, without notice of the facts making the transfer wrongful. ('17 c. 399 § 40)

[4434—]41. Demand, presentation or sight draft must be paid, but draft on more than three days' time merely accepted before buyer is entitled to the accompanying bill—Where the seller of goods draws on the buyer for the price of the goods and transmits the draft and a bill of lading for the goods either directly to the buyer or through a bank or other agency unless a different intention on the part of the seller appears, the buyer and all other parties interested shall be justified in assuming:

(a) If the draft is by its terms or legal effect payable on demand or presentation or at sight, or not more than three days thereafter (whether such three days be termed days of grace or not), that the seller intended to require payment of the draft before the buyer should be entitled to receive or retain the bill.

(b) If the draft is by its terms payable on time extending beyond three days after demand, presentation or sight (whether such three days be termed days of grace or not), that the seller intended to require acceptance, but not payment of the draft before the buyer should be entitled to receive or retain the bill.

The provisions of this section are applicable whether by the terms of the bill the goods are consigned to the seller, or to his order, or to the buyer, or to his order, or to a third person, or to his order. ('17 c. 399 § 41)

[4434—]42. **Negotiation defeats vendor's lien**—Where a negotiable bill has been issued for goods, no seller's lien or right of stoppage in transitu shall defeat the rights of any purchaser for value in good faith to whom such bill has been negotiated, whether such negotiation be prior or subsequent to the notification to the carrier who issued such bill of the seller's claim to a lien or right of stoppage in transitu. Nor shall the carrier be obliged to deliver or justified in delivering the goods to an unpaid seller unless such bill is first surrendered for cancellation. ('17 c. 399 § 42)

[4434—]43. **When rights and remedies under mortgages and liens are not limited**—Except as provided in Section 42 [4434—42], nothing in this act shall limit the rights and remedies of a mortgagee or lienholder whose mortgage or lien on goods would be valid, apart from this act, as against one who for value and in good faith purchased from the owner, immediately prior to the time of their delivery to the carrier, the goods which are subject to the mortgage or lien and obtained possession of them. ('17 c. 399 § 43)

PART IV—CRIMINAL OFFENCES

[4434—]44. **Issue of bill for goods not received**—Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a bill knowing that all or any part of the goods for which such bill is issued have not been received by such carrier, or by any agent of such carrier, or by a connecting carrier, or are not under the carrier's control at the time of issuing such bill, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both. ('17 c. 399 § 44)

[4434—]45. **Issue of bill containing false statement**—Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a bill for goods knowing that it contains any false statement, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars, or by both. ('17 c. 399 § 45)

[4434—]46. **Issues of duplicate bills not so marked**—Any officer, agent, or servant of a carrier, who with intent to defraud issues or aids in issuing a duplicate or additional negotiable bill for goods in violation of the provisions of section 7 [4434—7], knowing that a former negotiable bill for the same goods or any part of them is outstanding and uncanceled, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both. ('17 c. 399 § 46)

[4434—]47. **Negotiation of bill for mortgaged goods**—Any person who ships goods to which he has not title, or upon which there is a lien or mortgage, and who takes for such goods a negotiable bill which he afterwards negotiates for value with intent to deceive and without disclosing his want of title or the existence of the lien or mortgage, shall be guilty of a crime, and upon conviction shall be punished for each offence by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars, or by both. ('17 c. 399 § 47)

[4434—]48. **Negotiation of bill when goods are not in carrier's possession**—Any person who with intent to deceive negotiates or transfers for value a bill knowing that any or all of the goods which by the terms of such bill appear to have been received for transportation by the carrier which issued the bill, are not in the possession or control of such carrier, or of a connecting carrier, without disclosing this fact, shall be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both. ('17 c. 399 § 48)

[4434—]49. **Inducing carrier to issue bill when goods have not been received**—Any person who with intent to defraud secures the issue by a carrier of a bill knowing that at the time of such issue, any or all of the goods

STORAGE AND SHIPMENT OF GRAIN

TERMINAL WAREHOUSES

4435. **Defined**—All elevators or warehouses located within the switching limits of St. Paul, Minneapolis and Duluth, and other points in the state which are now, or may hereafter be designated as terminal points in which grain is received for storage in bulk, and that of different owners mixed together or so stored that the identity of the different lots or parcels is not preserved, shall be public warehouses known as "terminal warehouses," provided that the storage space in any elevator or warehouse built by any state may be used exclusively by the citizens of such state, unless the state so building and owning the same shall otherwise provide. (Amended '15 c. 349 § 1)

4452. **Minnesota grades**—The two boards or a majority of the six members thereof shall meet annually in joint session on or before September 15, and establish the grades of all grain subject to state inspection to be known as the "Minnesota Grades." Such grades as are thereby established and tests thereof shall be published daily for one week in a newspaper in each of the cities of Minneapolis and Duluth and all grain received at any public warehouse shall be graded accordingly. Such grades shall not be changed before the next annual meeting without the concurrence of at least five members of such boards. In establishing the grades, in addition to the physical qualities of the grain, there shall be taken into consideration the milling and bread producing quality of all grain products used as human food. Each of said boards shall determine the grade and dockage, if any, of all grain in all cases where appeals from the decisions of the chief inspector have been taken and for such purpose they may request fresh samples of such grain to be furnished direct to the board having the case under consideration. Dockage shall be considered as being of two classes: first; that having value and, second, that having no value. The former to be considered and allowed for as such, and any foreign content of the grain shall not be considered in establishing the grade. They shall also render assistance and advice to the chief inspector of grain so as to enable him to instruct the deputy inspectors of grain under his jurisdiction in accordance with the decisions and work of the board. (Amended '17 c. 284 § 1)

4458. **Duty of inspectors**—Such inspector shall inspect and grade all grain received at or shipped from any terminal warehouse in car-load lots or boat-load lots, and give a certificate of the inspection to the persons entitled thereto. Their decision shall be conclusive as to the grade and dockage of such grain, and the certificate shall be evidence thereof, unless changed upon re-inspection and appeal. Every certificate of inspection so issued shall in addition to other facts, set forth the test weight per bushel of the grain so inspected. (Amended '17 c. 280 § 1)

4463. Weighmaster's records and certificates—

In view of § 4497, this section does not limit the record to be kept to a record of the certificates issued, and hence the weighers may be required by the state railroad and warehouse commission to make notation in their records of the bad condition of cars inspected by them. Such records are competent evidence of the facts so noted, under the general rule that, where a statute requires a record to be kept by a public officer, the record so kept is competent evidence of the facts recited therein. The statute makes the certificates *prima facie* evidence, without other authentication than the signature of the weigher; but this provision applies only to the certificate, and not to other papers which are merely transcripts from the records (127-299, 149+471). Evidence, ~~§~~ 333(1).

('17 c. 377 § 1)

PART II. OBLIGATIONS AND RIGHTS OF WAREHOUSEMEN UPON THEIR RECEIPTS

4534. Liability for care of goods—

Liability of carrier as warehouseman determined (122-453, 142+727). Carriers, ~~6~~138-145.

Where loss of goods is shown, the burden of proving absence of negligence is on the warehouseman. Freedom from negligence must be shown by a preponderance of the evidence (122-453, 142+727). Warehousemen, ~~6~~34(5).

Such accounts shall provide for forms showing all sources of income, the amounts due and received from each source, and the amounts expended and for each purpose, distinguishing clearly all payments for operating expenses from those for new construction, extensions, additions, repairs or replacements, and for balance sheets showing assets and liabilities.

The commission may require every warehouseman engaged directly or indirectly, in any business other than the warehouse business, as defined by this law, to keep separately, in like manner and form, the accounts of all such other business, and the commission may provide for the examination and inspection of the books, accounts, papers and records of such other business, in so far as may be necessary to enforce any provisions of this act. Should the commission decide that the building or other property proposed to be used as a warehouse is suitable for the proposed purpose, and that the applicant or applicants are entitled to a license, notice of such decision shall be given the interested parties, and upon the applicant or applicants filing with the commission the necessary bond, as provided for in this act, the commission shall issue the license provided for, upon payment of the license fee, as in this section provided. A warehouseman to whom a license is issued shall pay for such license a fee of one hundred dollars (\$100.-00). Such license may be renewed from year to year, but shall never be valid for a period of more than one year, and always upon payment of the full license fee, as provided for in this section for such renewal; provided that no license shall be issued for any portion of a year for less than the full amount of the license fee, as provided for in this section. Each license obtained under this act shall be publicly displayed in the main office of the place of business of the warehouseman to whom it is issued. Such license shall authorize the warehouseman to carry on the business of warehousing only in the one city named in said application, and in the buildings therein described. But the commission without requiring an additional bond and license, may issue permits from time to time to any warehouseman already duly licensed under the provisions of this act, to operate an additional warehouse or warehouses in the same city for which his original license was issued during the term thereof, upon his filing an application for such permit, and in such form as shall be prescribed by the commission.

('15 c. 210 § 19)

[4575—]20. **Transacting business without license—Penalty**—Any person or persons who shall transact the business of a warehouseman as defined in this act, except for the purpose of winding up the same under the supervision of the commission, without first procuring a license and giving a bond as provided for in this act, and any licensed warehouseman who shall operate any warehouse without obtaining the permit herein provided for, or who shall continue to transact such business after such license has expired, or such bond may have become void or found insufficient security for the penal sum in which it is executed, by the commission approving the same, shall be guilty of a misdemeanor, and upon conviction be fined in a sum not less than \$100 nor more than \$500 for each and every day such business is carried on before said license or permit, as the case may be, is issued or after the expiration of such license or permit, or after receiving notice from the commission that such bond has become void or has been found insufficient security; and the operation of such warehouseman may be enjoined upon complaint of the commission before a court of competent jurisdiction. The parties to such proceedings shall be termed, respectively, "Complainant" and "Respondent." ('15 c. 210 § 21)

[4575—]22. **Order—Service on respondent**—Upon filing such complaint, if there appear reasonable grounds for investigating such matter, the commission shall issue an order, directed to such warehouseman, requiring him to grant the relief demanded, or show cause by answer within 20 days from the service of such notice, why such relief should not be granted. Such order, together with a copy of the complaint shall forthwith be served upon the respondent. ('15 c. 210 § 22)

[4575—]23. **Answer**—The respondent may file and serve by mail, upon the complainant within 20 days after the service of the order, an answer alleging that it has already granted the relief demanded, or setting up any matter of defense. If the answer alleges the granting of the relief, the complainant shall within 20 days reply, admitting or denying such allegation. If he fails to reply, or admits the allegation, the proceeding shall be dismissed. ('15 c. 210 § 23)

[4575—]24. **Hearing—Findings and order**—If the matter be not adjusted to the satisfaction of the commission, it shall set a time and place of hearing, and give at least ten days notice thereof to each party. The parties shall appear either in person or by attorney. The commission shall hear evidence and otherwise investigate the matter and shall make findings of fact upon all matters involved, and such order or recommendation in the premises as may be just. A copy of such findings and order or recommendation, shall forthwith be served upon each party. No proceeding shall be dismissed on account of want of pecuniary interest in the complainant. ('15 c. 210 § 24)

[4575—]25. **Notices and orders—Service**—All notices and orders in proceedings before the commission shall be signed by the secretary. Service may be made of all notices, orders or other papers provided for in this act, by mail,

[4575—]26. **Witnesses**—The commission in any hearing or investigation, may require the attendance of any witnesses and the production of any books, papers or records. Witnesses shall receive the same fees and mileage as in civil actions. The disobedience of any subpoena in such proceedings, or contumacy of any witness, may upon application of the commission, be punished by any district court in the same manner as if the proceedings were pending in such court. ('15 c. 210 § 26)

[4575—]27. **Complaint that rates are unreasonable, etc.—Hearing—Substituted rates, etc.**—Upon verified complaint of any person or of any corporation that any rates are unjust, unreasonable, discriminatory, preferential or in any way in violation of law, the commission shall proceed to investigate the matters alleged in such complaint, and for the purposes of such investigation they may require the attendance of witnesses and the production of books, papers and documents. If, upon the hearing, such rates are found to be unjust, unreasonable, discriminatory, preferential or in any way in violation of law the commissioner shall make an order, stating wherein the same are so unjust, unreasonable, discriminatory, preferential or in any way in violation of law, and shall make a rate or rates which shall be substituted for that or those so complained of. Rates so made by the commission shall be deemed prima facie reasonable in all courts, and shall be in full force during the pendency of any appeal or other proceedings to review the action of the commission in establishing the same. ('15 c. 210 § 27)

[4575—]28. **Investigation without complaint—Notice—New schedules**—The commission shall also upon its own motion, investigate any matter relating to the management by any warehouseman of his business, or the reasonableness of all rates whenever in its judgment the public interest so requires. If any such rates are found unreasonable or discriminatory, the commission shall find what is reasonable under the circumstances, and may make new schedules of any or all rates under consideration in such investigation, and its own order shall fix the date when such rates shall go into effect. Before making any order under the provisions of this section, the warehouseman shall have an opportunity to be heard upon such notice as the commission shall deem reasonable. The rates established under the proceedings instituted under this section, shall be in force during the pendency of any appeal or other proceedings to review the action of the commission. ('15 c. 210 § 28)

[4575—]29. **Appeals to district court**—Any party to a proceeding before the commission, or any party affected by any order thereof, may appeal therefrom to the district court of the county in which the principal place of business of the respondent is located, or in case the order is made in a proceeding commenced by the commission on its own motion without complaint, to the district court of any county in which the warehouseman has his principal place of business, at any time within thirty days after service of a copy of such order on the parties of record, as in this act provided, by service of a written notice of appeal, on said commission, or on its secretary. Upon service of said notice of appeal, said commission, by its secretary, shall forthwith file with the clerk of said district court, to which said appeal is taken, a certified copy of the order appealed from, together with the findings of fact on which the same is based. ('15 c. 210 § 29)

[4575—]30. **Proceedings on appeal—Orders not appealed from**—The appellant serving such notice of appeal shall, within five days after service thereof, file the same with proof of service, with a clerk of the court to which said appeal is taken, and thereupon said district court shall have jurisdiction over said appeal, and the same shall be tried therein, according to the rules relating to a trial of civil actions, so far as the same are applicable. The complainant before the commission, if there is one (otherwise the State of Minnesota), shall be designated as the complainant in the district court, and the ware-

houseman as the defendant. No further pleadings than those filed before the commission shall be necessary. Such findings of fact shall be prima facie evidence of the matters therein stated, and the order shall be prima facie reasonable, and the burden of proof upon all issues raised by the appeal shall be on the appellant. If said court shall determine that the order appealed from, is lawful and reasonable, it shall be affirmed, and the order enforced as provided by law. If it shall be determined that the order is unlawful or unreasonable, it shall be vacated and set aside. Such appeal shall not supersede the order appealed from, unless the court, upon an examination of said order and the return made on said appeal, and after giving the respondent notice and opportunity to be heard, shall so direct. If such appeal is not taken, such order shall be final, and it shall thereupon be the duty of the warehouseman affected, to adopt and publish the rates therein prescribed, and abide the order of the commission. When no appeal is taken from an order, as herein provided, the parties affected by such order shall be deemed to have waived the right to have the merits of such controversy reviewed by a court, and there shall be no trial of the merits or re-examination of the facts of any controversy in which said order was made, by any district court to which application may be made for the writ to enforce the same. ('15 c. 210 § 30)

[4575—]31. Failure to obey law or order—Application by commission to district court and proceedings therein—Whenever any warehouseman shall fail to obey any law of this state, or any order of the commission, the commission may, upon verified petition alleging such failure, apply to the district court of the county in which said warehouseman has his principal place of business, for the enforcement of such law, or order, or other appropriate relief. The court, upon such notice as it may direct, shall hear such matter as in case of an appeal from an order. On such hearing, the findings of fact upon which such order is based shall be prima facie evidence of the merits therein stated, and the court may grant any provisional or other relief, ordinary or extraordinary, legal and equitable, which the nature of the case may require, and may impose a fine of not more than \$50 for each day's failure to obey any writ, process or order of the court, in addition to all other penalties or forfeitures provided by law. A temporary mandatory or restraining order may be made in such proceedings, notwithstanding any undetermined issue of fact, upon such terms as to security as the court may direct. ('15 c. 210 § 31)

[4575—]32. Trial—The district court shall be deemed always open for all civil proceedings under this act, and any such proceedings may be brought to trial in any county in the judicial district where the same are pending, and shall take precedence over all other matters except criminal cases. Except when there is a constitutional right to a trial by jury, not expressly waived, all such proceedings shall be tried summarily by the court. ('15 c. 210 § 32)

[4575—]33. Incriminating questions—Counsel fees and disbursements—In any proceedings under this act or any law relating to warehousemen, the court, at its discretion, may require a witness to answer any question, although his answer may tend to convict him of a crime, but no person so compelled to answer shall thereafter be liable to any prosecution for such crime.

In any proceedings in district court under the provisions of this act, or any law relating to warehousemen, either by appeal or otherwise, the court may order the payment by either party of such counsel fees and disbursements, as it deems just and reasonable. ('15 c. 210 § 33)

[4575—]34. Proceedings in name of state—Appeal to supreme court—All acts or proceedings instituted by the Railroad and Warehouse Commission under this act shall be brought in the name of the state, and shall be prosecuted by the attorney general.

Any party to an appeal or other proceeding in district court, under the provisions of this act, may appeal from the final judgment or from any final order therein, in the same cases and manner as in civil actions. The appeal may be filed in the supreme court before or during any term thereof, and shall be immediately entered on the calendar and heard, upon such notice as the court may prescribe. ('15 c. 210 § 34)

[4575—]35. **Action on warehouseman's bond**—When any one licensed to do business as a public warehouseman fails to perform his duty, or violates any of the provisions of this act, any person, persons or corporations injured by such failure or violation may, with the consent of the commission, and the attorney general, bring an action in the name of the state, but to his or their own use, in any court of competent jurisdiction on the bond of such warehouseman. In such action the person, persons or corporation in whose behalf the action is brought shall file with the court a satisfactory bond for costs, and the state shall not be liable for any costs. ('15 c. 210 § 35)

[4575—]36. **Violation of act or order—Penalty**—Any warehouseman and each person, who, either individually, or acting as an officer, agent or employé of a warehouseman, violates or fails to comply with any provisions of this act, or fails to observe, obey or comply with any order, decision, rule, regulation, direction or requirement, or any part or portion thereof of the commission, made or issued under authority of this act, or who procures, aids or abets any warehouseman in his violation of this act, or in his failure to observe, obey or comply with this act, or any such order, decision, rule, regulation, direction or requirement, or any part or portion thereof, in a case in which a penalty is not otherwise provided for in this act, is guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding \$1,000 or by imprisonment not exceeding one year, or by both such fine and imprisonment.

Each violation of the provisions of this act, or of any order, decision, rule, regulation, direction or requirement of the commission, or any part or portion thereof, by any warehouseman, is a separate and distinct offense.

In construing and enforcing the provisions of this act, relating to penalties, the act, omission or failure of any officer, agent or employé of any warehouseman, acting within the scope of his official duties or employment, shall in each case be and be deemed to be the act, omission or failure of such warehouseman. ('15 c. 210 § 36)

[4575—]37. **Partial invalidity of act**—If any section, subdivision, sentence or clause of this act is for any reason held invalid or to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. ('15 c. 210 § 37)

[4575—]38. **Technical omissions not to invalidate acts of commission**—A substantial compliance with the requirements of this act shall be sufficient to give effect to all the acts, orders, decisions, rules and regulations of the commission, and they shall not be declared inoperative, illegal or void, for any omission of a technical nature in respect thereto. ('15 c. 210 § 38)

COMMISSION MERCHANTS

4598. Definition—License—Bond—For the purpose of this subdivision, a commission merchant is a person who may receive for sale, for account of the consignor, any agricultural products or farm produce. No person shall sell, or receive, or solicit shipments of such commodities for sale, without first obtaining a license from the Railroad and Warehouse Commission to carry on the business of a commission merchant, and executing and filing with the secretary of state a bond to the state for the benefit of such consignors; if the license authorizes the sale of grain the bond shall be not less than four thousand dollars (\$4,000.00). If the license only authorizes the sale of products other than grain the bond shall be not less than two thousand dollars. In either case the Railroad and Warehouse Commission may at any time require such an additional amount of bond as it may deem necessary to protect the consignor. (Amended '15 c. 370 § 1)

An agreement between plaintiff, a country grain dealer, and a commission merchant, pursuant to which their business was conducted, and their course of dealings thereunder, held not to relieve defendant surety company from liability on its bond given under this and the following sections, where such merchant failed to account for proceeds of sales of grain consigned to him by plaintiff (126-485, 148-465). Factors, ~~6-21/2~~ New, vol. 17 Key-No. Series.

4599. Application for license—Conditions of bonds—Separate licenses—The application for license shall be in writing, state the commodities for which license to sell is wanted, also the cities or other locations in the state where applicant intends to do business, and give the business address of the applicant and the estimated volume of business to be done monthly. If he desires a license which shall authorize him to sell grain, the bond shall be conditioned that he report to all persons consigning grain to him, and pay to them the proceeds of its sale, less charges and actual disbursements; otherwise, the bond shall be conditioned for the faithful performance of his duties as commission merchant. Separate licenses and bonds shall be required for each city or location at which consignments are received and disposed of by such commission merchant, and said licenses shall be kept posted in each office of licensee. All licenses shall expire May 31st of each year. The fee for each license shall be two dollars (\$2.00). Such license may be revoked by the commission for cause, upon notice and hearing. (Amended '15 c. 370 § 2)

4600. Commission may require confidential statements—For the purpose of fixing or changing the amount of a bond the commission shall require statements of his business from the licensee, and, if he fail to render such statements or to furnish any new bond required, the commission may revoke his license. All such statements shall be for the exclusive information of the commissioners, unless they shall be required for use in court, in which case the commissioners shall produce them. (Amended '15 c. 370 § 3)

4601. Statement to consignor—Whenever a licensee sells any grain he shall render a true statement in writing to the consignor within twenty-four (24) hours of the amount sold, price received, name and address of purchaser, and the day, hour, and minutes of the sale, and shall forward vouchers for all charges and expenses. Whenever consignments of commodities other than grain are sold, the licensee shall render a true statement in writing to the consignor within such reasonable time and in such manner and form as may be prescribed by the commission. (Amended '15 c. 370 § 4)

4602. Complaint—Investigation—Report—Whenever a consignor of a commodity, other than grain, after demand therefor, shall have received no remittance or report of its sale, or shall be dissatisfied with the remittance, or report, he may complain in writing, under oath, to the commission, who shall investigate the matter complained of. In making the investigation the commission may compel the licensee to produce all information, books, records, and memoranda concerning the matter, and they shall give the complainant a written report of the investigation. This report shall be prima facie evidence of the matters therein contained. (Amended '15 c. 370 § 5)

See note under § 4603.

4603. Action on bond—If any licensee shall fail to account for any consignment of any of the commodities mentioned in this subdivision, or to pay to the consignor monies due on such consignment, the consignor, or his agent, may file with the commission an affidavit setting forth the matters complained of. Thereafter, such consignor may bring an action upon the bond of the licensee, and recover the amount due him on account of such consignment. If such licensee has become liable to more than one consignor, and the amount of his bond be insufficient to pay the entire liability, the consignors shall be compensated in proportion to their several claims. (Amended '15 c. 370 § 6)

The provision for filing the affidavit is merely directory, and failure to file is not fatal to the right of action on the bond (122-316, 142-328). Factors, $\frac{1}{2}$.

4604. Violations—Penalty, etc.—Any person, persons, firm or corporation engaged in selling any property as herein specified, who fails or neglects to comply with any of the provisions of this act, or any of the rules of the commission therein provided for, shall be guilty of a misdemeanor and on conviction thereof in any court having competent jurisdiction, shall be punished by a fine of not less than twenty-five (\$25) dollars nor more than one hundred (\$100.00) dollars, and the Railroad and Warehouse Commission is hereby

authorized, either upon such conviction or upon its own findings after investigation, if the facts warrant it, to cancel the license of any person, persons, firm or corporation guilty of any violation of law or conduct prejudicial to the interest of those making consignments for sale, to such person, persons, firm or corporation. Where a license has been cancelled, the Railroad and Warehouse Commission may refuse to issue any license to such person, persons, firm or corporation for a term of one year.

Whenever requested to do so by any interested shipper, the Railroad and Warehouse Commission shall have power to investigate any sale or transaction carried on by any person, persons, firm or corporation licensed under this act and for that purpose, shall have the right to examine any and all books, records and accounts of any licensed commission merchant. Any licensed commission merchant or any agent in charge of such books, records or accounts who shall fail or refuse to submit such books, records, or accounts for the examination of said Railroad and Warehouse Commission shall be guilty of a misdemeanor.

It shall be unlawful to use the word commission, commission merchant or commission company on any advertising matter, letter or bill heads of any person not having a license from the commission. Any person who shall hold himself out or claim to be a licensed or bonded commission merchant, either by written, printed, or verbal representation or by the use of any letter head, statement or advertisement, without having a license from the commission, shall be guilty of a misdemeanor. (Amended '15 c. 370 § 7)

[4604—]1. **Commission merchants prohibited from being interested in sales, etc.**—No person, persons, firm or corporation whether doing business in a Chamber of Commerce, Board of Trade, or elsewhere in this state engaged in selling grain, corn or other farm products or live stock as commission merchant, or for others for a compensation in any manner, who shall hereafter receive and accept for sale for account of the consignor or owner thereof, any such property, or who shall sell or attempt to sell or dispose of such property for account of such consignor or owner, shall hereafter be interested directly or indirectly, as purchaser or otherwise than solely as the agent of such consignor or owner and according to the contract of agency in the sale, purchase or disposition of such property; and no such person, persons, firm or corporation engaged as aforesaid shall hereafter in any transaction involving such sale, purchase or disposition of such property in any manner, directly or indirectly, represent or promote in any respect whatever the interest of any other person, persons, firm or corporation than said consignor or owner of such property. ('17 c. 19 § 1)

[4604—]2. **Same—Penalty for violation**—Whoever shall violate any provision of this act shall upon conviction thereof be punished by imprisonment in the county jail not to exceed one year, or by a fine not to exceed one thousand dollars, and any license issued to such party under section 4599 of the General Statutes of Minnesota for the year 1913, shall thereupon become void and such party shall be disqualified from obtaining a new license under said law for a period of two years from and after such conviction. ('17 c. 19 § 2)

[CHAPTER 28A 1]

[TELEPHONE COMPANIES]

[4623—]1. Jurisdiction of Railroad and Warehouse Commission—The Railroad and Warehouse Commission, now existing under the laws of this state, is hereby vested with the same jurisdiction and supervisory power over telephone companies doing business in this state, as it now has over railroad and express companies, and wherever the term "Commission" is used in this Act, it shall mean said Railroad and Warehouse commission. ('15 c. 152 § 1)

Section 26 repeals acts conflicting with the provisions of this act in so far as they are inconsistent herewith.

By § 27 this act shall take effect July 1, 1915.

[4623—]2. "Telephone Company" defined—The term "Telephone Company" as used in this Act shall mean and apply to any person, firm, association or any corporation, private or municipal, owning or operating any telephone line or telephone exchange for hire wholly or partly within this state, or furnishing any telephone service to the public. ('15 c. 152 § 2)

[4623—]3. Laws applicable—Except as otherwise provided in this Act, all the provisions of Chapter 28 of the Revised Laws of 1905 and acts amendatory thereof applying to railroad and express companies shall, in so far as the same are applicable apply also to telephone companies. ('15 c. 152 § 3)

[4623—]4. Adequate service—Fair and reasonable rates—It shall be the duty of every telephone company to furnish reasonably adequate service and facilities for the accommodation of the public, and its rates, tolls and charges shall be fair and reasonable for the intrastate use thereof. All unreasonable rates, tolls and charges are hereby declared to be unlawful. ('15 c. 152 § 4)

[4623—]5. Schedule of rates, rules, etc., to be filed with commission—Upon the taking effect of this Act it shall be the duty of every telephone company to forthwith file with the commission a schedule of its [its] exchange rates, tolls and charges for every kind of service, together with all rules, regulations and classifications used by it in the conduct of the telephone business, all of which shall be kept on file by the commission subject to public inspection. The commission shall require each telephone company to keep open for public inspection at designated offices, so much of said schedules and regulations as it deems necessary for the public information. ('15 c. 152 § 5)

[4623—]6. Commission to fix rates when unreasonable—Greater or less rate forbidden—Whenever such rates or schedules are found to be unreasonable by the commission, upon its own motion or upon complaint it shall prescribe reasonable rates to take the place of those found unreasonable and such new rates shall be filed in place of the rates or schedule superseded. No rates filed with the commission shall be changed by any telephone company without an order of the commissioner sanctioning the same. It shall be unlawful for any telephone company to collect or receive a greater or less rate or charge for any intrastate service rendered by it than the rate or charge named in the schedules on file with the commission, and no new rate shall take effect till the date named by the commission which shall not be less than ten days after it is filed. ('15 c. 152 § 6)

[4623—]7. Discrimination prohibited—No telephone company or any agent or officer thereof shall, directly or indirectly, in any manner whatsoever, knowingly or wilfully, charge, demand, collect or receive from any person, firm or corporation, a greater or less compensation for any intrastate service rendered or to be rendered by it than it charges, demands, collects or receives from any other firm, person or corporation for a like and contemporaneous intrastate service under similar circumstances. ('15 c. 152 § 7)

[4623—]8. Commission to prescribe uniform rules, etc.—Blanks and forms—Uniformity between federal and state governments—It shall be the duty of the commission to prescribe uniform rules and classifications pertaining to the conduct of intrastate telephone business and a system of accounting to be used by telephone companies in transacting said business, and it shall prescribe and furnish blanks and forms for reports, all of which shall conform as nearly as practicable to the rules, classifications, accounting systems and reports prescribed by the Interstate Commerce commission for the interstate business of like size companies.

The commission shall by correspondence, or conference where necessary, use its best endeavors toward establishing uniformity in practice in all matters pertaining to regulation of the business of telephone companies between the federal government and state government of this and adjacent states. ('15 c. 152 § 8)

[4623—]9. Office within state—Reports—Inspection of books, etc.—Balance sheet—Every telephone company subject to the provisions of this Act, wherever organized, shall keep an office in this state, and shall make such reports to the commission as it shall from time to time require. All books, records and files and all of its property shall be at all times subject to inspection by the commission; it shall close its accounts and take therefrom a balance sheet on December 31st each year, and on or before March 1st following, such balance sheet, together with such other information as the commission shall

require, verified by an officer of the telephone company, shall be filed with the commission. ('15 c. 152 § 9)

[4623—]10. **Physical connections, etc., with lines of other companies, etc.—“Physical connection” defined—Powers of commission, etc.**—Whenever public convenience requires the same, every telephone company shall, for a reasonable compensation, permit a physical connection or connections to be made, and telephone service to be furnished between any telephone exchange system operated by it and the telephone toll line or lines operated by another telephone company, or between its telephone toll line or lines and the telephone exchange system of another telephone company, or between its toll line and the toll line of another telephone company whenever such physical connection or connections is practicable and will not result in irreparable injury to the telephone system so compelled to be connected. The term “physical connection” as used in this section, shall mean such number of trunk lines or complete wire circuits and connections as may be required to furnish reasonable and adequate service between such telephone lines and exchanges and shall not be deemed to provide for any connection whereby one line or circuit is to be bridged upon another line or circuit. In case of failure of the telephone companies concerned to allow or agree upon such physical connection or connections, or the terms and conditions upon which the same shall be made, application may be made to the commission for an order requiring such connection and fixing the compensation, terms and conditions thereof, and if after investigation and hearing the commission shall find that such physical connections will not result in irreparable injury to such telephone properties, it shall by order direct that such connections be made, and prescribe reasonable conditions and compensation therefor and for the joint use thereof, and by whom the expense of making and maintaining such connection or connections shall be paid. Whenever application is made to the commission requesting physical connection it shall be presumed that such connection is necessary, and that the public convenience will be promoted thereby, and the burden of overcoming such presumption shall be upon the party resisting such application. The telephone companies so connecting shall give service over the connecting line or lines without preference to or discrimination against any service or telephone company whatever. ('15 c. 152 § 10)

[4623—]11. **Free or reduced rates to officers, etc.**—A telephone company may furnish service free or at reduced rates to its officers, agents or employees in furtherance of their employment, but it shall charge full schedule rates without discrimination for all other services. Provided that nothing herein shall release any telephone company from carrying out any contract now existing between it and any municipality for the furnishing of any service free or at reduced rates. Provided further that any contract for telephone service, at discriminatory rates, other than those with municipalities, shall be terminated by the company as soon as the same becomes terminable by its terms or if the company has the option to terminate such contract, said option shall be exercised and the contract terminated within three months after the passage of this act. ('15 c. 152 § 11)

[4623—]12. **Valuation of telephone companies**—The commission shall, whenever it deems the same necessary, determine the value of all the property of any telephone company devoted to the public use, and in so doing it shall, after notice to the telephone company, hold such public hearings as will give all interested parties a chance to furnish evidence and be heard. For the purpose of this act the commission is authorized to appoint engineers, examiners, experts, clerks, accountants and other assistants as it may deem necessary at such rates of compensation as it may prescribe.

In the discharge of their duties such appointees shall have every power of any inquisitorial nature granted in this act to the commission. The commission may conduct any number of investigations contemporaneously through its individual members or appointees, and may delegate to its individual members the taking of all testimony on any investigation or hearing. ('15 c. 152 § 12)

[4623—]13. **Power of commission to authorize construction of telephone lines, etc.—Second telephone exchange, etc.**—For the purpose of bringing about uniformity of practice, the commission shall have the exclusive right to grant authority to any telephone company to construct telephone lines or exchanges for furnishing local service to subscribers in any municipality of this state, and to prescribe the terms and conditions upon which construction may be carried on, and whenever the commission grants such authority it shall be in the form of a permit of indeterminate duration—coupled with the right to the municipality to purchase the telephone plant within the city, as hereinafter provided. No local telephone exchange shall be constructed or installed in any city or village for furnishing local service to subscribers in such village or city, where there is in operation in such village or city a local exchange already furnishing such service, without first securing from the commission a declaration, after a public hearing, that public convenience requires such second telephone exchange; but the governing body of any municipality shall have the same powers of regulation which it now possesses with reference to the location of poles and wires so as to prevent any interference with the safe and convenient use of streets and alleys by the public. ('15 c. 152 § 13)

[4623—]14. **Extension of long distance lines**—Any telephone company may extend its long distance lines into or through any city or village of this state for the furnishing of long distance service only, subject to the regulation of the governing body of such village or city relative to the location of its poles and wires and the preserving of the safe and convenient use of such streets and alleys to the public. ('15 c. 152 § 14)

[4623—]15. **Surrender of license and securing new authority**—Any telephone company operating under any existing license, permit or franchise or which shall hereafter before the taking effect of this act, acquire any license, permit or franchise, may, upon filing with the clerk of the municipality which granted such franchise, a written declaration that it surrenders such license, permit or franchise, receive in lieu thereof, an indeterminate permit as defined in this act; and such telephone company shall thereafter hold such permit under all the terms, conditions and limitations of this act. The filing of such declaration shall be deemed a waiver by such telephone company of the right to insist upon the fulfillment by any municipality of any contract theretofore entered into relating to any rate, charge or service made subject to regulation by this act. Upon filing such written declaration by the telephone company, the clerk of the municipality, shall file with the commission a certificate showing that fact and the date thereof, and thereupon it shall receive an indeterminate permit from the commission conferring the same rights as if originally granted under this act. ('15 c. 152 § 15)

[4623—]16. **Right of municipalities to operate telephone exchanges, etc.—Submission to voters**—Any municipality shall have the right to own and operate a telephone exchange within its own borders, subject to the provisions of this act, and it may construct such plant, or purchase an existing plant by agreement with the owner, or where it cannot agree with the owner on price, it may acquire an existing plant by condemnation as hereinafter provided, but in no case shall a municipality construct or purchase such a plant or proceed to acquire an existing plant by condemnation until such action by it is authorized by a majority of the electors voting upon the proposition at a general election or a special election called for that purpose, and if the proposal is to construct a new exchange where an exchange already exists, it shall not be authorized to do so unless sixty-five (65%) per cent of those voting thereon vote in favor of the undertaking. ('15 c. 152 § 16)

[4623—]17. **Acquisition of existing plant by municipality—Commission to fix compensation—Appeal**—When a municipality decides in the manner above provided to acquire an existing plant by condemnation it shall give notice to the commission whose duty it shall be thereupon to determine the just compensation which the owner of the plant is entitled to receive therefor from said municipality. Before deciding upon such compensation said commission shall at a public meeting which may be adjourned from time to time

hear all interested parties on the question involved. The commission shall by order fix the compensation and furnish a copy of its order to the municipality, and to the telephone company concerned. An appeal may be taken to the district court of the county wherein such plant is situated from that part of the order fixing the compensation to be paid, within thirty days, by either party, which appeal shall be tried the same as other appeals hereunder; if no such appeal is taken the order of the commission shall become final at the end of thirty days, and when appeal is taken the decision of the district court or of the supreme court if taken there from the district court shall be final. ('15 c. 152 § 17)

[4623—]18. **Valuation of telephone property for rate making—What rates allowed**—In determining the value of any telephone property for rate making purposes, no valuation shall be allowed upon the value of any franchise granted by the state or any municipality where no payment was or is being made to the state or municipality on account thereof. The requirement as to reasonableness of rates shall apply to each exchange unit as well as to telephone plants as a whole. No telephone rates or charges shall be allowed or approved by the commission under any circumstances, which are inadequate and which are intended to or naturally tend to destroy competition or produce a monopoly in telephone service in the locality affected. ('15 c. 152 § 18)

[4623—]19. **Commission to change annual depreciation charge, etc.**—The commission may fix and from time to time change the annual depreciation charge which shall be made by each telephone company which charge shall be sufficient to provide the amounts required over and above the expense of current maintenance, to keep its property in a state of efficiency corresponding to the needs and progress of the industry. Such depreciation fund shall be carried in a separate account and moneys in this fund may be invested and the income thereof returned to such depreciation fund or said moneys may be expended in renewals or in new construction. ('15 c. 152 § 19)

[4623—]20. **Purchase of property of other company, etc.**—It shall be unlawful for any telephone company subject to the provisions of this act to purchase the property or capital stock, bonds or other obligations of any other telephone company doing business within the state, without first obtaining the consent of the commission thereto. Nothing herein shall be deemed to prevent the holding of stock heretofore lawfully acquired or to prevent the acquisition of additional stock by any telephone company owning a majority of the stock of any telephone company at the time of the taking effect of this act. ('15 c. 152 § 20)

[4623—]21. **Records of commission—Transcripts**—A full and complete record shall be kept by the commission of all proceedings had before it upon any formal investigation or hearing and all testimony received or offered shall be taken down by the stenographer appointed by the commission and a transcribed copy of such record shall be furnished to any party to such investigation upon demand without charge.

Whenever an appeal is taken from any order of the commission under the provisions of this act, the commission shall forthwith cause a certified transcript of all proceedings had, of all pleadings and files, and all testimony taken or offered before it upon which such order was based, showing particularly what, if any, evidence, offered was excluded, to be made and filed with the clerk of the district court where such appeal is pending. ('15 c. 152 § 21)

[4623—]22. **Appeals from commission, etc.—Procedure**—Any party to a proceeding before the commission or the attorney-general may make and perfect an appeal from such order as provided in Sections 1971–1972, Revised Laws of 1905, and acts amendatory thereof [4191–4192].

Upon such appeal being so perfected it may be brought on for trial at any time by either party upon ten days' notice to the other and shall then be tried by the court without the intervention of a jury, and shall be determined upon

the pleadings, evidence and exhibits introduced before the commission and so certified by it. At such trial the findings of fact made by the commission shall be prima facie evidence of the matters therein stated, and said order shall be deemed prima facie reasonable, and if the court finds that the order appealed from is unjust, unreasonable and not supported by the evidence, it shall make such order to take the place of the order appealed from as is justified by the record before it. If the court finds from an examination of the record that the commission erroneously rejected evidence which should have been admitted, it shall remand the proceedings to the commission with instructions to receive such evidence so rejected and any rebutting evidence and make new findings and return the same to the court for further proceedings. In such case the commission after notice to the parties in interest shall proceed to rehear the matter in controversy, and shall receive such wrongfully rejected evidence and any rebutting evidence offered and shall make new findings as upon the original hearing and shall transmit the same and such new record, properly certified, to the court wherein said appeal is pending, whereupon said matter shall be again considered in said court in the same manner as in an original appeal. Either party may appeal to the supreme court from the judgment of the district court, as in other civil actions except that the appeal must be taken within thirty days from the date of notice of the entry of such judgment.

Where an appeal is taken to the supreme court the appellant shall cause a return to be made to said court within thirty days from the date of appeal, otherwise said appeal shall be deemed abandoned and may be dismissed upon motion of the respondent. When said return on said appeal is received by the clerk of the supreme court, said cause shall be placed on the calendar of the term then pending, or if none is then pending, then of the one next ensuing and it shall be assigned and brought on for hearing as other causes on such calendar. ('15 c. 152 § 22)

[4623—]23. **Order, where no appeal, to be final**—If no appeal is taken from any order of the commission as above provided, then in all litigation thereafter arising between the state and any telephone company or between private parties and any telephone company, the said order shall be deemed final and conclusive. ('15 c. 152 § 23)

[4623—]24. **Penalty for discrimination**—Any telephone company, and if it be a corporation, the officers thereof, violating the provisions of this act as to discrimination between persons or places shall be guilty of a gross misdemeanor. ('15 c. 152 § 24)

[4623—]25. **Failure to comply with law or order, etc.—Duty of attorney general**—Whenever any telephone company fails to comply with any law of the state or any order of the commission after it has become final, or any order or judgment of the district court or the supreme court in any cases taken to the said courts or either of them on appeal, after such judgment or order has become final, it shall be the duty of the attorney general to apply to the district court in the name of the state in any county in which the plant of said telephone company or any part thereof is situated, for a mandatory injunction or other appropriate writ to compel obedience to said law, order or judgment, and the district court shall punish any disobedience of its orders in such enforcement proceedings as for contempt of court. For the making and certification of a complete record the registrar shall be entitled to receive a fee of fifty cents, to be paid by the applicant; for a transcript from the public record of births he shall be entitled to a fee of twenty-five cents, to be paid in like manner. (Amended '17 c. 220 § 5)

A certified copy of birth records being admissible under this section, it would seem that an original certificate in the custody of the proper official is equally admissible (134-165, 158+920). Evidence, *see* 334(1).

4662. Penalties.—Any person who shall violate any of the provisions of this act, or shall wilfully neglect or refuse to perform any duty imposed upon him thereby, or shall furnish false information affecting any certificate or record provided in this chapter, or who shall disclose any information in violation of section 4660-B or 4661, shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than one hundred dollars or imprisoned in the county jail for a period of not more than ninety days. (Amended '17 c. 220 § 6)

4666. Offensive trades—

A rendering plant is within the statute (130-474, 153+869). Licenses, *see* 22.

Evidence on an appeal to the district court, pursuant to this section and §§ 4667 and 4668, from an order of a town board denying an application to operate a rendering plant within the limits of the town, held to sustain a finding that the action of the town board was arbitrary, oppressive, and unreasonable (161+263). Licenses, *see* 22.

Right of appeal (see 130-474, 153+869; note under § 4668, post).

Right of appeal (see 130-474, 153+869; note under § 4668, post).

4668. Appeal to district court—

Under this section and §§ 4666 and 4667, the right of appeal is not confined to orders revoking permission to conduct a business in which the person to whom the notice is directed is already engaged, and an appeal will lie from an order of a town board of health denying an application for a permit to operate a rendering plant. The court on appeal does not try the matter anew as an administrative body, and substitute its findings for those of the board; and it will not disturb the action of the board, unless such action is arbitrary, oppressive, and unreasonable, or is without evidence to support it, or is contrary to law (130-474, 153+869). Licenses, *see* 22.

That both parties assented to the jury passing on the propriety of the license, regardless of the action of the town board, did not confer jurisdiction (130-538, 153+1095). Courts, *see* 24, 39.

CHAPTER 30

LIVE STOCK SANITATION

4696. Killing—Owner to be notified—Appraisal—Protest—Autopsy, etc.—Whenever the state live stock sanitary board shall decide upon the killing of an animal affected with the disease of tuberculosis, glanders or foot-and-mouth disease, it shall notify the owner or keeper of such decision, when [in] the judgment of the state live stock sanitary board, such animal may be ordered transported for immediate slaughter by said board, through its executive officer to any abattoir within the state where the United States Bureau of Animal Industry maintains inspection, and said live stock sanitary board shall pay the expense [of] said transportation and yardage.

Before being removed from the premises of owner, there shall be appointed

three (3) competent disinterested men, one appointed by the state, one by the owner, and a third by the first two, to appraise such animal at its cash value.

Such appraisal shall in no case exceed sixty dollars (\$60) for a cow and one hundred twenty-five dollars (\$125) for a horse, except in the case of pure bred cattle and horses, where the pedigree shall be proved by certificates of register from the herd books where registered, and in that case the maximum appraisal shall not exceed one hundred and fifty dollars (\$150.)

If upon slaughter such animal is found by the inspector in charge of such abattoir, or veterinarian of the state live stock sanitary board, to be free from any contagious or infectious disease, then the full amount of such appraisal, less the value of the carcass, shall be paid to the owner of such animal from the funds hereby appropriated for the purpose of carrying out this act.

But if upon post mortem examination such animal shall be found to be afflicted with tuberculosis, glanders or foot-and-mouth disease, then and in that case the value of the carcass shall be deducted from the appraised value of the living animal; three-fourths ($\frac{3}{4}$) of the remainder shall be paid to the owner by the state, provided the animal has been kept for one year or since its birth in good faith in the state prior to the killing thereof.

The owner or keeper may file with the board which has ordered the killing, within forty-eight hours after being notified, a protest stating therein under oath that to the best of his knowledge and belief the animal is not infected with tuberculosis, glanders or foot-and-mouth disease; blank protest shall be furnished by the board which has ordered such killing.

Thereupon, if the animal be killed, an autopsy shall be held by three (3) experts, who shall be graduate veterinarians of a recognized college, one appointed by the state board, one by the owner, to be paid by the owner, and the third by the first two, to be paid by the state, who shall appraise such animal before it is killed at its cash value, and the autopsy shall then be held upon such animals by the above mentioned veterinarians.

If the autopsy shows that the animal is entirely free from any such disease, the full cash value thereof immediately before the killing shall be paid to the owner by the state, less the value of the carcass, but if found to be diseased, the owner shall be paid three-fourths ($\frac{3}{4}$) value, as hereinbefore provided.

The appraisements made under this act shall be in writing and signed by the appraisers and certified by the local board of health and the state live stock sanitary board, respectively, to the auditor of the state, who shall draw a warrant on the state treasurer for the amount thereof.

When cattle have been bought in good faith for slaughtering purposes by butchers who are retail dealers, and the carcasses thereafter found to be infected with tuberculosis, it shall be the duty of the local board of health to appoint three (3) disinterested persons to appraise the value of said carcass, and the owner of said carcass shall be entitled to receive from the state two-thirds ($\frac{2}{3}$) of the amount of such appraisement, and the hide shall also be returned to him; provided, however, that this provision shall not apply to a slaughtering or packing house that has a state or United States government inspection system. (Amended '15 c. 114 § 1)

[4696—]1. **Claims for animals killed, how paid**—The Live Stock Sanitary Board of this state is hereby authorized to pay out of the unexpended balance remaining in the appropriation made by Section thirty-eight (38) of Chapter four hundred and one (401) of the General Laws of 1913, such claims now on file with said board as the board determine to be just claims therefor for animals killed in order to suppress any dangerous, contagious or infectious disease, as authorized by Chapter one hundred and forty-eight (148) General Laws of 1913, in cases where the killing of such animals was not ordered by such board prior to the killing thereof, where after due investigation by said board the killing of such animals has been approved by such board as having been necessary for the purpose of suppressing such diseases, and where such board has determined that the killing of such animals was necessary for such purpose and where such claims are in all respects just claims and the claimants entitled to payment thereof under the provisions of said Chapter one hundred and forty-eight (148) of the General Laws

of 1913 [4696], except that the killing of the animals, for which such claims are made, was not ordered by said board prior to such killing. ('15 c. 337 § 1)

4717-4720. [Repealed.]

See note under § [7520—]1.

[4720—]1. Enlargement, etc., of hog cholera serum plant—Appropriation—That the sum of ten thousand (\$10,000.00) dollars, or as much thereof as may be necessary, is hereby appropriated from any moneys in the State Treasury not otherwise appropriated, for the enlargement and equipment of the said hog cholera serum plant of the State of Minnesota at the University Farm, same to be immediately available. ('15 c. 87 § 1)

Section 8 provides "that all acts and parts of acts inconsistent with this act are hereby repealed."

The act is entitled "An act to appropriate * * * and repealing Chapter 313, General Laws 1913" [§§ 4717-4720].

[4720—]2. [CHAPTER 31A]

[HOUSING ACT FOR CITIES OF FIRST CLASS NOT UNDER HOME RULE CHARTERS]

ARTICLE I—GENERAL PROVISIONS

[4755—]1. **Short title and application**—This act shall be known and may be cited as The Housing Act for cities of the first class, and shall apply to every city of the first class of the state not organized under section 36 of article IV of the State Constitution. ('17 c. 137 § 1)

[4755—]2. **Definitions**—Certain words in this act are defined for the purpose thereof as follows. Words used in the present tense include the future; words in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word "person" includes a corporation as well as a natural person.

(1) **Dwelling**—A "dwelling" is any house or building or portion thereof which is occupied in whole or in part as a home, residence, or sleeping place of one or more human beings, either permanently or transiently.

(2) **Class of dwellings**—For the purpose of this act dwellings are divided into the following classes: (a) "private-dwellings," (b) "two-family-dwellings," and (c) "multiple-dwellings."

(a) A "private-dwelling" is a dwelling occupied by but one family alone.

(b) A "two-family-dwelling" is a dwelling occupied by but two families alone.

(c) A "multiple-dwelling" is a dwelling occupied otherwise than as a private-dwelling or two-family-dwelling.

(3) **Classes of multiple-dwellings**—All multiple-dwellings are dwellings and for the purposes of this act are divided into two classes, viz. Class A and Class B.

Class A. Multiple-dwellings of Class A are dwellings which are occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups. This class includes tenement houses, flats, apartment houses, apartment hotels, bachelor apartments, studio apartments, kitchenette apartments, and all other dwellings similarly occupied whether specifically enumerated herein or not.

Class B. Multiple-dwellings of Class B are dwellings which are occupied, as a rule transiently, as the more or less temporary abiding place of individuals who are lodged, with or without meals, and in which as a rule the rooms are occupied singly. This class includes hotels, lodging houses, boarding houses, furnished-room houses, lodgings, club houses, convents, asylums, hospitals, jails, and all other dwellings similarly occupied whether specifically enumerated herein or not, except fire houses.

(4) **Hotel**—A "hotel" is a multiple-dwelling of Class B in which persons are lodged for hire and in which there are more than fifty sleeping rooms,

a public dining room for the accommodation of at least fifty guests, and a general kitchen.

(5) **Mixed occupancy**—In cases of mixed occupancy where a building is occupied in part as a dwelling, the part so occupied shall be deemed a dwelling for the purposes of this act and shall comply with the provisions thereof relative to multiple-dwellings.

(6) **Yards**—A "rear yard" is an open unoccupied space on the same lot with a dwelling, between the extreme rear line of the lot and the extreme rear line of the house. A yard between the front line of the house and the front line of the lot is a "front yard." A yard between the side line of the house and the side line of the lot and which extends from the front line of the lot or front yard to the rear line of the lot or to the rear yard is a "side yard."

(7) **Courts**—A "court" is an open unoccupied space, other than a yard, on the same lot with a dwelling. A court not extending to the street or front or rear yard is an "inner court." A court extending to the street or front or rear yard is an "outer court."

(8) **Corner and interior lots**—A "corner lot" is a lot of which at least two adjacent sides abut for their full length upon a street. A lot other than a corner lot is an "interior lot."

(9) **Front; rear and depth of lot**—The front of a lot is that boundary line which borders on the street. In the case of a corner lot the owner may elect by statement on his plans either street boundary line as the front. The rear of a lot is the side opposite to the front. In the case of a triangular or gore lot the rear is the boundary line not bordering on a street. The depth of a lot is the dimension measured from the front of the lot to the extreme rear line of the lot. In the case of irregular-shaped lots the mean depth shall be taken.

(10) **Public hall**—A "public hall" is a hall, corridor or passageway not within the exclusive control of one family.

(11) **Stair hall**—A "stair hall" is a public hall and includes the stairs, stair landings and those portions of the building through which it is necessary to pass in going between the entrance floor and the roof.

(12) **Basement; cellar, attic**—(a) A "basement" is a story partly underground but having at least one-half of its height above the curb level, and also one-half of its height above the highest level of the adjoining ground. A basement shall be counted as a story, except that a basement, the ceiling of which does not extend for more than five feet above the curb level or above the highest level of the adjoining ground, shall not be counted as a story.

(b) A "cellar" is a story having more than one-half of its height below the curb level, or below the highest level of the adjoining ground. A cellar shall not be counted as a story for the purposes of height measurement. If any part of a story is in that part the equivalent of a basement or cellar, the provisions of this act relative to basements and cellars shall apply to such part of said story.

(c) In the case of private-dwellings and two-family-dwellings an attic or story in a sloping roof shall not be counted as a story, except that no such attic shall contain a kitchen or dining room or be occupied for living purposes as the domicile of a family; the use of such attic shall be confined strictly to the use of the two families occupying the first and second floors of such dwelling. In the case of multiple-dwellings an attic shall be counted as a story.

(13) **Height**—The "height" of a dwelling is the perpendicular distance measured in a straight line from the curb level to the highest point of the roof beams in the case of flat roofs, and to the average of the height of the gable in the case of pitched roofs, the measurements in all cases to be taken through the center of the front of the dwelling. Where a dwelling is situated on a terrace above the curb level such height shall be measured from the level of the adjoining ground. Where a dwelling is on a corner lot and there is

more than one grade or level, the measurements shall be taken through the center of the front on the street having the lowest elevation.

(14) **Curb level**—The "curb level" is the level of the established curb in front of the building measured at the center of such front. Where no curb level has been established the city engineer shall establish such curb level or its equivalent for the purposes of this act.

(15) **Occupied spaces**—Outside stairways, fire escapes, fire towers, porches, platforms, balconies, chimneys and other projections shall be considered as part of the dwelling and not as part of the yards or courts or unoccupied area. When a cornice projects more than two feet into a side yard or court, that portion in excess of two feet shall be considered as a part of the dwelling.

(16) **Fire-proof dwelling**—A "fire-proof dwelling" is one the walls of which are constructed of brick, stone, cement, iron or other hard incombustible material and in which there are no wooden beams or lintels and in which the floors, roofs, stair halls and public halls are built entirely of brick, stone, cement, iron or other hard incombustible material and in which no woodwork or other inflammable material is used in any of the partitions, furrings or ceilings. But this definition shall not be construed as prohibiting elsewhere than in the public halls the use of wooden flooring on top of fire-proof floors or the use of wooden sleepers, doors, windows or trim, nor as prohibiting wooden hand rails or treads of hard wood not less than one and one-half inches thick.

(17) **Wooden building**—A wooden building is a building of which the exterior walls or a portion thereof are of wood. Court walls are exterior walls.

(18) **Nuisance**—The word "nuisance" shall be held to embrace public nuisance as known at common law or in equity jurisprudence; and whatever is dangerous to human life or detrimental to health; whatever dwelling is overcrowded with occupants or is not provided with adequate ingress and egress to or from the same, or is not sufficiently supported, ventilated, sewerage, drained, cleaned or lighted, in reference to its intended or actual use; and whatever renders the air or human food or drink unwholesome, are also severally, in contemplation of this act, nuisances; and all such nuisances are hereby declared illegal.

(19) **Construction of certain words**—The word "shall" is always mandatory and not directory, and denotes that the dwelling shall be maintained in all respects according to the mandate as long as it continues to be a dwelling. Wherever the words "charter," "ordinances," "regulations," "inspector of buildings," "department of health," "building department," "commissioner of health," "department charged with the enforcement of this act," "city attorney," "mayor," "city treasurer," "city council," "fire marshal," or "fire limits," occur in this act they shall be construed as if followed by the words "of the city in which the dwelling is situated." The terms "department of health" and "commissioner of health" as used in this act shall embrace the department and the executive head thereof charged with the duty of enforcing the laws and ordinances relating to public health and sanitation. The terms "building department" and "inspector of buildings" shall embrace the department and the executive head thereof charged with the execution of laws and ordinances relating to the construction of buildings. Wherever the word "occupied" or "used" is employed in this act such word shall be construed as if followed by the words "or is intended, arranged, designed, built, altered, converted to, rented, leased, let or hired out, to be occupied or used." Wherever the words "dwelling," "two family-dwelling," "multiple-dwelling," "building," "house," "premises," or "lot," are used in this act, they shall be construed as if followed by the words, "or any part thereof." Wherever the word "street" is used in this act it shall be construed as including any public alley. "Approved" means approved by the inspector of buildings. All the provisions of this act relative to the size and the opening of windows shall apply equally to storm sash. ('17 c. 137 § 2)

[4755—]3. **Buildings converted or altered**—A building not a dwelling if hereafter converted or altered to such use shall thereupon become subject to all the provisions of this act relative to dwellings hereafter erected. A dwelling of one class if hereafter altered or converted to another class shall thereupon become subject to all the provisions of this act relative to such class. ('17 c. 137 § 3)

[4755—]4. **Alterations and change in occupancy**—No dwelling hereafter erected shall at any time be altered so as to be in violation of any provision of this act, and no dwelling erected prior to the passage of this act shall at any time be altered so as to be in violation of those provisions of this act applicable to such dwelling. If any dwelling or any part thereof is occupied by more families than provided in this act, or is erected, altered or occupied contrary to law, such dwelling shall be deemed an unlawful structure, and the commissioner of health may cause such dwelling to be vacated. And such dwelling shall not again be occupied until it or its occupation, as the case may be, has been made to conform to the law. ('17 c. 137 § 4)

[4755—]5. **Dwellings moved**—If any dwelling be hereafter moved from one lot to another it shall thereupon be made to conform to all the provisions of this act relative to dwellings hereafter erected, except as to size and height of rooms and window area; provided, however, that no room in such dwelling shall be occupied for living purposes unless it shall have a window of an area of not less than eight square feet opening directly upon the street or upon a yard or court of the dimensions specified in this act relative to dwellings hereafter erected. ('17 c. 137 § 5)

[4755—]6. **Minimum requirements—Law not to be modified**—The provisions of this act shall be held to be the minimum requirements adopted for the protection of the health, welfare and safety of the community. The local legislative body of each city is hereby empowered to enact from time to time supplementary ordinances imposing requirements higher than the minimum requirements laid down in this act, relative to light, ventilation, sanitation, fire prevention, egress, occupancy, maintenance and use, for all dwellings. And such local legislative body is hereby further empowered to prescribe for the enforcement of the aforesaid supplementary ordinances, remedies and penalties similar to those prescribed in this act. But no ordinance, regulation, ruling or decision of any municipal body, board, officer or authority shall repeal, amend, modify or dispense with any of the said minimum requirements laid down in this act. Wherever this act requires a greater width of size of yards or courts, or requires a lower height of building, or requires a greater percentage of lot to be left unoccupied, or imposes any other higher standard, than is required in any local ordinance or regulation, the provisions of this act shall govern. Wherever the provisions of any local ordinance or regulation require a greater width or size of yards or courts, or require a lower height of building, or require a greater percentage of lot to be left unoccupied, or impose any other higher standard than is required in this act, such local ordinance or regulation shall govern. ('17 c. 137 § 6)

[4755—]7. **Dwellings damaged**—If a dwelling be damaged by fire or other cause to the extent of not more than two-thirds of its value, exclusive of the value of the foundations, such dwelling in being repaired or rebuilt need not comply with the provisions of this act relative to dwellings hereafter erected. If damaged to the extent of more than two-thirds of such value, it shall not be repaired or rebuilt except in conformity with the provisions of this act relative to dwellings hereafter erected. Where an estimate of damage to buildings is given by the inspector of buildings, an appeal to arbitration shall be allowed to parties believing themselves injured or wronged by the estimate or decision of the inspector of buildings in any such case, as follows:

Any person desiring to make such appeal shall do so within fifteen days after written notice of the decision or order of the inspector of buildings shall have been given him. The request for arbitration shall be in writ-

ing, and shall state the object of the proposed arbitration and the name of the person who is to represent the appellant as arbitrator. The inspector of buildings shall thereupon state to the appellant the cost of such arbitration, and such appellant shall, within twenty-four hours from the time of filing the original request for arbitration, deposit with the inspector of buildings the sum of money required for defraying the expenses of the same, which sum shall in each case be fixed by said inspector in proportion to the difficulty and importance of the case, but shall in no case be more than the cost of similar expert service in the course of ordinary business of private individuals or corporations.

As soon as such sum of money shall have been deposited with him, the inspector of buildings shall appoint an arbitrator to represent the city, who shall, together with the arbitrator appointed by the appellant, if they cannot agree, select a third arbitrator, and the decision of any two of these arbitrators in writing shall, after investigation of the matter in question, be final and binding upon the appellant as well as upon the city.

The arbitrators themselves, before entering upon the discharge of their duties, shall be placed under oath to the effect that they are unprejudiced as to the matter in question and that they will faithfully discharge the duties of their position. They shall have the power to call witnesses who shall be placed under oath, and their decision or award shall be rendered in writing, both to the inspector of buildings and to the appellant.

The fee deposited by the appellant with the inspector of buildings shall be paid by the inspector of buildings to the arbitrators upon the rendering of their report, and shall be in full of all costs incident to the arbitration; but should the decision of said board of arbitration be rendered against the inspector of buildings, then the money deposited by the aforesaid appellant shall be returned to him, and the entire cost of such arbitration shall be paid by the city. Provided, however, that whenever the decision of the inspector of buildings upon the safety of any building or part thereof or appurtenances connected therewith is made in a case so urgent, in his opinion, that failure at once properly to carry out his orders to demolish or strengthen such building or part thereof or to alter or change any of the appurtenances connected therewith may endanger life or limb, the decision of the inspector of buildings shall be absolute and final. ('17 c. 137 § 7)

[4755—]8. **Sewer connection and water supply**—The provisions of this act with reference to sewer connections and water supply shall be deemed to apply only where there is a sewer and water main in the street on which the dwelling is located, and which extend as far as the lot or plot of ground on which the dwelling is situated.

Wherever there is no sewer in the street on which a dwelling is situated but there is a water main, the required plumbing for the dwelling shall be connected to a cesspool at least twenty feet in depth and four feet by four feet in size, provided that the nature of the soil is such, in the opinion of the inspector of buildings, that such cesspool can be made properly to take care of the sewage from said plumbing system. Wherever it is found by said inspector to be impracticable owing to the nature of the soil adjacent to said dwelling to construct such cesspool, a water-proof privy vault or other approved sanitary privy or similar device may be used temporarily for such dwelling until such time as a sewer is provided in the street adjacent to such dwelling. Whenever a sewer is so provided the owner of the dwelling shall at once install a plumbing system in the dwelling and connect it to the sewer. Cesspools shall be placed not less than twenty feet from the building whenever practicable. ('17 c. 137 § 8)

[4755—]9. **Time for compliance**—All improvements specifically required by this act upon dwellings erected prior to the date of its passage shall be made within one year from said date, or at such earlier period as may be fixed by the commissioner of health. ('17 c. 137 § 9)

[4755—]10. **Scope of act**—All the provisions of this act shall apply to all classes of dwellings, except that in sections where specific reference is made to one or more specific classes of dwellings such provisions shall apply only to those specific classes to which such reference is made. All provisions which relate to dwellings shall apply to all classes of dwellings. ('17 c. 137 § 10)

ARTICLE II—DWELLINGS HEREAFTER ERECTED

In this article will be found the provisions which must be observed when a person proposes to build a new dwelling or to convert or alter to such purposes a building which is not a dwelling.

TITLE I

LIGHT AND VENTILATION

[4755—]11. **Percentage of lot occupied**—No dwelling hereafter erected shall occupy, either alone or with other buildings, a greater percentage of the area of the lot than as follows:

(a). In the case of corner lots with streets on three sides, not more than ninety per centum;

(b) In the case of other corner lots, not more than eighty per centum;

(c) In the case of interior lots, not more than sixty-five per centum.

The measurements shall be taken at the ground level except that in the case of multiple-dwellings where there are stores or shops on the entrance story, the measurements may be taken at the top of such entrance story. No measurements of lot area shall include any portion of any street. The measurements of lot area for the purposes of this section may be taken to the middle line of the alley where a public alley immediately abuts the lot at the rear or side and extends across its entire width or length, as the case may be. Any portion of a corner lot distant more than eighty feet from the outside side line of the lot, or from said side line extended in the same direction, shall be treated as an interior lot. The provisions of this section shall not apply to hotels. ('17 c. 137 § 20)

[4755—]12. **Height**—No dwelling hereafter erected shall exceed in height the width of the widest street upon which it abuts nor in any case shall it exceed six stories and basement nor seventy-five feet in height. Such width of street shall be measured from front lot line where a street borders a public place, public park or navigable body of water, the width of the street is the mean width of such street plus the width, measured at right angles to the street line, of such public place, public park or body of water to opposite front lot line. No dwelling shall hereafter be erected upon any street or alley less than thirty feet in width. The provisions of this section shall not apply to hotels. ('17 c. 137 § 21)

[4755—]13. **Rear yards**—Immediately behind every dwelling hereafter erected there shall be a rear yard extending across the entire width of the lot. Such yard shall be at every point open and unobstructed from the ground to the sky. Every part of such yard shall be directly accessible from every other part thereof. The depth of said yard shall be measured at right angles from the extreme rear part of the dwelling.

(a) to the middle line of the alley, where a public alley immediately abuts the lot and extends across its entire width;

(b) to the rear lot line where there is no such alley;

(c) to the nearest wall of the building where there is another building at the rear as permitted in section twenty-eight of this act.

The depth of such rear yard shall increase proportionately with an increased height of the dwelling and shall be proportionate to the depth of the lot. If the dwelling is three stories high the depth of the rear yard shall be twenty-five per centum of the depth of the lot; if the dwelling is four stories high such depth of rear yard shall be thirty per centum of the depth of the lot; if the dwelling is five stories high such depth of rear yard shall be thirty-five per centum of the depth of the lot; and shall increase

five per centum for each story. If the dwelling is less than three stories in height, the depths above prescribed may be decreased five per centum for each story below three stories. Irrespective of the above provisions, no rear yard under any circumstances shall ever be less than fifteen per centum of the depth of the lot nor less than fifteen feet in depth, except that when a private-dwelling or a two-family-dwelling is located on the rear of a corner lot not less than fifty feet in width, and such dwelling faces upon the side street, the rear yard for such dwelling may be not less than five feet in depth. A front yard may be any depth. Any portion of a corner lot distant more than eighty feet from the outside side line of the lot, or from said side line extended in the same direction, shall be treated as an interior lot. This section shall not apply to hotels.

Except that in the case of multiple-dwellings of Class A hereafter erected known as "kitchenettes" in which the apartments are arranged in suites of not more than three rooms, kitchen and bath, and in which central heating and janitor service is furnished by the owner, the rear yard may be twenty-two and one-half feet in depth irrespective of the depth of the lot for a three-story dwelling and such depth shall increase three feet for each additional story above three stories, but shall never be less than twenty-two and one-half feet. ('17 c. 137 § 22)

[4755—]14. Side yards—Distance between adjoining buildings—In order to ensure adequate light and ventilation and reduce the conflagration hazard and preserve the amenities of residential districts, no dwelling hereafter erected shall approach nearer to a side lot line than as prescribed in this section. The space between any such dwelling and the side lot line shall be deemed a side yard and shall be as follows:

(a) In the case of a dwelling hereafter erected one story in height such space shall be not less than four feet from the side wall of said dwelling to the side lot line.

(b) In the case of a dwelling hereafter erected two stories in height such space shall be not less than five feet to the side lot line; if said dwelling is three stories in height, such space shall be not less than seven feet to the side lot line; and such space shall increase two feet in width for each additional story.

(c) In the case of private-dwellings and of two-family-dwellings hereafter erected, such space shall be not less than three feet from the side wall of the dwelling to the side lot line. Provided, however, that in no case shall the combined width of side yards for any such dwelling be less than double the width as prescribed in sub-division (a) and (b) of this section for a building of like height.

(d) All of the above-mentioned side yards shall be at every point open and unobstructed from the ground to the sky, except as provided in sub-division fifteen of section two [4755—2] of this act. Provided, however, that in the case of multiple-dwellings where the entrance story is used exclusively for business purposes the measurements may be taken at the top of such entrance story.

The width of said side yard may be measured to the middle line of the street or public alley, where a street or public alley immediately abuts the lot and extends along its entire length. The above requirements for side yards shall not apply to hotels hereafter erected outside of residential districts. If, however, side yards are left for such hotels, they shall conform to the requirements of this section. ('17 c. 137 § 23)

[4755—]15. Courts—The sizes of all courts for dwellings hereafter erected shall be proportionate to the height of the dwelling. No court shall be less in any part than the minimum sizes prescribed in this section. The minimum width of a one-story court for a dwelling shall be ten feet, of a two-story court twelve feet, and of a three-story court fourteen feet, and shall increase two feet for each additional story above three stories. Except that in the case of hotels such increase shall be one foot for each additional story above three stories. The area of an inner court shall never be less than twice the square of the minimum width prescribed by this section.

The length of an outer court except in the case of a side yard, shall never be greater than four times its width. The width of all courts adjoining the lot line shall be measured to the lot line and not to an opposite building. ('17 c. 137 § 24)

[4755—]16. **Courts open at top**—No court of a dwelling hereafter erected shall be covered by a roof or skylight. Every such court shall be at every point open and unobstructed from the ground to the sky. Except that in the case of multiple-dwellings where there are stores or shops on the entrance story, the courts may start at the top of such entrance story and such courts may be roofed over by a skylight provided the skylight completely covers the court and is equipped with ventilators having a minimum opening equivalent to forty-four square inches for each story in the height of said court and also with fixed louvres having a minimum opening equal to the superficial area of said court, and such openings into said court shall be kept open and unobstructed at all times. The provisions of this section as to courts starting from the ground shall not apply to hotels. ('17 c. 137 § 25)

[4755—]17. **Air-intakes**—In all dwellings hereafter erected every inner court shall be provided with one or more horizontal air-intakes at the bottom. One such air-intake shall always communicate directly with the street or front yard or rear yard, and each shall consist of a passage-way not less than three feet wide and seven feet high which shall be kept open, or be provided with an open-work gate at either end and such gate shall be so constructed as to be readily opened from the inside. ('17 c. 137 § 26)

[4755—]18. **Angles in courts**—Nothing contained in the foregoing sections concerning courts shall be construed as preventing the cutting off of the corners of said courts, provided that the running length of the wall across the angle of such corner does not exceed seven feet. ('17 c. 137 § 27)

[4755—]19. **Buildings on same lot with a dwelling**—If any building is hereafter placed upon the same lot with a dwelling there shall always be maintained between the said buildings an open unoccupied space extending upward from the ground. If such buildings are placed at the side of each other the space between them shall conform to the provisions of section twenty-three of this act relating to side yards but such space shall be twice the minimum required in subdivision (a) and (b) of said section. If such buildings are placed one at the rear of the other the space between them shall be the same as that prescribed in section twenty-two for rear yards. In all cases the height of the highest building on the lot shall regulate the dimensions. No building of any kind shall be hereafter placed upon the same lot with a dwelling so as to decrease the minimum sizes of courts or yards as hereinbefore prescribed. No building shall hereafter be placed upon a lot so that there shall be a dwelling at the rear of another building on the same lot. Except that a private garage or private stable may be built at the rear of a lot on which there is a dwelling at the front. Such garage or stable shall not exceed two stories in height, and may have living rooms therein for the use solely of a household employé, or member of his family, of the occupant of the dwelling on the front of the lot. If so completed the garage or stable shall be fire-proof and the rooms so occupied in addition to complying with the provisions of this act shall have an entrance from the outside of the building without passing through the garage or stable. If any dwelling is hereafter erected upon any lot upon which there is already another building, it shall comply with the provisions of this act, and in addition the space between the said building and the said dwelling shall be of such size and arranged in such manner as is prescribed in this section, the height of the highest building on the lot to regulate the dimensions. ('17 c. 137 § 28)

[4755—]20. **Rooms, lighting and ventilation of**—In every dwelling hereafter erected every room shall have at least one window opening directly upon the street, or upon a yard or court of the dimensions specified in this article and located on the same lot, and such window shall be so located as

properly to light all portions of such room. This provision shall not, however, apply to rooms used as art galleries, swimming pools, gymnasiums, squash courts, or for similar purposes, provided such rooms are adequately lighted and ventilated. together with the size of all yards and courts in connection therewith. Each such plat so submitted shall bear the certificate of a competent surveyor or civil engineer, stating that he has surveyed said lot or plot of ground, and has set iron stakes, firmly driven, at each corner thereof, and that the dimensions marked on said plat are in accordance with a correct survey of the property. Provided that whenever alterations affect only the interior of a dwelling no such survey or plat need be filed unless required by the inspector of buildings.

Provided further that the plans and specifications for a private-dwelling costing less than three thousand five hundred dollars need be only such as will advise the building department of the character of the proposed building, the sufficiency of such plans and specifications to be determined by said building department. Such statement shall give in full the name and residence, by street and number, of the owner or owners of such dwelling or building and the purposes for which such dwelling or building will be used. If such construction, alteration or conversion is proposed to be made by any other person than the owner of the land in fee, such statement shall contain the full name and residence, by street and number, not only of the owner of the land, but of every person interested in such dwelling, whether as owner, lessee or in any representative capacity. Such affidavit shall allege that said specifications and plans are true and contain a correct description of such dwelling, building, structure, lot and proposed work. The statements and affidavits herein provided for may be made by the owner, or by the person who proposes to make the construction, alteration or conversion, or by his agent or architect. No person, however, shall be recognized as the agent of the owner unless he shall file with the said inspector of buildings a written statement signed by such owner designating him as such agent. Any false swearing or affirming in a material point in any such affidavit shall be deemed perjury. Such specifications, plans and statements shall be filed in the said building department and shall be deemed public record but no such specifications, plans or statements shall be removed from said building department. The inspector of buildings shall cause all such plans and specifications to be examined. If such plans and specifications conform to the provisions of this act, they shall be approved by the inspector of buildings and certified to that effect. Such inspector of buildings may, from time to time, approve changes in any plans and specifications previously approved by him, provided the plans and specifications when so changed shall be in conformity with law. The construction, alteration or conversion of such dwelling, building or structure, or any part thereof, shall not be commenced until the filing of such specifications, plans and statements, and the approval thereof, as above provided. The construction, alteration or conversion or [of] such dwelling, building or structure shall be in accordance with such approved specifications and plans. Any permit or approval which may be issued by the inspector of buildings but under which no work has been done above the foundation walls within six months from the time of the issuance of such permit or approval, shall expire by limitation. Such inspector of buildings shall have power for just cause to revoke or cancel any permit or approval in case of any failure or neglect to comply with any of the provisions of this act, or in case any false statement or representation is made in any specifications, plans or statements submitted or filed for such permit or approval. Whenever improvements or alterations are ordered by the commissioner of health in a dwelling heretofore erected, the plans for such changes must, before a permit is issued by the inspector of buildings, be submitted to the commissioner of health and by said commissioner approved. date of such application shall be entitled thereto. Nothing in this section contained shall be construed so as to prohibit the inspector of buildings from issuing a certificate for the occupancy of any complete unit of a multiple-dwelling when such unit is entitled thereto. Upon request in writing by the owner of the dwelling, the inspector of buildings shall issue a certificate of compliance up to the stage of the dwelling's development at that time, but shall not be required to issue more than one such certificate. ('17 c. 137 § 141)

('17 c. 137 § 147)

[4755—]115. **Service of summons**—In any action brought in relation to a dwelling for injunction, vacation of premises or abatement of nuisance, service of the summons shall be made as in civil actions, and the summons may be served by publication if other service cannot be had; but the court may by *ex parte* order limit the time for answer to ten days. ('17 c. 137 § 148)

EMPLOYMENTS LICENSED BY STATE BOARDS OR OFFICIALS

ATTORNEYS AT LAW

4946. Admission to bar—Except as hereinafter provided, no person shall be admitted to practice as an attorney, or permitted to commence, conduct, or defend any action or proceeding in a court of record to which he is not a party, either in his own name or in that of another, otherwise than after examination under rules prescribed by the supreme court. (Amended '17 c. 282 § 1)

Cited (127-150, 149+0, L. R. A. 1915B, 151).

[4946—]1. Same—Graduates from certain schools—Any student who has heretofore matriculated in the college of law of the state university shall be so admitted, upon graduation, without fee or examination, upon production of his diploma, within two years from the date thereof, and upon proof that he is an adult citizen and resident of the state, of good moral character. Upon the same terms and conditions any student who has heretofore matriculated in any college of law incorporated in this state or established by authority of its laws, and located therein, shall upon graduation be admitted to such practice, provided such college receives as students only those having the equivalent of a high school education, affords a three years' course of tuition under a corps of ten competent instructors, and operates under the written approval of the supreme court. Such approval shall be by certificate, heretofore filed with the clerk, to the effect that such college meets the foregoing requirements. When, in the opinion of the court, any such college shall have ceased to merit such approval, the court may revoke the same, and thereafter the diploma shall no longer have the effect above provided. ('17 c. 282 § 2)

4948. General duties—

Duties of attorney, purchasing from the adverse party the subject-matter of the litigation, stated (125-130, 145+809, Ann. Cas. 1915C, 951). Attorney and Client, ¶125.

Question whether defendant, an attorney, and who failed to foreclose mechanic's lien within the limitation period, was in fact employed by plaintiff, held for the jury (123-353, 143+975). Attorney and Client, ¶129(3).

The law requires the utmost good faith on the part of an attorney in his dealings with his client (162+208). Attorney and Client, ¶123(1).

Champerty (128-365, 151+125). Champerty and Maintenance, ¶5(1).

4955. Lien—An attorney has a lien for his compensation whether the agreement therefor be express or implied:

1. Upon the papers of his client coming into his possession in the course of his employment.

2. Upon money in his hands belonging to his client.

3. Upon the cause of action from the time of the service of the summons therein, or the commencement of the proceeding, and upon the interest of his client in any money or property involved in or affected by any action or proceeding in which he may have been employed, from the commencement of said action or proceeding, and, as against third parties, from the time of filing the notice of such lien claim, as provided in this section.

4. Upon money or property in the hands of the adverse party to the action or proceeding in which the attorney was employed, from the time such party is given notice of the lien.

5. Upon a judgment, and, whether there be a special agreement as to compensation, or whether a lien is claimed for the reasonable value of the services, the lien shall extend to the amount thereof from the time of giving notice of his claim to the judgment debtor, but this lien is subordinate to the rights existing between the parties to the action or proceedings.

6. The liens provided by subdivisions 3, 4 and 5 of this section may be established, and the amount thereof determined, by the court, summarily, in the action or proceeding, on the application of the lien claimant or of any person or party interested in the property subject to such lien, on such notice to all parties interested therein as the court may, by order to show cause, prescribe, or, such liens may be enforced, and the amount thereof determined, by the court, in an action for equitable relief brought for that purpose.

Judgment shall be entered under the direction of the court, adjudging the amount due and the sale of the property subjected to the lien, or some part thereof, to satisfy said amount, and directing the sheriff to proceed to sell the same according to the provisions of law relating to the sale of real estate on execution, and to make report to the court.

A certified transcript of the judgment shall be delivered to the sheriff, and shall be his authority for making the sale.

If the property so sold is real estate, the same shall be subject to redemption in the manner provided by law for redemption of real property sold on execution.

Such liens shall not affect the right or title of bona fide purchasers or incumbrancers of the property subject thereto, for value and without notice; but a duly verified notice of intention to claim such lien, specifying the property on which the lien is claimed, and the amount thereof, if under express agreement, or, if not, then the reasonable value of the services for which such lien is claimed, filed as herein provided, shall charge subsequent purchasers and incumbrancers of such property with notice of said lien from the time of such filing.

If the lien is claimed on the client's interest in real estate involved in or affected by the action or proceeding, such notice of intention to claim a lien thereon shall be filed in the office of the register of deeds in and for the county within which the same is situated. If the lien is claimed on personal property said notice shall be filed in the same manner as provided by law for the filing of chattel mortgages. (Amended '17 c. 98 § 1)

In general—The pendency of a former action, brought by other attorneys, and which was not pleaded in defense to the second action, and of which the attorneys in the second action had no notice, did not bar the lien rights of the attorneys in the second action (123-354, 151+128). Attorney and Client, ¶174.

Lien—How enforced—The lien may be enforced in a summary proceeding under § 4956 (122-87, 141+1103).

Where the client settles the case without notice to or consent of the attorney, he may enforce his lien by independent action against the defendant or by intervention proceedings in the original action (128-354, 151+128). Attorney and Client, ¶190(2).

Expenditures by attorney—The lien covers legitimate expenditures by the attorneys in the prosecution of the action, when included within the contract of employment, and is not limited to such items of costs and disbursements as might be taxed as such against the defendant (128-354, 151+128). Attorney and Client, ¶175.

Effect of settlements by client—An attorney bringing an action in this state for a special administrator for wrongful death of the intestate, a nonresident, which occurred in this state, held entitled to a lien as against a general administrator appointed by the probate court of the foreign state, who settled the cause of action with defendant (129-279, 152+413). Attorney and Client, ¶182(1).

A stipulation in the contract for compensation that the client should not settle the case without the consent of the attorney was invalid, but the lien given by this section was not impaired by a settlement made in contravention of said stipulation. A settlement by the client, made in good faith and without purpose to defraud the attorney, is conclusive as to the amount of recovery in the action (128-354, 151+128). Attorney and Client, ¶189.

A railroad company, which settles a personal injury judgment for less than its face amount, without investigating the truth of plaintiff's statement as to the name of his attorney and as to the nature of the contract for compensation, is liable to the attorney for the full amount that would be due the attorney, had the full amount of the judgment been collected (131-102, 154+962). Attorney and Client, ¶190(2).

4956. Refusal to surrender property to clients—

The court may summarily compel an attorney to pay to his client money received as the result of litigation. In proceedings under this section the court may determine the attorney's compensation, and enforce his lien therefor out of moneys withheld from the client, and may construe a contract relating to such compensation. The court, in proceedings under this section, is not confined to the consideration of affidavits, but may order a reference or send an issue to a jury (122-87, 141+1103). Attorney and Client, ¶126(1, 2), 148(1).

4957. Removal or suspension—

122-529, 142+1134. Appeal and Error, ¶979(3).

Subd. 1—124-528, 144+1134; 124-529, 144+1135.

Violation of § 8971, prohibiting advertising for divorce business, is a misdemeanor involving moral turpitude, within this subdivision (123-529, 143+1135). Attorney and Client, ¶39.

That an attorney had been convicted of a misdemeanor, and had paid a fine of \$50 eight years before, which matter was of record and well known, was not ground for disbarment or discipline (123-54, 142+929). Attorney and Client, ¶39.

Subd. 2—Where an attorney, employed under a contract entitling him to one-half of the recovery, without his client's knowledge or consent, dismissed a motion for new trial on the ground of inadequate verdict for personal injuries, it was willful misconduct, authorizing his suspension. Where an attorney secures a written contract for his compensation, a verbal agreement to pay a portion of the costs is professional misconduct, though the written contracts were purposely drawn so as to hide their champertous nature (123-54, 142+929). Attorney and Client, ¶44(1).

Getting money from his client, defendant in divorce proceedings, by falsely representing that the court ordered it as expense money, and also misappropriating money collected for his client, held ground for disbarment (122-490, 142+733). Attorney and Client, ¶44(2).

4959. Order to appear—Proceedings—

Disbarment on failure to appear to order to show cause (see 129-540, 152+1103).
